THE NEWSPAPER THAT WORKS FOR A BIGGER, BETTER BOVINA

WEDNESDAY, APRIL 7, 1965 Bovina, Texas VOL. IX NO. 40

WHITTLIN'

BY DOLPH MOTEN
Spring is, someone said, a wonderful season of the year on the Plains, when you can see it.

Sandstorms, we took that to mean, sometime hinder one's vision when an attempt is made to observe all the beauty of this wonderful time of the year.

Lloyd Killough, the highway department man, has informed us that some changes are going to be made in regard to highway signs which block the view of oncoming traffic at intersections.

Every effort is made by the highway department to make intersections safe as well as informative for motorists. Lloyd left the impression with us that he thought safety was more important than information.

A couple of weeks ago, we made some observations here about how highway department signs block the view of oncoming traffic at some intersections.

Some improvements are being planned, he told us. He pointed out, too, that in his job it's hard to please all the people, just as it is in some others. He said that many, many signs were taken down a couple of years ago. That caused complaints from people in some communities who didn't like it because there were fewer signs saying which way and how far it was to their favorite community.

Oh, well, it's not good for people to become satisfied; they'll be complacent and lazy.

Killough tells us, too, that he's ready to change Bovina's population signs at the city limits. All he needs is for city authorities to give him the correct information.

That needs doing, too. The census which the signs now reflect was taken in '60—five years ago. We might even get that figure shoved up to 1500 or so now.

Good news!
Dean Hastings, the Santa Fe agent, reports that railroad crossings in Bovina are scheduled to be worked on in the next few weeks.

We don't know of a place where Santa Fe could show more improvements in its crossings than in Bovina.

Hastings went on to say that it's definitely not true that the railroad people plan to raise the rails to six inches above pavement level and then go off and leave them.

The crossings will be made smoother if things go according to schedule and it shouldn't be too long now.

This department would like to add its congratulations to Mrs. J. R. Caldwell and to Bovina Woman's Study Club on Mrs. Caldwell's being named "Mother of the Year" in the Caprock District of federated women's clubs.

Along with many other people, we're extending our best wishes to them as they enter state competition.

City Election Attracts 107 Voters

McCain, Grissom, Marshall--

3 New Members On School Board

Board of trustees of Bovina Independent School District has three new members.

They are Leslie McCain, Leon Grissom and Billy Marshall.

Elected from a field of nine, they were sworn in as board members at a special meeting Monday night.

Marshall tied with Lloyd Gober in Saturday's balloting as they both tallied 65. Gober ruled himself ineligible, however, since he is already a member of the city council and it is unlawful for a citizen to hold more than one public office.

McCain led the ticket in the school board election with 80 votes, Grissom was second with 70.

Others in the race, and their vote totals, were Vernon Estes, 52; Edward Isaac, 41; Paul Jones, 40; Johnnie Horn, 39; and Eddie G. Steelman, 22.

Estes and Horn were incumbents. J. W. Harris, the third trustee whose term expired, didn't seek re-election.

A total of 163 voters went to the polls Saturday. This was considered a light turnout. Almost twice that many voted in last year's election.

Tom Caldwell, who was unopposed, was elected to represent this district on the five-man county school board. He received 158 votes.

A. B. Wilkinson was election judge. He was assisted by L. M. Grissom, Mrs. Pat Kunselman, Mrs. Henry Minter and Mrs. Pearl Moore.

Polls were in the school building.

Other board members are Grady Sorley, Don Murphy, Durward Bell and Robert Read.

Voting totals in recent years have been 300 in '64, 113 in '63, 275 in '62 and 139 in '61.

Grady Sorley is new president of the school board. He was elected at an organizational meeting of trustees Monday night.

Don Murphy was named vice president and Durward Bell was elected secretary. Sorley is presently in his sixth year as a board member.

The board accepted the withdrawal of Lloyd Gober as a potential member of the board in favor of Billy Marshall, Gober and Marshall tied in Saturday's election for the third position with 65 votes each. Gober is a member of Bovina's city council and thus ineligible to serve on the school board, too, it was discovered.

In other business at the Monday night session, board members voted to investigate the possibilities of employing a special education teacher next school year for exceptional children. Such a teacher will be considered for this district along or in cooperation with other districts in the county.

Next meeting of the board, which will be the regular monthly meeting, will be Monday morning at 6 in Bovina Restaurant.

Members voted to investigate the possibilities of employing a special education teacher next school year for exceptional children. Such a teacher will be considered for this district along or in cooperation with other districts in the county.

Isaac Trimble Selected

The incumbents were unseated in Bovina's city election Tuesday.

Two new city councilmen were elected.

Edward Isaac lead the ticket with 67 votes. C. E. Trimble was the other winner in the four-man race with 53.

Incumbents H. J. Charles and Jim Russell received 47 and 46 votes respectively.

A total of 107 people went to the polls. This figure was down from the total of 143 last year. The total in '63, however, was 94.

Isaac, who is owner-manager of Bovina Dry Goods, and Trimble, who is a farmer, will serve two year terms.

Charles and Russell had each completed one term on the council.

Other members of the council, who have one year remaining on their terms are Mayor Boyd Gilreath and Councilmen Tommy Bonds, Lloyd Gober and Marlo Trevino.

L. M. Grissom was election judge. He was assisted by A. B. Wilkinson, Mrs. Pat Kunselman, Mrs. Henry Minter and Mrs. Pearl Moore. Polls were in the American Legion Hall.

The new councilmen will begin their terms immediately.

FOR CAPROCK DISTRICT WOMEN'S CLUBS--

Mrs. J. R. Caldwell Mother Of The Year

Mrs. J. R. Caldwell is "Mother of the Year" of Caprock District Federated Women's Clubs.

A resident of Oklahoma Lane and Bovina since 1925, Mrs. Caldwell was presented with the district honor last week at Friona at fifth annual convention of the district clubs.

She was nominated by Bovina Woman's Study Club of which she has been a member since 1956.

Mrs. Caldwell will now represent this district in state "Mother of the Year" honors.

A book telling of Mrs. Caldwell's life was prepared by a study club committee composed of Mrs. Ovid Lawlis and Mrs. Buck Ellison. It also contained letters from her six children and her daughters-in-law as well as from friends, neighbors and fellow club members.

Mrs. Caldwell is the mother of seven sons and a daughter. One son died in infancy and another, J. R. Jr., was killed in a plane crash during World War II.

Her other children are: Robert of Adrian, manager of Adrian Wheat Growers; Bedford of Bovina, owner-manager of Bovina Implement Co.; Ralph of Lubbock, secretary and adjuster of Western Fire and Indemnity Co.;

Charles of Midland, district manager of Reed Roller Bit Co.; Tom of Bovina, who farms south of town; and Ruth of Wichita, Kan. Her husband is production superintendent of Frontier Chemical Co. there.

Mrs. Caldwell's husband died in 1955. He had farmed at Oklahoma Lane for 30 years, from 1925 until his death. Mrs. Caldwell moved to Bovina in '56. She became a study club member the year she moved here and has served as secretary, treasurer and program chairman of the organization since that time.

While living at Oklahoma Lane, she was also active in the community there. She was president of the P-TA for four years and was president of the Oklahoma Lane Home Demonstration Club for four years.

In Bovina, she has worked for the Cancer Society, Red Cross, March of Dimes and other community affairs.

Mrs. Caldwell has been a member of the Church of Christ for 66 years.

Born Bessie Clagett in Denton County in 1884, she was one of eight children. As a child, she moved with her parents to Archer Co. She "went off" to high school in Archer City. In 1906, she was graduated from what was then North Tex-

as Normal College in Denton. She then taught school in Wichita Falls until 1908. She was married in September of 1908. She and her husband moved immediately to Vaughn, N.M. (Continued on page 2)

Best chance yet for rain this week. ---Willie

Students In Literary Contests On Friday

Students from Bovina Schools will participate in district literary contests Friday at Happy.

Representatives from here were chosen through contests between students.

Grade school entrants and their events are:
Fourth and fifth grade picture memory -- Weldon Bear-
din, Ronnie Nuttall, LaJuana Hastings, Cindy Barrett, Kim Douglas and Barbara Griffith;

Fourth grade declamation -- Danny Brito and Kim Langer; alternates, Bennie McCain and Rhonda Barbee;

Fifth grade declamation -- Jackie Adams and Nine Spicer; alternate, Ken Jamerson;

Sixth grade declamation -- Bobby Kruger and Sharon Hemke; alternate, Debra Hawkins;

Spelling and plain writing,

fifth and sixth grade -- Loy Christian and Brenda Neun-
borough; alternate, Cindy Bar-
rett;

Third grade story telling -- Heidi Corn with Arty Kunsel-
man as alternate.

Junior high students who will compete in the university inter-
scholastic league contests are:
Poetry declamation -- Stuart McMeans and Vicki Hawkins;

Prose reading -- Paul Aday; Spelling and plain writing -- Joe Don Stevens and Tommy Spears; alternates, Stephen Sherrill and Paul Aday;

Ready writing -- Tommy Spears and Johnnie Hugh Horn;

Number sense -- Sheryl Lane, Kathy Estes, Gary Car-
son; alternate, Tommy Spears;

In the high school division, first place winners qualify for regional competition.

High school contestants from here include:
Extemporaneous speaking -- Donnie Dyer;

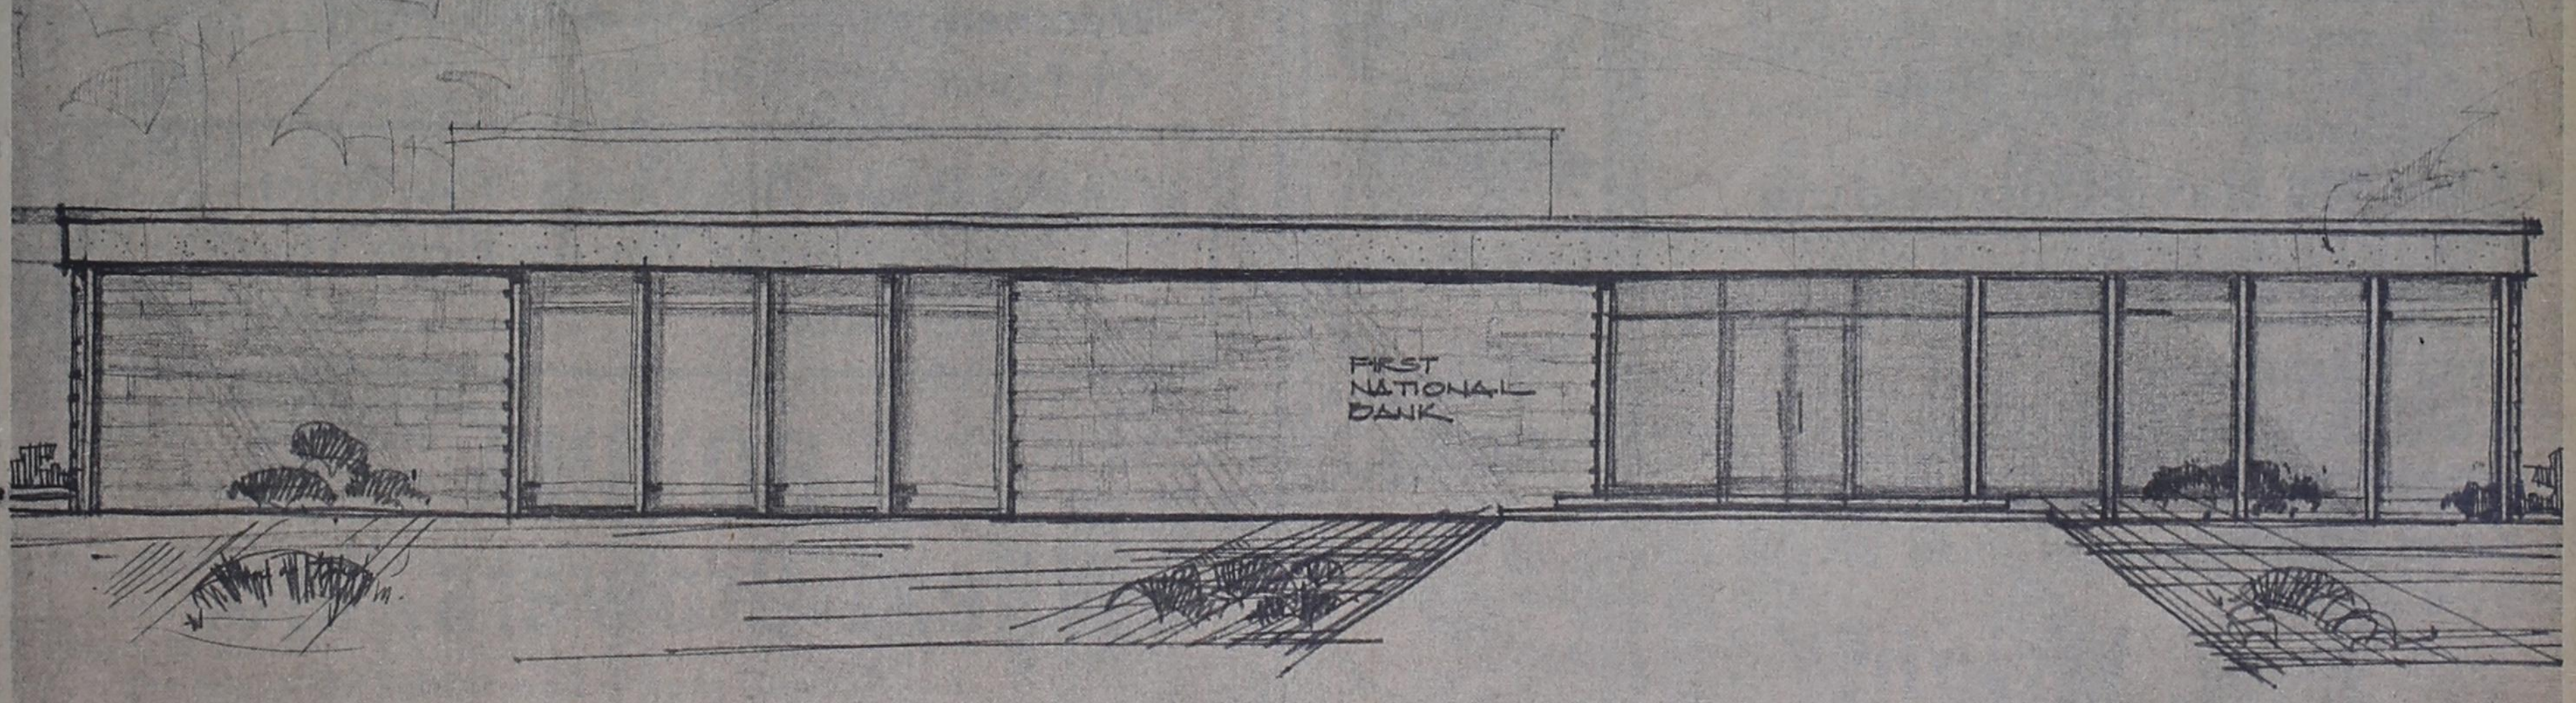

Persuasive speaking -- Bill Caldwell and Linda Rejmo; al-
ternate, Linda Hemke;

Poetry interpretation -- Billy Minter and Connie Vaughn; alternate, Linda Estes;

Prose reading -- Tonya Ivy; Spelling and plain writing -- Zelda Donaldson and Mike Grissom; alternate, Roy Lee Stow-
ers;

Ready writing -- Carol Mast; Typewriting -- Mary Dane and Patsy Cumpston;

Number sense -- David Anderson, Gene Pruitt, Owen Christian; alternate, Rex Cumpston.

NEW BANK BUILDING -- Shown here is an architect's drawing of how the new bank building in Bovina will look. A contract for the structure is expected to be let within the next 30 days, according to Bob Estes, bank president. The building

will include a community room and a drive-in window. It will be located on the northwest corner of the intersection of Third Street and Avenue A and will face Third.

AT HART--

Mustangs In District Track Meet Saturday

Bovina Mustangs will compete in district track meet at Hart Saturday.

Competition will be on three levels, high school, freshmen and junior high.

Boys in the high school division who finish first or second in an event will qualify for the regional meet which will be in Lubbock later this month, Mustang Coach Roy Stone announces.

Bovina's strongest hopes for a first place finish will ride with Richard Carson, ace miller who won district in his specialty last year as a sophomore.

Mustang entries in varsity competition for the district meet as announced by Coach Stone:

440-yd. relay -- Carson, Billy Marshall, Lane Gober and Carl Harris;

880-yd. dash -- Scotty Rundell, Kregg Wilson and Alfred Stanberry;

120-yd. high hurdles -- Jerry Roach, Don McKinney, and Randy Jones;

100-yd. dash -- Rundell, Carson, and Dean Stanberry;

440-yd. dash -- Gober and Stanberry;

180-yd. low hurdles -- Roach, McKinney and Jones;

220-yd. dash -- Marshall and Dean Stanberry;

1 mile run -- Carson, Jones and Bill Caldwell;

1 mile relay -- Marshall, Harris, Gober and Rundell;

Shot -- Roman Ramirez, McKinney and Harris;

Discus -- Ramirez, McKinney and Harris.

High jump -- Roach, Carson and Jones;

Broad jump -- Marshall, Rundell and Roach;

Pole vault -- Dean Stanberry, Marshall and Jones.

Boys who will compete in the

freshman division and Gaylon Hromas, Tommy Sisco, Alan Carson, Daryl Kirkpatrick, Rex Cumpston and Lynn Murphy.

Carson made the best showing for the Mustangs as they competed in Kress Relays Saturday. He placed third in the mile with a time of 4:57.8. Bovina competed with Class A and B schools.

AGAIN--

Bladettes Win Tournament

For the second consecutive year, The Bovina Bladettes are women's champions of Bovina's invitational volleyball tournament.

They won the tournament, which was staged in Williford Gym here last week, over 17 other women's teams entered in the meet.

Muleshoe Wranglers were the men's division champions, whipping S and S Dry Goods of Bovina in the finals.

Women's consolation trophy went to Farwell Fertilizer as that team downed S and S Dry Goods (freshmen girls) in the final game.

Claborn Funeral Home of Friona won men's consolation with a win over Bovina Welding in the last game in that bracket.

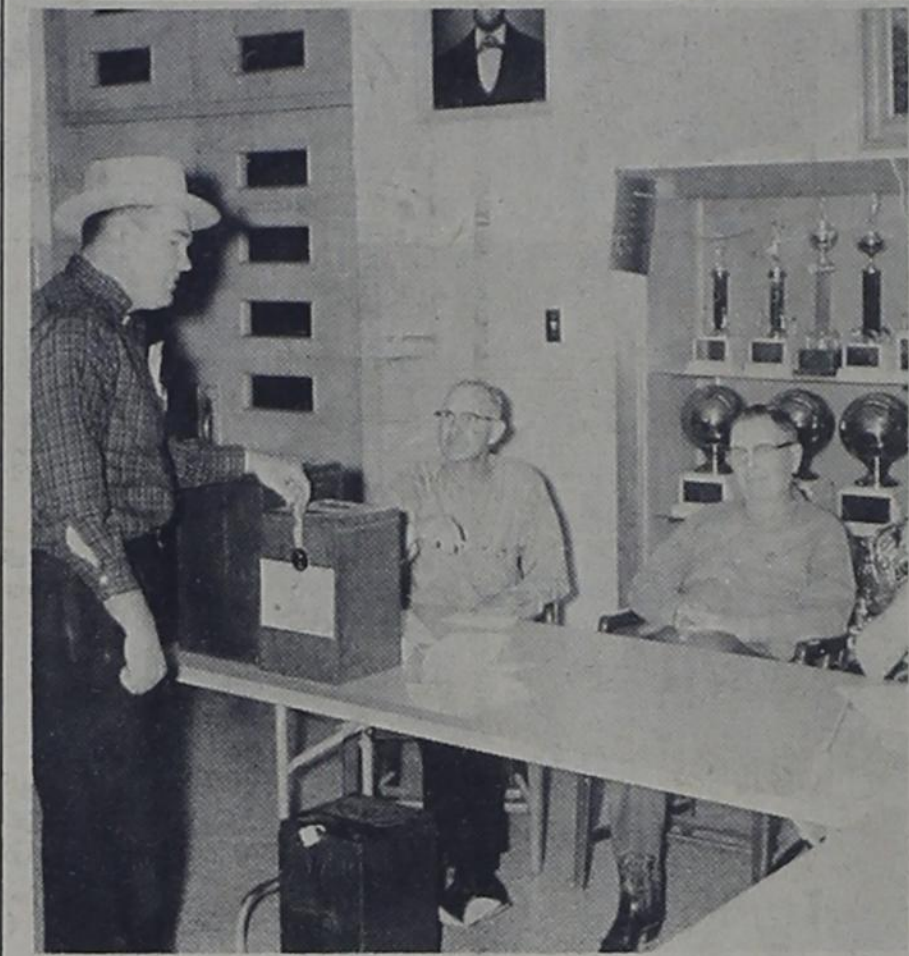

A total of 17 men's teams were entered in the meet, which was sponsored by senior class.

Action began Tuesday night and then ran Thursday, Friday and Saturday nights.

Trophies were awarded to first, second and consolation winners in each division.

Plans to have another tournament later this month are being considered.

City Marshal Bill Denney radioed a description of the car

ABE'S WATCHING -- Jim Ware has just deposited his ballot in the ballot box during Saturday's school board election. Election officials shown are L. M. Grissom and A. B. Wilkinson. Appearing to be overseeing the election is the picture of Abraham Lincoln, shown on the wall in the background.

Shoplifters Hit Bovina Firms

Shoplifters were at work in Bovina recently.

Almost \$100 in dry goods and groceries were stolen from two businesses, according to Deputy Henry Minter.

Two women and a man with "four or five small children" took clothing from Spears Family Fashions and groceries from Southside Service Station and Grocery during the "raid" on Bovina.

Law enforcement officials were alerted to the theft by Mrs. Wayne Spears of the Family Fashions store. She noticed merchandise missing after the trio had shopped in the store and made a payment on a lay-away.

City Marshal Bill Denney radioed a description of the car

the people were in to Minter who halted the vehicle near Wilsey Switch, between here and Farwell.

The merchandise was found hidden in the car.

A total of \$85 to \$90 worth of clothing was taken from Spears' store and approximately \$6 worth of groceries were "lifted" from Southside.

The man and one of the women gave their address as Black,

Minter says, and the other woman was from Farwell.

They were charged with theft over \$50.

Mrs. Dickie Bryant of Orange, Calif., is in Bovina visiting her mother, Mrs. J.R. Glover.

"Helping Make A Good Community Better"

Joycees--

(Continued from page 1)

to the Joycees.

The survey will give citizens an opportunity to tell their likes and dislikes about the community and the improvements they would like to see made.

Citizens will be asked to list the five most important things which need to be done to make this a better community and will have an opportunity to evaluate various community aspects.

"We will greatly appreciate the cooperation of all the people in helping us with this project," Whitecotton says.

Jesse Stowers is in the hospital in Houston recovering from a throat operation.

Mr. and Mrs. Bud Crump and Mrs. Billy Richards and Robin took Eddie Crump to Denver, Colo., to enroll in the National Electronics Institute Inc. Sunday, March 28th.

Accident--

(Continued from page 1)

Smith was driving in the street when his car was struck by the Ware car.

Estimated damage to Smith's car was \$150. There was no damage to Mrs. Ware's car.

Wednesday of last week, a car driven by Isauro Rodriguez backed out of a driveway on Boyce Street and struck a parked car owned by Oswald Vincent Ballew of O'Donnell.

There was an estimated \$60 in damage to the Ballew vehicle and none to Rodriguez'.

City Marshal Bill Denney investigated the accidents.

Mrs. Caldwell--

(Continued from page 1)

where they were in the grocery business. They then moved to Lubbock in 1910. They farmed at Valley View during 1911. In the latter part of 1911, they moved to Vernon where they farmed for 14 years before moving to Oklahoma Lane in 1925.

Perhaps one of the most significant expressions of Mrs. Caldwell's character was told in a letter included in her life story from a neighbor. Mrs. Caldwell helped care for the neighbor's child during a long illness. The child referred to her not as "Mrs. Caldwell" but as "Good Caldwell."

Mr. and Mrs. Fred Latham of Canyon spent Sunday in the home of Mr. and Mrs. J.T. Jones.

DISCUSS FARM LEGISLATION--

Farmers Union Hears Naman

State Farmers Union President Jay Naman of Waco, told the Parmer County Farmers Union at a meeting in Farwell Wednesday of last week that the "future of commercial agriculture may soon be determined by the congress. There will either be a bright future for Parmer County farmers with a sound farm program with a fair price or chaos in the market place and bankruptcy in the farms."

"The program that the administration supports will in all probability include wheat, feed grains and cotton which means that commodity groups and organizations must get together to work out differences

and support a consensus of views. I hope that Farmers Union can be the instrument for bringing the various groups together in support of a mutually beneficial program," Naman said.

In regard to a cotton program Naman said that he felt that the administration program would provide for direct payments to the farmer along the lines of the Talmadge-Humphrey bill which was introduced into the last Congress. He said that he felt objecting to this program founded on the possibility that limitations or cut-offs would be added are largely overemphasized. Naman said he felt that any programs presently in operation could have limitations if the Congress wished to make them apply. No such limitations presently apply to the wool program which permits direct payments to the producer.

Naman described the Washington Flyer program soon to be launched. Parmer County Farmers Union is presently raising funds to permit the county to participate in the program by sending one or more farmers to Washington to visit with people in the Congress and Department of Agriculture concerning programs under consideration. An effective program is being planned by the National Farmers Union legislative office in Washington and the farmer representatives will be called upon to fly to Washington at strategic times.

Naman said "It will take strong support for wheat, feed grains, and cotton legislation to get a program passed with the powerful opposition that will be brought to bear by those who traditionally ask farmers to sell at low prices."

Music Recital Here Thursday

Mrs. Doris Wilson will present her students in a vocal and piano recital Thursday at 8 p.m. in Bovina Methodist Church fellowship hall.

A reception will follow the recital. Mrs. Jim Russell and Mrs. Lanham Ford will be hostesses.

Everyone is invited to attend the recital and reception following, Mrs. Wilson announces.

Sorority Meets In Friona

Delta Kappa Gamma Society Teacher Sorority, met in the Friona Women's Club house Saturday afternoon for a tea.

A program was given by the Friona exchange student Micalyo Waikai. She showed slides of her country and gave a talk on the new Japan. Also, wearing the native kimono, she demonstrated Japanese dances.

The ladies sang club songs and had a business meeting.

Friona members were hostesses for the tea and served hot spiced tea, coffee and cookies from a table laid with a lace cloth, an arrangement of spring flowers centered the table.

Members from Bovina attending were Mrs. W.E. Williams, and Mrs. J.T. Hammonds.

Dan True Club Speaker

Bovina Women's Study Club met in the club house recently for a program given by a trio from Eastern New Mexico University School of Music.

Mrs. Jesse Walling was the program leader for the afternoon.

The meeting was open to the public and guests present were Mrs. G.D. Anderson Jr., Mrs. Oakley Stevenson, Mrs. George Turner, Mrs. Margaret Caldwell, Mrs. J.D. Kirkpatrick, Mrs. Wilbur Charles.

The next club meeting is scheduled to take place April 8th with Dan True, Amarillo TV Weatherman, as guest speaker.

Pink And Blue Shower Honors Mrs. Reeves

Mrs. Eddie Reeves was honored with a pink and blue shower in the home of Mrs. J. T. Jones Monday morning. The mother-to-be, Mrs. Ed Reeves and Mrs. Clarence Gaunt were presented with corsages made of baby rattlers.

Mrs. Joe Jones, Mrs. Robert Taylor and Mrs. Jerry Rogers served Spudnuts and coffee from a white lace tablecloth over blue. A center piece of pink roses and little daisies containing nuts and mints decorated the table.

Hostess for the shower were Mrs. J. T. Jones, Mrs. Joe Jones and Mrs. Robert Taylor of Friona.

Guests present were Mrs. J. D. Stevens, Mrs. Stella Purcell, Mrs. Pearl Merrill, Mrs. Kant Glasscock, Mrs. Wayne Rhodes of Friona, Mrs. Richard Vaughn, Mrs. Charles Hawkins, Mrs. Dean Hastings, Mrs. Jerry Rogers, Mrs. Reeves and Mrs. Gaunt.

Good Neighbors Work On Quilts

Good Neighbors Club met in the home of Mrs. T. J. Hopingardner for a luncheon and all-day meeting. The ladies tackled two comforters and worked on a quilt.

Those present were Mrs. Arthur Kent, Mrs. Howard Looney, Mrs. Mabel Newberry, Mrs. Henry Spicer, Mrs. W. W. Wilcox, Mrs. Lester Williams, and the hostess.

Ovid Lawlis Breaks Leg

Ovid Lawlis, owner of Lawlis Gin Co. here, was hospitalized in Northwest Texas Hospital in Amarillo briefly due to a freak accident at the gin, resulting in a broken bone above his ankle.

Lawlis was released Tuesday of last week and is at home.

Minyen-Ussery Wed In Amarillo Ceremony

Ronny Karen Minyen, daughter of Mr. and Mrs. Ronald Minyen of Bovina, became the bride of Richard Lee Ussery of Amarillo, son of Mr. and Mrs. Alvin Lee Ussery of Marianna, Florida in an afternoon ceremony Friday, April 2, at San Jacinto Baptist Church in Amarillo.

Rev. Carlos McLeod read the double ring ceremony. The couple exchanged vows before an archway entwined with jade foliage and white pom-pom mums. The archway was flanked on either side by candelabras trimmed in jade foliage.

The bride, given in marriage by her father, wore a formal gown of French taffeta designed with a scalloped neckline in French illusion imported Alencon lace motifs embroidered in seed pearls and iridescent sequins. The bodice featured long, tapered sleeves. The long flowing skirt draped to form a bustle chapel train.

Her veil of Alencon lace was attached to a coil pill box embroidered with pearls and iridescent sequins to match the trim on the gown.

She carried a cascade bouquet of white gardenias and white pom-pom mums. Glenda Mercer, Amarillo, served as maid of honor. She wore an orchid brocade street length dress. The dress featured a scooped neckline, elbow length sleeves and a bell shaped skirt. She carried a cascade of Frenched white carnations enhanced with orchid meline and satin streamers.

Kathy and Judy Minyen, sisters of the bride, served as candle lighters. Their dresses were of orchid nylon over taffeta in the same style of the maid of honor.

Ushers were Gary Minyen, Canyon, brother of the bride, and Jim Green, Amarillo.

For her daughter's wedding, Mrs. Minyen wore a blue two piece suit with white accessories. She wore a corsage of pink rosebuds.

The bride carried out tradition by wearing a blue garter and a penny minted in the year of birth in her shoe.

Following the wedding, the bride's parents hosted a reception in fellowship hall of the church.

The bride's table was laid with a satin floor-length cloth overlaid with a white spring flowers and a three-tiered wedding cake.

For her wedding trip, the bride chose a white sheath dress accented with orchid floral design, with a slim, sleeveless full-length coat and white accessories.

The bride is a graduate of Bovina High School and attended West Texas State University.

The groom is a graduate of Chipley High School in Chipley, Florida and attended Chipola

Junior College in Marianna, Florida. He is in the Air Force. Following their wedding trip, the couple will be at home in Amarillo.

Out of town guests were Mr. and Mrs. Floyd Sutterfield, Wayne, Okla., Mrs. Maud Sutterfield, Wayne, Okla., Mrs. Mary Minyen, Poolie, Okla.,

Mr. and Mrs. Don Sutterfield, Mr. and Mrs. Oliver Harmel, Mr. and Mrs. Ben Sisemore and Beth, Mr. and Mrs. J.W.

Bush and Oliver Harmel, Jr., all of Plainview, Mr. and Mrs. Charles Sutterfield and family Stratford; Brooka York, Adrian; and Alton Bolton, Clovis, N.M.

MRS. RICHARD LEE USSERY

Shower For Bride-Elect

Miss Ronny Minyen, bride-elect of Richard Ussery of Amarillo, was honored with a come-and-go bridal shower in the home of Mrs. J. D. Stevens Wednesday afternoon.

The guest were registered by Mrs. Jerry Wilburn, Mrs. Darrel Read and Mrs. Butch Palmer served orchid punch and white individual cakes from a table laid with a white lace cloth over orchid. The center piece was made up of orchid sweetpeas and white shasta daisies.

Miss Minyen and her mother, Mrs. Ronald Minyen, were presented corsages made of kitchen gadgets.

Others registering during the afternoon were Mrs. James Clayton, Mrs. H. H. Kelso, Mrs. Clarence Gaunt, Mrs. Eddie Reeves, Mrs. Norvell Strawn, Mrs. Jesse Walling, Mrs. Gary Kent Glasscock and Ginger, Mrs. Jack Clayton, Mrs. Ralph Adey, Mrs. Byron Vaughn of Plainview, Mrs. Don Sutterfield of Plainview, Kay Min-

yen, Sue Minyen, Gayle Minyen, Kathy Minyen, and Judy Minyen.

Hostesses for the shower were Mrs. J. D. Stevens, Mrs. Tom Hartwell, Mrs. Ovid Lawlis, Mrs. Jack Patterson, Mrs. Paul L. Lloyd, Mrs. Arnold Hromas, and Mrs. A. L. Glasscock.

Charity Circle Meets Tuesday

The Charity Circle of Bovina Methodist Church met Tuesday morning in the home of Mrs. Willard and took lunch to her family. Mrs. Willard has been ill for some time.

Mrs. Milt Fitts called a short business meeting and Mrs. Oakley Stevenson gave the program.

Those present were Mrs. Ralph Roming, Mrs. Leon Ware, Mrs. Tom Ware, Mrs. Jimmy Clements, Mrs. Joe Fowler, Mrs. Dick Fellers and Mrs. Harold Snell.

Of Interest To THE WOMEN

Schedule Special Services

Special services have been scheduled for this weekend at Bovina Pentecostal Holiness Church.

Mrs. Nonie Ezell of Midland will preach at Saturday and Sunday night services.

Mrs. Ezell is woman's auxiliary president of the Great Plains Conference.

Services begin at 8 on Saturday night and at 7 on Sunday night.

The public is invited to attend the special services, announces Rev. Archie Cooper, pastor of the church.

PAT'S TER

By Pat Hawkins

Fishing fever is in the air again.

Noticed Bob Sisk, 77 years young, out digging for bait sometime last week. According to his daughter, Flossie Rhinehart, he puts in a full day every chance he gets and catches quite a few perch and catfish. He has several ponds around Bovina that occupy his spare time as a fisherman.

Was talking to a lady recently about redecorating her home and the subject came up why there aren't any lady carpenters. Think this is a good idea - maybe.

Then perhaps when discussing color harmonies and etc. one wouldn't get those blank stares.

It seems that men automatically relate any shade of red as fire engine, brown as in dirt and greens as in grass. Not saying this is true of all men, but some men.

Isn't it amazing the effect age has on the ideas of a black eye?

To the youngster it is a thing of pride or a symbol of status. In later years it isn't as funny even if the circumstances are the same on how you got it. Could be no one ever believes the story, however ridiculous or simple.

It's that time of the year again! Everyone begins to limp around with a pained expression on his face from sore muscles, sprained ankles and jammed fingers. You guessed it, the annual senior volleyball tournament was last week.

From past experience, some never get to play a game due to injuries suffered during practice sessions.

It is a great sport and gives the people of the community an opportunity to compete in some good clean fun and recreation.

Can't believe that spring is finally here and don't think my tulips can, either. They have been up since Christmas but can't get up the nerve to weather the snow storms and bloom. While driving Sunday, I noticed several people are plowing up their gardens, watering their grass and in general ready for warm weather.

The commercials on our four-legged monster are just like a fairy tale, a lady plumber rushes in and cleans the grimy, sink, a friendly giant in my short washer does all the work, cleans the oven in white gloves and eats a hefty mean that fills you up not out and to top it all off your husband will bring you roses just for dying your hair.

Bovina Women In Bowling Tournament

Several local women participated in the 15th Annual Tournament of New Mexico Women's Bowling Association in Albuquerque recently.

They are entered in the singles, doubles and team events. Results will not be known for several weeks as there are 381 teams entered in the three-weeks tournament.

Those participating from here were Mrs. Joe Wilson, Mrs. Bob Johnston, Mrs. Eddie Redden, Mrs. Howard Looney and Mrs. Emmett Tabor.

Mrs. C.E. Trimble was admitted to a hospital in Lubbock Sunday.

Marzi Lynn Circle Meets

Marzi Lynn Circle met Thursday afternoon in the Methodist Church fellowship hall. The circle is studying the Book of Genesis.

Mrs. Henry Ivy led the study and Mrs. E. M. Ware led the devotions.

Those present were Mrs. G. A. Bandy, Mrs. L. M. Grissom, Miss Lola Jean Grissom and Mrs. Lonnie Fowler.

Star Righters To Meet Early

A business meeting will be held Friday night in the Bobby Fillpot home for the Star-righters Square Dance Club beginning at 7 o'clock. Dorothy Ware, spokesman for the group, urges that all members be present.

Immediately following the meeting their regular square dance will take place at the Legion Hall beginning at 8.

Members present were Mr. A.E. Steelman, Mrs. Reagan Looney, Mrs. Earl Richards, Mrs. Lloyd Battey, Mrs. Rouel Barron, Mrs. Clarence Jones, Mrs. Bud Crump, Mrs. Bill Bradshaw, Mrs. Earl Stevenson and Mrs. Clarence Jones.

Party Planned For Students

There will be an Easter party Saturday night at the American Legion Hall for all high school students, according to Mrs. Pat Kunselman.

The party is the third sponsored by several parents and all high school students are invited to attend.

An invitation is also extended to any parents wishing to attend.

The party will begin at 8 o'clock.

Quilting Club Meets With Mrs. Johnson

Mrs. Levi Johnson was hostess for Bovina Quilting Club in her home last week.

The ladies met for a covered dish luncheon and quilted a quilt for Mrs. Billy Johnson.

Those present for the day were Mrs. Reagan Looney, Mrs. Jim Owens, Mrs. F. O. Turner, Mrs. John Sikes, Mrs. J. R. Caldwell, Mrs. Bob McMeans and two visitors, Mrs. Billy Johnson and Mrs. Albert Rushing.

Pat Ware Has Party On Birthday

Pat Ware, son of Mr. and Mrs. Tom Ware, celebrated his fourth birthday Sunday afternoon with a party.

The children played and were served Treasure Island cake, pineapple punch, and ice cream cups.

Those present for the party were Lezlie and Cathey Williams, Connie Ware, Ricky Jamerson, Vicki Jones, Arby and Kirby Hawkins, Glenn Corbin, Steven and Annette Stevenson, and Kim Ware.

Mothers present were Mrs. Lawrence Jamerson, Mrs. Mary Ruth Martin, Mrs. Oakley Stevenson, Mrs. Leon Ware, Mrs. Monty Corbin, Mrs. Jo Bob Jones, Mrs. Tommy Williams and Mrs. Erith Hawkins.

Teachers In Bovina, Farwell, Friona, And Lazbuddie Would Like To Have A Pay Raise- But We Are Concerned About The Source Of Taxes To Pay The Cost.

PREVIOUS PUBLICITY has shown that on a state-wide basis the State was paying 54.5% of the cost of Public Education. Let's take a look at PARMER COUNTY SCHOOLS' budgets. For the 1964-65 school year, the State will pay 46% and PARMER COUNTY taxpayers will pay 54% of the budget costs. We deeply appreciate the support of our local taxpayers for good and progressive school systems, and we believe there should be an open-minded approach in Austin when the two proposals for a pay raise are discussed.

What Are These Proposals For 1965-66?

TSTA PROGRAM (\$45 for '65)

(S. B. No. 4 - H. B. No. 5)
\$45 - per month salary increase for all professional personnel with either BACHELORS or MASTERS Degrees. The total cost would be \$42 Million.

Local district share -- \$8.4 Million
(20%) State share -- \$33.6 million (80%)

THIS PROGRAM WILL AFFECT TAXES AS FOLLOWS:

1. Make local districts pay 20% of this increase for teacher salaries.
2. State will continue to pay textbook costs and teacher retirement matching costs. (WHY SADDLE LOCAL DISTRICTS WITH THIS ADDITIONAL COST?)
3. State has many tax sources other than real estate.

TEXAS TEACHERS' SALARIES ARE NOW \$774 BELOW THE NATIONAL AVERAGE. THIS PLACES TEXAS IN 32ND POSITION COMPARED TO THE OTHER 49 STATES.

Additional information can be secured from local school officials.

URGE OUR LEGISLATORS TO SUPPORT \$45 for '65. .HON. BILL CLAYTON AND SENATOR ANDY ROGERS

Paid for by Parmer County Unit of Texas State Teachers Association.

GOVERNOR'S PROGRAM

(S. B. No. 124 - H. B. No. 446)
BACHELORS Degree - \$10-per-month increase for beginning teachers. \$12 - \$18 for others.
MASTERS Degree - \$19-per-month increase for beginning teachers. \$21-\$27 per month for others. The total cost would be \$19.1 Million.

Local district share -- \$13.8 million
(72%) State share -- \$5.3 million (28%)

THIS PROGRAM WILL AFFECT TAXES AS FOLLOWS:

1. Make local districts pay 72% of this increase for teacher salaries.
2. Make local districts pay 20% of the cost of textbooks and 20% of teacher retirement deposits.
3. Cause local school property taxes to be increased immediately.

This Week's DEVOTIONAL

The Light of Love

READ LUKE 15:11-24

FROM English history comes the story that a child from a wealthy family was kidnapped and sold to a chimney sweep. The parents searched diligently for their child, but to no avail. Several years later the chimney sweep assigned the lad to clean the chimneys in the very house from which he had been stolen. The child was too young when kidnapped to realize that he was back home. During the day he became so extremely hot and tired that without thinking he threw himself upon a clean bed and fell into a deep sleep. The mother, happening into the room, was filled with anger at the sight of the dirty urchin on her beautiful bed. Suddenly, however, her face softened, for she noticed something familiar in the small face and the posture of the tired body. In a moment she had her lost child against her breast. She took no thought of her smudged dress and bed. Her child was home again.

Jesus told a similar story of the father who welcomed his son to his home and to his bosom, even though he had come from the dives of sin and the filth of the hogan. His lost son was found again. This love of God extends to every man. "God has commended his love toward us in that while we were yet sinners, Christ died for us."

Father, we thank thee for the love which we find in thy everlasting arms. In Jesus' name. Amen.

Chamber Meeting Thursday

Bovina Chamber of Commerce and Agriculture directors will meet tomorrow (Thursday) noon at Bovina Restaurant.

This will be the first meeting since the banquet last month and since new officers have been elected.

Don Stone, president of the board, says that all directors are urged to attend and others are invited.

Woltmon Makes Field Trip

OKMULGEE, OKLA., Conley Woltmon, a diesel mechanics student at Oklahoma State Tech, Okmulgee, from Bovina, was among the 44 students to make a two-day field trip, sponsored by the Tech Diesel Club.

The students visited the Haliburton Oil Well Cementing Company at Duncan, Monday, April 5, traveling on to Arlington, where they spent the night and toured the Cummins Engine Company and the General Motors assembly plants, Tuesday.

CHAMP'S AGAIN -- The Bovina Bladettes won the women's championship in last week volleyball tournament here for the second consecutive year. Team members are, kneeling, left to right, Irma Jo England, Era Louise Jamerson and Iola Hise. Standing, left to right, Kay Hodges, Amy Hromas, Julia Moody, Rose McCain and June McMeans.

MEN'S RUNNER-UP -- The S and S Dry Goods team was runner-up in the men's volleyball tournament here last weekend, being downed in the finals by Muleshoe Farm and Ranch Wranglers. Members of the S and S team were, kneeling, left to right, Roger McFarren, Gene Douglas and Otis Spears. Standing, left to right, Roy Stone, Bruce Rhodes, Milt Fitts and Joe Wayne Harper. All are members of the faculty of Bovina Schools.

CULTIVATE AT HIGH SPEED
 with the **ROLLING CULTIVATOR**

Take the weeds out at speeds up to 9 miles an hour, in and around the crop. Gangs can be angled to throw dirt just where you want it -- toward the row or away from it.

MULCH BEDS AT HIGH SPEED
 with the **ROLLING CULTIVATOR**

You can see the difference in the field. Hard, crusted, cement-like soil is churned into a soft moist mulch. The exclusive patented Slicer Tine Spiders do the job -- like it's never been done before.

LAY BY
 with the **ROLLING CULTIVATOR**

The high-clearance tool-bar frame takes care of tall crops through last cultivation. Use the Rolling Cultivator from beginning to end -- it's the labor-saving, tractor-sparing, cost-cutting tool that belongs on every farm.

THE ONLY ONE OF ITS KIND
SLICER TINE SPIDER
 FOR DEEPER, MORE THOROUGH CULTIVATION -- AND HOW IT WEARS!

AUCTION
SAT., APRIL 17, 10:30 am
Irrigated Peanut Land
ROSSER FARM

The Rosser farm, in Hill County, with 376 fenced acres will go up for bid April 17. Its cotton allotment is 40.6 acres and the peanut allotment is 137.5 acres. Farm grossed \$21,000 last year. Location is approximately 20 miles north of Waco. Turn west off of Interstate 35 on FM 1304. The farm is approximately 3 miles past the intersection of 1304 and 933.

Most of its six fields are now planted in barley for winter grazing, plus coastal and common Bermuda. It can produce 45 BUSHELS OF PEANUTS PER ACRE DRY FARMING AND UP TO 80 BUSHELS WITH IRRIGATION, or half a bale of cotton per acre. Pastures will run 45 head of cattle.

WATER, WATER EVERYWHERE! Eight wells, 28 to 35 feet deep, and five are used for irrigation. By adding two small reservoirs, 250 of the 376 acres can be irrigated.

MACHINERY IN WIDE ASSORTMENT! The following fine equipment goes with the property: 3010 John Deere Diesel tractor, John Deere A tractor, peanut shaker, hay rake, mowing machine, power take off John Deere hay baler, grain drill, water pumps. Add five farm buildings to this and you have a "blue ribbon purchase".

IT COULD BE YOURS ON APRIL 17! A Puett-Lester representative will be on the premises Saturday, April 10 and Friday April 16 from noon until dark. In event of bad weather on April 17, the auction will move from the Rosser farm to the Aquilla Cotton Gin, Aquilla, Texas. There will be some one at the farm to direct you.

You may pay all cash, or cash to the existing loan of \$27,000 at 6% interest. 25% down is required on sale day.

IF YOU HAVE PROPERTY TO SELL,
 WRITE US OR PHONE US NOW

City Hires Engineer

Bovina's city council has named an engineer to be in charge of the construction of the proposed new firestation-warehouse.

At a special city council meeting last week, Calvin A. Shoup of Amarillo was given the job of seeing that the building is constructed according to specifications.

Bids for the job were considered by contractors at the meeting and the successful bidder is expected to be named and the contract let this week.

IN DISTRICT--

Parmer 4-H's Win Blue Ribbon Awards

Four Parmer County 4-H members won blue ribbon awards in District Elimination Contests in Canyon Saturday.

The junior beef cattle business demonstration team of Niel Christian and Brad Jordan received blue awards on their demonstration on "Controlling Grubs and Worms." Niel is the son of Mr. and Mrs. John Christian of Oklahoma Lane and Brad is the son of Mr. and Mrs. Pike Jordan of Farwell.

In the junior favorite food show, Carolyn Herington won a blue ribbon for placing first in Bread and Cereal group of the food show. Carolyn is the daughter of Mr. and Mrs. L.C. Herington.

Ernestine Templar, daughter of Mr. and Mrs. Jack Templar of Lazbuddie 4-H Club, received

a blue ribbon for her skill in the Junior Quarter Horse judging contest.

Two groups received red ribbon awards. The Senior Safety team of Janis Billingsley and Kathryn Gober, Oklahoma Lane 4-H's, won red ribbons on their "Insecticide Safety" demonstration.

The junior livestock judging team composed of Lazbuddie 4-H's won red ribbons for their efforts. Team members were: Billy Eubanks, Mark Ramage, Loy Dale Clark and Wesley Barnes.

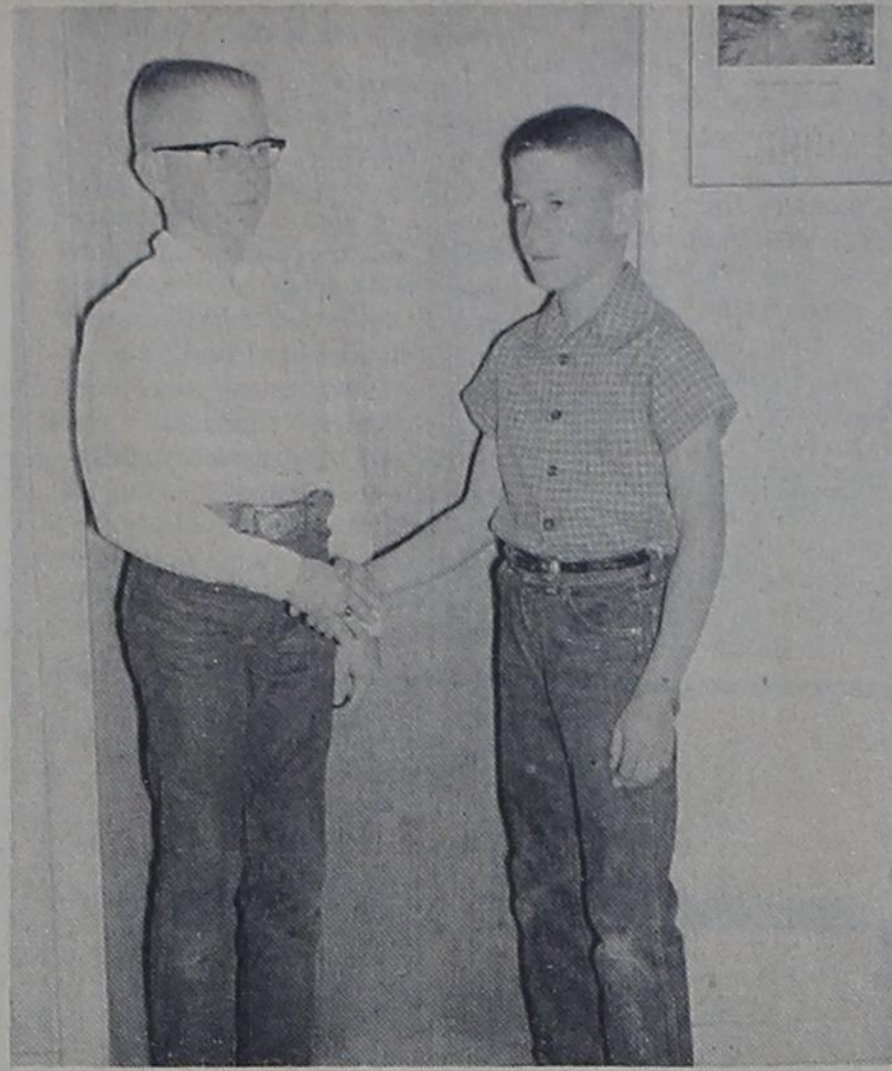

Dale Blackstone, Lazbuddie 4-H member, won a white ribbon on his food and nutrition educational activity demonstration.

Other Parmer County 4-

H's who competed in the contests but did not place are as follows: junior electric demonstration team of Kevin Kaltwasser and Randy Gregory of Oklahoma Lane 4-H Club; senior Quarter Horse judging, Letha Templar of Lazbuddie 4-H.

Joyce White and Debra Meeks participated in the junior Safety demonstration contest. Katie and Ann Blackstone entered the Senior and Junior division respectfully in the fruit and vegetable groups of the favorite food show.

All of these Parmer County 4-H members did excellent jobs in their contest work this year. They were competing against county winners from 21 other counties in Extension District I.

Brad Jordan, son of Mr. and Mrs. Pike Jordan and Neil Christian, son of Mr. and Mrs. John Christian members of the Farwell 4-H Club congratulate each other after announcement that they were blue ribbon (first place) award winners in the district I competition, held in Canyon on Saturday. The boys presented a team demonstration on "Controlling Grubs and Worms."

Carolyn Herington, daughter, of Mr. and Mrs. L. C. Herington, and a member of the Farwell 4-H Club was named blue ribbon winner in the Favorite Food Show in the "Bread and Cereal Division" at the district judging contest held in Canyon on Saturday. Carolyn made and displayed breakfast muffins for her exhibit.

Ernestine Templar, 11, daughter of Mr. and Mrs. Jack Templar of the Lazbuddie 4-H Club was listed as a blue ribbon winner in the Junior Quarter Horse judging contest at the District I 4-H meet on Saturday. Miss Templar, one of three children in the family has been active in 4-H Club work for the past two years. However, she has worked with Quarter Horses (all her life, she says). Her family, who came to Lazbuddie from Arkansas raise Quarter Horses and her dad is a trainer of the fine animals. In defeating her competition Ernestine judged nine classes of horses. She also judges and exhibits swine.

Egg prices vary with their size. Here's how a shopper can determine the size best to buy: For medium eggs to be as good a buy as large eggs, they should be priced at 1/8 less. Small eggs should be 1/4 less than the large. If the price spread is greater than this, buy the smaller eggs to get more for the money.

Retail prices on nearly a fourth of the foods used regularly by consumers declined during the past five years. Among these items were choice grade beef, pork, ice cream, frying chicken, eggs, margarine and vegetable shortening. The biggest increases in price were on sugar, oranges and potatoes -- and these reflect a temporary situation. The retail price of most other foods is up only slightly, says the U. S. Department of Agriculture.

Meat consumption per capita continues to rise. Americans ate 174 lbs. per person of red meat in 1964, compared to only 149 lbs. in the 1947-49 period. Texas beef producers have a big stake in the increase, for beef was the big gainer -- from 66 lbs. to 100 lbs. in the same periods. During the comparison periods poultry consumption rose from 22 to 38 lbs. per capita.

A good rule to follow when using electrical appliances in the home is one item per outlet. The use of a double socket is not wise, for sood families will get away from small items like lamps or clocks, and begin using bigger appliances. The result may soon be a fire hazard.

A bad singer can spoil only his own part in a musical composition, but a bad conductor can ruin everything. --Hector Berlitz

THE HIGH PLAINS FARM AND HOME

On The Farm In Parmer County

By JOE VAN ZANDT
County Agent

BROWN WHEAT MITE
We have found the brown wheat mite in several wheat fields over Parmer County.

However, we believe that chemical control of the mite is not practical nor economical.

Several experiments have been run in the Texas Panhandle over the past ten years. Wheat yields have not been increased by controlling the mite at the populations levels recorded of two to nine hundred per row foot.

About the best thing is a good heavy rain. However, with no rain in sight, a good irrigation is a good, practical control. Irrigations have shown to decrease mite populations.

The mite is about the size of this newsprint period. The body is rounded and dark brown. It has four pair of pale yellow legs and the front pair of legs are about twice as long as the other legs.

In an experiment run last year, it was determined that mite feeding had no effect on soil moisture depletion. Mite feeding causes a leaf of mottling that, when seen from a distance, gives the field a silvery cast. If moisture is not received the wheat leaves may soon turn brown.

However, in conclusion, let me say again that chemical control has not proved to be practical nor economical.

COTTON SIGNUP PERIOD EXTENDED

The USDA has announced an extension of the deadline for signing under the domestic cotton allotment program. Farmers have until April 9, 1965 to reach a decision on whether or not to participate in the program. The local ASCS office has information on the program.

SWINE SHORT COURSE

The 1965 Swine Short Course will be held at Texas A&M University on April 12 and 13. The program should be of interest and help to anyone interested in the swine industry.

The theme of this year's short course will be "Producing Profitable Market Hogs on Today's Market." The program will feature three nationally known speakers and a group of Texas hog producers. Wilbur Plager, Secretary of the National Yorkshire Club, will open the Short Course with an inspirational talk entitled, "Why I Intend to Stay in the Commercial Hog Business". Dr. J.A. Whatley, Associate Director of the Oklahoma Agricultural Experiment Station, will discuss "Inheritance of Economically Important Traits in Swine" with special emphasis on crossbreeding in commercial hog production.

A panel of four hog producers will discuss their show operations and breeding systems and show how they wear a maximum number of pigs. Another panel of commercial feedlot operators will discuss their

feedlot operations. They will stress investment in equipment feed handling techniques, and management of pigs in the feedlot.

For more information on the swine course, contact the County Agent.

WINDBREAK TREES

The Texas Forest Service has informed us that the windbreak planting stock will be shipped in early April. Several have called and inclement weather at their nursery has caused this delay for them. Anyway, you should be receiving them soon.

HOME LAWNS

With spring time finally here, we need to give some attention to our home lawns. Several home owners have already got green yards.

Others of us, including myself, have bermuda grass or other warmer season grasses. Now is the time to fertilize and water these lawns.

A good general recommendation for Parmer County would be to apply 12 lbs. of 16-20-0 per 1000 sq. ft. of area, ust ahead of water. We would also suggest additional applications of ammonium sulfate at the rate of 5 lbs. per 1000 sq. ft. every 30 to 40 days throughout the growing season.

A general recommendation for most shrubs would be to use about 1/2 to 3/4 pint of 16-20-0 per 100 sq. ft. of area in the spring.

We have several bulletins on lawns, roses, ornamentals, pruning, insects and diseases. If you would like information on any of these subjects let the County Agents' office know and we can send you copies.

To loosen food burned on an enameled pan, add 2 teaspoons of soda to 1 quart of water and boil; then remove it with a rubber scraper or a cloth dipped in more soda.

COTTON TALKS

FROM PLAINS COTTON GROWERS, INC.

LUBBOCK, Friday, April 2, 1965 - Speakers at the recent American Textile Manufacturers Institute Convention in Florida almost without exception made statements of prime, direct interest to market-minded cotton producers.

In the opening session William E. Reid, President of Riegel Textile Corporation and President of ATMI, gave "the multi-fiber mind of today's textile industry" as one of the cornerstones in the foundation of a "resurgent and prosperous textile industry." He said that as a multi-fiber industry textile manufacturers can no longer afford to think solely in terms of any one fiber, and "therefore with respect to the cotton situation which has been very much

in our thoughts lately, let me say very simply that we have one-price cotton and it must be retained. If cotton marketing is returned to a two-price system," he continued, "my considered judgment is that cotton will have committed suicide. We shall have no alternative except to turn away from it as rapidly as possible."

W. J. Holman, Treasurer of Johnson and Johnson of New Brunswick, New Jersey, said: "The leaders of the cotton-growing industry are beginning to realize that our own mills constitute their principal market; that cotton is grown to be spun and not to be put into the loan, and that a growing, thriving domestic textile industry is their best hope for the future. "As a result," Holman said, "they are beginning to take a somewhat different attitude toward the price of cotton."

The most somber note from the cotton producers standpoint was injected by a spokesman for E. I. du Pont de Nemours & Company, who forecasted booming production and use of synthetic fibers in textiles. The speaker, Ford B. Draper, General Director, Marketing Division, Textile Fibers Department of du Pont, made his

point by citing a 63 per cent increase in man-made fiber production from 1960 to 1964; a growing proportion of man-made fibers and filament yarns in knitting and weaving production; and "a massive and dynamic technology" that has created desirable "newness" in textile markets. Pointing to trend projections which show man-made fibers providing 52.5 per cent of the pounds of fibers consumed by the industry by 1975, Draper said: "We in the industry believe these penetration claims to be modest. Such levels may be attained well before 1975."

In another address somewhat on the brighter side, James B. Mayer, Executive Vice President of Producers Cotton Oil Company, Fresno, California, predicted that competitively priced, consumer-oriented cotton will continue to have the leading role in the textile world of the future. He said the national interest demands policies which will permit cotton to continue employing millions of persons and generating billions of dollars while retaining its traditional position as the greatest earner of foreign exchange for America. Mayer admitted that there would be a period of adjustment within the raw cotton industry, and said that the future accent would be on efficiency which will enable cotton to compete successfully. "We have a potential for reducing cotton costs by at least 11 cents a pound and we are working hard on that potential," he stated, and went on to say: "We are going to get cotton to the door of your mills at competitive price and we are going to make a profit doing it."

Permissible Trailer Weight Increase August 21, prior to the beginning of the High Plains cotton harvest, the maximum permissible gross weight of farm trailers used to transport cotton from field to gin with increased from 10,000 to 15,000 pounds. The act bringing about this weight increase has now been signed into law by Governor Connally and should prove of substantial benefit to High Plains farmers during the 1965 harvest season. Available

strippers in this area (21,014) can gather our crop approximately four times as fast as gins can gin it, and passage of this bill will promote maximum use of trailers for needed storage on gin yards. The bill was introduced into the Texas Legislative by Representative Ralph Wayne of Plainview and vigorously supported by Texas Independent Ginners, Texas Cotton Ginners, Plains Cotton Growers and other interested organizations.

The Legislative Committee of Plains Cotton Growers, composed of members from each of Six High Plains districts, meets

April 9 to face the task of developing a legislative policy for recommendation to the organization's board of directors. PCG officials note that differences of opinion on the vital subject of cotton legislation are wider and more numerous this year than ever before. They stress, however, that the policy stand taken by PCG will be one with maximum support from High Plains producers and which will have maximum influence on the eventual passage of a satisfactory cotton bill. Chairman of the Legislative Committee is W. L. Edelman, of Friona.

ANOTHER REPORT...

"Last year I put western's liquid 7-21-0 to a test. I picked a field with lighter type soil and on one half I put down liquid 7-21-0 plus ammonia. On the other half, to compare, I put down only ammonia. Well, in the picture above you can see the results. On my left, in the field where I applied 200 lbs. of 7-21-0 plus ammonia, the difference in yield was approximately 900 to 1000 lbs. This year I'll put liquid phosphate on all my lighter soils and also on my better soil where necessary."

JACK CLARK, CASTRO COUNTY FARMER

... A REPORT OF SATISFACTION

An important by-product of any company is the man who openly admits when he's satisfied with the service. You will find that Western Ammonia has the know how, equipment and products to give the best satisfaction there is in a fertility program. Western is now offering the new high analysis liquid ammonium polyphosphate 11-37-0 and new 11-20-0-115 in place of lower analysis 7-21-0. You'll find that Western also has a complete line of dry fertilizers.

USDA announced that shorn wool payments for 1964 marketing year -- to bring national average wool price received by growers of 53.2 cents per pound up to previously announced incentive level of 62¢ per lb. under National Wool Act -- will amount to 16.5% of dollar returns each grower received from the sale of shorn wool from Jan. through Dec. 1964. Payment of 35¢ per cwt. on unshorn lambs to compensate for wool on them was also announced by USDA.

Domestic Cotton Program Signup Period Extended

The final date for signing an intention to participate in the domestic cotton allotment program has been extended through April 9, 1965. The signup in this program has been rather light as was expected; however, there are some cases where it would be very profitable to participate in this program, says Prentice Mills of the ASCS office.

"For example, on a farm with

weak water, the producer might want to plant his domestic allotment in a skip-row pattern (such as two-in and one-out). He would then water only one row in three and have all outside rows. He might possibly increase his production per acre; and, in addition (on the average farm in this county) would receive \$48.00 per acre for the 'blank' rows in this field."

"Another farmer may desire

to plant some other crop (such as soybeans, sesame, sugarbeets, castor beans and etc.) on the acres not planted to cotton. He would then (on the average farm in this county) receive the \$48.00 per acre payment - plus, the income from the other crop produced on these acres."

"We will be happy to discuss this program with any interested cotton producer. Please feel free to call upon us."

Recreation Projects May Be New Source Farm Income

Texas farms and ranches hold a great potential in the field of recreational development.

Private recreational facilities have increased landowners' income from property in many states, and there is no reason why the same can't be true for Texas, says Boyd Andrews, Extension resource development specialist at Texas A&M University.

Since the use of farm and ranch land for recreational purposes is a completely new venture for most landowners, careful consideration should be given to recreation requirements prior to investing cash for recreational development.

The attitude and adaptability of the individual or family is probably the most important factor to consider. A recreational enterprise can be similar to the operation of a small

business. Personal characteristics are extremely important to the public.

The availability of resources to be used for recreation is a second important factor. The landowner must decide what type of recreational enterprise would be best suited in his geographic area, utilizing the existing natural resources.

Distance from population centers is a third major factor. Research data shows that the most successful recreational enterprises are usually within two hours drive of at least one large population cen-

USDA is urging homeowners and farmers to keep a sharp eye for any unusual insect damage to crops, ornamentals, or trees. Such damage should be reported at once to county agents or state or Federal entomologists.

If these three factors are satisfied, the particular farm or ranch possesses the basic characteristics for a recreational enterprise, says Andrews. However, additional information should be obtained concerning investment, planning, construction, unfavorable characteristics and management, since all can have great effect upon the success of the enterprise.

Radio Man Joins High Plains Station

Dr. Earl H. Collister, director of the High Plains Research Foundation at Halfway, has announced the addition of Jack Cloude to the public relations staff of the Foundation.

Cloude comes to the Foundation from KWGN-FM radio station in Abernathy. While with KWGN, Jack sold and serviced

Which Came First...Chicken Or Egg? 4-H's Seek Answer

Raising chickens is traditional with 4-H youngsters, but the method is not. Members engaged in poultry projects readily adopt new practices recommended by the Cooperative Extension Service and the fast-paced poultry industry.

Recently, a selected group of 4-H poultry raisers attended the advertising accounts in Hale County. Jack is also well known for his announcing of area sports events.

Before his association with the radio station in Abernathy, Cloude was employed by the International Harvester Co. in Lubbock as an outside salesman in the Motor Truck Division.

Jack served in active duty in the Army in the Artillery Division and was discharged from service in May, 1959. While in the service, Jack graduated with honors from the Non-Commissioned Officers Academy at Fort Bliss in El Paso, Texas.

For 4 years prior to induction into the service, Jack attended Texas Technological College in Lubbock, Texas. During this time, he majored in Advertising and Public Relations and worked for a time for KDUB-TV, which is now known as KLBK-TV in Lubbock.

Junior Poultry and Egg Fact Finding Conference at Kansas City. This afforded the young people an opportunity to hear top men in the industry, learn about jobs available, and view a vast exhibit of automation and scientific practices in use today.

The national 4-H poultry program attracts both boys and girls. Some have family-size flocks while others are producing on a commercial scale. As a matter of fact, a flock of birds is not even necessary to participate. Investigation or experimentation with incubation, genetics or nutrition has attracted 4-H's interested in poultry sciences.

A 17-year-old Ohio boy expanded his project from 800

chickens in a two-story barn to more than 4,000 caged layers. He found better management of his flock was necessary, and with the help of his parents, took steps to bring this about.

Two high protein, low cost items which are excellent for Lenten menus are canned pink salmon and dry peas. Both are in good supply.

Cotton Farmer Advance On Production Problems

Progress in the cotton farmer's fight to cut losses from weeds, diseases, and insects was revealed today by the Cotton Producers Institute.

The advances were described in an announcement of the renewal of eight research projects supported by the farmer-financed plan. Announcement was made by Roy Davis, Lubbock, and Jack Funk, Harlingen, Texas trustees for the Institute.

Insects now cost growers the equivalent of four to seven cents per pound of lint produced, diseases cost nearly as much, and weed control averages about \$20 per acre.

University of California scientists at Riverside are working to develop better systemic insecticides under a \$50,000 Institute grant. Nine outstanding compounds have been

selected for further laboratory and field testing. In the laboratory several compounds kill 90 per cent or more of test insects for 12 to 16 weeks.

Authorities estimate findings from this project, plus those uncovered in another project which the Institute has renewed at the University, have the potential of cutting insect control costs by 50 to 65 per cent or some \$90 million a season.

The new systemic insecticides probably will be on the market within the next year or so, according to reports.

The Institute also has renewed a \$35,000 grant to Stanford Research Institute. Scientists are investigating how soil factors affect availability of systemic chemicals to plants and the ability of plants to absorb and move the chemicals through their sap stream.

Work at the University of California on systemic fungicides was renewed at a \$29,312 level. Researchers have developed a reliable method of screening systemic chemicals for use in fighting verticillium wilt and other diseases. Screening to find effective fungicides now is under way.

New Mexico State University researchers are continuing investigations of several promising leads on how verticillium wilt attacks cotton and on how

Planting Or Planning?

Select plants for the outdoor living area with the same care and finesse that is used in selecting a fine piece of furniture for the interior living area.

Too often, says Everett Janne, Extension horticulturist, Texas A&M University, plant purchases are limited to impulse buying with no thought of where the plant will be used, or what its ultimate size will be. The urge to use plants that will give a quick effect will usually result in an outdoor living area filled with plants which soon outgrow their assigned space.

Over-planting is another tendency possessed by many home owners who are trying to secure a quick effect. This is fine if one has the fortitude to throw out the surplus plants as soon as they begin to crowd each other, says Janne.

But for the best effect and to insure lasting enjoyment, the homeowner should realize that a well landscaped area requires planning and time to develop.

Frequently the landscaping of the home must be done on a limited budget. This can be done very easily by breaking down the development into projects extending over several years, advises the horticulturist.

Priority should be given to the establishment of the trees and lawn. Once these are established, shrubs and flower beds can be added as funds and time become available.

Before making purchases of any kind, it is best to have a basic plan in mind. A publication available through your county agricultural agent's office entitled "A Planning Guide for Home Landscaping," E-980, outlines the procedure to follow to produce an effective landscape plan. Also, suggests Janne, ask him for other publications and information on growing plants.

KITTY TALK

Cats may never have shaped the destiny of nations, but tales about them have charmed and educated children since the beginning of time.

There was Dick Whittington's extroverted cat. Dick was a charmer in London. One day he donated his cat for good luck to a trading ship going to Morocco. The traders arrived in Morocco with their goods and a keel-haul of mice. All that saved the Sultan and Court from utter turmoil was Dick's agreeable—and hungry—cat. The returning ship brought Dick a fortune—precious jewels and gold sent by the grateful Sultan. The cat stayed on at Morocco. Dick? He became Lord Mayor of London-town.

If you're considering the addition of one of these charming pets to your family, you and your children are in for an enjoyable experience. Remember, however, a few simple pointers in the choice of your new cat.

According to experts at the Purina Pet Care Center, cats are like people, in that no two are exactly alike—though general characteristics do prevail. A Siamese cat, for example, is friendly and fun-loving, while the Manx is shy and dependent. The Persian is adventurous and affectionate in disposition; and the Burmese is playful, though more quiet and gentle.
