Swing of SOUTHWEST FARM MARKETS

Strength or firmness on some products varied the generally dull to weak farm market situation in the southwest during the past week, the U. S. Department of Agriculture's Production and Marketing Administration reports.

Hogs advanced largely \$1 to \$1.50, including Monday's rise of 75 cents to \$1. Good and choice medium weight butchers sold up to \$27 at San Antonio, \$27.50 at Fort Worth, and \$28.50 to \$29.50 at other southwest terminals. Most markets took sows at \$22 to \$23.50 or a little better.

Cows and calves sold \$1 to \$2 lower at Houston, and as much as \$1 lower at Kansas City and Denver. Medium grass steers went down some at San Antonio. Other southwest cattle and calves averaged around steady to 50 cents higher. Common and medium cows turned Monday at \$15.50 to \$18.50 at Houston and San Antonio, and ranged from \$17 to \$21.50 at Fort Worth, Wichita and Kansas City. Oklahoma City paid \$20 to \$23 for medium and good grades, and Denver took common to good for \$19 to \$23.25.

Current receipt eggs sold generally unchanged at close to support levels. Top quality eggs sold especially firm at premium prices. Poultry markets continued firm also. Spring chickens moved mainly at 40 to 42 cents a pound, and heavy hens at 25 to 28. Denver paid up to 30 cents for heavy breeds, and New Orleans to 36.

Cotton declined \$3 to \$5.50 a bale for the week. Spot middling 15-16 inch closed Monday at 36.15 cents a pound at Dallas, 35.50 at Houston, and 35.90 at Galveston and New Orleans.

Lions Club News

Word was received from District Governor W. L. Rutherford of Dumas that Chas. Rains of the Hedley Club had been appointed Deputy District Governor. Charles did a good job as Zone Chairman last year and deserves this promotion. We are mighty proud of him. Now we have a deputy district governor in our own club to install the incoming officers.

Next week is 100% meeting to honor our new president Otis Owens who will be installed. Let's have all 63 Lions out at this meeting and a new member or two. Meeting time is 8 p. m. Lions D. H. Cox and Otis Owens have charge of the program.

Uncle Sam Says

You do not need to be a crystal ball gazer to figure out the truth of the saying that the future holds for you what you hold for the future.

If you look into your present you'll find the answer to how much security you can count upon for yourself and your family. Are you bringing home United States Savings Bonds regularly? Millions of my nieces and nephews know that these bonds are among the most essential assets to hold for their future because savings bonds are safe and profitable.

New Bus Line

The Cap Rock Bus Line began operation of their Mangum-Hedley bus last week, operating at present one schedule a day, arriving in Hedley at 9:20 a. m. and leaving at 9:25 a. m. The bus runs from here to McKnight, Quail and Wellington, Texas, and Madge, Vinson, Reed and Mangum, Okla.

At Mangum direct connections can be made to Oklahoma City.

Vacation Bible School

Much interest is being shown in the Vacation Bible School being conducted at the First Baptist Church. A large number are attending the school, and all completing the course will be recognized at the church Sunday.

Attend Installation

Mr. and Mrs. Charles Rains and Mr. and Mrs. Hobart Moffitt attended the Memphis city park Wednesday night, when their new officers for the year were installed. District Governor John McLean of Hereford installed the officers.

American Legion

Harold Longan and Clifford Johnson attended the 18th District meeting of the American Legion at Amarillo Tuesday night. The Amarillo post gave a fish fry with business meeting afterward. Report on the Junior American Legion Baseball shows the Donley County boys leading the district.

At this month's meeting officers for next year will be elected. Tuesday night, July 13th is the meeting date. The Legionnaires plan a feed on that night.

Campbell Elected

We note in last week's McLean News that our friend Lester Campbell, editor of the News has been elected president of the McLean Lions Club for the coming year.

Mrs. Horace Cooper of Amarillo stopped over here Tuesday on her way home from a visit with her parents at Sunset.

Celebration July 2 and 3 of Clarendon

Ho Riley and his Rhythm Buddies, featuring Leroy Brown on the piano and Ho Riley on the bass fiddle, will appear at the Opera House in Clarendon on the night of July 3rd in conjunction with the Annual 4th of July Celebration.

This well known orchestra broadcasts every Saturday afternoon at 1:45 over Radio Station KAMQ Amarillo. They also play every Friday night at the Casino in Berger and also have had favorable engagements at Perryton and Plainview.

Leroy Brown, brother of Skeet and Carroll, of Goodnight is well known locally for his piano playing, having appeared here several times in the past. He has promised to do some specialty numbers this time which should be worth the price of admission alone. Ho Riley, leader of the orchestra and bull fiddle player can do things to that fiddle that are unbelievable. He says that he might even be able to make it talk by July 3rd at their appearance here. Other instruments in the orchestra include drums, 2 guitars, 1 steel guitar and 2 violins.

According to William S. Greene, chairman of the dance committee for the celebration, this dance will last 4 hours and will start promptly at 9 p. m. Price of admission will be \$1.25 per person.

Funeral services for Grif Cathey Meredith, who passed away in an Amarillo hospital Wednesday morning, are being held from the Church of Christ here today (Thursday), with burial in Rowe cemetery. He had been a resident of Amarillo for nine years.

Survivors include four sons, O. W., A. B. and T. B. Meredith, all of Amarillo, and G. C. Meredith Jr., who is in the Armed Forces; one daughter, Mrs. Earl Sims of Amarillo, and one sister, Mrs. Mattie Sturdivant of Bernile, Texas.

Groceries To Close

All the Hedley grocery stores will be closed Monday, July 5, to give the employees a 4th of July holiday.

To Speak Here

Roy M. Clayton, field representative of the United Texas Drys, will speak at 11 o'clock Sunday morning at the Methodist Church. The public is invited to come out and hear him.

Enjoy Vacation Trip

The C. R. Hunsucker family returned last Friday from a very enjoyable vacation trip. They left Hedley June 17, going from here to San Antonio, where they visited Brackenridge Park, several museums and other points of interest. They then spent several days at Corpus Christi, enjoying the beach and a look at the Gulf. They also visited Galveston on the trip, and returned by Houston, where they saw the San Jacinto monument.

They returned home Friday with numerous oyster shells and other souvenirs, reporting one of the most enjoyable trips they ever took.

M.Y.F. Meeting

Those attending the Sub District meeting of the M. Y. F. at Clarendon Tuesday night were Rev. and Frank Story and Milton Don Reeves, Lanell Cherry, Mrs. Ray Moreman and Joan Ray, and Martha Jo Alexander.

Mr. and Mrs. T. E. Hall Jr. of Bowie visited here last week end.

Mr. and Mrs. W. I. Rains visited in Wellington Monday.

For Sale—boy's bicycle in good condition. See James L. Willett.

Mr. and Mrs. Banks Jeffreys and daughter of Amarillo spent last week end here.

Uncle Sam Says

As you drive along the country roads you will see one of America's most familiar scenes—farmers pitching hay. From this scene has come a phrase you have used many, many times—making hay while the sun shines. Well, niece and nephew, that's exactly what you are doing when you stack up United States Savings Bonds. You're making plenty of future security when the going is good, when a few extra dollars has been added to your take-home pay through the new income tax law... and when you should be acting for your future security.

Baseball News

Next Sunday at 2 p. m. the Lions will play St. Francis here. This is a league game that was rained out two weeks ago. The Lions are trying hard to get in the win column again, so watch-out St. Francis.

Last Sunday the Amarillo boys proved they were better players in the wind and sand than the locals taking the game 12 to 1. We may hit them again in play off in September. Most of the sand storms will be over then.

Monday and Tuesday of week the New York Yankees hold their try outs and baseball school at Memphis. Players from 16 to 22 are eligible to attend. Several local boys plan to try out.

Use Mirrors for muggler Search

NEW YORK—Day and night, squads of armed men carrying bright lights and pocket mirrors arm aboard ships entering New York harbor.

The alert, eagle-eyed men of the United States customs enforcement division don't carry the glassware from milady's bag to use in combing their hair or preening their features. Pocket mirrors are standard equipment in the grim, unrelenting war on narcotic smuggling.

Placed strategically, a mirror shows up what may be ingeniously hidden behind a lavatory washbowl, a seaman's bunk, or in the machinery of the ship's intricate engine room.

Vigilance of these customs officers has paid off handsomely. In the last year they've confiscated contraband drugs valued at several million dollars in the illicit market, said Harry M. Durning, United States customs collector for the New York port.

N.Y. a "Hot" Port

New York, in law enforcement parlance, is a "hot" port—about hottest in the world.

International smugglers have resorted to port surveillance with narcotics for American peddling rings. History, 1 veteran port officials, is retelling itself. A postwar resurgence of narcotic smuggling is comparable to the one after World War I.

Collector Durning attributes the rising increase to a breakdown of law-abiding customs officers, world-wide unrest and unsettled economic conditions and the age old desire for quick, high profits.

Tightening their vigil against smuggling, customs officers pay particular attention to all ships coming from French and Mediterranean ports. That's where, they said, most shipments of illicit drugs originate.

Ships from Britain and Ireland, officers said, seldom figure in the smuggling. Always suspect, they said, Herman Lipski, chief of the United States customs enforcement division, are vessels coming from Naples, Genoa, Marseilles, Le Havre and Antwerp.

Seize Big Catch

Customs men recently scored their biggest catch of the year when they seized narcotics valued at one million dollars secreted about a ship from Le Havre.

One bundle of drugs was found in the ship's galley at the bottom of a barrel of flour. Another batch, sealed in a waterproof bag, was found in a soup tureen full of water. Packages were discovered inside the lining of the ship's oven and in a box of sea biscuits.

Another recent haul came when shore patrol officers under Durning raided the basement of a dingy water front tenement. They found 36 ounces of narcotics and complete equipment for testing, diluting and preparing drugs for illicit sale to addicts.

In a drainpipe in the basement they found \$18,000 in cash and a pistol. From a man caught fleeing the basement they confiscated four more ounces of drugs. Total value of the catch was placed at \$200,000.

R-H COTTON DUST

Gives excellent control of caterpillars, tarnished plant bugs and grasshoppers when dusted early and permits cotton to hold early fruit and set an early crop. In Bollweevil control, R-H Dust has been found to give a high degree of kill of Bollweevils within cotton squares, in addition to the kill of adult Bollweevils.

R-H Dust has proven to be very effective for the control of the bollworm, army worm, web worm, grass colapsis, ants, bean leaf beetle and grasshoppers.

R-H Dust has a very low toxicity to warm-blooded animals. R-H Dust is very economical in cost per pound as measured by all season control.

R-H Dust does not burn or adversely affect foliage of any of the common farm crops.

UNEASY TRUCE PREVAILS IN PALESTINE; NO TALKS WITH RUSSIA, TRUMAN SAYS; DRAFT MACHINERY SET TO BEGIN WORK

By Bill Schoentgen, WNU Staff Writer

(EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysts and not necessarily of this newspaper.)

HOLD FIRE

Still No Peace

For a little while the dove of peace drifted over Palestine on frayed and weary wing as Arab and Israeli armies were observing, more or less loosely, a four-week truce in the war for possession of the Holy Land.

At best the United Nations-supervised truce agreement was a fretful and uneasy affair. Before the four-week mediation period was two days old both Arabs and Jews had begun charging each other with violations of the pact.

Count Folke Bernadotte, U.N. truce negotiator, was investigating the accusations, but it looked very much as though another security council cease-fire order might go unloved, unhonored and unobeyed.

Actually, it is difficult to see how any synthetically imposed truce could succeed in Palestine. There are no basic grounds upon which a genuine interruption of hostilities could rest. Both sides profess military proficiency and the ability to keep on fighting and winning.

And more important, each side is fanatically opposed to modifying its demands: Israel is determined to retain its sovereignty and to have unlimited immigration of Jews into the state. The Arabs are just as determined to erase the state of Israel from the map.

Thus, there is little confidence in the security council's truce plan and its power to effect peace. And that pessimism was heightened by the knowledge that no U.N. cease-fire edict has worked yet.

Aside from the seriousness of the struggle for Palestine itself, deepest significance of the affair lay in the fact that it is raising once more the old question of whether any world peace organization of nations ever can succeed in the task it sets for itself—the maintenance of peace and order on earth.

Pressure of world opinion—which is all the U.N. security council can bring to bear, lacking both military teeth and the power to bring economic sanctions against offending nations—apparently is not going to be enough, at least in the case of Palestine.

One inference which may be drawn is that the U.N. will need more power of one kind or another before it can prevail against the fetish of blind, militant nationalism that has hurled the world into two major wars already in this century.

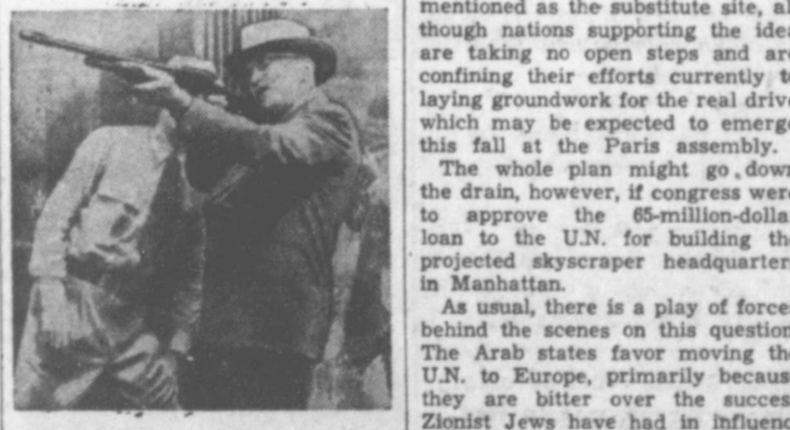

PRESIDENT: About Russia

Forsaking for the moment the political whiplash he has been using on congress during his western tour, President Truman issued a major enunciation of U.S. foreign policy, bounded on all sides by an indictment of Russian tactics, in a speech at Berkeley, Calif.

His address was the clearest cut answer thus far made to the recent spurious but widely publicized Soviet offer to talk over Russian-American differences and the issues of the cold war.

Although the Soviet overture patently had been made as a last-ditch effort to derail the European recovery program and also slow down

Bingo!

In addition to taking rapid-fire pot shots at congress during his points west tour, President Truman sharpened up his target eye by blazing away at some clay pigeons on his stopover at Sun Valley, Idaho. In contrast to congressmen, the clay pigeons couldn't snipe back.

INFLATION AND TAXES

Vacations Cost More This Year

If you haven't been on a vacation since 1940 and you are planning one for this summer, you're probably in for a shock—the kind that makes the bankroll tingle.

For depending on the kind of vacation you take and the brand of recreation you prefer, vacation prices have jumped from 20 percent in 1940, according to the family economics bureau of Northwestern National Life Insurance company.

For instance, a 12-day cruise from New York City to Nassau, Havana and Miami cost as little as \$120 in 1940. Today the same cruise is listed at a \$218.50 minimum, an increase of 82 per cent.

Reading Preferences

Librarians report a great demand for travel books. South American countries usually are high on the list of desired places to visit. While war fiction lies practically untouched on library shelves, historical fiction is widely read, both old and recent titles. Novels concerned with race and social problems are much in demand. Movies, as always, bring a flood of requests for the book which has been filmed.

Electric Fence May Kill; Safety Precautions Listed

Electric fences take their toll of human lives every year. Most victims are children. Also, many animals are killed. Listed below are some of the safety rules recommended by the National Safety Council.

Do not use home-made electric fence controllers; they are not safe.

No fence should be energized from any electric source except through an approved controller, one that meets the safety standards of a recognized agency. It is important that the controller is properly installed with good ground and lightning protection.

Do not tamper with the controller. If it needs servicing return it to the manufacturer or have repairs made by a factory-authorized representative.

Teach children not to tamper or play with an electric fence.

Avoid locating an electric fence where the charged wire and a good ground such as a pipe line, pump, stock tank, pond, irrigation ditch, or other normally wet ground can be contacted at the same time.

Identify electric fences, especially those near buildings, property lines, or roads with prominent signs.

Provide insulated gate grips for opening and closing gates.

From where I sit... by Joe Marsh

Pampered Farmers

If the folks in our town were less tolerant, they'd be really burned up over that nationally circulated article on "pampered farmers," describing them as living off the fat of the land.

From where I sit the farmer is anything but "pampered." If he's better off today than twenty years ago it's because he's worked hard to improve the quality and quantity of his production.

Take Bert Childers, for example. Bert is up at four in the morning to get the milking finished—and

ploughing or harvesting, depending on the season, until sundown. In the evening he finally relaxes with the missus over a moderate glass of beer.

And the farmer today's not only temperate in his habits, like Bert's evening glass of beer... but tolerant in his opinions. So he'll probably say of that article, "somebody got the facts wrong," and just let it go at that.

Declaration of Independence!

He is on his own. It's a wonderful feeling. He can go places now. And he'll keep on going places all his life—*as long as he keeps his sense of independence.*

That's America's richest resource—not forest, field or mine, but the spirit of her people. Ambition, energy, self-reliance are the reasons why individuals—and industries—grow great from small beginnings.

Take the electric industry—this company, for example. A few practical dreamers opened up an "electric frontier" when in 1915 they strung the first transmission power lines in West

Texas. People of faith and vision risked their savings. Other folks combined skill and hard work to produce better and better service—at lower and lower costs—creating more and more jobs—and carrying the benefits of electric living to more and more West Texans.

That's the American way of progress. Free enterprise, vision, and hard work. They are what built America and the American way of life, which is the highest standard of living in the world.

No nation has ever found a satisfactory substitute for that combination. No nation ever will.

HOLD ON TO HEALTH!

Can you think of anything that means more to your future success and happiness than the state of your health? Yet most of us give less concern to health than to the size of the grocery bill! How about your own case? Feeling a little under par? Better visit a Doctor—and act on his experienced counsel. And then, we suggest you bring his prescription here for careful compounding!

IT'S TIME FOR A MAN with A PLATFORM

Congressman
Lyndon Johnson
"The Man Who Gets Things Done"
Candidate For
U. S. SENATE

AND HERE'S WHAT LYNDON B. JOHNSON STANDS FOR—

PREPAREDNESS:
A strong industrial system... free competitive enterprise.

An air force second to none. He backed the military bureaucrats to help push the 70-group Air Force bill through the House.

Unpreparedness led us into two wars. Let's not let it happen again.

PEACE:
A stronger United Nations... Stop the war makers!

He supports the Marshall Plan "to help those who are willing to help themselves."

PROGRESS:
A fair deal for farmers... fair price supports, caliche roads, electricity.

Soil conservation and flood control.

An unbiased, fair stand on labor, opposing selfishness in labor or business.

Raise Old Age Assistance Benefits and take poisons out of politics.

We must curb the spread of prices forced on us by a Republican Congress.

Subject to the Democratic Primaries July 24

SINCE 1776...

Americans have been jealous of their freedom. No less than 7 times have our sons gone to war to preserve our way of life.

Today, folks right here in Hedley are fighting for nancial independence with this same intense determination that they have inherited from their ancestors. The well-being of our community speaks highly of their efforts.
