Church Of Christ

The Pastor says, "The entrance of the words giveth light." Christ says, "The words that I speak unto you, they are spirit, and they are life." Paul wrote, "So belief cometh by hearing, and hearing by the word of Christ." (Rom. 10:17)

Come and worship where we are "Holding forth the word of life." (Phil. 2:16) Come where we do Bible things in Bible ways and call Bible things by Bible names; where we follow the safe course by speaking where the Bible speaks and being silent where it is silent.

Our Future Homes

Texas produces more cotton than any other state but ranks 3rd from bottom of all states in production per acre.

Texas ranks in eighth place for total production of wheat but ranks 37th in the production per acre.

Texas ranks ninth in total production of corn but 38th in yield per acre.

Let's take better care of our farms and see if we cannot get a better yield per acre in 1948 and improve our position compared to other states in the nation. We have the best state, the largest state and we think the best folks so let's take more pride in our production per acre in the future.

Mr. and Mrs. J. C. Reed and boys of Sundown, G. G. Reed and family of Aarillo, and D. F. Reed and family of Clarendon visited in the homes of their mother, Mrs. J. F. Reed, and brother, C. A. Reed, Christmas.

Mr. and Mrs. R. D. Line announce the arrival on December 26 of a fine little daughter weighing 7 1/2 lbs. She has been named Sally Elaine.

Lions Club News

Lions Bill Scales and Carroll Deahl have charge of the program for this week's meeting. That means a good program so let's all be out. Don't forget the Melvin Jones Birthday membership contest is now on. Bring a prospective member with you. A nice award is to be given to anyone getting a new or reinstated member during the month.

Under Capt. Jack J. Smith are Lions Adamson, Bailey, W. V. Bain, Bevers, Butler, Cox, Doherty, Finch, Grimsley, H. H. Hall, Hunt, B. C. Johnson, C. N. Johnson, Carroll Lewis, Longan, Masterson, Moffitt, L. D. Moore, Moreman, Myers, Noel, Sam Owens, W. N. Pool, Rains, Reeves Shaw, Sims, Tollett, Watt and Womack.

Under Capt. W. C. Bridges are Lions Alewine, Keith Bain, Baker Boliver, Coston, Deahl, Duvali, Glass, Groves, J. R. Hall, Jewell, C. L. Johnson, Craig Johnson, Floyd Lewis, Lowry, Messer, Henry Moore, Oscar Moore, Murray, McPherson, Otis Owens, Pickering, Quattlebaum, Read, Seales, Simmons, Tate, Trimble, Willett and Wood.

W. S. C. S.

The W. S. C. S. honored Mrs. Ross Adamson last Wednesday in the home of Mrs. J. B. Masterson. Everyone enjoyed the dinner, and the honoree received a lovely gift.

Mr. and Mrs. M. W. Mosley returned Monday from a ten days visit to Cooper, where they attended a family reunion, also to Enloe and Roxton.

The Wise Old Owl

Does Bragg give all the college coeds a try out? And why does a certain little freshman girl desire to go with him?

Was Roberta putting on a side show with Babe Friday night at the party just to make a guy jealous? Seems like it bached Sunday night.

Did Corky get mixed up Saturday night and think Rita was out of town.

Jerry, did Edward's dotted bow tie have that strange magnetic pull Friday night or was it more than the tie??

Is Wanda Lee trying to decide just which one she likes best? Pick a winner, Shaw.

Did Sara finally decide that Richard thinks almost as much of her as he thinks of going duck hunting? Duck season is over now, kid.

Dorothy, did a certain Mr. Sims miss church purposely Sunday night or was Adell really delayed? I'd find out for sure if I were you.

Who was that girl Pete and Joe Neal were looking for in Clarendon Saturday night? Have any luck, boys?

This is thirty for the week, and leaving this thought in your mind—Did Leonard lose out again?—I remain your reporter,

Mrs. Thompson Dies

Funeral services for Mrs. L. E. Thompson of Clarendon, who passed away Saturday in Baylor hospital at Dallas after a lengthy illness, were held Tuesday from the First Baptist Church at Clarendon by Rev. L. A. Sartain, pastor, and Rev. E. L. Moody of Wichita Falls. Burial was in the Clarendon cemetery.

Mrs. Thompson came to Hedley in 1918, remaining here until January, 1935, when the family moved to Clarendon, where they have lived since.

She is survived by her husband, L. E. Thompson of Clarendon, one daughter, Joan, of Dallas, two sons, Neel of Chicago and Ernest of Clarendon, her mother, Mrs. J. E. Neel of Ruidoso, N. M., and one sister, Mrs. W. P. Cook of Ruidoso.

Hedleyans attending the funeral services included Messrs. and Mesdames W. H. Moffitt, R. W. Seales, Alva Simmons, W. C. Plunk, W. D. Franklin, Roy Jewell, F. G. Watt, E. M. Glass and W. R. Harris, Mesdames J. B. Masterson and J. C. Coffey and Miss Jessie Davis.

J. A. Tollett Announces For Re-election

The Informer is authorized to announce me as a candidate for re-election to the office of County Commissioner, Precinct 5, Donley County, subject to the Democratic primary in July.

I want to take this means of thanking everyone who has supported me so generously in the past, and assure you that I have done my best to merit that support.

I feel that my experience will enable me to serve you still more efficiently in the future, and on that basis I respectfully solicit your consideration.

"Uncle Tom" Moore

"Uncle Tom" Moore passed away Sunday night at Pampa and was buried there Tuesday. He was a former Hedleyan, having lived here some 20 or 25 years ago.

He was the father of Owen Moore, whose wife is the former Madge Richerson of Hedley.

Leonard King Announces For Re-election

To the people of the 100th Judicial District:

This is to announce my candidacy for re-election as District Attorney for the 100th Judicial District and to report the results of my first year's work as your District Attorney.

For the benefit of those who may not know me personally, I should like to state I am a native of the Panhandle, having resided in Childress County since childhood, except for four years when I served as an Assistant Attorney General of Texas, and the more than two years I spent in the Army during World War II.

There were no acquittals during the year of 1947. Convictions were returned by the Juries in all contested cases, except two cases in which the Juries failed to agree, and I expect to retry these two as soon as they can be reached on the Docket.

I do not claim all the credit for this record. Except for the splendid cooperation I received from all the Grand Jurors, the petit jurors, the peace officers and other law enforcement officials, and the citizens generally of the five Counties of the District, it would not have been possible to accomplish the results mentioned.

I conceive it to be the duty of your District Attorney not only to prosecute vigorously, but fairly, all defendants who have been indicted by the Grand Juries, but equally as well to protect the rights and property of every citizen. I feel that no person should be indicted unless the evidence against him is strong enough to warrant a conviction on the trial of the case. In this respect, the Grand Jurors have extended me full cooperation.

The 100th Judicial District is now composed of Carson, Childress, Collingsworth, Donley and Hall Counties; Carson County having been added to the District on August 1, 1947. There are only a few cases on the Docket of the District which have not been disposed of, and so far as I know there are no defendants in jail waiting trial on felony indictments. By keeping the Docket current, as near as possible, the defendant is given the speedy trial to which he is entitled under the law, and the taxpayers are saved the expense required in keeping a defendant in jail.

It has been a pleasure to serve as your District Attorney during my first term, and in the manner in which I have handled the office meets with your approval, I will greatly appreciate your vote and assistance in my campaign for re-election for a second term.

Lost—a white set of dominoes between my house and town. Finder please return to Informer Office. Bob Lester.

Business Changes

Several business changes have been made here in the past few weeks.

Graham and Kenneth Brinson have taken over Ross Adamson's Sinclair station, which is being enlarged and refinished to enable them to better serve their customers.

Mr. and Mrs. O. C. Plunk have bought the Hedley Laundry.

W. H. Allen of Ring has bought the Hedley Mill from Roy Darnell.

The Charm Beauty Shop is moving to the old Frank Murray location next to the Hedley Garage.

W. J. Williams Announces For County Judge

In making my announcement for the office of County Judge of Donley County, I wish to state that I have been a resident of the county in the Naylor community for the past three years, and have been a resident of the county in the Naylor community for the past three years, and have been a resident of the Panhandle for the past 39 years. I am well acquainted with the duties of the office as I served four years as county judge and ex-officio School Superintendent of Carson county. If elected, I will do the best within my power to discharge the duties of the office as they should be and treat one and all alike. Your vote and influence will be appreciated.

WEEKLY NEWS ANALYSIS
U. S. Troops Leave Panama Bases;
Anderson Lists Grain Speculators;
Nation Warned of High Price Perils

Released by WNU Features

EDITOR'S NOTE: When opinions are expressed in these columns, they are those of
Western Newspaper Union's news analysts and not necessarily of this newspaper.

PANAMA:
No Bases
Unanimous rejection by Pan-
ama's national assembly of a treaty
which would have given the U. S.
the right to lease and man 14 mili-
tary and airfield sites to defend the
Panama canal not only precipitated
a diplomatic disaster but also left
this nation in the position of a fighter
without a left hand to guard his jaw.

The action, strongly opposed by
Panama's President Jimenez, left
the U. S. with just one alternative—
to pull out—since commitments had
been given that no American troops
would remain in Panamanian terri-
tory without sanction of an author-
ized treaty.

Military officials later announced
that the withdrawal of some 2,000
U. S. soldiers from the 14 bases sur-
rounding the canal would be begun
immediately. That meant, probably,
that the troops would be pulled into
the canal zone proper, which the
U. S. leases from Panama.

This was, by all odds, the most
crucial issue to arise in U. S.-Pan-
ama relations since this country
purchased the canal from France in
1904. And it was aggravated by
the fact that the inability to man
defense bases around the canal left
this most vital point in American
military security dangerously ex-
posed.

Rep. Albert Engel (Rep., Mich.),
chairman of the house appropri-
ations subcommittee on defense,
stated his belief that the national
assembly's 51 to 0 vote against the
treaty was influenced at least in
part by the Communist movement
in Panama; and he suggested that
the U. S. build a new Atlantic-Pac-
ific canal outside Panama if that
nation continued to refuse use of
bases.

There did not appear to be much
chance of further negotiations, how-
ever; the assembly's rejection of
the pact probably closed the door on
that course. Some officials were
speculating on whether the problem
might not wind up in the lap of the
United Nations for solution.

SERIAL:
Grain Opera
Secretary of Agriculture Clinton
Anderson, at the behest of the sen-
ate appropriations committee in-
vestigating commodity speculation
on the part of government officials,
came through with the first install-
ment of the "names" he had prom-
ised to name.

There were 711 of them — big
traders in grain and other com-
modities. But except for the name of
the man who precipitated the inves-
tigation, Edwin W. Pauley, presiden-
tial advisor and special assistant

Anderson's List
to Army Secretary Kenneth Royall,
there were no spectacular disclo-
sures on the list.

While there is no law against spec-
ulation, the current investigations
ordered by congress stem from re-
ports that government officials have
profited from "inside" information
on government commodity buying
plans.

Anderson's 711-name list was the
first installment in a series which
the agriculture secretary will for-
ward to the senate appropriations
committee, simultaneously making
each list public. An estimated 14,000
names are available for such list-
ing.

Meanwhile the senate appropri-
ations committee, as well as a house
committee, were ready to start sift-
ing the rolls for possible irregular-
ities and especially for leaks of in-
side information.

WARNING:
On Prices
The President's council of econ-
omic advisers, an astute group
that sometimes functions as Mr.
Truman's conscience, has warned
that the U. S. must return to "real
price competition" if the present
boom period is not to collapse into
a shapeless economic mess.

In its annual report the council
sharply criticized "monopolistic
practices" and declared also that:

BABY RATIONING
Europe's Population Too Dense for Resources

For her own good, Europe should
lose no time in attempting to estab-
lish a favorable ratio of population
to its feeding resources, observes
Guy Irving Burch, director of the
population reference bureau.

It is imperative, he said, that
such action be taken before the U.
S. can underwrite the world's
shortages and

Home Again

Back in the U. S. after attend-
ing the United Nations human
rights session in Geneva, Switzer-
land, Mrs. Eleanor Roosevelt pro-
claimed that the commission, of
which she was chairman, "did a
very good piece of work." She ex-
pressed satisfaction with interest
shown by all nations in the discus-
sions of human rights, was
pleased, too, with Russian cooper-
ation.

"Many industrial prices must
come down at least in relation to
other prices and many rates of
profit must subside while reasonable
profitability is established in other
areas."

This was a clarion call for a
revival of the old freebooting com-
petition in American industry.

The report surmised that the pres-
ent era of prosperity was "abnor-
mal" because of such factors as
heavy exports, short crops and
great military expenditures. To
remedy the situation the council of-
fered these recommendations:

1. Elimination of deliberate cur-
tailment of output as practiced
by some labor organizations.

2. Discontinuance of the practice
of big business of hampering
the development of new, small busi-
nesses.

3. Development of natural re-
sources and increase in the in-
dustrial facilities of the nation.

PROPAGANDA?
For UMT
Rep. Forest Harnes (Rep., Ind.)
has charged the army with carry-
ing on an illegal campaign of "prop-
aganda" in behalf of a universal mili-
tary training law, thereby adding
more fuel to an issue already des-
tined to be superheated in 1948.

Harnes, chairman of a special
house investigating committee, said
he would call high army officials be-
fore his group soon after congress
reconvened on January 6 to answer
accusations concerning the use of
taxpayers' money to influence pub-
lic legislation.

Said he, "I am receiving hundreds
of letters daily from every part of
the country concerning a propa-
ganda pressure campaign being
waged by the army for universal
military training."

A recent investigation by his com-
mittee, he said, had disclosed the
hiring of two civilians to tour the
country addressing women's groups
and making radio speeches favoring
the proposed law.

Contention of the army is that it
simply is doing everything it can to
foster a sense of the need for na-
tional security among the people,
and Harnes had yet to prove that
the army was morally wrong in that
view, whatever the legal technical-
ities of the situation might be.

THE PAYOFF:
Who'll Pay?
Economy-bitten members of the
house of representatives who juggle
billions of dollars with the
ambition of a high-wire performer
are at a loss as to whom they can
stick for a \$418 printing bill.

With the dreadful irony that some-
times appears to make an embar-
rassing situation worse, the bill is
for a committee report on money
entitled "Money Makes the Mare
Go."

The committee on coinage,
weights and measures ordered the
report two years ago but has since
gone out of existence, hence, can't
be handed the check.

John McBride, former clerk of
the committee, drew up the report
but can't be convinced he should
pay for it, maintaining that it wasn't
his fault that it came out "a little
late."

? Current Events ?

Here are five questions which, if you
take things like this seriously, should
enable you to start the new year with
a beautiful inferiority complex. On the
other hand, if you can answer them
you probably will become so conceited
that everyone will hate you.

1. What five nations are repre-
sented on the U. N. commission
to work out the mechanics of
setting up Jewish and Arab states
in Palestine?

2. Can you name the capitals of
these countries in the Arab
league: (a) Saudi Arabia; (b)
Trans-Jordan; (c) Yemen?

3. The senate recently ap-
proved a document which Sen-
ator Vandenberg called "the
greatest advance ever made in
the business of collective peace."
What document? Where signed?

4. Two American citizens, Dr.
Carl F. Cori and his wife, Dr.
Gerty Cori, received one-half of
a Nobel prize in 1947. In what
field did they do their research?

5. A new twist in legal proce-
dure turned up when a Nevada
rancher formally filed claim to
the water in all clouds passing
over his ranch. What old prop-
erty law might be invoked in this
case?

ANSWERS
1. Bolivia, Czechoslovakia, Denmark,
Panama and the Philippines.
2. (a) Riyadh; (b) Amman; (c) San'a.
3. Inter-American treaty of reciprocal
assistance, signed last summer at Rio
de Janeiro by 19 American republics.
4. Physiology and medicine.
5. Law of riparian rights, under which
a person owning land bordering a non-
navigable stream owns the bed of the
stream to the center line and may make
reasonable use of its waters.

FOURTH BEST:
1947 Crops

U. S. crop production in 1947
turned out to be the fourth largest
on record despite a damaging
drouth that cut the corn yield to the
smallest since 1936, it was indicated
by the agriculture department's
final report of the year.

Total crop volume was exceeded
only in 1942, 1944 and 1946. It was
only slightly more than 1 per cent
below the 1946 record.

The department's report shaved
about 2 per cent off the November
estimate for three major grain
crops — corn, wheat and oats — to
tighten further an already short
grain situation and add complica-
tions to the foreign relief program.

Final estimate on corn was 2,400-
952,000 bushels, or about 47 million
less than the November forecast.
This was 26 per cent below the 1946
record of 3,249,950,000 and 9 per cent
under the 10-year (1936-45) average
of 2,639,102,000 bushels.

A decline of 41,842,000 bushels
from the figure quoted in November
was noted in the final wheat esti-
mate of 1,364,919,000 bushels. How-
ever, the crop remained the largest
on record, being 50 per cent greater
than the 10-year average and 18 per
cent larger than the 1946 harvest.

SPEED:
Supersonic

An American rocket-powered
plane has travelled 700 miles an
hour to exceed the speed of sound
for the first time in history of avia-
tion.

According to an article in the
magazine Aviation Week the plane,
designated the XS-1, was flown at
supersonic speeds five times last
November at the Muroc, Calif.,
flight test base.

The report said that the plane en-
countered no air turbulence at the
supersonic speeds, thus exploding a
long-standing scientific theory that
as planes approached or reached
the speed of sound they would meet
a "barrier" of sound waves which
would buffet the plane and make it
difficult to control.

Out of the Past

Visitors from St. Niklaas, Bel-
gium, Mr. and Mrs. George Smet
receive warm welcome from Don-
ald E. Blodgett of Evanston, Ill.,
who owes them a debt hard to
repay. When Blodgett, an AAF
pilot, was shot down over Bel-
gium in 1944, the Smets shielded
him from the Nazis. Now they are
in the U. S. to visit some of the
boys whom they helped during the
war.

Search for Researchers

One of the adverse factors devel-
oping to hamper the nation's post-
war program of scientific progress
is a critical scarcity of scientists in
certain branches of military re-
search, government officials have
revealed.

They count, however, state-
ment on the part
to working on death-
is the primary
shortage.

the digestive tract and impair nutri-
tion! Lemon in water is good for you!

Generations of Americans have taken
lemons for health—and generations
of doctors have recommended them.
They are rich in vitamin C; supply
valuable amounts of B1 and P. They
alkalinize; aid digestion.

Not too sharp or sour, lemon in water
has a refreshing tang—clears the
mouth, wakes you up. It's not a
purgative—simply helps your sys-
tem regulate itself. Try it 10 days.

Here's
One thing
your dollars buy more of
than ten years ago!

What can you buy today that is priced lower than it was ten years ago? It's hard to think of anything, isn't it? But there is one main item . . . that's the low-cost, dependable electric service brought to you by Reddy Kilowatt, your electric servant.

Actually, the average price of a kilowatt hour of electric service to residential users is about one-sixth LESS than in 1937.

And it's less despite the fact that taxes, wages, the cost of materials and equipment are up—away up—to us, which necessitates increased efficiencies in all operations and finance.

Every effort is being made to keep the cost of electric service low so that you can continue to enjoy more of its comforts and conveniences.

Thad's Feet Hurt

After a long, hard day's work on the farm, Thad's idea of how to spend an evening is to take off his shoes, and relax with a mellow glass of beer.

But his missus has other ideas. After being in the house all day, she's all for walking to the village, if it's only for a soda. Likes to see people, catch the latest gossip. But Thad says, no, his feet hurt! Begun to cause unpleasantness in Thad's home.

Then Bill Webster comes up with an idea. If Thad takes the missus to

Andy's Garden Tavern, Thad can relax with his glass of beer, and the missus can also chat with all the neighbors there. Each gets his (or her) own way.

Worked, too! In fact, now the missus likes an occasional temperate glass of beer herself. And Thad finds it's pleasanter to enjoy his beer with good companions, rather than alone. In fact, his feet stopped hurting too!

When Your Back Hurts -

And Your Strength and Energy Is Below Par

It may be caused by disorder of kidney function that permits poisonous waste to accumulate. For truly many people feel tired, weak and miserable when the kidneys fail to remove excess acids and other waste matter from the blood.

You may suffer nagging backache, rheumatic pains, headaches, dizziness, getting up nights, leg pains, swelling. Sometimes frequent and scanty urination with smarting and burning is another sign that something is wrong with the kidneys or bladder.

There should be no doubt that prompt treatment is wiser than neglect. Use Doan's Pills. It is better to rely on a medicine that has won countrywide approval than on something less favorably known. Doan's have been tried and tested many years. Are at all drug stores. Get Doan's today.

Uncle Sam Says

What would you do if you learned that the worker next to you at the office or in the plant was taking some extra pay every payday and you could do the same? Your Uncle Sam needs only one guess. Well, the Payroll Savings Plan for Savings Bonds actually provides extra pay because it accumulates Savings Bonds for you which pay off at the rate of \$4 for every \$3 in 10 years. All you have to do is to authorize your employer to hold back a stipulated amount which he will hand back to you in a better form of money—money which earns interest—U. S. Savings Bonds. Savings Bonds are extra pay. For example, if you take payroll your pay in Savings Bonds, at a rate of \$3.75 per week, you would accumulate \$2,163.45 in 10 years. Treasury Department.

HOUSEHOLD MEMOS by Lynn Chambers

Don't Forget Salads in Winter Meals (See recipes below.)

Cold Weather Salads

Just because you don't have a garden full of green things outside your window is no reason for you to neglect salads in cool weather meals. Actually there's an abundance of material on the market for refreshing and delightful salads. We like to recommend salads because they add texture and contrast to the meal, but most important of all, because many fresh and uncooked foods may be combined into them. And why is it so important to have fresh things? Because the vitamin and mineral riches are not cooked out of them, and we need them more than ever in winter. You can add bits of meat and cheese to vegetable salads and serve them with a piping hot cup of soup, and your lunch, for example, will be complete and well balanced.

Luncheon Salad. (Serves 6 to 8)

- 1 cup green beans, cooked or canned
 - 1 cup carrot strips, cooked
 - 1 cup celery strips
 - 1/2 cup french dressing
 - 2 hard-cooked eggs
 - 1 head of lettuce
 - 1 cup ham, cut in strips
- Marinate green beans, carrots and celery for one hour. Slice hard-cooked eggs on bed of lettuce with vegetables. Sprinkle with slivers of ham and serve.

Sauerkraut and Beet Salad. (Serves 6 to 8)

- 1 package lemon-flavored gelatin
 - 1/4 cup cold water
 - 2 cups sauerkraut, chopped
 - 1 cup beets, cooked and cubed
- Soak gelatin in cold water. Drain sauerkraut and save juice. Add enough water to make 1 1/2 cups. Beat and add to dissolved gelatin. Add sauerkraut and beets. Pour into molds rinsed in cold water. Chill until firm and unmold on salad greens. Serve with mayonnaise.

Mixed Vegetable Salad. (Serves 6 to 8)

- 1 cup cooked peas
 - 1 cup cauliflower, cooked
 - 1 cup green beans, cooked
 - 1/2 cup french dressing
 - 6 to 8 lettuce cups
 - 1 1/2 teaspoons anchovies
- Marinate vegetables in french dressing. Toss in anchovies and mix lightly. Fill lettuce cups and garnish with radishes and spinach leaves, if desired.

Here are other vegetable salad combinations you'll find handy for quick reference these days:
Shredded carrots, chopped celery, diced apples and preserved ginger.
Grated carrots, diced celery, cooked lima beans and a dash of onion juice.
Cabbage, celery and green stuffed olives.
Green beans, cooked, with diced hard-cooked eggs and strips of pimiento.

- Lima beans, cooked and marinated, serve with tomato slices.
- Shredded cabbage, apples and raisins.

The fruit salad parade for winter is just as exciting and colorful as that of vegetables. Start off com-
