## The Wise Old Owl

Well, here I am once again. I'm sorry about not having my column in the paper last week, but circumstances beyond my control prevented it.

Dolores R., I was wondering why you didn't seem interested in the boys from Hedley. But since I found out about a certain Bob from Lelia Lake I understand.

Billy B., I see you and Cynthia together quite often now. Aren't you two a little young for dates? Gene B., I never see you and Pete together on Sunday night. What's the trouble?

Corky, it seems Patsy has given up all hopes. Why don't you make her happy, she thinks you are the only one that can.

Joan Ray, you really shocked us all Saturday night. Joe V. it seems you made her dreams come true.

Billy Dean, have you finally decided that Mary Alice doesn't want to go with you? Why don't you try someone else for a change?

Jenny M., so you finally got that certain Junior boy. How about that Eldon? Where did you two go Saturday night?

Mary Opal, just who is that wonderful man you have been going with? I found out that he has a blue Ford coupe. Know anything about that, Gene D.?

Dorothy E. it seems you don't get around much anymore. Maybe you should have kept your old boy friend.

Rita, what's this I hear about your going to be boss from now on? Brick, what do you think about that?

Sara, I haven't seen anyone else wearing the bracelet Johnnie gave you lately. Did you have a change of heart?

## Ed Phelps Deahl

Funeral services for Ed Phelps Deahl, 48 years old, of La Junta, Colo., were held Tuesday at the Methodist church at Panhandle with Rev. E. York, pastor, officiating. Burial was in the Panhandle cemetery.

Mr. Deahl died Sunday morning at Las Animas, Colo., following a fall from a horse which he was riding in a parade Saturday. Immediate cause of death was thought to be a heart attack.

He was born in Panhandle Mar. 9, 1901, and began farming at the age of 20. He moved to La Junta in 1938.

He is survived by his wife, Edna, a son, George, a daughter, Elaine, his parents, Mr. and Mrs. Ed Deahl of Pandle, four brothers Harvey, Henry, Carroll and Tom.

## Shower

Mrs. Olon Plunk was the honoree at a pink and blue shower given last Friday in the home of Mrs. Clyde Grimsley. Hostesses were Mesdames M. W. Mosley, W. B. Wiggins, R. M. Saunders and Grimsley.

Guests were greeted at the door by Mrs. Grimsley. Mrs. Wiggins registered the guests who were then ushered to the dining room where a dainty refreshment plate was served by Mrs. Saunders and tea and coffee was poured by Mrs. Mosley assisted by Mrs. C. W. Lisensbee.

The dining table was laid with a white lace cloth. Pink and white candles were at each end and the centerpiece was a bowl of pink sweets on a blue reflector. Clever favors made of safety pins bent to look like storks and tied with pink and blue ribbon stood on each plate.

A contest of names was won by Mrs. W. C. Quisenberry who presented her prize to the honoree.

Patricia Usrey sang "Tara Talara Tala" and "Brahms Lullaby" accompanied by Letha Moss on her accordion.

The many lovely gifts were presented to Mrs. Plunk in a clever skit in which they were brought in tied up as laundry for her to do in a tub with a wash board.

About fifty guests attended and many who could not attend sent gifts.

## Correction

An article in the Informer last week stated that Adrian Youngblood won a fifth place in the Clarendon Fat Stock Show with a Poland China barrow. This was reported incorrectly to the Informer, since it should have read a third place, instead of fifth.

Two Hedley churches are undergoing improvements. The Church of Christ is being enlarged to make room for some Sunday School classrooms, and the First Baptist church has a new sidewalk in front and on the south side.

John Simmons of Dimmitt, a former Hedleyan, visited here Wednesday.

Mr. and Mrs. J. D. Riley and little daughter of Clarendon spent Sunday in the M. W. Mosley home.

## Mrs. Ellen Douthit

Funeral services were held Monday afternoon in Blackburn-Shaw Chapel in Amarillo for Mrs. Mary Ellen Douthit of 1003 Lincoln, Amarillo, who passed away last Friday at the home of a daughter, Mrs. W. F. Oakley, in Albuquerque. Mrs. Douthit had been a resident of Amarillo for about 15 years, and prior to that had lived in Donley county for some years.

The services were conducted by Rev. R. C. Bolton, pastor of the South Amarillo Christian church. Burial was in Memorial Park cemetery.

Mrs. Douthit was born in 1874 in Paris, Texas, and was married there in 1890 to Evan James Douthit, who preceded her in death in 1938. She was a member of the Church of Christ for over 50 years.

Survivors include four daughters, Mrs. T. A. Webb of Amarillo, Mrs. W. O. Bench of Brownfield, Mo., Mrs. W. F. Oakley of Albuquerque, and Mrs. S. G. Adamson of Hedley, two sons, R. R. ## Dedication Week

Beginning Sunday, March 13th and running through March 20th at the local Methodist Church will be Dedication Week services. These services will launch a four-year program called "The Advance for Christ and the Church." This mighty effort calls for dedication, consecration, and sacrifice of the people of the Church that they may contribute something to world salvation and world peace.

The local church will observe Dedication Week by holding a preaching mission. The pastor will preach as usual on Sundays, but there will be a different speaker each evening throughout the week.

The speakers are Rev. Albert Cooper, Estelline; Rev. O. C. Evins, Lakeview; Rev. C. W. Parmenter, Turkey; Rev. H. A. Longino, McLean; Rev. R. H. Campbell, Lefors; and Rev. W. E. Hamilton, Clarendon. These speakers will appear in the order named.

"We are hoping and praying that God will lead us in such a way that a real revival and spiritual awakening will be the result of this effort," the pastor reports. The general public is cordially invited.

Mr. and Mrs. Homer Craddock and Mr. and Mrs. Johnson of Dumas visited in the M. W. Mosley home Sunday afternoon. Mr. Craddock is a brother of Mrs. Mosley.

Paul Lair, Jack Edens and W. B. Wiggins made a fishing trip to Lake Texoma last week end.

Rev. and Mrs. C. W. Lisensbee visited this week in Olney and Decatur.

Mr. and Mrs. J. S. Hinds and daughter Nancy Lou of Jayton spent last week end here.

WEEKLY NEWS ANALYSIS

Big Business Flayed in T-H Row; Unemployment Increases in U. S.; Soviets to Keep Prepared for War

(EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysts and not necessarily of this newspaper.)

BIG BUSINESS HEARD ON T-H LAW... Charles E. Wilson (right) president of General Electric, testifies at senate labor committee hearing on Taft-Hartley bill. With him, at left, is L. R. Boulware, vice-president of General Electric. Their conclusions: The law is "good law with wise safeguards in labor-management relations." The labor thought otherwise is shown by the placard Wilson holds.

LABOR LAW: 'Trouble, Trouble'

In the field of liberal—or, as some would term it, even "left wing"—Republicanism, the GOP's Sen. Wayne Morse of Oregon was conceding nothing to no man.

THE SENATOR was vocally and vociferously hurt. The defense of the Taft-Hartley law by "big business" was giving the senator no rest and he meant to let everyone know about it.

With little originality but much vigor, the senator was crying that the attitude of many defenders of the Taft-Hartley law was a "Judas betrayal of the capitalist system."

IN A SUDDEN onslaught against many of the business men who have appeared before the committee in defense of the measure, the senator declared their attitude is "shocking... selfish... class-conscious... un-Christian."

In contrast, he praised Senator Taft (R., Ohio) whose name the law bears, for his "fair-minded objectivity" in considering testimony on the "shortcomings" of the act.

Morse declared he and Taft are "much nearer together on the need for a law less drastic against labor" than they were in 1947 when the act was passed.

MEANWHILE, sentiment was growing among congressional observers that with every day of delay on legislative consideration of Taft-Hartley law repeal, there increased the probability of labor's failing to get as many of the law provisions outlawed as they might hope to do.

A major battle was shaping up on the proposal, with many legislators evidencing a dawning conviction that perhaps it would not be wise to scrap the Taft-Hartley law in its entirety and replace it with some version of the Wagner act.

JOBLESS: 3 Million Out

At present count the number of jobless in the United States stood at three million.

However, according to the experts, there was no cause for immediate concern. Commissioner Ewan Clague of the federal bureau of labor said the time to become alarmed would be when the unemployed total reached five million and stayed there.

Would it reach five million? THAT WAS A POINT on which the experts disagreed.

Those who were loudest in pointing to the possibility of a depression pointed out that in just three months the jobless total had jumped from 1.8 million to the present three million. That was a rate of acceleration which, they claimed should cause everyone to be alarmed.

Time was an element, Commissioner Clague contended. Wait, he said, until the spring weather begins to revive the construction business and Easter trade and then "we'll be able to tell better just where we're going."

The federal official noted there was a drop of 1.75 million workers in non-agricultural jobs between mid-December and mid-January. Part of this was seasonal, he said.

GETTING HOT IN FLORIDA

Governor Warren Runs 'Bookies' Underground

All was not sunshine and soft breezes in Florida. It was hot enough but at this writing there had been nothing to call off the heat imposed by Gov. Fuller Warren's edict against bookies. "Bookies" to the initiate are those who take race horse bets off the tracks, usually in rear rooms of public establishments—in more sumptuous instances in their own establishments.

It appeared the governor's crack-

Fraternity Man Chooses Mind Over Gastronomics

Culture had won a minor triumph.

At Ann Arbor, Mich., Paul H. Smith, University of Michigan junior was about to have at it with a hog for eating capacity honors.

Thinking better of the idea, he changed his mind.

Reason, it appears, had raised its awesome head.

Smith declared that, on second thought, it occurred to him that the contest might be a "reflection" on himself and his fraternity.

Fraternity men from high above Cayuga's waters to the Rose Bowl breathed easier, buckled anew to their academic tasks.

but the overall decline was greater than normal.

SIGNIFICANT was a report of Robert G. Goodwin, director of the bureau of employment security, who said that the number of people receiving jobless benefits increased by 62,000 to a total of 1,784,000 during the week ending February 12.

Employment or its lack has always been a major factor of indication in an evaluation of the nation's economic condition because of the simple fact that in past recessions general unemployment has always preceded periods of national depression.

RUSSIANS: Big War Talk

The Russians must keep prepared for war.

That was the message of Soviet Marshal Nikolai A. Bulganin, Soviet minister of armed forces, in a statement in an order of the day marking the 31st anniversary of the Red army.

The Marshal named the possible enemy—the United States.

Bulganin added that the "ruling circles of the United States which seek to establish their world domination by force pursue a policy of aggression and of unleashing a new war."

The language was strong, even for the Russians. Was it the beginning of a campaign by the Soviets to prepare the mass Russian mind for conflict?

It could be. Bulganin played on fears and prejudices which might well lay the groundwork for calling the Soviet people into war. Intimating the possibility of attack, he assured the Russians that the "Soviet people may rest assured our army, air force and navy will vigilantly stand guard over their socialist homeland."

THE UNITED STATES was the only western power singled out by the marshal in his order of the day.

But there was a naive element of braggadocio in all the anniversary statements. It seemed Lt. Gen. S. S. Shatilov, deputy chief director of the political board of the armed services, was trying to "whistle past the graveyard" when he stated that in its early days the Soviet army had "routed the hordes of 14 powers."

Government officials were being frank, but futile. They said they hadn't figured out how to tell Americans ways in which to protect themselves from A-bombs without letting the whole world in on the "know how."

Their dilemma, A-bomb officials said, is how to disseminate this information at home and keep it at home. No defense plans exist, for area defense.

DEATH SPRAY: Nazis Had It

Out of Mountain View, Calif., came one of the most chilling, awesome post-war tales of what might have been in World War II.

It was about a "death spray"—a spray so fatal that if a spot of it the size of a dime lay on a person's skin, that person was doomed.

THE SPRAY was described as being potent enough to knock out whole divisions of men in exposed positions.

A dime-sized spot, unless wiped off quickly, would kill a man in two minutes. It would penetrate ordinary clothing and some types of gas masks.

Authorities for these statements were U. S. army engineers who destroyed 125,000 tons of the spray where it was stored in carefully hidden caves in Bavaria.

Maj. James M. Graham of the engineer corps said the Germans called the chemical "tabun," a combination of the scientists who invented it. According to Major Graham, who had charge of the disposal of the chemical, "tabun" was a military secret until about six months ago when some information concerning it leaked out to the American public. One thousand tons were spared from destruction and shipped to the army proving grounds at Aberdeen, Maryland.

THE MAJOR said the stuff is nearly odorless that a person has to know exactly what he is smelling before he can detect it with his nose. It has a faint fruity flavor and looks like crankcase oil.

Then the Major said something that would add no comfort to those who fear a war with Russia. He said that the scientists who developed "tabun" were in Berlin when the Russians took over and probably became subject to Soviet control.

Speculation was that it was not used by the Germans because of a reluctance to engage in chemical warfare for a lack of knowledge of what weapons in this field might be possessed by the Allies.

OLIVER TWIST: Fagin Is Issue

Intelligent Jews would draw little consolation from the violent acts of their fellow men in multi-torn Berlin.

With the world on tenterhooks over the possibility of a third world war and with the issue of Palestine not yet completely settled as it affects the Jews, a mob of Berlin Jews saw fit to demonstrate over the showing of a British-made film.

THE FILM was "Oliver Twist," a story familiar to almost every English-speaking schoolboy and, apparently, familia: to a great many Jews as well.

The Berlin Jews, it seemed, couldn't stomach the Dickens creation, Fagin, one of the major characters in the story. Fagin, depicted as a Jew, is an unlovely character who teaches children to steal for him and accords them brutal treatment.

The charge that the film was "anti-Semitic" was hurled by the Jewish demonstrators. Their demonstration was effective. It resulted in temporary withdrawal of the film. German police hospitalized some of the rioters, but said they could not continue to protect the theatre.

THE ENTIRE AFFAIR provided a disturbing spectacle. Berlin, supposed to be the proving ground of the ability of nations to work together, has become, instead, the malodorous corpse of that conception.

People Are Funny

And, people are funny, in many of the things they do. This woman, Charlotte Kierstein, 23, on probation for a check swindle verdict, couldn't keep a job. Suspicious employers fired her 14 times. Then, jailed at her own request, her story hit the papers and now she's been deluged with jobs. Her past will make no difference.

A-BOMBS: Whom To Tell?

Government officials were being frank, but futile. They said they hadn't figured out how to tell Americans ways in which to protect themselves from A-bombs without letting the whole world in on the "know how."

Their dilemma, A-bomb officials said, is how to disseminate this information at home and keep it at home. No defense plans exist, for area defense.

And Your Strength and Energy Is Below Par

It may be caused by disorder of kidney function that permits poisonous waste to accumulate. For truly many people feel tired, weak and miserable when the kidneys fail to remove excess acids and other waste matter from the blood.

You may suffer nagging backache, rheumatic pains, headaches, dizziness, getting up nights, leg pains, swelling, sometimes frequent and scanty urination with smarting and burning is another sign that something is wrong with the kidneys or bladder.

There should be no doubt that prompt treatment is wiser than neglect. Use Doan's Pills. It is better to rely on a medicine that has won countrywide approval than on something less favorably known. Doan's have been tried and tested many years. Are at all drug stores. Get Doan's today.

Pointer Ch. Aristocrat's Fashion Plate, of the Gaines Research Kennels, Ridgefield, Conn., is completely nonchalant as technicians of the National Dog Record Bureau apply his Identacode number to his right hind leg. Identacode represents an advanced development in the tattooing of dogs now spreading throughout the country as a means of preventing the loss or theft of loved or valuable animals and to facilitate their recovery. A group of dogs of several breeds and of various age groups—including puppies as young as six weeks—were Identacoded at the Kennels as a test of the efficacy of the method and to establish that there was no discomfort for the dog. Looking on are (first on left): Dr. J. M. Fell, director of the Kennels; (center) Harry Miller, director of the Gaines Dog Research Center; and (extreme right) Elias C. Vail, prominent field dog authority.

**There's an Art in Placing Your Dog In His New Home**

**Hints for Softening Blow of Transfer Given by Research Center**

There are times when it becomes necessary to put our dog in a new home. When a dog is uprooted and sent to live with strangers, he is bound to suffer the pangs of homesickness just as humans. This is particularly true of the adult dog who has never known any other home.

However, it is possible to soften the blow of change in several ways states the Gaines Dog Research Center, New York City. First, in making certain that he will have a good home where he is truly wanted. Second, and very important, is to send along his own familiar belongings such as his customary feeding pan or dish and his own bed, whether it is a basket or box or an old blanket that he has slept on in a corner of the kitchen. If he is a dog that has lived in an outdoor kennel, an old jacket that his former owner has worn will help to fill a part of that aching void in his heart, and it will be a comfort to him until he learns to love his new owner.

Send along his ball or any toy that he has become accustomed to, or that pillow on the sofa for which he has formed an extraordinary attachment. And be sure to brief his new owner on a glossary of terms that you have used in giving him com-

down" or "charge" or "bring it here" rather than "fetch," or any other words that have been habitually used in commanding or talking to him.

Make sure that his new owners will understand his homesickness and not expect him to be happy content as soon as he reaches their doorstep. This is particularly important in homes of persons who have never before had a dog. If he is a hunting dog or hound, he cannot be expected to go out hunting with fevor for his strange new owner the first few times he is taken afield.

The average dog's deep attachment for his dwelling is so strong that it is evident in the small puppy that is brought from a kennel. He is invariably homesick at first and although he may romp happily during the day, his woe deepens at night, and there is a forlorn, crying little puppy. Fortunately, young dogs recover quickly and readjustment is not so long nor acute.

However, even this new puppy may be in a home where frequent closing of the house or extended business trips will necessitate leaving the dog in a boarding kennel at various times. Here, again, preparation can be made for the contingency and the owners can leave their pet with no clouded visions of mournful eyes and nagging thoughts of their pet's refusal to eat or to behave.

The dog that is going to be required to stay at a kennel at times, can be left there for short periods to acquaint himself with the surroundings. A day, at first, and then for a weekend or several days. In this way he learns that each separation results in a happy reunion with his owner. The shock of being removed from his own home will gradually lessen and he will learn to regard the kennel as a second home and he contented there.

Here again, according to the Center, it has been proved that by taking his own belongings to the kennel with him, he will adjust himself quite well and with a minimum of homesickness to the temporary abode.

This is especially important for the dog that has never been separated from his home before. If he can eat from his own familiar dish, have his usual blanket and nose his favorite ball or toy, he seems to get some assurance that the home which has harbored these things, as well as himself, has, in a little way, accompanied him.

The dog, too, years for familiar places and friends. His new owner should know whether he has learned to "lie

**Watch Your Kidneys!**

Help Them Cleanse the Blood of Harmful Body Waste

Your kidneys are constantly filtering waste matter from the blood stream. But kidneys sometimes lag in their work—do not act as Nature intended—fail to remove impurities that, if retained, may poison the system and upset the whole body machinery.

Symptoms may be nagging headaches, persistent dizziness, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—feeling of nervous anxiety and loss of pep and strength.

Other signs of kidney or bladder disorder are sometimes burning, stinging or too frequent urination.

There should be no doubt that prompt treatment is wise in such cases. Use Doan's Pills. Doan's have been winning new friends for more than forty years. They have a nation-wide reputation. Are recommended by grateful people the country over. Ask your neighbor!

**HOUSEHOLD MEMOS... by Lynn Chambers**

Serve Home-Made Rolls Often! (See Recipes Below)

**Bake at Home**

**HOMEMAKERS** who want to keep up their morale will find satisfaction in the praise of the family. Such remarks as "Oh, boy, mom is making those rolls for dinner tonight," or "The house smells wonderful with that bread baking," bring a lift and a lilt to the heart of many of us besieged with the routine of endless cleaning, dusting, laundry and preparing meals.

No longer need there be an excuse for not making yeast-raised breads and rolls at home, for methods have become exceedingly simplified recently. You don't ever have to knead these delightful concoctions any more, and in many cases, one rising is sufficient.

No-knead rolls and bread are light and delicious. They do not have quite as fine a texture as breads which have been kneaded, but this is a small matter, especially when you can have fragrant yeast rolls so quickly.

The recipes for quick rolls of this type are quite different from others you've used. Less flour is used and the dough is soft. The directions given in this column have been carefully tested; so be sure to follow them closely, and you'll have amazing success.

**FOR THIS SEASON** of the year one recipe which you'll want to use often, is that for hot cross buns.

**Hot Cross Buns (Makes 18)**

- 1 cup scalded milk
- 1/4 cup shortening
- 1 tablespoon sugar
- 2 teaspoons salt
- 1 package yeast, compressed or dry granular
- 1 egg
- 3 cups sifted, all-purpose flour
- 1/2 cup raisins
- 1/2 teaspoon cinnamon

Combine milk, shortening, sugar and salt. When lukewarm, add yeast and mix thoroughly. Blend in egg, then add gradually the flour with raisins and cinnamon and mix until well-blended and soft. Place in a greased bowl and cover. Place dough in refrigerator until needed, or allow to rest for 10 minutes before shaping. Form dough into buns and place on greased baking sheet. Let rise in a warm place (80° to 85°) until light, about 45 minutes. In the meantime, combine one well-beaten egg white with two tablespoons of cold water and brush the tops of the buns with the mixture just before baking. Slash a deep cross on top of each bun with a sharp knife, after they have risen. Bake in a hot (425°) oven for 20 minutes.

Combine four teaspoons of milk with one cup sifted confectioners' sugar and one-fourth teaspoon vanilla. Drip this mixture over the buns filling the crosses, while the rolls are still hot.

Omit the raisins and cinnamon from the above recipe and use it for caramel rolls, as follows:

Scrambled eggs placed between two slices of buttered toast which have been spread with anchovy paste make a delectable sandwich.

Spread deviled ham on white bread, top with another slice of bread and dip in an egg-milk mixture. Fry as for French toast.

Hot sliced tongue makes an excellent sandwich when teamed with fried apples on a toasted English muffin.

**Caramel Rolls**

Spread the dough with one and one-half tablespoons butter, melted, one-fourth cup brown sugar and one teaspoon cinnamon. Roll and cut into one-inch pieces. Combine one-half cup brown sugar, three tablespoons honey-flavored corn syrup and one tablespoon butter. Spread about one tablespoon of this mixture in greased muffin tins and place in cut pieces of dough. Let rise until light, then bake in a moderately hot (375°) oven for 15 to 20 minutes or until golden brown.

There's an old-fashioned hot bread which grandmother used to make, potato rolls, a recipe which has now been brought up-to-date with streamlined technique to speed the process.

**\*Potato Rolls (Makes 2 dozen)**

- 1 cup scalded milk
- 3 tablespoons shortening
- 1 tablespoon sugar
- 2 teaspoons salt
- 1 package yeast, compressed or dry granular
- 2 eggs
- 1/2 cup hot, mashed potatoes (unseasoned)
- 4 cups sifted all-purpose flour

Combine the milk, shortening, sugar and salt. Add yeast and mix well. Blend in beaten eggs and mashed potatoes. Add gradually the flour and mix until well-blended and dough is soft. Store dough in refrigerator or cold place for at least two hours or until needed. The top of the dough should be greased.

When ready to use, roll chilled, dough to one-half inch thickness on a floured board. Cut with a two and one-half inch cutter. Place on a greased baking sheet. (Or, shape rolls into any shape desired, like parkerhouse, cloverleaf, twists, braids, bowknots, etc.) Let rise in a warm place until doubled in bulk, about one and one-half hours. Bake in a moderately hot (400°) oven for 15-20 minutes.

**Orange Bread (Makes 1 loaf)**

- 1 cake yeast, compressed or dry granular
- 1/4 cup lukewarm water
- 1 beaten egg
- 2 tablespoons melted shortening
- 1 teaspoon salt
- 2 tablespoons sugar
- Grated rind of 2 oranges
- 1/4 cup orange juice
- 4 cups flour

Dissolve the yeast in water. Add the beaten egg, shortening, sugar, orange rind and juice. Stir in flour, mixing until smooth. Add more flour, if necessary, to make dough easy to handle. Let rise in bowl until doubled in bulk. Place in a greased loaf pan and let rise again until doubled in bulk. Bake in a hot (400°) oven for 10 minutes, then reduce heat to moderate (350°) and bake for 45 minutes longer.

Bulk sausage meat, fried in patties, and placed between hot pan-cakes, made the same size as the sausage patty, are hearty as well as good.

Place baked or boiled ham on a slice of bread and spread thinly with mustard. Top with a slice of American cheese and place in the oven until cheese melts slightly.

Sprinkle thick slices of tomato with salt, pepper and bits of bacon. Serve on slices of buttered toast which has been spread with ham salad or deviled ham.

Using his "calf bar," Art Schmidt of Luverne, S. L., can feed 100 calves in 40 minutes. The device consists of a nipple, attached to a rubber tube which is dropped into a two quart glass jar.

The "bar" feeds eight calves at a time; when the jars are empty, the calves which emptied them are put in a separate pen and eight more "customers" are turned in. When calves are slow in "catching on" they receive preliminary training with a nipple pail—a bucket with a large rubber nipple protruding from its side, from which they quickly learn to suck.

**To Relieve Your Cough, Mix This Recipe, at Home**

You'll be surprised how quickly and easily you can relieve coughs due to colds, when you try this splendid recipe. It gives you about four times as much cough medicine for your money, and you'll find it truly wonderful.

Make a syrup by stirring 2 cups of granulated sugar and one cup of water a few moments, until dissolved. No cooking needed—it's no trouble at all. (Or you can use corn syrup or liquid honey, instead of sugar syrup.) Then put 2 1/2 ounces of Pinex (obtained from any druggist) into a pint bottle, and fill up with your syrup. This makes a full pint of medicine that will please you by its quick action. It never spoils, and tastes fine.

This simple mixture takes right hold of a cough. For real results, you've never seen anything better. It loosens the phlegm, soothes the irritated membranes, and eases the soreness. Pinex is a special compound of proven ingredients, in concentrated form, well-known for its quick action in coughs and bronchial irritations. Money refunded if it doesn't please you in every way.
