## Uncle Sam Says

The years fly by quickly and before you know it the little "toddler" is ready for the big decision. Should he, can he go to college? Tomorrow's problems will be so much easier to face if you get the habit of regular savings today. The safe, sure and convenient way to save is to buy U. S. Savings Bonds on the automatic Payroll Savings Plan where you work. Or, if self-employed, use the Bond-a-Month Plan at your bank. Every \$3 put into U. S. Savings Bonds today will return you \$4 in ten years.

## Ex-Senior Banquet

Goodness, that north wind was cold last Saturday night, but it didn't keep sixty-seven Ex-Seniors of Hedley high school from getting together to relive their old school days. There were those we hadn't seen since last year and those we hadn't seen in several years.

The banquet was held in the school lunchroom, decorated with Thanksgiving colors of brown, orange and green. The tables were decked with evergreens, sprinkled with cranberries and nuts.

President Charles Rains made an excellent toast which was responded to by Potts Richerson.

A fine meal prepared by Mrs. John Dickson and Mrs. Ethel Miller was then served, consisting of chicken and dressing, English peas, mashed potatoes, a colorful salad, ice cream, cake and coffee. Waitresses included Mary Ruth Sargent, Mattie Lou McKee, Lanel Cherry, Carolyn Reeves, Betty Baker and Cynthia Ann Thornberry.

After the meal, the secretary, Mrs. Jonimerle Thomas, read the minutes of last year's banquet and new officers were elected. They were Keith Bain, president, Lionel Blankenship, vice president, and Mrs. Wanda Pickett, secretary-treasurer.

The program then opened with a reading by Darrell Proctor, and musical numbers by Mrs. Earl Gibbs and daughter Drusilla. Mr. Rains introduced the special guests, Mr. and Mrs. A. L. Davis and Mr. and Mrs. A. B. Truitt, and Mr. Davis made a very interesting talk to the group.

Each ex-Senior then introduced himself and told where he now lives and what he is doing.

Mrs. Gertrude Todd, who is employed as a teacher at Boys Ranch, spent Thanksgiving here.

## CROWN TEXAN A WHEAT CHAMPION

W. F. Axe

Winning the best Texas wheat trophy at the Tri-State Fair at Amarillo, Texas, W. F. Axe of Hedley has been awarded the Pillsbury trophy, and will have his grain judged for the national prize at Minneapolis next spring.

Axe's wheat will compete with samples from the other principal wheat-growing states in the 8th annual competition for this award, which consists of \$100 in cash and an expense-free trip to Minneapolis. This is the first year that Texas wheat has been entered in this competition.

Axe grew the prize-winning grain on his thousand-acre Deaf Smith County ranch, where he also grows potatoes and grain sorghums.

It was hard red winter wheat of the best variety, and was grown on 40 acres of irrigated land following a crop of potatoes harvested in July, 1947.

Wheat grown by Leonard Wright of Farnsworth, who secured place at the Tri State also is eligible to compete for national prize.

WEEKLY NEWS ANALYSIS

Pressure 'Out' in Berlin Controversy; British Welcome Lilibet's Princeling; Farmer Priority Looms in Legislation

By Bill Schoentgen, WNU Staff Writer

(EDITOR'S NOTE: When opinions are expressed in these columns they are those of Western Newspaper Union's news analysis and not necessarily of this newspaper.)

PRESSURE: Polite 'NO'

Sore point in all the Berlin controversy continued to be the Soviet blockade of the ex-Reich capital. The Big Three Western powers still blamed Russia for continuation of the crisis through perpetuating the blockade, and President Harry Truman had given emphatic evidence that he planned no further discussions with Russia on the subject until the blockade was lifted.

Following his return from a Florida vacation, the President went into a full-dress review of American foreign policy with Secretary of State Marshall and W. Averell Harriman, U. S. ambassador-at-large in Europe.

The gravity with which United Nations leaders viewed the Berlin situation was evidenced in the efforts of U. N. Secretary General Trygve Lie, and H. V. Evatt, general assembly president.

THESE TWO made urgent appeal to chief executives of the four big powers—going over the heads of these nations' U. N. delegations to an end—to bring the Berlin dispute to an end and thus bring about world peace.

This appeal was without avail. The United States, France and England said "no," politely but firmly. They declared the issue must remain in the hands of the U. N. security council until the Russian blockade is lifted. Russia reacted as usual, blaming the Western powers for the stalemate.

Evatt and Lie argued that the dispute cannot be settled within the cramped confines of the security council and should be aired in the wider fields of the general assembly.

AGGRAVATING the situation was the coming winter with its consequent obstacles to the air lift. The Russians appeared content to wait out this phase of American aid to Germany in the apparent conviction, or hope, that bad weather would so impair air lift efficiency as to make it negative in the battle for Germany.

If the situation were to be resolved by diplomatic means, American thought and procedure on the question would carry top weight with the Big Three.

Under this setup, President Truman's evident intention to spurn discussion of the problem unless the Berlin blockade were lifted, would indicate the United States was prepared to continue the "cold war" with the Russians, and to bet with the elements that the air lift would continue to be efficient and that Premier Stalin and his Communists would have to come to terms in the end.

PRESIDENT TRUMAN reiterated that he planned no American mission of any sort to Moscow, and that he and Secretary Marshall were in accord on all questions. The President would stand for no pressuring in discussion of the Berlin question, even if it came from top chieftains in the U. N.

PRIORITY: For Farmers

The man with the hoe put the "X" where it counted November 2, and, as a result, America's farmers are to reap a share of President Truman's smashing victory at the polls.

Even now, administration chiefs are moving to give the nation's farmers top priority over labor in any legislative program coming up for action by the next congress.

THE FARMER'S reward is to come immediately—not in the future—and the outlook is that labor will have to stand behind the farmer when awards for a part in President Truman's triumph are to be handed out in a legislative program.

Best friend of the farmers when the plums are to be passed around is Secretary of Agriculture Charles Brannan. No doubter of where credit for Mr. Truman's victory belongs, Brannan already has assigned Louis H. Bean, department economist and election forecaster, to prepare charts and graphs to show the President that he owes his election primarily to the farmers.

THAT ISN'T all that will be done to insure the farmers a fair return on their investment in Mr. Truman, for top level planners are drafting a new "flexible" price support program to go into effect early in 1949, instead of 1950, as would have been the case under the Republican Aiken farm bill.

Add to this the fact that Senator-elect Clinton Anderson (D., N. M.),

Day of Judgment

Hideki Tojo, former prime minister and top war lord of Japan, was found guilty of wartime atrocities by an allied tribunal in Tokyo and was sentenced to death by hanging. He is the last survivor of the infamous Hitler-Musolini-Tojo axis.

former agriculture secretary, took a direct hand in supervising drafting of the new measure and personally will introduce it, and it becomes evident the farmer's happy place in the administration sun is most assured.

BASES of Brannan's contention that farmers elected Mr. Truman: If it weren't for the farm states in the agricultural west, the 11 industrial states on the Atlantic seaboard that voted for Governor Dewey would have swung the election Republican.

How will farmers fare under the administration plan? Here's the projected program:

To protect the farmer against anticipated crop price fall-offs, he would be given a flexible price floor that would protect growers, but would not burden U. S. taxpayers with any extended permanent subsidy of farm surpluses.

PROVIDE adequate storage facilities for farmers in corn and wheat belts to prevent loss of bumper crops.

Extend reclamation and soil conservation benefits to more farm-lands and provide an increased rural electrification for more farmers, this to be sponsored and paid for by the government.

This, then, is an extension of the benefits which farmers may have felt were imperiled in the Dewey program, and for which they felt they were voting when they cast their ballots for President Truman.

WELCOME: Infant Rex

For hours the solemn-faced constable had kept his vigil in the chill of the November night. Impassive in the face of the huge throngs that pushed against the gates he guarded, he waited for the word.

At last he saw a royal page, garbed in blue, walk stiffly from a palace doorway. The page strode to the constable's side, bent over and spoke in a low voice.

THE CONSTABLE'S face lighted, he walked quickly to the iron railing against which the crowd was densely packed and declared exultantly: "It's a boy!" Then throwing his head back, he shouted: "A prince has been born."

To Princess Elizabeth, heir-apparent to the throne of England, and her consort, Prince Philip, Duke of Edinburgh, had been born a son. A prince by a special royal decree of King George VI issued several days before the birth of the child. Their young prince was born just six days short of the royal couple's wedding anniversary, November 20.

THE NEWS that Elizabeth's child was a son told the usually stolid Londoners what they wanted to hear—that the royal heir was a child who might someday be their king.

Into a world of crisis and unrest, an age of a dwindling empire for Britain, was born a princeling whose future as a potential ruler is fraught with imponderables.

Both he and his mother would be cut off the line of succession to the throne should a son be born to the king and queen; monarchical governments, even of the benevolent type, are fading from the world scene; the contracting empire's dimensions are subject to speculation, but even were these things nonexistent, there is the last and greatest imponderable of them all—the atomic bomb.

Household Hints

Brushing plain biscuits and rolls with milk before baking gives crusts a rich golden color.

Have creamed chicken on crisp brown waffles for one extended main dish.

Add two tablespoons sugar to the water in which you cook corn on the cob. Makes it juicy and sweet.

To remove cream stains from washable fabrics, rinse out with lukewarm water before laundering the garment.

Do not use water from the hot water tap in brewing coffee; the water should be freshly heated to obtain the best tasting coffee infusion.

The best way to wash a crocheted article is with a good white soap or soap chips, scald in soapy water and rinse in clean cold water without bluing. Never use bluing on any kind of crocheted lace or yoke.

You can remove the odor of onions from a frying pan by boiling a mixture of three cups of water and three tablespoons of vinegar in the pan for a few minutes. Drain, wash in hot soapy water and rinse in boiling water.

**We're Celebrating Our  
29th ANNIVERSARY**

IN BUSINESS IN THIS AREA

Twenty-nine years ago we started operating a general merchandise store down at Floss as our first venture in retail merchandising. In 1924, we opened our first grocery store in Memphis, and in 1928 established the M System Store in Hedley. Early in the food business we realized that it was possible to operate this type of store on a small margin of profit and strive for a large volume of business. Time has proven this contention to be worthwhile. Today we operate four stores—two at Memphis, one at Clarendon, and the store here in Hedley. Literally, we can number our customers in the thousands. These people have been good to us for which we are truly thankful. As we look to the future we want to re-state those principles upon which we operate: TO GIVE OUR CUSTOMERS THE VERY BEST VALUE for their money. As we celebrate this 29th Anniversary, we want you people to join with us—visit us and see what we have planned for you. Below are quoted some of our low prices. Remember our stores are chock full of values for food shoppers! —J. W. VALLANCE

### Kidneys Must Work Well-

**For You To Feel Well**  
24 hours every day, 7 days every week, never stopping, the kidneys filter waste matter from the blood. If more people were aware of how the kidneys must constantly remove surplus fluid, excess acids and other waste matter that cannot stay in the blood without injury to health, there would be better understanding of why the whole system is upset when kidneys fail to function properly.  
Burning, scanty or too frequent urination sometimes warns that something is wrong. You may suffer nagging backache, headache, dizziness, rheumatic pains, getting up at night, swelling.  
Why not try Doan's Pills? You will be using a medicine recommended the country over. Doan's stimulates the function of the kidneys and help them to flush out poisonous waste from the blood. They contain nothing harmful. Get Doan's today. Use with confidence. At all drug stores.

We're building ahead of a fast growing territory!

It takes a lot of money, men, materials, and planning to build ahead of such a fast growing territory as West Texas. But that's our job—to build ahead—to plan to be there with the kilowatts when and where you want them.

That's why Reddy Kilowatt and his fellow workers are pushing the work on our Company's \$18,000,000 construction program... a program designed to bring more and better electric service to more and more people... to help develop a better and more prosperous West Texas.

### Why Dutch is Growing a Beard

That beard on Dutch Miller's chin doesn't mean that he's getting ready to play Santa Claus. He's simply paying off the election bet he lost to Cappy Swanson.

And in some folks allow it's all a matter of timing. After last election as I sit, it's a mighty choice to a difference of opinion.

Because Americans all take their politics and voting mighty seriously. But when the issue's

settled, and the die is cast, they accept the verdict in a spirit of good humor.

And that's as it should be when it comes to any difference of opinion. For the vote for beer as favorite beverage—others vote for cider. In fact, we all have differences of taste in almost everything! But that doesn't mean that we can't live together in a spirit of good fellowship.

**Homemade Presents  
Are Sure to Please  
Discriminating Friends**

A DAY or two or three spent in the kitchen instead of out among Christmas crowds will yield several lovely as well as edible presents to give your closest friends.

Most people are so busy around the holidays, not only with shopping but with entertaining that food presents will be really welcome. Think how nice it is to receive some colorful jelly to serve with Christmas dinner or a homemade coffee cake done up in gift wrappings!

Make a gift list of food presents, then bring out the recipes and decide just how much of each to make. Wrap prettily and deliver just as you would other presents. Keep a few extra boxes of food gifts to give just in case someone you'd forgotten drops in unexpectedly.

If you put up a lot of jellies, jams and preserves during the summer, bring these out and wrap in gay paper and tie with fancy bows. Even one jar makes a perfectly delightful present.

For more elaborate presents you might want to give several jars on a tray that may be used for relishes or sandwiches.

JUST IN CASE you do not have enough jars of jelly from summer, here are some recipes to replenish the supply.

**Cranberry Jam**  
(Makes 13 6-ounce glasses)  
7 cups prepared fruit  
3 cups sugar  
3 cups light corn syrup  
1 box powdered fruit pectin

To prepare fruit, add four cups water to about three and one-fourth rounds of fully ripe cranberries. Bring to a boil and simmer, covered, for 10 minutes. Sieve pulp to remove seeds, if desired. (For spiced cranberry jam, simmer fruit with one-half teaspoon ground cloves and one teaspoon cinnamon

Presents made in your kitchen reflect your interest and thoughtfulness to the recipient of the gift, especially if you give gay and colorful jars of jellies and other canned goods. Use some of the stock you put up this summer for gifts.

or one and one-half teaspoons of any desired combination of spices.)

Measure sugar and corn syrup into a dry bowl and set aside until needed. Measure prepared fruit into a five to six quart kettle filling up the last cup or fraction of cup with water if necessary. Place over hottest fire. Add powdered fruit pectin, mix well, and continue stirring until mixture comes to a hard boil. Pour in sugar and syrup at once, stirring constantly. (To reduce foaming, one-fourth teaspoon butter may be added.) Continue stirring, bring to a full, rolling boil and boil hard one minute.

Remove from fire, skim, pour quickly. Paraffin hot jam at once.

**Apricot Jam**  
1 pound dried apricots  
1 1/2 cups sugar  
1 cup seedless raisins  
3/4 cup water in which apricots were soaked  
1 orange

Wash apricots and soak in water enough to cover for one hour. Slice orange fine and cut each slice in fine pieces. Mix all ingredients together.

Cook slowly until thickened. Fill jelly glasses and seal with paraffin at once.

**Pear and Apple Conserve**  
9 hard pears  
6 tart apples

**LYNN SAYS:**  
Make Wrappings Gay For Home-Made Gifts

Plum puddings can be given away in small colorful bowls or molds with the paper over the top. The scallop treatment around the paper gives a festive effect.

When you're giving away cookies in a round, flat, tin box, make it decorative by placing a lacy frill around the edge of the cover. A real holly sprig on top will show off much better if placed on a small lace doily.

Pare, quarter and core pears. Pare apples, core and cut crosswise into one-half-inch slices. Grate rind of lemons and add juice to the water. Cut ginger in small pieces. For every pound of fruit allow one pound of sugar. Boil sugar and water to a syrup, then add remaining ingredients and boil 45 minutes or until thick and clear. Place in

This Christmas tree coffee cake will make a welcome present for neighbors or close friends, because it's good to eat as well as very festive appearing. To make it, use a yeast dough recipe given in the column and decorate with candied red and green cherries to give the effect of lights.

sterilized cans or jars and seal at once.

**Christmas Tree Coffee Cake**  
(Makes 1 tree cake)  
1 cup ready-to-eat bran  
1 cup scalded milk  
1/4 cup shortening  
1/4 cup sugar  
1 teaspoon salt  
1 cake compressed yeast or 1 package granular yeast  
1 egg, well beaten  
2 3/4 cup sifted flour

Combine bran, milk, shortening, sugar and salt. Stir until shortening is melted, then cool to lukewarm. Soften yeast in this mixture. Add egg. Stir in flour to make a soft dough; cover. Let stand ten minutes. Knead on lightly floured surface. Place in a greased bowl. Cover and let rise in a warm place until doubled in bulk. Punch down.

Form dough into a long rope or roll about one inch thick; swirl back and forth on a cookie sheet in shape of a pine tree, reserving a small portion of the dough to use for the trunk of the tree. Cover and let rise until doubled in bulk. Bake in a moderate (375-degree) oven for about 25 minutes. When cool, frost with uncooked icing (made out of powdered sugar and a little milk) and decorate with candied cherries to represent lights on a tree.

HERE IS an excellent fruit bread to have on hand for the holidays because it will keep fresh for weeks if kept wrapped in waxed paper and placed in a tin. Slice it thin and use for sandwiches. It makes a lovely gift.

**Fruit Bread**  
(Makes 3 loaves)  
12 eggs  
3 cups sugar  
6 cups flour  
2 tablespoons baking powder  
2 cups chopped seedless raisins  
2 cups chopped walnuts  
1 cup chopped, candied orange peel

Beat the eggs and sugar together for 10 minutes on an electric mixer. (Hand beating will take an hour so you'll have to enlist help from the youngsters!) Fold in the flour and baking powder which have been sifted together. Add the fruits, mixed and floured with a bit of extra flour. Bake in greased loaf pans in a slow (325-degree) oven for one hour.

This is a nice bread for a gift. It's rich and has a distinctive flavor because of the walnuts. Serve it for sandwiches when entertaining, rather than for a meal.
