

# The Hedley Informer

VOL. 38

HEDLEY, DONLEY COUNTY, TEXAS, FRIDAY, JUNE 18, 1948

NO.

## Swing of SOUTHWEST FARM MARKETS

Livestock netted gains at southwest markets last week, poultry and eggs held steady while grain and cotton declined slightly, according to the Production and Marketing Administration, U. S. Department of Agriculture.

Southwest egg and poultry markets opened Monday at the same steady pace kept since the last of May. Farm run eggs ranged mostly from 36 to 38 cents per dozen with some deficit areas paying 40. Fryers were slightly stronger at 40 to 42 cents per pound. Light hens brought mostly 22 to 54 cents. Old tom turkeys, U. S. No. 1 quality, were quoted at 33 to 36 cents and hens at 38 to 41.

More cattle arrived at southwest markets last week than in several, but failed to depress prices. Most slaughter classes were steady to higher with several new peaks for the year reported. Monday's trading held this strength. Common and medium cows brought \$17.50 to \$21 at Houston; \$17.50 to \$21.50 at San Antonio; \$18.50 to \$21.50 at Fort Worth; and \$18 to \$22.50 at Wichita. Oklahoma City paid \$25 to \$26 for odd lots of good cows. Denver sold common to good cows at \$21 to \$25.

Hog prices advanced 25 to 75 cents per 100 pounds at southwest markets last week with Monday's prices even stronger at some places. Top butchers realized \$24.50 at San Antonio; \$24.50 to \$24.75 at Fort Worth; \$25 to \$25.50 at Oklahoma City and Wichita; and \$25 to \$26 at Denver. Sows ranged from \$18 to \$20.

Monday's cotton markets closed higher than the previous Friday, but compared to a week ago, cotton was off about \$2.50 per bale at 37.25 cents per pound at Dallas.

## Lions Club News

The program for next week's meeting will be in the capable hands of Lions Johnny Everett and Jerald Sims. The meeting time is now 8 p. m. Officers and directors for next year will be elected at this meeting to take office at the first meeting in July.

The Memphis Lions Club put on the program at last week's meeting. We need to thank Lions Oscar Moore and M. W. Mosley for the good program. Lion Herschel Combs of Memphis presented 21 local Lions with perfect attendance buttons. New Lions Lloyd Leggett and Frank Storey were introduced. How about somebody getting another new member or two before the fiscal year ends July 1st.

## Polasek-Wakefield

Miss Joyce Lindell Wakefield of Clarendon and Charles Polasek of Levelland were united in marriage Monday night, June 14, at the Church of Christ parsonage here by Minister James L. Willett. They were accompanied by Lowell Wakefield and Bernie Paul Watson.

The bride is the daughter of Mr. and Mrs. R. C. Wakefield of Clarendon, and attended school at Hedley and Clarendon. The groom is the son of Mr. and Mrs. Frank Polasek of Plaska.

The couple will make their home at Levelland.

For Sale—1 row International combine. See J. F. Skaggs, 2 miles east of Hedley. 292p

## Judge Northcutt Seeks Cecil E. Walker Civil Appeals Post

Judge Ernest O. Northcutt has been visiting in the county in the presentation of his candidacy for Associate Justice of the Court of Civil Appeals at Amarillo.

Judge Northcutt was born on a farm in Parker County fifty-six years ago. His father, Elihu Northcutt, settled in Bell County, Texas, in 1853, from Tennessee, and moved to Parker County in 1870.

Becoming interested in law at an early age, Ernest Northcutt worked at night and went to school in the daytime to pay his way through the Law School of Oklahoma University. He graduated in 1919, received his Bachelor of Laws Degree, and moved to Amarillo where he entered the private practice of law in 1919.

In the formative years of his practice, Judge Northcutt was associated with C. E. Gustavus, one of the all time great lawyers of the Panhandle. In 1923, Judge Northcutt opened his own office and continued the private practice of law in Amarillo until he was elected County Judge of Potter County in 1940.

As a private practitioner, Judge Northcutt tried cases in all courts over the Panhandle of Texas. His trial work carried him into the State and Federal Courts and into all Appellate Courts, both State and Federal. He is entirely familiar with the work and duties of the office of Associate Justice of the Court of Civil Appeals. As a practitioner and as a judge, he has tried hundreds of Civil cases. There is no substitute for experience.

Judge Northcutt is married and has three children, a girl and a boy in college and a boy in Junior High School. He has been active in civic work for many years, a member of the Baptist Church, and President of the West Texas Judges' and Commissioners' Association in 1947. Judge Northcutt is now serving his fourth elective term as County Judge of Potter County.

Major Rex Kendall and family are visiting in the Frank Kendall home. Major Kendall is being transferred from Camp Meade Maryland, to San Antonio.

Mr. and Mrs. J. S. Hinds and daughter Marjorie Ann of Abilene also visited in the Kendall home from Sunday to Wednesday.

Dr. J. C. Coffey received word this week that his sister, Mrs. W. D. Goode, passed away Monday morning at McKinney.

Mr. and Mrs. Jap Shaw and Mr. and Mrs. H. H. Hall vacationed in Red River, N. Mex. last week.

Mr. and Mrs. N. A. Simmons of near Clarendon were in town Saturday.

For Sale—Plainsman combine maize seed, \$4.25 per hundred. See Henry Moore. 292p

## Warning

The City Council has requested everyone to discontinue parking in the center of Main Street or turning in the middle of the block.

## Cecil E. Walker

The body of Cecil E. Walker, who was killed on Saipan with the 6th Marines on August 2, 1944, has been brought back to the United States for reburial. Funeral services will be held at Dunkel-Carmichael Funeral Home at Pampa at 2 o'clock Saturday, June 19.

Mr. Walker was employed by Short Saunders while he lived here.

## Show To Re-open

The Hedley Theatre will re-open Friday night, June 18, and will show "Hollywood Barn Dance," featuring Ernest Tubbs, that night only.

Watch for additional advertising.

## Wiggins-Stiles

Miss Linnie Stiles of Hedley and William Wiggins of Plaska were united in marriage Saturday at Lelia Lake by the Christian minister there.

The bride is the daughter of Mr. and Mrs. J. F. Stiles of Hedley. She attended school at Hedley and Quail, and had been employed for several months with the Hedley Telephone Co.

The couple will make their home at Plaska.

If you want a Singer sewing machine, portables, consoles, desk models, treadles, tailoring machines, see W. M. McBrayer or address Box 785, Hedley, Texas. You had better get one while they are available. The company guarantees to ship the day the order is received. Place your order with W. M. McBrayer, Hedley, Texas. 30tf

## Uncle Sam Says

Your part in the Security Loan takes minutes but benefits of your action may last a lifetime. By signing up today for the payroll savings plan for buying United States Savings Bonds where you work, or the bond-a-month plan where you bank, if you are self-employed, you will be on the road to security. Small savings become big savings when you save systematically—automatically—profitably—safely. For example, an allotment of \$1.75 a week for savings bonds amounts to \$91.25 in just 18 years. Your Security is America's Security. U. S. Treasury Department

## Bridal Shower

A double bridal shower was given at the home of Mrs. H. C. Crawford honoring Mrs. Charles Polasek, formerly Miss Joyce Wakefield and Mrs. Billy Wiggins formerly Miss Linnie Stiles. Hostesses were Miss Betty Usrey, Miss Mildred Bailey, Mrs. Robert Bailey and Mrs. Virginia Stuckey. The house was decorated with garden flowers.

After a musical program by Roy Rea, R. C. Wakefield, Charles Polasek and Billy Wiggins, gifts were presented to the brides by Charlene Johnson, Nancy Stuckey and Janet and Jerry Wakefield.

Refreshments were served to Messrs. and Mesdames S. F. Stiles James Willett, Charles Johnson, Robert Bailey, and Roy Rea, Mr. and Mrs. Leonard Biggett and boys, Mr. and Mrs. R. C. Wakefield and children, Mr. and Mrs. H. C. Crawford and sons, Mrs. Walter Moss and girls, Mrs. Elmer Watson and Bernice Paul, Mrs. Frank Polasek and girls, Mrs. Kennedy and daughters, Mrs. Doyle Hall and daughters, Mrs. Sammy Crawford and sons, Mesdames Jess Mann, S. Richerson, L. A. Davis, E. P. Watson Jr., Blackwell, and W. L. Crawford, Misses Dolores Gunn, Betty Holland, Belvia, Mary O'Neil Bailey, Ann Crawford, Leta Joyce and Patsy Stuckey.

A large number who could not attend sent gifts.

## Pounding

Rev. Frank Storey and family honored with a pounding Wednesday night in the Methodist Church basement, to officially welcome them to their new work in Hedley. The pastor and family received many nice and useful gifts. Refreshments were served to those present.

## Peaches

WEEKLY NEWS ANALYSIS

**Farm Groups OK Brannan Choice; Truce Request Fails in Palestine; GM Wage Pact Could Set Pattern**

By Bill Schoentgen, WNU Staff Writer

EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysts and not necessarily of this newspaper.

**APPROVED: Brannan**

President Truman's choice of Charles F. Brannan to succeed Clinton Anderson as secretary of agriculture has received the wholehearted approval of the national farm organizations.

They consider the 44-year-old former assistant secretary of agriculture "a friend of the farmer."

One of the bases for this feeling of harmony is the fact that Brannan and the farm organizations concur in thinking that the prewar parity law is badly outdated.

Such crops as soybeans, for instance, have attained a much greater importance since the law was passed but still have no satisfactory price fixing basis. Other farmers, including cattle and dairy producers, claim their parity scales are out of line in this postwar period.

Ideas developed by Brannan to help remedy this situation have been largely adopted by the leading farm groups and are incorporated in bills now pending before congress. Unless congress acts by the end of this year the law guaranteeing farm prices at 90 per cent of the fixed parity rate will expire.

Serving quietly as assistant secretary of agriculture for the past four years, Brannan has made himself the backbone of the administration's drive to enact a long-range farm program.

Thus, the farmers think a lot of Brannan because he has demonstrated that he is looking out for their interests in a realistic, level-headed fashion.

President Truman, it appeared had made a good choice in putting Brannan at the head of the department. Almost everybody was satisfied, and that, in an election year, was a most desirable situation for Mr. Truman.

**FAILURE: No Peace**

It was difficult to say who would suffer more from the Arabs' rejection of U. N. truce plea for Palestine — the Arabs themselves, the Jews or the United Nations.

Probably the Jews came off to better advantage in the world councils of public opinion, inasmuch as through their willingness to accept a truce they now can appear in the role of a nation which has been wronged and is forced to fight a war that has been thrust willy nilly upon it.

The Arabs simply brushed aside the idea of a truce with the contention that they could not halt the shooting war until the state of Israel is abandoned and the Jewish army demobilized. There never was any question in the minds of Arab leaders about the truce. It was literally unacceptable to them. Their position was stated definitively by the Egyptian premier, Mahmoud Fahmy Nokrashy Pasha, who said:

"There never will be founded a state called Israel, or any other name, as long as the creation of that state relies upon the theft of Arab land, the extermination of its Arab owners and the sacrifice of moral principles of its Arab neighbors."

Nevertheless, the Arab refusal was a bitter blow to the U. N. security council. It had been organized for the express purpose of resolving just such disputes as this one in Palestine, yet it could do nothing more than make a weak gesture of placation.

There was little doubt that the security council had been rendered toothless and impotent on the Palestine issue by the U. S. attitude, or rather lack of attitude, toward the whole thing.

What position the United States would take as an individual nation with regard to the Palestine war was not clear either.

At a conference with Chaim Weizmann, Israel's president, President Truman promised that the U. S. would provide financial support for Israel in the form of a loan of about 100 million dollars. Further, he hinted at the possibility that unless the Arab states cease fire the U. S. might provide arms for the Jews.

Day after the conference, however, Mr. Truman dismissed Weizmann's plea for a loan as something that could be handled by the export-import bank, and he completely ducked the issue of raising the embargo on arms shipments to the Middle East.

**FEWER BENEFITS LOST**

People Are Discovering Social Security

Although inadvertent loss of benefits remains a major problem, the number of persons who deprive themselves of old-age and survivors insurance benefits because they delay filing their claims is decreasing steadily.

That report has been made by the Social Security Administration.

**No Quarter**

Fires of war between Arab and Jew continued to burn in the Holy Land when the Arab states refused to comply with a U. N. request for a truce. Attacking Jewish forces at all points, the Arabs said they would not quit until the Jews renounced their new state of Israel. Meanwhile, as victorious Haganah troops took over Acre (1), Egyptian planes intensified the air attack on Tel Aviv (2) and Arab troops enjoyed their greatest victories in Jerusalem (3).

**PAY HIKE: New Formula**

When General Motors corporation averted a threatened strike of 225,000 auto production workers by offering an 11-cent raise based on a cost-of-living formula it probably set a precedent which will be followed in settling other industrial labor disputes.

Under the agreement, described as an "entirely new approach to the living cost problem," GM production workers get an 8-cent cost-of-living increase and a 3-cent pay boost based on annual industrial efficiency improvement.

Terms provide that wages be adjusted up or down each three months to conform with fluctuations in the consumer price index of the bureau of labor statistics.

It appeared to be a sound plan and one that might be followed to good advantage by other industries. Biggest flaw in the scheme was the fact that General Motors might have to pass the cost-of-living raise on to the public, which step might have the eventual effect of nullifying the benefits of the raise to the workers.

Significance of this adjustable cost-of-living wage formula can be seen in a review of the rise in prices since 1940. The cost of living today is 69 per cent higher than in 1940. Using 1940 as a base year — which is what GM and the United Auto Workers did in arriving at their agreement — living costs now are at 169 per cent.

Biggest jump in the steadily rising price pattern came after OPA collapsed in the summer of 1946.

**VOICE: Belittling**

Voice of America broadcasts, which have never received a full measure of congressional approval, sank to an even lower level of disesteem because of a series of ill-starred programs beamed to Latin America last winter.

The scripts in question, denounced by senators as sabotage, slander and libel of the U. S., first attracted attention in March during house appropriation committee hearings on the Voice of America. In the sample script that the committee wanted to look over were some ill-chosen remarks about Wyoming.

Stout-hearted Wyoming congressmen shrieked in anguish. Other scripts were examined, and Sen. Homer Capehart (Rep., Ind.) finally aired the whole thing before the senate.

The legislators shuddered as they heard Capehart read from the scripts such excerpts as: "New England was founded by hypocrisy and Texas by sin." "Nevada's two main cities compete with each other because people get married in Las Vegas and divorced in Reno."

The programs were handled by the National Broadcasting company under contract with the state department. Rene Borgia, the man who wrote the scripts, was fired, and Alberto Ganderò, Borgia's supervisor, resigned.

**CLASSIFIED DEPARTMENT**

**Company Recovers Valuable Diamond Dust From Its Shop**

**SCHENECTADY, N. Y.**—Diamond dust equal in weight to more than two dozen gems the size of the famous Hope diamond was recovered by the General Electric company in 1947.

General Electric said the dust was worth from \$3 to \$5 a carat. The 4 1/2-carat Hope diamond is valued at about two million dollars.

The dust was used to polish dies of tungsten-carbide and can be reused.  
 A company spokesman said that a simplified process it developed during World War II cut the time of dust recovery from several weeks to a few hours. The process also requires fewer chemicals.

**LOSSOMS**

**L.A. MICH.** — Blossoms do not mean a fruit, but a tree or fruit, horticulturists at Michigan state college noted that blossoms must be fertilized and that requires careful planning by the grower.

To get any fruit, pollen must be transferred from one blossom to another. This is usually done by bees and flying insects, but if the weather is cool and windy, the bees will not fly. Therefore, a number of orchardists, in co-operation with Michigan state college, have been trying artificial pollination. They collect the pollen, ripen it and apply it to the blossoms either by hand, or by airplane.

But the grower must be sure that the right pollen is available. Some varieties of fruit, which are called self-sterile, can be fertilized only by the pollen of a different variety. In general, this is true of pears, sweet cherries and apples.

To overcome this difficulty, the grower may set out his orchard with varieties that will cross-pollinate. If this is not possible, he may graft individual branches of certain trees in the orchard or set out pairs of blossoms throughout the orchard. It also helps if he provides strong colonies of bees to transfer pollen.

A final consideration is whether the varieties are compatible. For example, Cortland and early McIntosh apples do not work well together. Neither do Bartlett and Seckel pears. Time is another factor in compatibility, for the varieties chosen must have overlapping blooming periods if pollination is to occur.

**Juror Sits in on Wrong Case; Causes Mistrial**

**GREENVILLE, ALA.**—An attorney began his closing argument in a manslaughter case but after a few dramatic sentences a juror with a puzzled look stood up.

"Judge, I'm sorry but I don't remember anything about this case," he said.

The roll was called—sure enough, he hadn't sat in on the case.

Circuit Judge A. E. Gamble explained. The evidence was completed and the jury released for the night. One juror had an automobile accident and couldn't return.

The bewildered man, who was on the jury list but not serving on this case, walked in and took a seat in the wrong jury box. Judge Gamble declared a mistrial.

**Inventor Designs Mouse Trap Which Tosses Mice in Air**

**KANSAS CITY, MO.**—Want an air conditioned straw hat equipped with an electric fan?

Or a mouse trap that doesn't kill but flips its victim out of the house?

The inventor is J. W. Haynes, 60-year-old grain broker. His gadgets were on display at a hobby club show—and they attracted the most spectators. Here are some:

A soup bowl that tilts automatically as the contents begin to lower, making it easier. Haynes says, to get the last few spoonfuls.

The air conditioned straw hat has vents that allow for removal of warm air and intake of cool air.

The mouse trap has a miniature catapult. When the trap grabs its victim the catapult is automatically released and the mouse goes flying out the window.

"What will prevent the mouse from coming back?" Haynes was asked.

"No self-respecting mouse is going to keep on coming back into a house from which it has been pitched out three or four times," Haynes responded.

**Now Available KOYKER**  
 THE ONLY ONE MAN PORTABLE ELEVATOR  
 Handles SMALL GRAIN, EAR CORN, Feed, etc., from 1200 to 2000 lbs. per hr. See many advantages. Steel construction. Elevates in 18" Spring mounted—like your auto. Two 600 x 16 tires, for rapid transit.

**AMAZING NEW TILTING HOPPER ATTACHMENT**  
 Hopper adds only 21 lbs. above ground—allows for maximum dump at truck or wagon body—means 90% less unloading. Exact approach to the hopper automatically—ensures it's being up. Attach tilting hopper to tractor.

**It's Good Business To Buy U. S. Savings Bonds**

**FIRST AID to the AILING HOUSE**  
 by Roger C. Whitman

**QUESTION:** My house was painted five years ago with fairly good paint. The paint is now all cracking and peeling down to the wood. Should I scrape off the old paint and apply a coat of aluminum paint, then a coat of good house paint?

**ANSWER:** That would be a good way to handle the problem. But first examine the walls for leakage. It is quite possible that since the house was painted five years ago, small cracks may have opened up around the window and door frames that admit water during driving rains. This rain water leaks down inside the walls and on warm, dry days is drawn through the walls, taking off paint from the surfaces.

**QUESTION:** I would like to know if coal ashes do any harm to a garden?

**ANSWER:** When correctly used, coal ash can be of benefit to a garden and lawn.

**Good Wool Producers**  
 Wyoming sheep producers carrying on flock improvement work use rams which produce about 4.3 pounds more greasy wool than ewes in the same flock, according to University of Wyoming wool department. Rams in these flocks produced from 1 1/2 to 7 pounds more greasy wool per fleece than the mature ewes, with an average difference of about 4.8 pounds.

**QUESTION:** How can I get grease spots off cement steps?

**ANSWER:** Cover the spot with a thick layer of dry portland cement, leaving it on for several days. After the powder is saturated with the oil, scrape it off and repeat several times until no more is absorbed. Later, scrub the place with a strong solution of washing soda.

**QUESTION:** Is it necessary to flush a hot water system every year or two?

**ANSWER:** At the beginning of the heating season it is advisable to draw off several pailsful of water to flush out some of the accumulation in the boiler, but it is not necessary to drain off the entire heating system. Use a boiler cleaning compound every two or three years.

*You can't buy it at a store—  
You can't carry it in a bag—  
It's your biggest bargain—  
It's YOUR ELECTRIC SERVICE!*

You don't buy it at a store—you can't carry it home in your shopping bag—yet it's one of the biggest values in your family budget. It's your electric service, of course!

Yes, although it costs the West Texas Utilities, your electric service company, more to supply it to you—and such costs are still rising—you're nevertheless now getting electric service at rates 17 percent less than you did ten years ago—if yours is the average family.

Why is your electric service so big a value? One reason is that more people are using more and more electricity. Another reason is the constant effort which the experienced personnel of your service company makes to keep your electric service a bargain.

**West Texas Utilities Company**

**Informer Rates**

Please remember that the In-

former rate is \$1.50 per year in Donny county, and \$2.00 per year elsewhere, except that serv- \$1.50 rate.

**Now graduate...**

for protection "to the N<sup>th</sup> degree," OIL-PLATE your engine with Conoco N<sup>th</sup> Motor Oil! Drain out old, worn-out oil . . . and refill with new, fresh Conoco N<sup>th</sup>!

N<sup>th</sup> Oil (Patented) contains an added ingredient that fastens an extra-film of lubricant so closely to metal that working parts are OIL-PLATED! And because extra OIL-

PLATE clings to cylinder walls . . . won't all drain down, even overnight . . . you get extra protection from "dry-friction" starts . . . from metal-eating combustion products . . . from power-clogging sludge and carbon due to wear!

For full-time protection and more miles per quart, smart motorists will now graduate . . .

**...to an OIL-PLATE!**

**ERNEST O. NORTHCUTT**

Candidate For Associate Justice of the Court of Civil Appeals

Ernest Northcutt became interested in law at an early age, worked his way through law school, received his law degree and entered private practice in Amarillo in 1919.

Judge Northcutt practiced law in Amarillo until he was elected County Judge of Potter County in 1940. He is now serving his fourth elective term.

Ernest Northcutt has tried cases in all Courts over the Panhandle. His trial work carried him into the State and Federal Courts and into all Appellate Courts, State and Federal. He is familiar with the duties of the Office of Associate Justice of the Court of Civil Appeals. He has tried hundreds of Civil cases. THERE IS NO SUBSTITUTE FOR EXPERIENCE.

Judge Northcutt is 36 years old, married and has three children. He is active in civic work, a member of the Baptist Church and was President of the West Texas Judge's and Commissioner's Association in 1947.

Your Vote and Influence Will Be Appreciated

Subject to the Democratic Primary July 24th

**FAST SANITARY SERVICE**

From where I sit... by Joe Marsh

**How to Live Longer**

Someone asked Pappy Miller last week how he stayed so spry at ninety. Pappy told him:

"Well, sir—when I work, I work hard. When I set, I set loose. When I think, I go to sleep."

According to Doc Hollister, that formula isn't far amiss. "Hard work," says Doc, "never wore out anyone before his time, providing he knew how and when to relax."

Doc himself works overtime, with his daytime patients at the office, and his evening calls. And

when he gets home he takes it easy with a mellow glass of beer and chats with the missus until it's time to go to bed.

From where I sit, relaxing is a fine art—especially in these tense, fast-moving times. And there's nothing like a temperate glass of beer—enjoyed with pleasant company—to restore that easy frame of mind that one needs after a hard day's work.

*Joe Marsh*

**Watermelon Rind Preserves  
 for the Right Touch**

—Photo courtesy Ball Bros. Co.

Watermelon Rind came into its own as high style in the little extras which make a meal something special when the preserve recipe was introduced and perfected. It seems strange there was a time when watermelon rind was thought as worthy of salvage as old shoe leather. Now the guest who bites into a crisp piece of watermelon preserve looks at his hostess with new respect and admiration. "Just the right touch to this fine meal," he is apt to pronounce.

That crisp texture is something to be prized. To obtain it, soak the rind two or three hours in lime water to cover. The lime water is prepared by adding one tablespoon of slaked lime (calcium oxide) to each quart of cold water. (If you prefer a texture more like that of preserved pears, soak the rind overnight in salt water—two tablespoons salt to each quart of water.)

Recipe for Watermelon Rind Preserves are from the Ball Blue Book of home canning:

- 2 pounds watermelon rind
- 1 tablespoon ground ginger
- 4 cups sugar
- 2 lemons
- 2 quarts water

Cut the white part of the rind into pieces of uniform size and shape. Soak in lime or salt water. Freshen in two or more changes of cold water. Sprinkle ginger over rind. Cover with water and boil 1 1/2 hours. Drain and drop into cool sirup made with the sugar, two quarts of water, and juice of one lemon. Boil gently one hour. Add the second lemon, sliced thin. Continue boiling until rind is tender and the sirup thick as honey. (If the sirup gets too thick before the rind is tender, add a cup or more of boiling water.) Let stand several hours. Pack into hot Ball Jars. Process 15 minutes at simmering.

These hints and the following rec-

**Watch Your Kidneys!**

Help Them Cleanse the Blood of Harmful Body Waste

Your kidneys are constantly filtering waste matter from the blood stream. But kidneys sometimes lag in their work—do not act as Nature intended—fail to remove impurities that, if retained, may poison the system and upset the whole body machinery.

Symptoms may be nagging backache, persistent headache, attacks of dizziness, resting up nights, swelling, puffiness under the eyes—a feeling of nervousness, anxiety and loss of pep and strength.

Other signs of kidney or bladder disorder are sometimes burning, scanty or too frequent urination.

There should be no doubt that prompt treatment is wiser than neglect. Use Doan's Pills. Doan's have been winning new friends for more than forty years. They have a nation-wide reputation. Are recommended by grateful people the country over. Ask your neighbor!

**DOAN'S PILLS**

**...AND HERE'S WHERE I COME IN**

"You did the heavy work, and Nature furnished the natural resources, but I'm going to put these turnips to use!"

Yes, Nature provides the food for your table, provides the raw materials for your factory—and through use they become of value to mankind.

Natural gas, for example, is worth little under the ground. It must be gathered, processed and transported to places where people can use it before it becomes of value. This is the work of the United Gas companies—converting an otherwise valueless natural resource into an efficient fuel for hundreds of cities, towns and industries. This is practical conservation, for it stimulates industrial development, creates jobs and benefits all the families in Texas.

Everyone who raises a garden is putting the Free Enterprise system into practice. Yes, you invest your money in seeds or plants, you invest your labors in preparing and cultivating the soil, and you enjoy the profits in fresh vegetables on your table.

This is the American way—with every man's opportunities limited only by his willingness and ability to work.
