

The Hedley Informer

VOL. 38

HEDLEY, DONLEY COUNTY, TEXAS, FRIDAY, APR. 23, 1948

Baseball News

The new baseball park was dedicated last Sunday, with Mayor A. V. Simmons throwing out the first ball to Billy Hill, Hedley's starting pitcher. The American Legion presented the colors and Womack Funeral Home furnished their loud speaker system. When head umpire Marion Shaw called off the game in the fifth inning on account of sand and rain the Lions were leading Groom by the score of 2 to 1. The Hedley boys play at Groom next Sunday.

The High School team is leading their league with 3 wins and no losses. They have also won two practice games with the Memphis team and have two games scheduled with the Clarendon team. The school boys can win their half of the district by defeating Samnorwood there next Wednesday. Can you go over next Wednesday and take a car?

Lions Club News

Next Thursday night is Ladies Night. Come out and bring as many ladies as will come with you. The place is the school house, the time is 8 p. m. and the tax is 75¢ a plate. The Home Ec girls will furnish the eats and Lions Clyde Bridges and Clifford Johnson the program.

John McLean of Hereford, District Governor, met with the club this week and made a talk. Mrs. Davenport and the High School Choral Club furnished the rest of the program. Something over 40 Lions enjoyed this good meeting.

W. S. C. S.

The regular meeting of the Woman's Society for Christian Service of the Methodist Church was held Monday. The meeting was well attended and some splendid talks were given on work in the rural church.

As April 27 has been designated as a day of fasting and prayer for the General Conference to be held in Boston, the group decided to meet at the church at 4:00 p. m., Tuesday, April 27, for thirty minutes of song and prayer. All the Women of the community are asked to meet with us in this service to pray that this conference may be given divine guidance to light the lamps of peace in a war darkened world.

Mr. and Mrs. R. W. Alewine visited over the week end at Thornton with Rev. T. E. Caldwell and family. Mrs. Caldwell and baby daughter returned with them for a visit.

The Wise Old Owl

Greetings once again to all my readers and also to my many critics.

Edward, it looks as if you are going to have to look further into the future and ask her ahead of time instead of waiting until the last minute.

Pete, is the female population of Hedley running short or do you just have hard luck?

Jimmy, how about Sunday night?

Corky, did you finally realize what you were missing by going stag?

Bragg, is your romance as it's stacked up to be?

Redtop, things seem to be running pretty smoothly at the present for you.

Sam, seems as though you've slowed up lately. What gives? Joan Ray, are you making better progress now that things have warmed up and spring is here.

Leonard, of all the boys, the situation is smoother for you than any of the others.

Gene Beach, are you still Quail hunting?

Anita, as if by some odd trick of fate, looks like you finally got back to your dream boy. Am I right?

And as we once again come to the close of another edition I'm wondering how many new romances will blossom out with the closing weeks of school only to end rather abruptly on or about May 14.

School News

The Choral Club, assisted by a number of High School boys, presented their operetta, "In an Old Kentucky Garden," Friday evening April 17. Mrs. E. Davenport, who has directed all musical programs for the current school year, very ably directed the operetta which was one of the most colorful and beautiful programs of the season.

The cast, numbering about forty, wore costumes of "Gone With the Wind" days as they sang the old plantation melodies of Stephen Foster. One of the most striking episodes was the parasol parade at the opening of Act II. The lovely dresses of the young ladies with the rose colored parasols shadowing their faces made a pleasant interlude between melodies. The balcony duet scene in which Rita Johnson and Anita Bain sang the lines from "Romeo and Juliet" to the hero, Corky Hunsucker was extremely well done and very effective.

Comedy was played by Patsy Usrey in the character of Hannah. Her costume of black and white satin was very striking, and her solos show great promise for her in the field of music. Plantation dainties, Jimmie Owens, Keith Wynn and Mary Lou Greer, also helped out in comedy roles.

These young persons show talent and ability and should be commended for their work in the fields of art and music. It is to be a part of our new school policy to promise the public each year programs showing the work of our musical organizations. "In an Old Kentucky Garden" is the first of what we hope will be a series.

Next Thursday, April 22, the Grade School will present their operetta under the supervision of Mrs. Todd and Mr. Willett. The public is invited to attend.

Other Commencement programs to be given are the Senior Class Play, "Here Comes Patricia," Friday April 30; the Baccalaureate Services, May 9; and graduation exercises, May 14.

All children entering school for the 1948-1949 term must be on the census roll to enter school. If anyone has been missed, please see Supt. Jack J. Smith or S. G. Adamson.

Bobbie Lee Hall and Edward Todd, Hedley High School Seniors, will appear in "Who's Who Among Texas Seniors" in the forthcoming edition. More information on this honor will be available later.

A. V. Hendricks

Funeral services for First Lieut. Arthur Vinson Hendricks, son of Rev. and Mrs. A. V. Hendricks, will be held from the First Methodist Church of Memphis at 10:00 A. M. Saturday, April 24, by Rev. T. M. Johnson. Interment will be in Fairview cemetery there.

A. V. was born December 12, 1918, and was killed in the invasion of France June 7, 1944. He was a 1st lieutenant in the 29th Division.

The body will arrive in Memphis at 6:15 A. M. Saturday and will repose at Womack Funeral Home until the services.

'Gone With The Wind' Coming

The Hedley Theatre is bringing "Gone With The Wind" to Hedley next Wednesday, April 28. The famous show starring Clark Gable, Vivien Leigh and a long list of stars is well worth anybody's time to see. There will be only two shows, a matinee beginning 1:00 o'clock and a night show beginning at 7:00 o'clock. The show can be seen for the regular admission price.

Watch Your Kidneys!

Help Them Cleanse the Blood of Harmful Body Waste

Your kidneys are constantly filtering waste matter from the blood stream. But kidneys sometimes lag in their work—do not act as Nature intended—fail to remove impurities that, if retained, may poison the system and upset the whole body machinery.

There should be no doubt that prompt treatment is wiser than neglect. Use Doan's Pills. Doan's have been winning new friends for more than forty years. They have a nation-wide reputation. Are recommended by grateful people the country over. Ask your neighbor!

Homer Does Some "Back-Seat Sewing"

Homer Bentley's missus was working on her new sewing machine, when Homer comes in, draws up a chair, and starts talking: "Don't you think you're running 'too fast'?" he says. "Slow down! Watch out! Be careful!"

When the missus finally turns with murder in her eyes, Homer says goodnaturedly: "I thought you might like a little help, dear—like you help me drive the car."

The missus can't help but burst out laughing—and they settle what might have been a quarrel over a

friendly glass of beer. She agreed to give back-seat sewing and begging Homer about as the car. Homer agrees to quit tending Sarah's taste for parsley and parsley salad.

From where I sit, the key thing together is meeting halfway—and over. Any petty differences in taste—whether these tastes apply to beer or bewery-looking hats!

HOW TEXAS INDUSTRIES PUT NATURE'S RESOURCES TO USE FOR THE BENEFIT OF MANKIND

Cracking NUTS or OIL or ATOMS

You can't get to those tasty kernels until you crack the shell. That's the way it is with nuts... and with crude oil, too.

Nearly all natural resources must be gathered, processed and moved to market before they become of value. Crude oil, for example, is worth little under the ground. But it built a great industry in Texas when it was produced and transported to places where it could be put to use.

The United Gas companies are helping to build another great industry from a natural resource—through the production, processing and transportation of natural gas. Under the ground, natural gas is a worthless and wasted resource. But it's a dependable, low-cost fuel for a thousand purposes when United moves it to market. This is practical conservation, for it stimulates industrial development, creates jobs and benefits all the families in Texas.

OIL REFINING

Privately-owned, business-managed refineries in Texas met the challenge of war-time production, and are meeting soaring post-war demands for all petroleum products. This is a classic example of Free Enterprise—providing thousands of jobs for Texas people, spending millions with local suppliers, paying scores of taxes for the support of state and local governments. The petroleum industry deserves your support for its important contribution to the economy of Texas.

Kidneys Must Work Well

For You To Feel Well

24 hours every day, 7 days every week, never stopping, the kidneys filter waste matter from the blood.

If more people were aware of how the kidneys must constantly remove surplus fluid, excess acids and other waste matter that cannot stay in the blood without injury to health, there would be better understanding of why the whole system is upset when kidneys fail to function properly.

Burning, scanty or too frequent urination sometimes warns that something is wrong. You may suffer nagging backache, headaches, dizziness, rheumatic pains, getting up at night, swelling.

Why not try Doan's Pills? You will be using a medicine recommended the country over. Doan's stimulate the function of the kidneys and help them to flush out poisonous waste from the blood. They contain nothing harmful. Get Doan's today. Use with confidence. At all drug stores.

HOUSEHOLD MEMOS... by Lynn Chambers

Welcome the Crowd with Mocha Punch (See recipes below)

Good Refreshers

Versatile homemakers keep supplies on hand to prepare tasty refreshments for unexpected friends who may drop in for a visit or after a game of bowling or golf.

It's well to keep the cookie jar stocked for just such occasions. Another idea is to keep packaged ice cream in the freezer compartment of the refrigerator or the home freezer and your problem of what to serve is solved. There are any number of ways to serve ice cream with frozen, fresh or canned fruit, and, of course, it's wonderful to use in milk shakes, sodas, sundaes and coolers that can be prepared with little effort.

A large bowl of milk punch with ice cream floating on top will be a taste-tempting and satisfying drink to serve a large crowd. Pass this with cookies or sandwiches made from items on the emergency shelf. Any large bowl may be used for the punch.

Mocha Punch (Serves 12)

- 1 quart chocolate ice cream
 - 1 quart freshly-made coffee, chilled
 - 1/2 teaspoon almond flavoring
 - Few grains of salt
 - 1/2 pint whipping cream
 - 1/4 teaspoon grated nutmeg
- Chill coffee in refrigerator. To prepare punch, pour coffee into punch bowl, add half of the ice cream, salt, and stir until partially melted. Whip cream until stiff, add flavoring and blend. Fold in whipped cream and rest of ice cream. Sprinkle lightly with nutmeg and serve immediately.

What about those easy to bake cookies at the last minute? Yes, refrigerator cookies are wonderful made just before serving because they take less than a quarter of an hour to bake. Have the dough ready for just such emergencies as this.

Butterscotch Refrigerator Cookies (Makes 50)

- 1/2 cup butter or shortening
 - 1 cup brown sugar
 - 1 egg, well beaten
 - 1 teaspoon vanilla extract
 - 1 1/2 cups sifted flour
 - 1/2 teaspoon baking soda
 - 1/2 teaspoon salt
- Work shortening or butter until light and fluffy. Add sugar gradually and cream until light. Add well-beaten egg and vanilla and mix thoroughly. Sift together dry ingredients. Add gradually blending thoroughly. Shape into a roll and wrap in waxed paper. Chill thoroughly. Cut in slices 1/8-inch thick and bake on sheets in a hot (375 degree) oven for 10 minutes.

Here are other cookies which keep well and are nice to have already in the cookie jar:

- Hermits (Makes 4 dozen)**
 - 3/4 cup lard
 - 1 1/2 cups brown sugar, firmly packed
 - 3 eggs, well beaten
 - 2 1/2 cups sifted flour
 - 1/4 teaspoon baking soda
 - 1/2 teaspoon cinnamon
 - 1/2 teaspoon nutmeg
 - 1/2 teaspoon salt
 - 1 cup seedless raisins
 - 1 cup chopped walnuts
- Cream together the lard and sugar. Add eggs, and then fold in flour which has been sifted with the spices. Just before all the flour

LYNN SAYS: Equipment Wears Better With Daily Care

Refrigerators should be defrosted at least once a week. Excess forming of ice can be avoided if you keep the door closed. Get what you need out of the refrigerator quickly to prevent air from entering.

The interior of the refrigerator may be cleaned with warm water to which is added a bit of baking soda. Abrasives on the

is blended add the nuts and raisins. Drop by spoonfuls on a greased or oiled cookie sheet about two inches apart. Bake in a moderately hot (375 degree) oven for 15 minutes.

Apple Butter Cookies (Makes 24)

- 1/2 cup shortening
- 1 cup brown sugar
- 1 egg, well beaten
- 1/2 teaspoon salt
- 1/2 teaspoon baking soda
- 3 cups sifted flour
- 1/2 cup buttermilk
- 1/2 cup apple butter or tart jam

Cream together shortening and sugar; add egg. Sift together the dry ingredients and blend in alternately with buttermilk. Chill until easy to handle. Roll to an eighth of an inch thickness then cut with 2 1/2 inch cookie cutter. Put together in pairs with apple butter or jam in the center. Press edges together with a fork. Sprinkle with sugar. Place on greased cookie sheet about an inch apart and bake in a very hot (400 degree) oven for 12 to 15 minutes.

If the crowd is hungry you can add some sandwiches to serve with the punch or milk shakes if you are entertaining a crowd of youngsters. Here are sandwiches easy to make with materials easy to keep on hand:

Deviled ham and cream cheese with lettuce on whole wheat or rye bread.

Egg salad alone or combined with sliced ham or tongue on wheat or white bread.

Peanut butter mixed with honey and chopped dates on toasted white bread.

Crisp bacon, crumbled and mixed with cold baked beans and chopped mustard pickle on white bread.

Cold canned chicken, chopped and mixed with celery, minced and green pepper.

Finely diced bologna with finely shredded cabbage, prepared mustard, salt and moistened with sandwich spread.

Cold meat loaf sliced thin and spread with chili sauce.

Dried beef, washed and minced, then mixed with cream cheese and seasoned with minced onion and a dash of horseradish.

Prepared Smithfield ham with cream cheese or chopped hard-cooked eggs or mayonnaise.

Star Dust

STAGE-SCREEN-RADIO

By INEZ GERHARD

HENRY MORGAN can shake the dust of radio from his heels if he can continue to make pictures as good as his first one, "So This Is New York." Enterprise studios gave him a fine director, good cast and story, and let him be himself. The result is one of the funniest pictures seen in a long time. An interesting twist is given when Morgan's voice is heard occasionally describing the action seen on the screen. The cast includes Rudy Vallee, Hugh Herbert and Bill Goodwin, Virginia Grey and Dona Drake. Arnold Stang, who never fails to get laughs on Morgan's air show, does a bit which should be longer. It is a United Artists release.

David Farrar, one of Great Britain's outstanding actors, has signed a contract with Warner Brothers to appear opposite Bette Davis in "Ethan Frome"; production starts when she finishes her next assignment, the comedy, "June Bride." Farrar has been seen by American audiences in several British pictures, "Freida" and the beautiful but rather dull "Black Narcissus."

The biggest marcel wave undertaking of the year took place when 12 stalwart men and 24 boys went under the curling irons in preparation for a mass sword-play sequence in "Adventures of Don Juan." The men took it just as part of the day's work but the boys rebelled until they were convinced that undulating tresses were marks of manhood in the 17th century.

Danny Thomas, CBS Friday night comedy star, has been set for a starring role in an MGM musical to be filmed this summer. The arrangement is really solid; Louis B. Mayer promised the role to Danny at a Hollywood gathering.

Bob Burns, who has been without a radio show for the past year, hopes to return in the fall as star of "The Country Editor," a comedy now being prepared for audition. Bob also is being considered for a dramatic series on television, but things are complicated by the fact that he wants to incorporate a monologue and play his bazooka, while executives hold out for straight drama.

Terry Ross, sound-effects man on "The Greatest Story Ever Told," had a footstep problem when the ABC program started. Footsteps in Biblical times sounded much different than they do today. To simulate the sound of soft-soled shoes and sandals, Terry trods on gravel; when the action takes place in an open field, he presses alternate palms on a bundle of broomstraws.

Willard Waterman, of the CBS "Guiding Light" and "The Whistler," made a hole-in-one recently on the fifth hole at San Fernando golf course. Next time out he developed a case of tight arm—and took eight strokes for that same hole!

The four Freedom Train operettas written by Gordon Jenkins and Tom Adair and performed on the Dick Haymes show, have been recorded and will be placed in the national archives, along with the documents displayed on the Freedom Train.

Six years ago, in "Somewhere I'll Find You," Van Johnson appeared with Clark Gable, if it can be called appearing; he was seen looking over Gable's shoulder. In "Command Decision" they'll co-star. Johnson as a sergeant, Gable as a general.

Dick Taylor, young Warner Brothers contract player, has a dual role in "Key Largo" but never speaks; in one role he was the photograph of Lauren Bacall's dead husband, and in the other he was the photograph of Lionel Barrymore's dead son.

Odds and Ends... Said Lionel Barrymore on the "Key Largo" set, "I autograph all my etchings 'Brooklyn Bridge' because they're that hard to sell."

Claude Rains achieved stardom in a movie in which he was never seen, "The Invisible Man."

Mitch Leisen, the director, owns a chair case which plays Schubert's "Serenade" when it's opened.

Palm Springs, movie stars' favorite health resort, didn't do right by Robert Hutton; he went there, feeling perfectly well, to play tennis, and came away with a terrible cold.

The gorgeous jewelry Ann Sheridan wears in "Silver River" is all from her own collection.

Alfred Hitchcock is regarded as film land's chief contributor to title montomania. His passion for one-word titles has given us 11 of them so far; can you name them? "Rope," "Rebecca," "Suspicion," "Spellbound"—that's a start.

Perry Como leaves soon for Hollywood and Metro's "Words and Music," in which he will play himself. He has been turning on picture offers, because the picture trade were unsatisfied.

Elevator Travel

Some 27 billion passengers yearly travel more than 241 million miles in elevators. About 5,000 new elevators went into operation in metropolitan areas throughout the United States in early 1948, at an estimated cost of 60 million dollars.

Shell Fish

Shell fish are very fine sources of protein, minerals and vitamins, and are shipped far inland. The mouths of clams and oysters should be tightly closed—or close immediately when touched—if they are alive and fresh.

To Save Towels

Mend snags or worn places in towels before they go into the wash to avoid further tearing. If the salvage shows wear, check fraying by taking several rows of stitches along the edge to strengthen it.

STOP USING HARSH LAXATIVES

Try Lemon in Water—it's good for you

The juice of a lemon in a glass of water, when taken first thing on arising, is all that most people need to insure prompt, normal elimination. No more harsh laxatives irritate the digestive tract and impair nutrition! Lemon in water is good for you!

Generations of Americans have taken lemons for health—and generations of doctors have recommended them. They are rich in vitamins C; supply valuable amounts of B and P. They alkalize; aid digestion.

Not too sharp or sour, lemon in water has a refreshing tang—clears the mouth, wakes you up. It's not a purgative—simply helps your system regulate itself. Treat 10 days. USE CALIFORNIA SUNSHINE LEMONS
