Uncle Sam Says

Do you know the best way to assure your children a fine education? Possibly right now you are picturing them in a college cap and gown. But you must realize these will represent the entire cost of a college education. You need not wait until they enter college to start paying for it. Start now on the safe, sure-saving way with U.S. Savings Bonds. In ten years you'll have \$4 to spend for every \$3 you put in. There are two automatic ways for the purchase of U.S. Savings Bonds, your firm's Payroll Savings Plan, or, if self-employed, your bank's Bond-a-Month Plan.

Lunch Room

The school students are enjoying the new lunch room this year. We want to congratulate Mrs. Miller and Mrs. Dickson on the fine meals being served at noon. The students are getting more on their plates than they can eat.

Any parent wishing to visit the lunch room at any time during the noon hour are invited to do so

Revival Meeting

The Methodist Revival was very successful in that the spiritual interest was greatly helped. Rev. Noel Bryant brought most helpful and inspirational messages and Zed Robinson's singing was par excellence.

Seven were added to the church and we feel that the whole community is enriched by this meeting. This pastor expresses the thanks of the Church to all who contributed in anyway to this campaign.

W. S. C. S.

A sub-zone meeting of the W. S. C. S. will be held here next Friday, Sept. 24, at the Methodist Church. This will be an all-day meeting.

Junior Class Honored

The Junior Class was honored Friday, September 10, by their room mother, Mrs. Milton Timmons with an ice cream supper. The class sponsor A. B. Truitt and wife, Mr. and Mrs. Chas. Rains and the class greatly enjoyed the first social of the school year.

For Sale—a \$20.00 violin, practically new, \$15.00. Call 116 or 45

Notice

Card Of Thanks

The Hedley students and faculty wish to take this means of expressing their thanks and appreciation to the many business firms and individuals for the fine free show given Wednesday afternoon September 8th.

Richard Gilbreth is attending John Tarleton at Stephenville this year.

Miss June Lisenbee enrolled at Decatur Baptist College last Wednesday.

School Auction

Superintendent A. L. Davis states that an auction will be held at the High School Auditorium Monday night, September 20, at 8:00 o'clock for the purpose of selling the two army barracks located on the school campus.

The Hedley School Board of Education decided to dispose of this property because the expenditures would be too great to undertake at this time.

Two gas ranges in good condition will also be auctioned. New equipment has been bought for the lunch room and the ranges are not needed.

Buyers may make an inspection of barracks at anytime.

The Hedley School Board will reserve the right to forfeit any and all bids. The bid will start at \$675 as this is the amount the school has paid on each building.

Music Teacher

Supt. A. L. Davis states that Mrs. L. G. Rasco of Memphis will teach piano and voice in the Hedley Public Schools. Mrs. Rasco will teach every Tuesday and Thursday of each week and I am sure that all parents will give Mrs. Rasco their full cooperation. The charge will be seventy-five cents a lesson.

We need music in our school and any parents who are interested in piano lessons contact Supt. Davis.

Mrs. M. L. Sims returned last Wednesday from a trip to Nashua, New Hampshire, where she visited Mrs. B. L. Hogan. She also visited the White Mountains in New Hampshire and in Canada and on her way home stopped over at Meridian, Miss., and visited relatives there.

Hedley students leaving this week to attend Texas Tech at Lubbock included Chas. N. Johnson, Sam Owens Jr., Doyle Messer, Raymond Bailey and Connie DeBord.

H. C. Crawford is a mighty fine pumpkin raiser, as we can testify from sampling same. We also thank John Blankenship for a nice watermelon.

Uncle Sam Says

Any day soon you may be faced by some real bugaboos if you are not saving away a part of your wages every pay day. Bugaboos can pop up unexpectedly and now is the time to prepare for them. They can hit you in many ways—money needed for your children's education, enough money to retire, or suppose your wife or your children should become sick? The best attack on these bugaboos is to buy U.S. Savings Bonds, week after week, month after month, year after year. So sign up today for the Payroll Savings Plan where you work, or, if self-employed, for the Bond-a-Month Plan at your bank.

Receives Degree

Billy C. Johnson of Lamesa received a B. S. degree in Chemical Engineering from Texas Tech at Lubbock at the close of the summer session.

Mr. and Mrs. Merle Wayne Peabody of Memphis announce the arrival on Sunday, Sept. 5, of a little daughter, weight 7½ lbs. She has been named Cynthia Aileen.

South Receives Wallace With Fury; CIO Pledges to Support President; Berlin Meetings May End Stalemate

—By Bill Schoentgen, WNU Staff Writer

WALLACE: Pure Hate

Henry Wallace claimed that his expansive love for his fellow men had not been diminished by his experiences in the South, but it stood as a fact that the ramparts of that abiding affection must have undergone a severe test.

As the Progressive party's presidential candidate Wallace had gallantly penetrated into the southern states to bring them his brand of enlightenment.

But the crusader was not appreciated. He was received in North Carolina by hostile audiences who showered him with invective, vilification, eggs and tomatoes.

His speeches were blanketed out by boos and catcalls in Winston-Salem, Durham, Burlington, Greensboro and Charlotte, N. C. Wallace was stunned with disbelief at what was happening to him.

In Burlington, where the full force of North Carolina's vituperative mood was unleashed, the former vice president was not even given a chance to talk. He was unable to do anything except dodge missiles and plead with the furious citizens closest to him that things like this were not supposed to happen in the United States.

It was an ugly display of bad taste that spread hysterically from town to town as Wallace's tour progressed. The egg and tomato tossing was severely criticized by top U. S. officials, including President Truman who called it "highly un-American business," and said: "Mr. Wallace is entitled to say his piece the same as any other American."

Nevertheless, in North Carolina Wallace's say was confined for the most part to protestations against the treatment he was receiving. At Greensboro, with egg shell clinging to his head, he shouted: "I don't mind being hit by eggs and tomatoes, but they would be more useful being fed to children."

"The faces I have seen distorted by hatred are of people for whom I have in my heart profound compassion, because most of them have not enough to eat."

The crowd laughed at him. And as Wallace left North Carolina to head into Alabama and Mississippi it looked as though he might be able to use some "profound compassion" for himself, for his racial views are opposed even more violently in those states.

BACKING: For Truman

As the two major presidential candidates prepared to swing their campaigns into full career in preparation for the November elections, some good news popped up for President Truman.

The CIO officially threw its support to the Democratic ticket and pledged the organization to work for his election.

That was the way the CIO had written itself on the political books this year, but the action left the organization simmering with internal discord.

Bitter protests of 12 left-wing union leaders had had to be overcome before the CIO could cast its lot with Truman and Barkley. The dissenting unions wanted to support Wallace, and they had their way insofar as the resolution adopted by the group was easy in its criticism of the Progressive party's candidate.

GOP nominee Thomas E. Dewey, however, was condemned as "the candidate of big business." The Dixiecrats, headed by Gov. Strom Thurmond of South Carolina, were shrugged off in the resolution as a coalition of Democrats and "do-nothing Republicans" that has "steadfastly adhered to the philosophy of the National Association of Manufacturers."

The pro-Truman resolution by the CIO executive board did not necessarily mean total support for the President, however. Philip Murray, CIO president, said that the 12 dissenting unions are not bound by the majority decision to back Mr. Truman.

NO RELIEF TOMORROW

High Cost of Living Stays and Stays

Here's that same old news again: There is no immediate relief from the high cost of living in sight, and it probably will continue to creep upwards throughout the election campaign this fall.

Economists of the labor, commerce and agriculture departments concur in the prediction that no break is likely to come about before the November 2 elec-

Crowd Fury

Henry Wallace, Progressive party candidate for President, has discovered that the penalty for espousing political ideas that differ sharply from the majority opinion is hatred. Speaking at Greensboro, N. C., he was pelted with eggs and vegetables—which probably is just another form of freedom of expression.

BERLIN: Some Talk

That sound of sabers rattling in Berlin meant this time that the disputants in the fight over control of the German capital were merely laying down their swords to get together and talk about it once more.

Tension lifted almost visibly when the Big Four military governors of Germany met for the first time in more than five months to discuss a single currency for Berlin and the lifting of the Soviet blockade of the city.

The meeting was called in the first place to implement decisions reached by the American, British and French ambassadors with Soviet Foreign Minister Molotov in Moscow. At least the Moscow talks had accomplished that much.

Topping the list of items for discussion was the problem of what to do about the rival currencies in Berlin. At present both eastern and western zone marks are circulating in the city.

It was understood that the conferees in Moscow previously had agreed in principle that only the Soviet zone mark should circulate in Berlin, but that it should be under four-power control.

There were still conflicting attitudes as to what course the Berlin parley should take, however. The Russians believed that an agreement on getting a single currency must be worked out before any final East-West agreement on Berlin can be possible.

In Washington the U. S. state department, backed by Great Britain and France, was insisting that the Soviets must lift the Berlin blockade before any discussion of the currency problem is held.

The whole situation was extremely complex and, actually, few persons outside of high official circles made any pretense of being able to understand it fully.

About as far as general understanding of the subject went, it was limited to the realization that unless an agreement were reached soon the tortured peace would become more dangerously strained.

Headliners

IN GARLAND, TEX. . . . A campaign-minded hatmaker was offering edible candy headgear (above) for reckless election bettors who vow to eat their hats if their candidate loses.

IN ROCHESTER, N. H. . . . Raymond Beaulieu, fined \$73 in municipal court for operating an unregistered automobile, sold his car to raise money to pay the fine.

SPRINGFIELD, MASS. . . . Robert H. Smith was granted a divorce when he testified that his wife, enraged because he didn't know how to dance the polka, slapped and kicked him until his weight dropped from 165 pounds to 140.

Their statements indicate that the next President will have to face the high cost of living issue right off the bat.

Even in food prices, where record crop forecasts have jolted prices a little, no immediate relief is in prospect for the family budget. Food costs, as a matter of fact, will be higher at least until the end of the year.

Watch Your Kidneys!

Help Them Cleanse the Blood of Harmful Body Waste
Your kidneys are constantly filtering waste matter from the blood stream. But kidneys sometimes lag in their work—do not act as Nature intended—fail to remove impurities that, if retained, may poison the system and upset the whole body machinery.
Symptoms may be nagging backache, persistent headache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—a feeling of nervous anxiety and loss of pep and strength.
Other signs of kidney or bladder disorder are sometimes burning, scanty or too frequent urination.
There should be no doubt that prompt treatment is wiser than neglect. Use Doan's Pills. Doan's have been winning new friends for more than forty years. They have a nation-wide reputation. Are recommended by grateful people the country over. Ask your neighbor!

From where I sit... by Joe Marsh

"Farming" Versus "Ranching"

Talked to some editors who run my column in their papers—in states where there's mostly cattle and sheep raising—about the differences there might be between farming and ranching.

And they told me: "Joe, there's no real difference between cattlemen and farmers. We make our living from the land like your folks do; we have the same 4-H Clubs and Granges; the same problems of prices and marketing.

"When it comes to recreation, we have the same liking to get to-

gether now and then for a barbecue and a friendly glass of beer.

And from where I sit, that also sums it up. Ranchers may have different names for things or grow different crops. But all over America folks who work the land share those common traits of hard work, sober moderation, and good fellowship, whether they're growing cattle for beef, or barley for good American beer and ale.

LITTLE ILLS MAKE BIG BILLS!

True, that "little illness" you've been mentioning in an offhand way, may not seem to amount to much—just a few faint symptoms. But, neglected, these "little ills" can lead to big bills for doctors, medicines, etc; not to mention needless suffering and loss of precious time. Consult a Doctor now—you'll save by it in the end. And, of course, we hope you'll bring his prescription to us for careful compounding.

"Yes, I sure am a popular guy these days," says Reddy Kilowatt. "They are calling on me for more and more electric service for cooking, cooling, water heating, lighting and a lot of additional uses in industries and stores...in fact, the demand for my services is at an all-time high."

"In keeping with its policy of anticipating future needs, the West Texas Utilities Company is now engaged in an \$18,000,000 construction program to build new facilities and to enlarge and improve existing ones. This vast program, which has been under way many months, will provide more and better electric service for more and more people."

"Eighteen Million dollars! Each of those dollars is a vote of confidence that electric service knows no limits in making life healthier, happier, and more productive for us all."

HOUSEHOLD HINTS

When jelly or jam scorches, put into a clean kettle, add a cut-up raw potato and continue cooking. The potato will absorb the burned taste.

A paste of fuller's earth and water spread on marble and allowed to stand for a few days will remove many stains. Wash off and polish as usual.

Use leftover duck in a rice or macaroni salad with celery and sweet pickle relish; serve on lots of shredded salad greens.

If you are putting slipcovers on your furniture, clean the upholstery well first. Otherwise, they may hide and shelter moth larvae. And the moths may do a great deal of damage before you discover them.

Try using a gravy boat to fill jars and tumblers when canning jelly and preserves.

Combine maple sirup and marshmallow cream, using half a cup of the sirup to one-quarter cup of the cream, for an ice cream topping.

When packing cake in waxed paper, sprinkle the paper with powdered sugar first. This helps the frosting to stick to the cake and not to the paper.

When rags are too worn for household use, wash and store in a paper bag in the garage for the men to wipe their hands on when tinkering with the car.

Keep a stiff brush near the laundry tubs. Before putting garments into the wash, turn any pockets inside out and brush thoroughly. The brush will be handy also for brushing soapuds on soiled places, such as neckbands, collars and cuffs.

NO

Harsh Laxatives are NOT necessary for most people

The juice of a lemon in a glass of water, when taken first thing on arising, is all that most people need to insure prompt, normal elimination. No more harsh laxatives that irritate the digestive tract and impair nutrition! Lemon in water is good for you! Generations of Americans have taken lemons for health—and generations of doctors have recommended them. They are rich in vitamin C, supply valuable amounts of B₁ and P. They alkalize, aid digestion. Not too sharp or sour, lemon in water has a refreshing tang—clears the mouth, wakes you up. It's not a purgative—simply helps your system regulate itself. Try it 10 days. HOUSEHOLD MEMOS... by Lynn Chambers

Varying Basic Recipes Assures Interesting Meals (See recipes below)

Basic Recipes

"IS THERE any simple way to learn how to be a good cook?" asks a young woman now starting out to keep house. Older homemakers have asked me the same question just as often, so the problem seems to be a common one.

The answer is simply yes. The method is to learn certain basic food preparations, then to vary these, and you certainly will have a good storehouse from which to select for meals of all kinds—for family and for guests.

The idea is to learn the basic recipe so well that it becomes as much a part of you as any simple habit. You'll memorize the ingredients if you repeat the recipe often enough, and the method is even easier to learn. Then it's no trick at all to make an infinite variety of variations of the basic recipe.

Once you have learned a recipe in this way, you'll always remember it, no matter how rushed you are or in whose kitchen you are making it. You will have arrived at perfection once you polish the technique of making it, and that is true satisfaction.

Perhaps you've heard that Mrs. Jones is the muffin maker of the community, especially because of her orange muffins. You can become famous for any one of several of your recipes just by learning to follow basic recipes, and trying out their variations.

berries or thawed, frozen blueberries in plain muffin batter.

A SIMPLE DISH like macaroni and cheese has several good variations that you can use frequently. Here, again, when you learn how to make the dish to perfection, you can be certain to enjoy the food no matter what variation you use.

Macaroni and Cheese (Serves 6)

- 1 8-ounce package macaroni
- 3 tablespoons butter
- 1/4 cup flour
- 1/2 teaspoon salt
- 1/2 teaspoon pepper
- 2 cups milk
- 1 1/2 cups grated American cheese

Cook macaroni in boiling salted water until tender. Melt butter in top of double boiler, blend in flour and seasonings, then add milk and cook until thick. Add grated cheese and stir until melted. Combine sauce and macaroni and turn into a greased casserole. Bake in a moderately hot (400-degree) oven until golden brown, about 20 minutes.

HAM AND MACARONI: Take one-third package macaroni, place in casserole, top with thin slices of leftover ham, sprinkle with a little dry mustard, dot with butter and pour some of sauce on top of that. Repeat with layer of cheese, ham and sauce twice. Bake as above.

MACARONI WITH MEAT: Use basic recipe, with one cup slivered tongue, chicken or corned beef in layers.

BAKED TOMATO MACARONI: Arrange three skinned, thinly sliced tomatoes in layers with macaroni and cheese sauce in casserole.

MACARONI WITH CHIPPED BEEF: Shred one-quarter pound of dried beef and cover with hot water; let stand 10 minutes. Arrange beef on macaroni layers. Use cheese sauce on top.

HERE ARE SEVERAL good basic recipes with their appropriate variations which can form a good backbone to your collection:

Plain Muffins (Makes about 14)

- 2 cups sifted flour
- 2 teaspoons baking powder
- 1/2 teaspoon salt
- 2 tablespoons granulated sugar
- 1 egg, well beaten
- 1 cup milk
- 4 tablespoons melted shortening or salad oil

Sift together dry ingredients. Combine all remaining ingredients. Add all at once to flour mixture, stirring, not beating, quickly and vigorously until just mixed but still lumpy in appearance so that muffins will have good texture. Fill greased or oiled muffin pans, one-half full, and bake in a hot (425-degree) oven about 25 minutes.

WHOLE WHEAT MUFFINS: Use above recipe, reducing flour to one-quarter cup, adding one cup unsifted whole wheat flour. Increase sugar to four tablespoons and use four teaspoons baking powder. Bake in a moderate (375-degree) oven for 35 minutes.

NUT MUFFINS: Use plain muffin recipe, adding one cup finely chopped nuts to other ingredients.

ORANGE MUFFINS: Use plain muffins, increasing sugar to four tablespoons, reducing milk to three-quarter cup, and adding one-quarter cup orange juice and one-quarter cup grated orange rind.

CHEESE MUFFINS: Add one cup grated American cheese, lightly packed, to dry ingredients.

BLUEBERRY MUFFINS: Mix three-quarter cup of fresh blue-

Scrambled Eggs (Serves 4)

- 2 tablespoons fat
- 6 eggs
- 1/2 teaspoon salt
- Pepper
- 1/2 cup rich milk or cream

Melt butter in skillet; beat eggs and add remaining ingredients. Cook slowly, stirring gently until mixture sets. Serve with ham, sausages or bacon.

WITH CHEESE: Make scrambled eggs, adding one-half cup of grated cheese with two teaspoons minced onion before cooking.

WITH MEAT: Use recipe for scrambled eggs, adding one-half cup of diced ham or tongue, shredded dried beef or chicken before cooking.

Use Quickie Recipes For Short-Cut Meals

Coarsely grated potatoes may be mixed with chopped onion and hamburger, skillet fried, to give you meat and potatoes all in one quick-to-fix dish.

Beef or calves' liver dipped in french dressing and bread crumbs is pan fried for just a few minutes to get done. Add some canned sweet potatoes heated in a dusting of brown sugar and butter in a skillet for the accompaniment.

On Ocean

As shallow-sea divers for pearls, shellfish, edible seaweed, and various items of commerce, women of Oriental coasts for centuries have outdone the men.

Those of Cheju, 50 miles off Korea's southern tip, have been notably adept. An estimated 10,000 today live by harvesting ocean arces, while their men in some cases tend the children and prepare the meals, notes the National Geographic society.

From this feminine monopoly has grown the tradition of Cheju as an Amazon isle. It took positive form in the West about 1900 when a traveler brought back the tale that the island until 1850 had been populated solely by women and young children in storied Amazon style.

In the 1946 census, Cheju counted 276,148 inhabitants, virtually all on the coasts of the 45-by-20-mile oval of land. There were 113 women to each 100 men on Cheju in 1946, whereas on the Korean mainland men outnumbered women.

Cheju port on the north coast is the island's capital and chief center, counting 30,000 inhabitants. They live largely in crude, thatched-roof huts of mud and stone. Ancient walls to defend against pirate attack still stand along the shore.

Life of Samuel Colt

After being expelled from Amherst, Samuel Colt was sent to sea. The ship's paddle wheel gave him an idea for the revolving pistol cylinder. At the age of 14 he whittled out a model and it worked. Later, he quit his father's dye plant to seek his fortune as "Dr. Colt". In 1832 he sent his plan of a gun to the U. S. patent office and was awarded a patent in 1837. After the original company failed Colt invented the submachine "mine", while still in his twenties. He died wealthy at the age of 48.
