WEST FARM MARKETS

Prices of livestock and farm products were steady during the past week, according to the Department of Agriculture and Marketing Administration reports.

Prices fluctuated sharply during the past week and were higher Monday for net of \$1 to \$2 at most markets. In San Antonio ending up near starting point. Top hog ranged from \$23 to \$24.75 in Monday's trade.

Extreme unevenness on steers featured the week's cattle trading with most steers and yearlings following the generally strong trend and heavy fed steers barely steady to weak. Common and medium steers and yearlings brought \$17 to \$24 at Houston Monday, when medium and good yearling heifers sold at \$23.75 at San Antonio. Medium and good steers, yearlings and heifers turned \$22 to \$25.50 at Fort Worth and \$21 to \$25 at Oklahoma City. Wichita and Denver moved medium and good steers from \$22 to \$25.50. Kansas City struck a top of \$23 on choice steers.

Egg prices went up a little last week, but weakened Monday when Dallas and Denver bought current receipts mostly at 40 cents a dozen, and Fort Worth 41 to 42. Poultry moved in rather dull trade at slightly lower prices. Dallas and Fort Worth paid from 22 to 25 cents a pound for heavy hens and 33 to 35 for fryers and broilers.

Cotton strengthened during the past week in fairly active trade. Prices rose about \$5 a bale. Dallas quoted spot middling 15-16 inch Monday at 33.85 cents.

D. B. Thomas visited here from Amarillo Thursday.

Mr. and Mrs. J. S. Hinds and daughter Nancy Lou of Jeyton visited in the Frank Kendal home first of the week.

Lions Club News

At next week's Lions Club meeting the Burlington Railroad system will show a travelogue picture which should be very interesting and entertaining. The gong rings at 7:30 p. m. Be there or you will miss something.

The directors meet at the bank this Thursday at 7:30 p. m. Several items of importance are to come up.

Several awards from the Melvin Jones membership contest were presented at last week's meeting. Those receiving awards were Lions Sam Owens, Otis Owens, Jerald Sims, D. E. Boliver, A. T. Simmons and C. L. Johnson.

American Legion

Members of the Hedley Legion Post and their wives are invited to attend Open House at the Memphis Legion Post next Tuesday night, March 9th.

The spring convention of the American Legion will be held at Pampa Saturday and Sunday, April 17th and 18th.

The Hedley post is still 45 members behind last year's total. If you haven't paid your 1948 dues get them in soon, you are delinquent and the Legion needs you.

Dillard-Howell

On Saturday evening, Feb. 28, at 7:30, the Justice of the Peace in Lubbock read the single ring ceremony at his home in which Miss Howell of this city became the bride of Joe Dillard of Lubbock.

The bride wore an aqua blue suit with white and black accessories. Her corsage was of pink carnations and she carried a white Bible. Mrs. Dillard is a graduate of Hedley High School, where she numbered her friends by her acquaintances. She also attended Business College at Lubbock.

Mr. Dillard is a graduate of Lubbock High School and is employed by an Oil Co. there.

They will be at home at 2409 Main St. Lubbock.

Technical Sergeant Emmitt N. Ray, son of Mr. and Mrs. J. D. Ray of Hedley, was one of forty students who recently completed courses at the United States Army, Caribbean, Food Service School, Fort Clayton, Canal Zone. He specialized in the course for Food Service Technicians.

Sergeant Ray is presently assigned to duty with Company "A" 33rd Infantry, Guisick, Canal Zone which assists in the defense of the Panama Canal.

Mr. and Mrs. W. I. Rains Observe 50th Wedding Anniversary

Mr. and Mrs. W. I. Rains were honored by their children on their 50th wedding anniversary with open house in their home Sunday, Feb. 29, at Hedley.

Guests were greeted by the oldest son, Ike. Mrs. Ruby Glass presided at the register. Mrs. Charles Rains invited the guests into the dining room, where refreshments were served, by the granddaughters, Mrs. Banks Jeffreys, Mrs. Billy Bridges and Sarah Ann Rains.

The tea table was covered with a lace cloth. The center piece was a large three tiered cake decorated in gold with "50th Anniversary" on top in gold. The cake was a gift from their grandchildren. A silver tea and coffee service and gold tapers in silver holders completed the arrangement. The entertaining rooms were attractively decorated with flowers given by their friends.

Mesdames E. W. Bromley and W. D. Shelton, sisters of Mrs. Rains, poured tea during the first hour, and Mrs. Ed Dishman, cousin of Mr. Rains, and Mrs. C. L. Goin poured tea during the second hour. Mrs. L. P. Trimble played piano music during the afternoon. Many old familiar tunes brought pleasant memories to the honorees.

In the large living room Mr. and Mrs. Rains received their friends. Some few were present at their wedding, others pioneered with them and helped to make our country what it is today. Many friends of shorter acquaintance called.

Charles, the youngest son, invited the guests to see the gifts which were on display.

Uncle Billy, as he is known to friends and neighbors, came with his mother, grandmother and grandfather, Uncle Ike Smith, from Henrietta in 1891 to Donley County, where they homesteaded land.

Miss Willie Crawford came to Childress in 1891, later moving to Donley County with her sister and brother-in-law, Mr. and Mrs. E. H. Watt.

Mr. Rains and Miss Crawford were married at Giles, Texas, Feb. 27, 1898. The young couple built their home on land Uncle Billy homesteaded and where they have resided ever since. They have three children, one daughter, Mrs. W. C. Bridges of Hedley, and two sons, Ike and Charles Rains of Hedley, and three grandchildren, Mrs. Mary Jeffreys and Billy Bridges of Pantex, Texas, and Sarah Ann Rains of Hedley, and one great-grandchild, Beverly Ann Jeffreys.

This fine couple has done much to develop Donley County from the frontier of a half-century ago to the progressive and prosperous section it is today. Mrs. Rains and Mrs. Josie Adamson were founders of the Donley County Old Settlers Reunion. Uncle Billy has served as president of this organization for several years. He has always been active in school and other affairs leading to the betterment of the community. Mr. and Mrs. Rains have been members of the Baptist Church for the past forty-five years.

On this fiftieth anniversary some 250 friends and relatives

Play Night

The Seniors are sponsoring a Play Night, Monday March 8 at 7:00 in the High School Auditorium. There will be contests, pretty girl, popular boy and ugly man; there will also be shuffle board games, goal tossing, doll racks, bingo and many other diversions including a box supper. Every girl is invited to bring a box to bring a box to auction off to the highest bidder.

The climax of the evening comes with a return performance of new speeches, new songs, new dances, in The Grand Old Opry radio program, free to everybody. The money from contests, games, and box supper goes to help the Seniors.

Jim Nash Wins Horse

Jimmy Nash of Amarillo, 11 years old, won the title of the most typical junior cowboy in a contest conducted the last two weeks by Interstate Theaters and The Globe-News of Amarillo in connection with the World Premiere held there Tuesday night of the picture show Panhandle. The prize was a beautiful black and white riding horse named Panhandle and a saddle. Jimmy was selected from a field of 300 youngsters representing 44 Panhandle communities. He is a son of Mr. and Mrs. H. C. Nash of Amarillo and grandson of Claud Nash of Hedley and nephew of Mrs. W. H. Jones of Hedley.

Tom F. Connolly Announces For County Judge

TOM F. CONNOLLY

Tom F. Connolly has authorized the Hedley Informer to announce him as a candidate for the office of County Judge of Donley County, subject to the Democratic primaries.

Mr. Connolly came to Clarendon in 1908 and engaged in the grain business, and has continued to handle grain since that time.

In making his announcement, Mr. Connolly states:

"I have taken some active part in every enterprise that has been for the benefit of the people of Donley County. I have been especially active in the building of better roads and have worked for the betterment of our public schools. I have served on the School Board in Clarendon, have acted as City Commissioner, and served as Mayor of Clarendon for eleven years. As Mayor I acted as City Judge and before coming to Donley County, I served as Clerk of the District Court at Waco, all of which has given me some knowledge of court procedure."

"I am a member of the Masonic Lodge, the Lions Club and the Methodist Church.

If you will elect me County Judge I shall devote my best efforts, working with your Commissioners Court, to secure more farm to market roads, and at the same time handle all funds of the county in a business like manner, so as to preserve the good credit of the county and keep the tax rate as low as conditions will justify."

Basketball News

The Hedley Lions won first place in the Clarendon Independent Basketball Tournament at Clarendon Monday night. They won in the finals against the Modern Market team of Wellington in an overtime game by the score of 33 to 34. The boys won their way into the finals by defeating Claude Lakeview and the Clarendon Independent team in the order named.

In the district championship game Tuesday night the Samnorwood girls defeated the Hedley girls 27 to 13. In the second game of the evening the Hedley boys scored the score by defeating the Samnorwood boys 33 to 32. The boys play the next game at Samnorwood next Tuesday night.

NEW ANALYSIS
Truman Asks More Aid for China; Wallace Victory Worries Democrats; Senate OKs Tentative Budget Cut

Released by WNU Features.
EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysts and not necessarily of this newspaper.

SUPPORT: China
Although it was obvious that his heart wasn't in it, President Truman presented congress with a request for 570 million dollars to be sent to China as a prop for the foundering economy of Chiang Kai-shek's Nationalist government.

White House and state department sources admitted that the request was something less than a half-measure and claimed that the President had acted under pressure from the Republican congress which has insisted that the U. S. must support Chiang against the Communist revolution in connection with the European recovery plan.
At best the 570 million dollars is a token gesture—just a chip in relation to the vast amount of timber that would be needed to restore the rotting derelict of Chiang's government.

Theory behind this latest extension of aid, which will be used to finance Chinese imports of cereals, petroleum, coal, fertilizer and so forth, is that the money will enable Chiang's government to free other resources for purchase of arms and ammunition to continue the fight against the Communist guerrillas.
But that is more of an idle hope than a valid theory, because the government forces, despite their American arms and equipment, are being bested consistently by the Communists.

CAT FEET:
First a Dream
Like the fog that "comes on little cat feet," Carl Sandburg, honored and honorable free-verse poet and voluminous biographer of Lincoln, was creeping into the senatorial race in Illinois.
A hitherto almost imperceptible drive supporting Sandburg as a possible candidate for senator picked up considerable impetus with the release of a public opinion poll indicating that he might become a popular choice over the Democratic candidate, Paul H. Douglas, and the Republican candidate, Sen. C. Wayland Brooks.

As far as the question of how a poet can turn into a politician is concerned, those favoring him say he is a "good man," he understands the common people and is educated and well-informed about the country's needs. The opposition claims he is politically inexperienced and, since he is a writer, is an impractical dreamer and an idealist.
But Sandburg, the poet, once wrote: "The republic is a dream. Nothing happens unless first a dream."

THE JOLT: Election
Democrats were puzzled, not to say frankly alarmed, over the astonishing victory of Leo Isacson, American Labor party nominee, in the special congressional election for New York's 24th district.
The jolt was especially severe because Isacson had been prominently supported by Henry Wallace, avowed third party candidate for the White House, and the Bronx election had been viewed as a testing ground for Wallace's power to win votes.

Moreover, the election apparently was no fluke. Isacson, with 22,697 tallies, had amassed more votes than his three opponents combined. Karl Propper, Democrat, got 12,578; Dean Alfange, Liberal party, 3,840, and Joseph de Nigris, Republican, 1,482.
In the first stages of shock, political observers took the election's results as a significant straw in the wind. Wallace had campaigned vigorously for Isacson, particularly attacking policies of the Truman administration with respect to Palestine. However, no one was generalizing too much on the strength of that factor, because the Bronx district (24th congressional) has a heavy Jewish population.

Nevertheless, the Democratic candidate had been expected to win hands down, because the district has sent members of that party to congress consistently through the years.
Said Henry Wallace, with great elation: "This proves that the so-called third party can become the first party in 1948."

SURPLUS:
Biggest Ever
Tax payments on record high income and reduced government spending have brought the government's budget surplus up to a whopping \$4,073,951,189 for the current fiscal year, treasury records show.
That amount is well over half of the 7.4-billion-dollar surplus President Truman had predicted would be on hand for 1948, and it is by far the largest surplus the government has had.

On Henry Wallace's side of the political fence there was abundant joy and gladness when Leo Isacson (right), Wallace-backed American Labor party candidate in a special Bronx congressional election, sent the Republican, Democratic and Liberal contenders to the showers and captured the contest by getting more votes than his three opponents combined.

BUDGET CUT:
Indifferent
With little discussion and a good deal of outright indifference, the senate adopted a resolution to cut President Truman's fiscal 1949 budget by 2.5 billion dollars.
How much significance the senate resolution would have in the final analysis was questionable, in view of prevailing uncertainties which might affect both sides of the ledger.
The 2.5-billion-dollar reduction would leave an estimated 10 billion dollars for tax cuts and debt reduction. Republicans, therefore, were feeling increasingly confident that an income tax slash of up to 5 billion dollars could be enacted.
Brevity of the senate discussion and its lack of appoeletic oratory was in direct contrast to last year's strident contest over the budget committee's recommendation of a 6-billion-dollar cut in the 1948 budget.
Democrats made no effort to block the proposed spending slash which had been recommended by the house-senate budget committee. It still requires house approval.
Biggest bug-in the senate's budget recommendation was the fact that it probably embodied a number of inaccurate estimates. Republican sponsors of the measure admitted that accurate estimates of budget needs were impossible at the time.
Sen. Styles Bridges (Rep., N. H.), chairman of the budget committee, compared the estimates with "a pre-game guess at the final score." But Sen. Alben Barkley (Dem., Ky.) called the procedure "a step in the dark."
Most profound uncertainties arising in the budget estimates were the result of the recent commodity market drop, which might possibly affect government tax revenues and also the annual personal income rate. Not one senator was willing to commit himself with finality on what future developments along these lines might be.
PLANETARY: Martian Life
After having given rise to much idle speculation and phantasmagorical nonsense among recent generations, one of the minor riddles of the universe—whether life exists on the planet Mars—finally got a tentative answer.
With scientific reticence, Dr. Gerard P. Kuiper, director of McDonald observatory at Mt. Locke, Tex., offered a timorous "Yes—maybe." He made his disclosure after taking a peek at the red planet, aided by a new-fangled infra-red spectrograph.
But if there is life it exists in the most primitive of forms.
Dr. Kuiper, aided by astronomers from the Universities of Chicago and Texas, came to the conclusion that probably lichen, the hard, moss-like growth found on rocks in the U. S., was present on Mars.
Weather conditions, although colder than anything Earth knows, would support such life, Dr. Kuiper said. Studies have shown that the temperature ranges from a few degrees above freezing to an estimated 80-100 degrees below zero.
Mars, he added, evidently has polar ice caps "composed of water." However, the ice caps retreat as much as 100 miles a day, indicating that they are very thin, possibly not more than one-eighth of an inch thick. Climate of the planet resembles "earth at an elevation of 50,000 feet," he explained.
One comforting deduction is to be made from this latest scientific evidence: Anything resembling human life, or even such malevolent life as H. G. Wells visualized, apparently cannot exist on Mars. So stop fretting over those flying disks.

HOUSEHOLD HINTS
For a subtle and refreshing fragrance, hang a pomander ball in your clothes closet. This is easy to make. Take a large, firm orange and stick whole cloves into the entire surface.
When sanding unfinished furniture for painting, sand thoroughly with fine sandpaper wrapped around a padded wood block.
White woolen toys may be cleaned by making a thick paste of dry starch and water. Rub into the wool and let it stand until dry; brush off starch.
Keep electric appliances free from accumulations of dust, dirt, food crumbs, rust, water and oil.
To remove old paint or varnish from fine wood, place a wad of steel wool in a rubber crutch tip and rub lightly, being careful to avoid scratching. Then clean wood with turpentine.

If Stuffy Nose Spoils Sleep Tonight
A little Vicks Vapo-Rol in each nostril quickly opens nasal passages to relieve transient congestion. Invites full sleep. Relieves sniffly, sneezing, distress of head colds. Follow directions in the package. Try it!

"It ain't fair!"

"There oughta be a law! Everything in our house runs by electricity—but this!"

Poor Patch has to do things the old mechanical, hard way. Mother has low-cost, dependable electric service to help her cook and clean, wash and iron and sew. Dad runs his razor, and his workshop, too, by electricity. In fact, the whole family enjoys light, comfort, and entertainment when Reddy Kilowatt, your electric servant, jumps to their service at the flip of a switch.

Never before has electric service done so much to make life comfortable for so little! Yes, in spite of high production costs, The West Texas Utilities Company furnishes residential consumers electric service at rates 17% less than ten years ago.

The skill and experience—the "know-how" and the efforts of your friends and neighbors in this company have combined to keep the price of electric service low—and its usefulness greater than ever before.

How to Put Up with Women's Styles

When Will Dudley's missus finally gave in to the new-style longer skirts, Will was mighty critical at first. Allowed as how women were a slave to fashion... ought to dress to please their husbands and not style designers.
She finally reminded Will of his habit of sitting by the radio Saturday afternoons in shirt sleeves and old slippers, listening to the sportscasts with a mellow glass of beer. Suggested that maybe Will was a slave to comfort.
And Will admitted she was right.

Perhaps the way somebody dresses isn't always to our taste—just as Will's glass of beer may be another person's cider.
But from where I sit, those little differences aren't important—unless we go out of our way to make them so, by being hypercritical. As Will says now: "Well, anyway, those long skirts hide a multitude of shins"... and lets it go at that!

A little care saves a lot of wear!

A Spring change from contaminated, old winter oil to Nth Motor Oil protects from grit and dust that can ruin the inside as well as the outside finish of your car!
Conoco Nth Motor Oil (Patented)* contains a special added ingredient that fastens an extra film of lubricant so closely to metal that metal surfaces are actually OIL-PLATED!

This OIL-PLATING stays up on cylinder walls while you're running hot and when you're not... won't all drain down into the crankcase even overnight! That's why Nth Oil extra-protects from "dry-friction" starts... from sludge and carbon caused by wear.
So, for extra-cool, extra-powerful, extra low-cost miles...

Make a date to OIL-PLATE!

don't use Harsh Laxatives

Keep regular this healthful way—

The juice of a lemon in a glass of water, when taken first thing in the morning, is all that most people need to insure prompt, normal elimination. No more harsh laxatives that irritate the digestive tract and impair nutrition! Lemon in water is good for you!

Generations of Americans have taken lemons for health—and generations of doctors have recommended them. They are rich in vitamin C, supply valuable amounts of B₁ and P. They alkalize, aid digestion.

Not too sharp or sour, lemon in water has a refreshing tang—clears the mouth, wakes you up. It's not a purgative—simply helps your system regulate itself. Try it 10 days.

This Home-Mixed Cough Syrup Is Most Effective

Cough medicines usually contain a large quantity of plain syrup—a good ingredient, but one which you can easily make at home. Take 2 cups of granulated sugar and 1 cup of water, and stir a few moments until dissolved. Or use corn syrup or liquid honey, instead of sugar syrup.

Then get from any druggist 2½ ounces of Pinex, pour it into a pint bottle, and fill up with your syrup. This gives you a full pint of wonderful medicine for coughs due to colds. It makes a real saving because it gives you about four times as much for your money. Never spoils. Tastes fine.

This is actually a surprisingly effective, quick-acting cough relief. Swiftly, you feel it taking hold. It loosens the phlegm, soothes the irritated membrane and makes breathing easy. You've never seen anything better for quick and pleasing results.

Pinex is a special compound of proven ingredients, in concentrated form, a most reliable soothing agent for throat and bronchial irritations. Money refunded if it doesn't please you in every way.

Pinex is Dependable!

That Nagging Backache

May Warn of Disordered Kidney Action

Modern life with its hurry and worry, irregular habits, improper eating and drinking—its risk of exposure and infection—throws heavy strain on the work of the kidneys. They are apt to become over-taxed and fail to filter excess acid and other impurities from the life-giving blood.

You may suffer nagging backache, headache, dizziness, getting up nights, leg pains, swelling—feel constantly tired, nervous, all worn out. Other signs of kidney or bladder disorder are sometimes burning, scanty or too frequent urination.

Try Doan's Pills. Doan's help the kidneys to pass off harmful excess body wastes. They have had more than half a century of public approval. Are recommended by grateful users everywhere. Ask your neighbor!

All those in favor of bacon and eggs have the right idea for there's no denying the importance of a substantial breakfast. In addition to bacon and eggs, the pattern should include fruit or fruit juice, toast, butter and a beverage.

You can't expect a first-class health rating if you skip breakfast frequently. And you can't do your best work, be you business man, farmer, housewife, career girl or school child, if mid-morning hunger pains bother you.

The remedy? A well-rounded breakfast that gives you foods essential for health.

You say you can't eat breakfast? Nonsense. Of course, if you're one of those skip-breakfast people, it may take you a little time to get used to eating it, but little by little you can do it and really like it. It's worth it, if you feel better and can work better, isn't it?

Afraid of gaining weight, you say? No, not if breakfast includes a citrus fruit, soft boiled or poached egg, dry toast and coffee or tea without cream or sugar. You won't have nearly as hard a time resisting the snacks which put on weight if you're fortified with a nicely balanced breakfast.

We have variety in lunches and dinners, why not plan to have it in breakfasts? It will make them ever so much more interesting.

Prepare eggs in several different styles, scrambled, poached, soft boiled, coddled, fried, baked or creamed. Have interesting breads and spreads.

Don't forget that meats add variety, too. Try sliced or frizzled ham as well as bacon, sausage, canadian bacon or dried beef.

Then, too, you can find interesting variations for pancakes and waffles. Why not this:

Bran Griddle Cakes.
(Makes 15 cakes, 5¼ inches in diameter)

2 eggs
¾ cup sugar
2¼ cups milk
3 cups sifted flour
2 tablespoons baking powder
1½ teaspoons salt
¾ cup melted shortening
½ cup bran

Beat eggs and sugar until light and fluffy. Add milk and mix well. Sift flour with baking powder and salt; add to first mixture, stirring until flour disappears. Add shortening. Fold in bran. Bake on hot griddle, turning only once.

You'll find that Dutch pancakes will do a nice filling job during breakfast, as well as contributing the valuable protein of eggs for this meal.

Dutch Pancakes.
(Serves 4)

4 eggs
½ cup sifted flour
½ teaspoon salt
½ cup milk
2 tablespoons soft butter
Confectioners' sugar
Jam

Beat eggs thoroughly. Sift flour and salt together and add to eggs alternately with milk to make a smooth batter. Spread butter over bottom and sides of cold frying pan. Pour in batter and place in a hot (400 degree) oven. Bake 20 to 25 minutes, reducing heat gradually to moderate (350 degrees) during the baking. Pancakes should puff up at the sides

Hardly anyone can resist piping hot pancakes with butter and syrup for breakfast. For those with substantial appetites and large caloric needs, serve pancakes often. Or, use them to add variety to the breakfast pattern.

Filling.
1 cup cooked, chopped peaches
½ cup sugar
½ cup chopped nuts
1 teaspoon cinnamon
½ cup raisins

Mix together thoroughly.

The sour cream coffee dough will make three loaves of bread and several dozen rolls.

Banana Sour Cream Bread.
(Makes 1 large loaf)
¾ cup thick sour cream
½ cup brown sugar
1½ cups mashed banana
1 cup bran
1½ cups flour
2 teaspoons baking powder
¾ teaspoon salt
½ teaspoon soda

Blend the first four ingredients. Add, sifted together, the dry ingredients. Place in a greased loaf pan and let stand 20 minutes. Bake in a moderate (350 degree) oven for about one hour. Make this the day before, and toast for breakfast. It's delicious.

Released by WNU Features.

LYNN SAYS: Remember These Facts About Yeast Breads

Rising time on bread or rolls usually follows this pattern: Dough made with one cake of yeast and two cups of liquid will take three-hours to rise. Each subsequent rising takes less time.

Rising may be hastened by using more yeast. However, not more than two cakes of yeast should be used in the average recipe for fear of giving too much yeast flavor.

and be crisp and brown. Sprinkle with confectioners' sugar and spread with jam. Roll like an omelet and serve immediately from a hot platter.

Eggs and Pork Sausage.
(Serves 6)
½ pound bulk pork sausage
3 cups dry cubed bread
6 eggs, beaten
6 tablespoons milk
½ cup grated cheese

Saute sausage in skillet until well browned. Pour off most of the fat, then add bread cubes and brown. Combine eggs, milk and cheese and add to sausage mixture. Cook like scrambled eggs. Serve at once.

Shirred Eggs and Sausages.
(Serves 6)
6 link sausages
1 cup catsup
6 eggs

Cut sausages into one-inch pieces and brown lightly. Place in a shallow baking dish and cover with catsup. Break eggs over catsup and bake in a moderate (325-degree) oven for 15 minutes.

Sour Cream Coffee Rolls.
2 cups milk
1 cup sour cream
¾ cup shortening
1 teaspoon salt
1 cup sugar
4 beaten eggs
2 cakes yeast
¼ cup warm water
1½ cups flour

Scald milk and cream. Add shortening, salt and sugar, then cool. Add the eggs and the yeast which has been softened in lukewarm water. Add the flour to make a stiff dough. Blend well. Let rise until doubled in bulk. Punch down. Cover the bottom of large muffin tins with ½-inch thick pieces of dough. Cover with filling and place another piece of dough on top. This may be baked as a coffee loaf in the same manner, covering the bottom of a loaf tin with dough, putting on the filling and covering with another piece of dough. Let rise until doubled in bulk. Bake rolls in a hot oven 25 minutes. For bread, use a hot oven for 10 minutes, then reduce to moderate for 40 minutes.

Sugar is yeast food and it also gives flavor to bread. Too large amounts retard the yeast growth.

Sour, heavy bread is caused by too high temperature during the rising time.

Crisp crusts on bread are made by brushing the top with slightly beaten egg white 10 minutes before the baking. This also will give a browner crust.

Soft crusts can be achieved by brushing with milk before baking.
