## Basketball News

The Hedley Lions Independent Basketball team was organized last week. L. D. Messer was elected manager, C. L. Johnson, business manager, H. H. Hall, Chas. Rains and Jap Shaw will make up the rest of the committee. New purple and gold uniforms have come in and workouts will start immediately. Players already signed up are Arthel Gibson, A. B. Truitt, Pete Wynn, Carter and Truell Huffman, Bobby and Johnny Everett, Jerald and Floyd Sims, James and Emory Stone, Floyd Russell and R. L. Stone. Other players wishing may try out for the team. Looks like prospects are mighty good to bring in a bunch more trophies.

## Lions Club News

The Graham-Hoome Plow Company show at last week's Lions Club meeting was enjoyed by some forty Lions and part of the FFA boys. This was a mighty good program and many thanks to the program committee.

This week's meeting is the Ladies night meeting at the school and the Zone meeting immediately preceding.

Next week lets have another good directors meeting. Many things were accomplished at the last meeting. Come out, any ideas for the benefit of the Lions or the community will be appreciated.

## Golden Rule Class

The Golden Rule class of the Methodist Church School enjoyed a picnic at Lake Creek on Wednesday evening, Sept. 22. After feasting on roasted weiners, pickles, onions, French fried potatoes, pork and beans and marshmallows, the group played on the sand by the light of the campfire. Mrs. Leon Reeves assisted Mrs. Ray Moreman with this outing. About twenty were present, and look forward to another social soon.

## "Ladies Be Seated"

A feature of the Tri-State Fair at Amarillo Oct. 4-9 will be "Ladies Be Seated," sponsored by the Amarillo Jaycees, at the Sports Arena every afternoon and night. Admission is \$1.20 and tickets may be secured at City Drug here. Mr. Thornberry also has books of \$2. general admission tickets for \$5., and \$1 and 50¢ tickets to the All-Girl Rodeo.

## The Wise Old Owl

Douglas, Mary Opal's shade of lipstick is really becoming on you. What's the matter, don't you like Dolores's shade?

Mary Alice, only three more shopping months left of leap year. Better pick one as you are an old maid at 18. Look out, boys!

Well, Rita, you kind of got your wires crossed Saturday night, didn't you? Maybe if brick had been there fifteen minutes early, he wouldn't have gotten stood up.

Anita, why were you so sick Monday night and didn't play basketball? Don't let that Everett boy ruin your basketball playing.

Joan Ray, have you lost your charm? It seems that you and that certain Senior boy don't get along very good anymore.

Corky, you sorta got stood up Monday night, didn't you? Was there a little mix up, Theresa?

Kay, who were you with Friday night after the ball game? Joe Neal, do you remember anything about this?

Well, I will sign off with this last thought: Just where was Redtop Sunday night? It seems Dorothy didn't fall for the old story of going to Memphis with a bunch of boys.

## Christmas Cards

The Senior Class of 48 is selling Christmas cards, all occasion cards and Christmas wrappings. We are taking orders for them now and when the cards are delivered they are paid for. If you haven't bought your cards you may see any member of the Senior class for samples and prices. Your business will be very much appreciated.

## Rose-Mosley

Mr and Mrs. M. W. Mosley attended the wedding of their granddaughter, Cathryn Mosley, last Friday at Pampa. Miss Mosley, daughter of Mrs. Vestal Mosley was married to Bob Rose, also of Pampa, at the First Baptist Church at Pampa, by Rev. Douglas Carver.

A reception was held in the home of Mrs. Mosley following the ceremony, and the couple left immediately for a honeymoon trip to New Mexico and Colorado. They will make their home in Pampa.

## W. S. C. S.

The local W. S. C. S. of the Methodist Church entertained the Busy Bee Zone of the Clarendon District Friday, Sept. 24th.

Ladies were present from Memphis, Plaska, Lakeview, Clarendon, Quitaque, Turkey and Hedley. Reports and plans for future work were discussed after a splendid devotional given by Mrs. Roscoe Trostle from Quitaque.

Lunch, consisting of sandwiches, salads, pies, and drink, was served by the local church ladies, after which a devotional program by local talent was given. Miss Wanda Shaw gave a piano solo, Miss Patsy Usrey sang a solo and was accompanied by Miss Joan Ray Moreman.

District officers present were Mrs. Sam B. Cook, Promotional secretary and Mrs. J. B. Caldwell Secretary of Children's Work.

Another freehearted farmer is V. F. Wade, who contributed some fine peas and corn Saturday. We raided Carroll Deahl's watermelon patch again, too.

## Uncle Sam Says

Can you keep on the "up" side of life's see-saw? The bumps come when you are on the "down" side and they aren't funny. For most of these bumps are financial ones and they hurt, unless you cushion the shock. Millions of Americans have discovered the safe, automatic pillow against financial bumps. That pillow is U.S. Savings Bonds. By allotting only \$2.50 a week, you will accumulate \$1440.84 in ten years. There are two convenient methods for the purchase of U.S. Savings Bonds—the Payroll Savings Plan where you work or, if self-employed, the Bond-a-Month Plan where you bank.

## Fire Prevention Week

From Oct. 4th through the 9th is Fire Prevention Week. Our Fire Department is doing all it can to prevent fires and asks your help. Last years fires caused a 10% increase in fire insurance in Hedley. Let's don't let this occur again.

Be fire-sighted about fire hazards this fall. Cooler weather brings a hotter time in many an American home. Just to be sure that the firemen won't arrive too late, burn trash and leaves in a wire mesh container, and be sure the fire is out before you go to bed at night.

## Methodist Church

Friday afternoon, Sept. 24th, Rev. W. E. Hamilton called a meeting of all the pastors of the Clarendon District to meet at the Hedley Methodist Church for the purpose of meeting with Dr. Glenn Flynn of Dallas, who is the director of the Wesley Foundation of the Methodist Student movement in Texas. Dr. Flynn presented the program of building Bible Chairs at both Texas Tech and Canyon College for the religious training of Methodist students who attend these schools. Other churches are carrying on a like program.

Mr. and Mrs. W. T. Merrell came in Monday morning from East Texas where they spent their vacation. They report a very enjoyable visit and all the squirrel they could eat.

T. J. Cherry and Glyndon Cherry and family went to Westbrook Monday on account of the illness of Mr. Cherry's brother, Marvin Cherry.

## Left Over From Last Week

The school teams are about ready to start a winning streak. Come out to Friday night's games and give them your support. The Hedley girls will play the Quail girls at 8 p. m., then the boy's teams of these two schools will play. The Lions will hold their first work out after these games, probably play an intra squad or with outsiders.

Lions Frank Story, Carrol Deahl, Otis Owens, Chas. Rains, Booker Shaw, L. D. Messer and Clifford Johnson attended a barbecue at Berger Tuesday, honoring Herb Petry, Vice President of Lions International.

Harold Mithelman and family and Ella Kirkpatrick visited here this week.

Homer Grimsley and family of Ingewood, Calif., have been visiting here.

R. E. Mann is not only an expert grower of watermelons, cantaloupes and corn, but he is also mighty generous with said products. Many thanks.

Mr. and Mrs. Kenneth Taylor of Amarillo have been visiting here.

Mr and Mrs. Charles Rains and Redtop Sims attended the ball game at Memphis Saturday night.

## Street Improved

Thanks to the good people of the community and to the wholehearted cooperation of the local merchants, the Fire Boys, Lions Club and City Dads the main street of Hedley now looks 100% better.

Let's don't stop at this. There is a lot more of cleaning up and fixing up that needs to be done. We can't be the biggest town in the Panhandle (Amarillo has the jump on us) but we can have the prettiest and cleanest little town. Cooperation like this is what makes big towns out of little ones.

## E. L. Class

The T. E. L. Sunday School class met Friday, Sept. 24 with Mrs. John Blankenship with Mrs. Claude Bain as co-hostess. After a good program we had a business and social hour. Mrs. Alewine, who has taught this class for a number of years was honored as she is retiring as teacher. Refreshments of angel food cake and cream were served to ten ladies. Won't you come and be with us next Sunday?

Mr. and Mrs. W. I. Rains left Tuesday for Marlin in the interest of their health.

John Mitchell and family of Berger visited here Saturday.

Mr. and Mrs. J. A. Kutch of Amarillo visited in the Ray Bridges and Booker Shaw homes this week on their way to Arkansas.

Lloyd Corder and family visited in the Henry Posey home last week en route from Memphis, Tenn., to Florence, Ariz.

Nolan Luttrell and family of Mansfield visited here recently.

Willie Johnson for flowers, phone 58.

Adamson-Lane Post 287, American Legion

Meets on the 2nd Tuesday of each month. All Legionnaires are requested to attend.

## Uncle Sam Says

Pop got his feet in the sand, not his head, because he's a payroll saver. He knows where his future vacations are coming from. There's no guesswork about his plans for security. Automatically every pay day part of his pay goes into United States Savings Bonds which will pay him \$4 for each \$3 in 10 short years. Security—future plans will bring to other fellows like Pop unless you count yourself in with United States Savings Bonds.

## Boy Scouts

The Boy Scouts worked on knot tying Monday night, had a stiff play period and then went to the basketball games. They will work on knot tying again next Monday night. It is hoped they will all have their tenderfoot tests passed in the next two weeks. There is room for a few more twelve and thirteen year old boys.

# FIRST to the AILING HOUSE

by Roger C. Whitman

**QUESTION:** We have just emptied the last gallon from our 50-gallon range-oil drum, and the drum seems to be full of rust. Is there any way to clean this out before we have it refilled?

**ANSWER:** I believe the lower inside part of the drum has probably corroded. If you do not wish to buy a new one, you might consider having the lower part cut out and a new piece welded on. After opening up the drum it can be cleaned out thoroughly before welding on the new piece.

**QUESTION:** I have a pair of wrought iron candlesticks. I have just removed a coat of shiny black enamel from them. Now what is the correct, dull black paint or finish to use on them?

**ANSWER:** First wipe with benzine to remove all traces of whatever kind of remover you used to take off the old finish. Be careful of fire when using benzine. Finish the pieces with a flat black paint intended for metal surfaces; the better stocked paint stores sell this paint.

## Vacation Wonderland

GAITHERSBURG, MD. — Well, I had a swell vacation—at least until the pigs got loose.

Before the vacation started I had studied road maps and dreamed up all sorts of tours. I figured on going out to see my daughter in California, and my wife's aunt in New Mexico. I bothered Karl Dickel about the best way to reach his hideaway in Ontario, Canada, and corresponded with Sumner Welles about a trip up to Bar Harbor.

But in the end I decided that, with real fireworks likely to break out in Berlin this winter, I ought to take a look at things beforehand, so I got steamship reservations for Europe and went through the red tape of an American military government permit to visit Germany.

When the sailing date rolled around, however, I just didn't get on the ship. I just stayed right at home and enjoyed the Maryland countryside.

That's what I did during all of my vacation—just enjoyed my home and let General Clay worry about the Russians. Only time I left Maryland was to take two trips into the District of Columbia and one trip into the neighboring state of Delaware.

Staying right at home proved to be wonderful—that is, until the pigs got loose. Here are some of the things I did:

**Filled the silo.** My son-in-law, who used to be a diligent silo-filler when he was courting my daughter, was absent this time; and even my radio agent, Jackson Leichter, never known to do a stroke of work during the rest of the year, carefully sprained his ankle just before silo-filling time.

Went to Church. What with getting up at 6 a. m. Sundays to prepare a radio broadcast during most of the year, I don't get to church as often as I should. Especially enjoyed the sermon of Bishop John E. Hines of Austin, Tex., who preached at Bethany Beach, Del.

His Delaware neighbors tell about a car getting stuck in the mud outside the church and when several people brought planks to get it out, one man remarked: "If that board doesn't do it, I'll go inside and get the pulpit." "Shhh," cautioned another, "That's the preacher over there." "Yes," was the reply, "and I'm the bishop."

## No More Corn

Decided not to plant any more corn. Having sat on the banks of the Potomac and watched thousands of tons of topsoil wash down from the cornfields of Maryland and Virginia, I finally decided to do my part by planting no more corn.

Despite strip-farming and contour-plowing, both of which we practice religiously, any cornfield, unless on level ground, is bound to wash away the most priceless gift nature gave us—our topsoil.

So, from now on, we are filling our silo with alfalfa. The farms of Iowa, where the ground is flat, can supply the nation with corn.

Met a gradually disappearing species—the country doctor. Young Dr. Garrett Hume got out of the army and decided he wanted to help his fellow men by practicing where doctors were scarce. He hung out his shingle at Georgetown, Del., and has been answering calls on an 18-hour schedule ever since.

So, in an age when more doctors gravitate to the city and specialized medicine, here's hats off to the country doctors, like Garrett Hume, who stay out where distances are long, where fees are low and where people need them most.

## Pigs Get Loose

Most of the above were enjoyed during the first part of my vacation—before the pigs got loose. I might note in passing something obvious to most lady readers—that this stay-at-home vacation didn't go down too well with Mrs. P. After all, when you've kept house, cooked and planned meals for a year, it's only natural to want to let a hotel manager worry over the food and the servant problem during your husband's vacation.

However, Mrs. P. was a good sport, and, among other things, enjoyed her garden, especially one plot of lawn she had worked hard to keep green and on which we sometimes played deck tennis.

This is the point where the pigs came in. It was, of course, my fault. I had seen them roaming around loose, and I had been warned by the lady who is much wiser than I am that they might descend on the lawn. However, they were such nice little pigs, and they so obviously enjoyed their freedom, that I put off catching them for a day.

That day turned the tide of my vacation. That evening the pigs decided to play deck tennis. I don't know which of them won, but I know I lost. In 30 minutes that lawn—pride of Mrs. P.'s heart—looked like a plowed field.

### WEEKLY NEWS ANALYSIS

# Indian Troops Invade Hyderabad, Endanger Country's Shaky Peace; Russia Confuses Crisis in Berlin

By Bill Schoentgen, WNU Staff Writer

(EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysis and not necessarily of this newspaper.)

## INVASION: Hyderabad

Events in India were a far cry from the days when Mohandas Gandhi's philosophy of passive diplomacy prevailed among the affairs of that sub-continent.

Indian troops, strongly supported by armored units, had invaded the princely state of Hyderabad (see map) whose Moslem ruler—called the Nizam—had refused to join with the other Indian dominions even though Hyderabad's population is predominantly Hindu.

THAT WAS THE whole story. The Nizam and his small, compact Moslem court would not agree to follow the other Indian princely states in acceding to the Dominion of India which was established last year.

The Nizam, often called the richest man in the world, and the only surviving heir of the great Mogul empire, wanted to rule an independent Hyderabad.

Whether he could have succeeded in doing that, even if the dominion government had not opened hostilities against him, is questionable. Hyderabad is completely landlocked and has no access to the sea except by courtesy of the states surrounding it. All of its imports and exports, therefore, must pass through India.

WHILE HYDERABAD might profess its independence as a state, chances are that the economic and political conditions of actual independence never could be achieved.

Can India's invasion of Hyderabad be justified? Not too easily, if at all. It was not a matter of sending a police force into the state to quell internal disorders. It was, apparently, a deliberate act of aggression and as such should go before the U. N. security council for judgment.

From a practical standpoint there was not only no need for the invasion but there is an actual danger

## The Last Mogul

Sir Mir Osman Ali Khan, sometimes called the richest man in the world, is the Nizam of Hyderabad, land-locked princely state in India which was attacked by India's dominion troops.

ful solution was getting buried deeper and deeper.

That all this confusion was being fostered deliberately by the Soviets was quite evident. Their purpose for so doing was more obscure.

THE RUSSIANS want full control of Berlin, taking that as their immediate objective. Ultimately they want to force American occupation troops completely out of Germany, after which Russia could take over the great German industrial potential, including the inestimable valuable Ruhr section.

However, there might be still another reason for this display of Soviet diplomatic aggression which was planned almost a year ago to erupt this fall.

The Russians might be trying to harass the western nations to the point where the entire Berlin issue will be dumped in the lap of the United Nations. Once the crisis comes under U. N. jurisdiction the Russians might plan to use the inevitable squabble as a pretext for resigning from the world organization and taking their satellite states with them.

THE EAST-WEST split into two opposing power spheres then would be complete. Moreover, the U. N. itself probably would be reduced to total impotency in guiding international affairs.

And the question of whether the Soviet Union is entertaining motives like these might be answered by the end of the year. For the western nations were determined that if they didn't get some satisfaction from Moscow soon they would arraign Russia before the United Nations this fall.

## COTTON: Lift Dat Bale

With the largest cotton crop since 1937 being harvested this year, Uncle Sam is making ready to stage a comeback in the cotton buying business.

Of the 15,219,000 bales to come off the land, the cotton trade estimates that about a third will go into storage under federal loan.

TWENTY-ONE MILLION people in the United States depend on cotton for their livelihood, and the fate of the cotton crop, therefore, is not only a personal but a national concern.

The federal government is coming into the picture because cotton prices are coming down. They have reached 31.04 cents a pound, which is pretty close to the support floor of 30.74 cents.

Here's what happens: WHEN THE COTTON grower hauls his crop to the warehouse he gets a receipt for it, and then he either sells the cotton at the market price or accepts the government's standing offer to lend him money on it.

If he chooses to accept the loan, he is paid 30.74 cents a pound on the average—the exact price depending on the kind and quality of the cotton.

Then he is free, for one year, to sell the cotton for more money, provided the price goes up. If he doesn't sell it within a year the government becomes owner of the crop.

PROBABLE EFFECT of this operation will be to keep a lot of cotton off the market this year, thus preventing the price from dropping through the support floor. Also, it will result in the government's ending the year with several million bales of cotton on its hands.

### Russia Is Well Supplied With Manpower

Russia and the Soviet satellites are appallingly well supplied with manpower for military purposes, according to official estimates in Washington.

In Soviet Russia alone there exists a tremendous reservoir of able-bodied men for land armies. Best estimates indicate the existence of 175 divisions of Russian ground force and security troops—embod-

## BIG FOUR: Or Little 14?

The U. S. government's spectacular suit against the "big four" meat packing companies—Swift, Armour, Cudahy and Wilson—promised to be one of the biggest anti-trust actions since President Theodore Roosevelt said something about carrying a big stick.

Filed by the justice department in federal court in Chicago, the suit asks that the four companies be broken up into 14 separate firms. Specifically, the U. S. wants Swift and Armour to be carved into five separate companies each and Wilson and Cudahy each to be split into two firms.

TOM CLARK, attorney general, said in a statement: "The four defendants named in the complaint are charged with suppressing competition in the sale of meat and meat products." The Sherman anti-trust law is being invoked in the action.

Clark described the suit as "another in a series of cases instituted by the department of justice in furtherance of its program to free the production and sale of food and food products from monopolistic restraints."

THE PACKERS had another story to tell, however, with "playing politics," as one of their key phrases.

Said John Holmes, president of Swift and company: "It is significant that the charges appear at the beginning of this fall's political campaign. Apparently an attempt is being made to shift responsibility for inflationary price trends."

"No one can control either livestock prices or meat prices," Holmes fumed.

## INFRA-RED: Frost Killer

The day—or night—of the old-fashioned smudge pot as the main buffer between plants and killing frost may be nearing an end.

Science has taken over to come up with a new kind of frost killer, development of which was sponsored by the American Iron and Steel institute.

THE CONTRAPTION, known as the Plymouth infra-red lamp, is in a fair way to affect materially the nation's agricultural system, the institute thinks.

Reporting on the new device, the institute pointed out that while farmers will find the lamp invaluable in saving crops during the first touches of frost, the growing season actually may be extended as techniques for its use are developed.

Dr. Arthur W. Farrell of Michigan State college, one of the men responsible for development of the infra-red machine, cited an example: "On September 2, 1946, to take one example, Michigan had a two-hour killing frost. The next frost did not occur until October 1, a month later. Had tomato and melon growers been able to protect their crops for about two hours on the morning of September 2, they would have had four more weeks of very favorable growing weather. As it was, they lost everything."

"THE FROST dispeller, made up of sheet steel and a little ingenuity, will put an end to some of nature's nonsense."

The lamp is composed of a circular piece of stainless steel, shaped in cone-shaped steps, with an oil burner within the framework. When the burner is put into action, the steel heats until it becomes cherry-red. At this point, infra-red rays are thrown off, spreading over the area to be warmed, even entering the ground in their intensity.

IN PASADENA . . . Michael Beal, 83, (above) received a 30-day suspended sentence for being drunk and disturbing the peace after he had propelled his wheelchair up and down sidewalks at a furious rate of speed, hurling invective and profanity at all comers.

IN GREAT FALLS, Mont. . . Members of the Cascade county Democratic central committee voiced no objection when Ray Wise, a Republican, submitted his resignation after being elected Democratic precinct committeeman.

IN EAST PRAIRIE, Mo. . . A. L. Webb cleaned out his desk, came across a letter his wife had given him to mail 11 years ago, shuddered at the possible consequences, finally mailed the letter.

## BLIMP: Biggest Yet

Biggest blimp the U. S. navy ever ordered and the first to be contracted for since the war soon will be under construction at the Goodyear Aircraft corporation in Akron, Ohio, the U. S. navy bureau of aeronautics has announced.

The ship will have a helium capacity of 825,000 cubic feet and an empty weight of about 34,000 pounds. It will be 324 feet long, 71 feet wide and 92 feet high.

## Practical Wood Shelf Adds Decorative Note

THE Wedgwood narrow shelf illustrated above is designed for use over sink, stove or in the bathroom. On it you can keep the many small articles you're always taking extra steps to reach. It not only provides a handy and practical amount of extra shelf space but it also adds a decorative note to the room.

The full size pattern offered above is traced on the wood which the pattern specifies. Then saw and assemble. A really professional note is obtained by placing upholsterer's tacks on shelf where pattern indicates.

## No Longer Constipated

"Since I made ALL-BRAN my breakfast cereal I've stopped taking laxatives"—Mrs. V. DeBonia, Philadelphia, Pa.

If your diet lacks bulk for normal elimination, this delicious cereal will supply it. Eat an ounce every day in milk—and drink plenty of water. ## That Nagging Backache

May Warn of Disordered Kidney Action. Modern life with its hurry and worry, irregular habits, improper eating and drinking—in its risk of exposure and infection—throws heavy strain on the work of the kidneys. They are apt to become over-taxed and fail to filter excess acid and other impurities from the life-giving blood.

You may suffer nagging backache, headache, dizziness, getting up nights, leg pain, swelling—feet constantly tired, nervous—all warn of constant strain on the kidneys. Other signs of kidney or bladder disorder are sometimes burning, scanty or too frequent urination. Try Doan's Pills. Doan's help the kidneys to pass off harmful excess body waste. They have had more than half a century of public approval. Are recommended by grateful users everywhere. Ask your neighbor!

**HINTS ON MAKING GOOD DOG PHOTO**  
Few Simple Rules to "Catch" Family Pet At His Best Are Listed

Willie Johnson for flowers, phone 5°.

**LITTLE ILLS MAKE BIG BILLS!**

True, that "little illness" you've been mentioning in an offhand way, may not seem to amount to much—just a few faint symptoms. But, neglected, these "little ills" can lead to big bills for doctors, medicines, etc; not to mention needless suffering and loss of precious time. Consult a Doctor now—you'll save by it in the end. And, of course, we hope you'll bring his prescription to us for careful compounding.

By remembering a few simple rules of grooming, background and pose, the home photographer has a good chance of getting pictures of his family pet which will hold much of interest in years to come, states the Gaines Dog Research Center, New York City.

Photographs of puppies and dogs rate with pictures of babies for having the greatest appeal and human interest. In spite of the fact that many amateur photographers are quite expert, they are frequently disappointed in the results when they attempt a picture of their pet dog or puppy. These rules by the Center should help.

A homely, lovable rascal

full beauty. Dogs with white patches or all white coats should be snowy clean. If cold weather makes bathing the dog risky, rubbing talcum powder into the white portions of the coat will make it presentable for photographic purposes. Smooth-haired dogs will look glossy and well-kept if they are brushed and then a little brilliantine rubbed on by hand.

The background against which the dog is posed can make or break a picture. Black, tan, brown and reddish dogs photograph dark and a dog of any of these colors should be placed against a light background. A sheet hung tacked against the side of a house, barn or garage makes a good light background. White or spotted dogs need a solid dark background such as a brick wall or a thick hedge. Particular care must be taken with spotted dogs not to place them against a mottled background, as they will blend with it.

One of the best ways to get a standing picture of a dog is to place him in a three-quarters view facing the camera. This pose gives a full view of the dog's head and expression without obscuring the outlines of the body. For close-up shots of the head it is important that the dog's facial expression be bright and alert. The easiest way to capture an appealing expression is for the photographer to have an assistant who can attract the dog's attention by making a noise or holding a bit of food. Breeds having a collar or ruff of fur around the neck—such as Collies, Chows, sled dog breeds—make nice pictures when faced directly into the camera, as this pose shows their coat to the best advantage. Puppies are so active that they are almost impossible to pose, but often an amusing photograph results when a pup is given a bone, ball or other toy and his picture is snapped while he is absorbed with his plaything.

Prizes totalling \$1,125 are being offered by the Gaines Dog Research Center in a dog photo contest it is sponsoring as part of the observance of the 1948 National Dog Week this fall. For complete information and rules drop a postcard to the Center at 250 Park Avenue, New York 17, N. Y.

## BEEF STEW

2 lbs. beef stew meat	2 cups tomato puree (or canned tomatoes)
1/2 teaspoon salt	1 onion, minced
1/2 teaspoon pepper	4 stalks celery (cut in 1-in. pieces)
Four for dredging	1 green pepper, diced
Lard for browning	3 carrots, sliced
2 onions, chopped	1 bay leaf
1 cup boiling water	2 potatoes, quartered

Have meat cut into small cubes. Roll in flour, seasoned with salt and pepper, and brown in a little hot lard. Brown the chopped onions in lard. Mix the tomato puree with boiling water, heat and pour over meat and onion. Add bay leaves and simmer 1 hour. Add minced onion, celery, green pepper, carrots and potatoes. Simmer until all ingredients are done—about 1 hour. Liquid may be thickened with flour for gravy. Serves 6 to 8.

There is good nutrition in any cut of meat

From where I sit... by Joe Marsh

**Your Most Important Right**

Now that the bandstand has been painted, and the park re-landscaped, we have about the nicest village green in the county.

And it's all because, at the last town election, folks got out and voted—85 per cent of them! That way, they passed the amendment calling for park improvements—over those opposing it.

Reminds you again how important the right to vote is in this country. And it's a right we can retain only by exercising it! Like all the other individual liber-

ties—from freedom to enjoy a glass of beer or ale, to a woman's right to vote along with men.

Folks can thank themselves that on summer evenings they'll be able to listen to hand concerts in a well-kept park... enjoying a bottle of beer or soda pop (whichever they prefer). Because from where I sit, that's a freedom they've earned by exercising a still more important freedom: Voting!

Savory Fish Dishes Appeal to Appetite, Are Kind to Budget

ARE YOU LOOKING for versatile as well as economical main dishes these days of high prices? Fish will fill the bill on both counts, and none of the family needs turn up his nose at these delectable foods we've concocted. They're truly delightful and refreshingly different.

A small inexpensive can of fish when combined with other nutritious ingredients such as bread, milk, cheese and vegetables makes a hearty and protein-rich dish that really satisfies. Serve a salad and light but tangy dessert and you have the foundation for your meal.

FOR THOSE DAYS when you have to economize but still have something the family cheers about, select foods from this parade of recipes. They're kind to the food budget.

Tuna puffed uses such nourishing ingredients as eggs, milk and bread crumbs to make a hearty and satisfying dish out of a small can of fish. Bake it in individual casseroles for a colorful edging around the vegetable platter.

- \*Tuna Puffs (Serves 6)
- 4 tablespoons butter
  - 1/2 pound sliced mushrooms
  - 4 tablespoons flour
  - 1 teaspoon salt
  - Few grains cayenne
  - 1 1/2 cups milk
  - 4 eggs, separated
  - 1 cup freshly grated American cheese
  - 1 7-ounce can flaked tuna fish
  - 2 cups fresh bread crumbs

Melt butter in saucepan, add mushrooms, cover and cook five minutes over low heat, stirring occasionally. Remove mushrooms. Add flour and seasonings to butter left in pan and blend. Gradually add milk. Stir and cook over low heat until thickened. Beat egg yolks slightly, add some hot sauce and blend; return to remaining sauce and cook two minutes longer. Fold in grated cheese. Remove from heat. Add drained, flaked tuna and mix thoroughly. Cool. Beat egg whites until stiff. Fold in fish mixture. Pour into six large, buttered custard cups or individual casseroles. Bake in a moderately slow (325 degree) oven, 45 minutes or until firm. Serve with lemon. For baking in a large casserole, allow one and one-quarter hours baking time.

- Salmon-Rice Loaf (Serves 6)
- 1 1-pound can red salmon, drained
  - 2 cups hot cooked rice, blanched
  - 2 tablespoons butter
  - Juice of 1/2 lemon
  - 3 eggs, well beaten
  - Salt and pepper to taste
  - 1/2 cup sliced stuffed green olives

Flake the salmon, add the rice which has been thoroughly drained and to which the butter has been added. Add lemon juice, olives and seasonings to taste. Fold in beaten eggs. Turn into a buttered pan into which a buttered piece of paper has been fitted. Bake in a moderate (350 degree) oven for 45 to 50 minutes or until loaf has cooked through completely. Unmold and garnish with lemon slices and parsley.

LYNN SAYS: Meat Stretching Tricks Are Always Popular. When you make a meat pie with lots of smooth, brown gravy and vegetables, topped with light tender biscuits, the family won't realize you're stretching the meat because the dish is so delicious. Chopped chicken and turkey or ham mixed with canned cream of mushroom soup make a nice dish when they top a platter of cooked noodles. Flavor this with

loaf that is served with a very colorful pea sauce that compliments the fish loaf perfectly:

- Shrimp Loaf (Serves 6)
- 2 eggs
  - 1 cup milk
  - 3 cups soft bread crumbs
  - 2 cups canned shrimp, cleaned and shredded
  - 2 tablespoons parsley, chopped
  - 2 tablespoons onion, chopped
  - 1/2 teaspoon salt
  - 1/2 teaspoon pepper
- Beat eggs; combine with milk, add bread crumbs, shrimp, parsley, onion, salt and pepper. Mix lightly and place in a well-oiled loaf pan. Bake in a moderate (350 degree) oven for 45 minutes. Serve with broiled tomatoes and the following sauce:

- Pimiento Pea Sauce (Serves 6)
- 4 tablespoons butter
  - 4 tablespoons flour
  - 1 teaspoon salt
  - 1/2 teaspoon pepper
  - 2 cups milk
  - 2 pimientos, chopped and strained
  - 1 cup cooked green peas
- Melt butter in saucepan; blend in flour, salt, pepper and worcestershire sauce. Add milk and, stirring constantly, cook until thickened. Fold in pimientos and peas. Serve hot.

IF YOUR FAMILY likes crab meat, extend it cleverly with spaghetti. The same recipe also can be made with rice in place of the spaghetti. Use one-half cup uncooked rice and cook in boiling, salted water until tender. Rinse and drain.

- Crab-Spaghetti Casserole (Serves 6)
- 1 9-ounce package spaghetti
  - 1 can cream of mushroom soup
  - 3 tablespoons butter
  - 1 cup milk
  - 1/2 pound sharp American cheese
  - 1 1/2 cup flaked crab meat
  - 1/2 teaspoon pepper
- Cook spaghetti in boiling salted water until tender. Drain. Heat soup, add butter and milk. When hot, remove from heat and add cheese, saving a little of the latter

Nutritious and tasty noodles will extend many seafoods, and will look attractive when baked in a casserole. With this you need serve only a crisp fruit or vegetable salad and an especially delicious dessert to make the meal complete. It's a good idea to plan a baked dessert so that the whole meal can be prepared in the oven.

- to sprinkle on top of casserole. Combine cheese sauce with spaghetti, crab meat and pepper. Place in greased shallow casserole and sprinkle with remaining cheese. Bake in a hot (400 degree) oven for 25 to 30 minutes.

- Salmon Rarebit (Serves 6)
- 1 cup tomato puree
  - 1/2 teaspoon salt
  - 1 teaspoon prepared mustard
  - 2 eggs, slightly beaten
  - 1 cup evaporated milk
  - 1 1-pound can salmon
- Melt cheese over boiling water, blend in tomato puree and seasonings gradually. Add eggs to milk and stir slowly into the cheese mixture. Add salmon broken in large pieces and heat for five minutes. Serve hot on toast.

Stews make meat go a long way because you can add lots of vegetables, gravy and dumplings to them. One cup of tuna fish flaked combined with one cup of biscuit mix, one cup of corn kernels and one-half cup of milk and two eggs, separated, makes a nice fritter batter and will serve six to eight people. Green peppers stuffed with ham, seafood, meat or chicken extended with macaroni make an excellent combination for a satisfying supper or luncheon dish.

THE widest gap between college and pro football this fall will involve the financial side.

The colleges should play to the largest crowds they have ever known, all at top prices and reduced expenses, if even part of the Sanitary Code works out. The pros, due to the knockdown and drag-out, cut-throat competition between the National and the All-America conference, can easily lead to a financial debacle.

I don't believe more than one, possibly two, of the A. C. teams can break even. At least four or five will take a drubbing that runs from \$300,000 to \$500,000 in losses. Cleveland, San Francisco and New York might break even, or make a little.

In the National league, the losses will be nothing like those in some A. C. cities, but due to much heavier pay-roll expenses, there will be few profits.

The National league grabbed most of the college stars of 1947—Lujack, Conerly, Connor, Layne, Evans, Gilmer, Minisi—on and on. The A. C. passed up the stars, although Chappuis must be rated one of them.

The Chicago Rockets, caught between the Bears and the Cardinals, two great teams, may take the heaviest financial socking. Possibly a \$500,000 touch. The Brooklyn Dodgers, opening to 16,000 when they needed 30,000 to break even—badly beaten in their opener—may take the next dipping at \$300,000 or \$400,000.

The National league is luckier in having such teams as the Giants, Bears, Redskins, Eagles, Packers, Steelers, etc., established in cities where they have been planted for years.

George Marshall of the Redskins is sold out in advance each season, although George and many football writers are not exactly on speaking terms. As long as Mr. Marshall doesn't care, why should anybody else bother? He has a monopoly that also won't make much money in this football war.

Tim Mara and George Halas have had the two richest franchises. They should have. They built up pro football. They've been on the job 27 years.

There is certainly a place for two big leagues. But in many ways the new league was badly arranged and badly directed as its \$4,000,000 losses prove.

What will happen, nobody knows. But it may not be pleasant reading for any stockholder in either league.

The College Side

On the playing side, the pros will have a great season. But the colleges will have an even greater playing season plus a far more cheerful financial side.

This should be one of the top years of college football, no matter what section you turn to. The East faces one of its most interesting campaigns—Penn State, Army, Pennsylvania, Princeton, Columbia, Navy, Rutgers, Holy Cross, Villanova, Yale, Harvard, Dartmouth, Boston College—on and on. Here Penn State is the team to beat.

Then move to the Midwest—look at what they have to offer: Notre Dame, Michigan, Purdue, Minnesota and Northwestern. Now to the Southwest: S. M. U., T. C. U., Texas and Rice. The South presents such teams as North Carolina, Georgia Tech, Vanderbilt, Mississippi State, Alabama, Georgia.

I can give you over 50 college squads along a high level—who will draw capacity crowds. For example, Southern California may win no title of any sort. But it will outdraw any pro team at least two to one on the financial side. So will Notre-Dame, Michigan, Ohio State and California.

Under the new Sanitary Code, the colleges won't be involved in any expenses involved in building up their teams. This problem will be put up to the alumni. In the old days, some football players would "die for dear old Rutgers." Now some rather wealthy alumnus will go broke for his team, whether it is in the Big Nine, the South, the Southwest or the East.

Athletes Won't Suffer. But don't let anyone tell you that any section has gone shy in taking care of its athletes. Not by any university, or by any college, but by certain proud and rather wealthy citizens who might be operating from New York or Chicago or any other spot.

AROUND THE HOUSE

On washdays wear an oilcloth apron made of an old tablecloth. This keeps you dry from neck to hem. If there is enough material, you can make a matching bag in which to carry clothespins.

Baked apples served a la mode make a party dessert. Put vanilla ice cream on a warm half of the baked apple.

When making jellies and preserves, keep a small saucer on the side of the stove to hold the spoon after stirring the mixture. If rested on the stove the sirup frequently bakes to the stove and this hardened mass is difficult to remove.

Convenient storage place for playthings for the convalescent child is a fabric shoe bag which can be hung beside the bed. Crayons, pencils, scissors and paper fit easily into the shoe pockets.

Put a sponge in a bowl of left-over starch and let it absorb the starch. Then when you have a petticoat ruffle that needs a bit of starch, dampen the sponge and squeeze the sponge into water for sufficient starch.

If one key in an otherwise well-behaved piano suddenly refuses to play, don't send for the repairman. First, look inside the instrument to see if, as so often happens, some small object has fallen on the strings.

Farmers' Exports

Nearly all of the farmers who operate the more than 150,000 farms in Kansas grow one or more crops for export and benefit directly from foreign trade, according to a United States State Department report.

The report cites Cuba's importance as a purchaser of this country's farm and other products and comments that under the stimulus of the Reciprocal Trade Agreements program, Cuba's imports of wheat flour from the United States increased from \$2,935,000 in 1933 to \$5,383,000 in 1938, or about 83 per cent.

FOR YOUR RECIPE FILE  
RICE KRISPIES  
MARSHMALLOW SQUARES!

1/2 cup butter or margarine  
1/2 lb. marshmallows (about 2 1/2 doz.)  
1/2 teaspoon vanilla  
1 pkg. Kellogg's Rice Krispies (5 1/2 oz.)

Heat butter or margarine and marshmallows over water until syrupy. Beat in vanilla. Put Rice Krispies in greased bowl and pour mixture on top. Mix well. Press into 9 x 13 greased shallow tin.
