Lions Club News

Next week's meeting will be Friday night, March 25th at the school lunch room at 7:30 p. m. This will be Ladies Night and all Lions are urged to come and bring their ladies. Since this is a regular meeting there will be no charge for the Lions but all guests will be \$1.00 per plate.

A good program will be arranged, headed by a talk from W. R. (Bill) Rutherford of Panhandle, Governor of District 2 T. Mrs. Brown and the Home Ec girls promise a good feed.

The Lions enjoyed a mighty good feed and program last week. The program from Borger consisted of a quartette who sang some mighty good numbers and a talk from C. A. Crier, candidate for governor of this district.

Seniors Honored

The 1949 Senior class of the Hedley High School was honored with a banquet by the ladies of the First Baptist Church in the basement of the church on Tuesday evening, March 15th from 7:30 to 9:30.

Guests were welcomed at the door by Mrs. Frank Murray, chairman of education, and ushered into the banquet room, where they were greeted by other members of the committee, Mesdames Charles Rains, Barney Johnson and Otis Owens. Jacque Johnson and Patricia Murray assisted in serving.

The table was laid with white linen. White carnations in crystal vases, flanked by tall green tapers in candelabra carried out the "St. Patrick" motif on the table and piano. The color scheme was also used in place cards and programs.

The menu consisted of meat loaf and gravy, green beans, new potatoes, congealed lime salad on lettuce, olives, clover leaf rolls, outter, angel food cake topped with lime sherbert and limeade.

L. E. Blankenship was toast master for the evening. Rev. C. W. Lisenbee gave the invocation. Mrs. Lisenbee spoke words of welcome to the Seniors, faculty and guests; Bobby Gibson voiced the response. Mrs. Hobart Moffitt gave a clever prophecy in rhyme naming each Senior and followed with the reading, "Success" by Edgar A. Guest.

Mrs. L. P. Frimble delighted the group with a medley of Irish tunes and climaxed the piano selections with "The End of a Perfect Day."

Rev. and Mrs. J. L. Willett rendered a beautiful duet "Whispering Hope."

Rev. L. A. Sartain, pastor of the First Baptist Church, Clarendon was guest speaker. The attention of the group to his inspirational and witty address proved his ability as a speaker.

Seniors present were Martha Jo Alexander, Wanda Shaw, Dorothy Meek, Kay Goode McQueen, Bobby Gibson, Corky Hunsucker, Bobby Hemelstrand, Loy Taylor and Jimmy Owens.

Other guests attending were Mesdames A. L. Davis, Edna Lee Brown, C. L. Vaught, L. A. Sartain and son Bobby of Clarendon; Misses Myrtle Hall, Elvare Moore; and Messrs. A. B. Truett, J. M. Baker and Jap Shaw.

Free Auction

A free service to farmers of this vicinity will begin on Saturday, March 26, at 2 p. m., in the shape of a free auction sale. M. W. Mosley will be auctioneer, and farmers are invited to bring in anything that they wish to sell, livestock, poultry, household goods, or any other article of value.

This service will not cost the farmers anything whatever, and is being sponsored as a free sale by the following firms: Country Store, Roy Darnell, Farmers Grocery, Jesse Beach, Saunders Garage, Biffie Laundry, Roy Bevers, Pickett Grocery, Ray Moreman, S. G. Adamson, R. E. Beach, H. P. Wilson, Variety Store, Trimble Dry Goods, Mike Thornberry, Security State Bank, C. B. Bennett, Hedley Cafe, Frank Kendall Mobley Cleaners, M System, Moffitt Hardware and Mosley Cafe.

Shower

Mrs. Floyd Sims, the former Theresa Kelly, was complimented Friday evening at a miscellaneous shower in the home of Mrs. Leon Reeves. Hostesses for the occasion were Mesdames Hobart Moffitt, Leon Reeves, E. M. Glass, Fred Watt, A. T. Simmons and A. E. Ranson Jr.

Rita Johnson greeted the guests. Mary Lou Greer presided over the register.

The house was attractively decorated in the St. Patrick's Day theme. Mrs. Elvia Davenport introduced the program, with musical selections rendered by Anita Bain, Joan Ray Moreman, Rita Johnson, Mary Alice Hunsucker, Dolores Gunn, Sara Rains and Patricia Usrey. Marjorie Kent read a lovely poem appropriate to the occasion.

Mrs. Davenport presented the gifts with a poem especially written for Mrs. Sims, and the large array of lovely and useful gifts was brought in by her classmates.

An unusual feature of the occasion was that four generations of the bride's family were present, the bride, Mrs. Sims; her mother, Mrs. Rollie Kelley; her grandmother, Mrs. K. Autry; and her great-grandmother, Mrs. T. C. Johnson.

Refreshments of angel food cake and punch, carrying out the St. Patrick's Day colors, were served to about seventy guests.

Fire caused by an exploding oil stove destroyed the house north of town occupied by V. R. Wadell and family early Tuesday morning. We understand the house and contents were practically a total loss. The house, owned by Mrs. Youree, was partially covered by insurance.

Card Of Thanks

I wish to express my sincere thanks to all my friends for the many cards, gifts, etc., which they have sent me. Your thoughtfulness was very much appreciated.

After a sing song by the group, the benediction was pronounced by J. M. Baker.

Basketball News

The famous Red Heads girls basketball team that will play the Hedley Lions here March 28 have combined good looks with good ball playing. This Miss Mason, forward on the girls team.

These girls are en route from California north and we are lucky to get them to stop off and play the Lions a game. The Lions are keeping in trim playing a game or so a week and will have no excuse if the girls beat them.

Last week they won a hard fought battle from the J. C. Daniels Motor Company team of Pampa. Trailing until the last few minutes of the game the Lions began hitting the basket and won 46 to 43.

W. S. C. S.

The W. S. C. S. met at the home of Mrs. Jim Everett on March 14.

The meeting was opened by Mrs. C. L. Johnson with suggestions to promote a wider membership in the society.

Mrs. McFarland gave some very good ideas on "The Nature of Silence." Mrs. Whitfield, Mrs. C. E. Johnson and Miss Hall continued with a lengthy discussion on silence. Mrs. Pierce gave the "Seven Ways of God's Guidance." The roll call was "Some experience wherein you have felt Divine Presence."

The next meeting will be held at the home of Mrs. Whitfield wherein the roll call will be scriptures beginning with "I know—" (what do we know of Christ.)

A very pleasant social period brought the meeting to a close.

Those present were Mesdames W. L. Stewart, Marvin Whitfield, T. O. McFarland, R. E. Newman, Cal Watkins, C. L. Johnson, J. B. Masterson, C. E. Johnson, Frank Kendall, Margaret Kent, Ross Springer, W. A. Pierce, Frank Story, Leon Reeves, Miss Alma Hall and the hostess.

Buck Everett Honored

'Green Midnight'

The Hedley Senior class will present the three act mystery-comedy, "Green Midnight," Friday night, March 18 at 7:30 p. m. at the High School Auditorium. Admission will be 50¢ for adults and 25¢ for children.

Never before has so much talent for so little a price been given on the High School Stage.

Hollywood stars are beginning to worry about the prospects of a new bunch of actors and actresses taking over their jobs after seeing this performance.

American Legion

The Ladies of the American Legion Auxiliary entertained the Legionnaires with a buffet supper at the Legion hut Tuesday night. After the refreshments forty-two and other games were played.

Tuesday night was the birthday of the American Legion. The Legion was organized at Pampa, France on March 15, 1919. There are only 188 Legionnaires in this district as that have had 30 years of continuous membership and the Legion post has three of them. Local year members are John Riano, Alva Simmons and Obe Holland.

Several members of the Legion and Auxiliary plan to attend the district inter-post meeting at Memphis Friday night.

Farm Bureau Meeting

There will be a Farm Bureau meeting at the school house in Lelia Lake on March 24 at 7:30 p. m. Carl Kuper, district director of the Farm Bureau, will be present, also Mr. and Mrs. Blankenship of Dalhart, who will show pictures of the national convention at Atlantic City, and a trip to Alaska.

WEEKLY NEWS ANALYSIS

Truman Threatens to Take Battle On Legislative Program to People; MacArthur Sees No Russian Attack

(EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysts and not necessarily of this newspaper.)

TRUMAN: All Aboard!

President Truman, who obviously regards himself as the "man with a mandate," was tossing some not too subtle threats toward congressmen inhospitable to his legislative proposals.

Keep fooling with me, he said, in effect, and I'll hit the old stump again—and you know what that means.

The President meant that if congress didn't set about soon enacting into law the pledges he made to the people during the November campaign, he'd hit the trail again and take the issue to the people—the way Franklin D. Roosevelt used to do.

MR. TRUMAN apparently felt that by so doing he could whip public sentiment up to such a pitch that congress would be forced to go along with his program, or else face possible defeat in the 1950 elections.

Not having the vocal equipment of his predecessor, who could get desired results with his "fireside chats," Mr. Truman would have to climb aboard a train if he wanted to influence the masses.

Strangely enough, congress didn't seem unduly perturbed at the President's threat. Things went along in congressional procedure about as usual, with Republicans charging that the 81st congress is also a "do nothing" congress, while Democratic members were inviting comparison with the "do nothing" 80th congress.

IT WAS READILY evident that Mr. Truman was needed by lack of congressional action on his program. Reiterating his campaign pledges of last fall, in which he declared the central issue was the "welfare of all the people," Mr. Truman asserted that lobbyists, pressure groups, and controlled editorial pages, columnists and commentators were offering determined opposition to his legislative program.

"All we have on our side," he said, "is the people."

Pointing out that he found on his campaign tour that the people of the nation are concerned about their government, Mr. Truman termed that concern a "fine thing."

"I propose to do all I can to help it along," he added. Then he hurled the threat: "In fact, I may even get on the train again and make another tour around the country to tell the people how their government is getting on."

INFLATION: Has Two Faces

Observers purportedly on the "inside" of things in Washington regard approval of the congressional committee on the economic report—Mr. Truman's proposal for controls to ward off inflation—as lip service only and argue that none of the committee expect the proposal to win congressional favor.

It was said the favorable committee report was made only to "save face" for the President as he seeks to implement the pledges he made in his election campaign.

THE COMMITTEE vote, which will send the measure to the floor of congress, was 7 to 4 for approval, and that came only after the proposals of the President had been toned down.

Critics of the Truman plan say it poses the unique theory that the country is in the midst of an inflation and deflation period at the same time—a condition admittedly difficult of comprehension.

They assert, too, that it would give dangerous controls to the President at a time when they actually are not needed.

One commentator observed that if any members of the committee considering the proposal had had any idea it would be enacted by the congress, it would have been killed completely before it ever got to the floor of the house or senate.

JAPAN: Reds Answered

The Russians had an answer to what would happen if they ever moved on Japan.

Gen. Douglas MacArthur, in a special interview, declared that he did not expect any attack upon Japan by the Russians, but if that occurred, "we," meaning the United States, "should certainly defend her."

THE ENTIRE IDEA of a Russian attack on Japan held a bizarre aspect. With the U.S. as chief occupation force, how could the Soviets launch an attack of the Japanese without, in effect, making war on the United States?

But, General MacArthur evidently held the subject serious enough to comment about it.

"In case of another war, we do not want Japan to fight," MacArthur said. "Japan's role is to be the Switzerland of the Pacific," he explained.

THEN HE MADE a telling point in speculation of a Russian attack on Japan:

"Even if the Soviet government had aggressive intentions toward Japan, Russia would be incapable of carrying them out unless she could secure mastery of the air and either had a far Eastern fleet of her own or possessed the means of neutralizing any action by our fleet."

"Russia could not obtain air predominance," he went on. "On Okinawa I had constructed at the end of the war 25 airfields with the capacity to dispatch B-29's, then our largest bombers, on 3,500 missions a day. The whole of eastern Asia from Singapore to Vladivostok would lie within range of those machines."

HE DID NOT point out that with development of the bombing arm of the air force since the war, even farther distances for bombing purposes could be covered by present-day missile carriers.

Of the function of Japan in the American strategy of defense, MacArthur said:

"We never intended to use Japan as an ally. All we want her to do is remain neutral."

UNIVERSE: No Limits?

Since the first man lifted his head and gazed in awe at a star-studded sky, mankind has been trying to discover the secrets of the universe.

To that end, the huge, 200-inch Palomar mountain telescope was built and put into operation.

But the telescope's first contribution to the sum of man's knowledge of the universe served only to deepen the mystery.

Astronomers using it found that there is no outer edge to the universe of stars, and the look they took was twice as far as man has ever looked before.

The astronomers got some pictures of nebulae a billion light-years distant and spaced about a million light-years apart. Each one is a world of stars, like the Milky Way. The star worlds are about uniformly spread up to the previous limits of sight, about a half-billion light years.

THE NEXT STUDY will be to find whether there is any thinning of the celestial families as sight is extended outward.

On a stunning fact the discovery brought home was that there is more than one star for every human being who ever lived. Nearly every star family, or nebulae, contains more than a hundred million individual stars.

Now it is science concurring in the psalm: "The heavens declare the glory of God, and the firmament showeth His handiwork."

Save Life

In Sault Ste. Marie, Ontario, George Hatfield put the barrel of a .22 calibre rifle in his mouth and pulled the trigger.

Dr. J. E. Grimby, who treated Hatfield for a cut tongue, said the man was alive because:

The bullet was 10 years old.

The false teeth were in its way.

A house subcommittee has approved a bill to let the government make loans for a vast expansion of telephone service to farm areas.

The unanimous action came after the committee had adopted amendments aimed at protecting existing telephone companies and encouraging the development of rural telephones by private industry.

The bill authorizes REA to make 35-year loans at 3 per cent interest

FEWER JOBS: For White Collars

There are many fewer "white collar" job openings than a year ago in most U. S. cities, but high grade personnel is still in demand. The volume of job-seekers, particularly men, is up all the way from ten per cent to as much as 300 per cent, but a heavy majority of the applicants are below-standard material and there is little market for them.

This is the tenor of reports from 106 private employment agencies in 42 principal cities from coast to coast, surveyed by the family economics bureau of Northwestern National Life Insurance company.

THE "WEEDING OUT" process is now on in full swing, agency executives report, as employers prune down working forces to eliminate the lazy, the inefficient, the chronic absentees and the chronically tardy. "Who don't realize that the wartime gravy-train has tumbled to a stop, and the era of competition is back."

The biggest drop has occurred in jobs for untrained and junior office help, particularly male. The survey finds. But there is still a nationwide demand for salesmen and sales promotion personnel, and, in most cities, for accountants and other technically trained men.

MOST AGENCIES report that salaries are the same or slightly better than last year for experienced or trained personnel but that employment requirements are stiffer. Employers interview more candidates per job, and check their qualifications much more thoroughly.

The great majority of employers dealt with are uncertain as to the future. Agencies report, but optimists slightly outnumber pessimists. Most employers feel that pre-war competition is here again, and with it the immediate necessity of trimming costs and sharpening efficiency at every possible corner. The prevailing attitude is that good business can be had by means of increased efforts. If pending legislation does not turn out too unfavorably, many concerns are reported as marking time on their future programs until they can see how the new tax program and labor law shape up.

Wins Film Award

Virginia Wave, Cathedral film's star, receives the annual award as the best actress of religious films from the American association of religious film distributors for her work in the film, "Simon Peter, Fisherman," in which she portrayed Concordia.

Answers Critics

Former Gov. Mon C. Wallerem, Washington, nominated by President Truman to head the national security resources board, denies critics' charges at committee hearing. He was accused of being "soft toward communism." He branded the charges "ridiculous and silly."

WAR TALK: Little Ease-up

There was little ease-up in the talk of possible war.

War rumors were still flying, the latest reporting that the Russians had strengthened their garrisons along the Soviet-Norwegian border. A "well-informed" Finnish source was credited with the report.

The informant said the Russian troops had come from the Murmansk area. While not estimating the number involved, he said the troop movements had been observed and apparently were in connection with the stand taken by Norway on the north Atlantic defense treaty.

THE INFORMANT said there were no indications of similar troop movements along the Finnish border.

Norway and Russia now have a short common frontier in the far north. The frontier was established when the Petsamo region of Finland was ceded to the Soviet union under terms of the Russo-Finnish peace treaty.

The Soviet union recently proposed to Norway that both nations sign a non-aggression pact. Norway has made it clear she will not enter into such a treaty. Instead, Norway appeared disposed to cast its fortunes with countries in the proposed north Atlantic treaty—The United States, Canada, Britain, France, the Netherlands, Luxembourg and Belgium.

SLOWDOWN: Banned By Court

The supreme court has upheld a Wisconsin ban on the slowdown as a union tactic in a dispute with management.

By a 5-4 vote, it sustained a state law which prohibits any concerted efforts by workers to interfere with production except by going on strike.

The specific action involved was a series of unannounced work stoppages.

Watch Your Kidneys!

Help Them Cleanse the Blood of Harmful Body Waste

Your kidneys are constantly filtering waste matter from the blood stream. But kidneys sometimes lag in their work—do not act as Nature intended—fail to remove impurities that, if retained, may poison the system and upset the whole body machinery.

Symptoms may be nagging backache, persistent headache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—a feeling of nervous anxiety and loss of pep and strength. Other signs of kidney or bladder disorder are sometimes burning, scanty or too frequent urination.

There should be no doubt that prompt treatment is wiser than neglect. Use Doan's Pills. Doan's have been winning new friends for more than forty years. They have a nation-wide reputation. Are recommended by grateful people the country over. Ask your neighbor!

Northern Town Warmed By Drift Currents

Hammerfest, on the island of Kvalø off the coast of Norway, is regarded as the most northern town of Europe.

Its latitude is 70 degrees 40 minutes north—about 10 minutes farther north than Point Barrow, Alaska. It is a prosperous city and has a normal population of several thousand.

In spite of its northern latitude, Hammerfest enjoys a comparatively mild climate; the average January temperature is a little below freezing and the harbor is always ice free; this is attributed to mild westerly winds, the drift currents of the Gulf Stream and/or those of the North Atlantic.

It may be caused by disorder of kidney function that permits poisonous waste to accumulate. For truly many people feel tired, weak and miserable when the kidneys fail to remove excess acids and other waste matter from the blood.

You may suffer nagging backache, rheumatic pains, headache, dizziness, getting up nights, leg pains, swelling. Sometimes frequent and scanty urination with smarting and burning is another sign that something is wrong with the kidneys or bladder.

Observing Rules Is 'Must' When Home Cooks Make Dishes of Cheese, Eggs

IF YOU'RE BUSY juggling menus for Lent or simply trying to add variety to your meals, then there's concrete help in today's column of recipes. Cheese, eggs and fish are favorite foods right now, and it's a wise idea to know how to bring out the best in each food.

All these foods, cheese, eggs and fish are economical, which may be an incentive for you to give them more than a passing thought. However, they're also foods which are highly nourishing. All three contain high quality protein which you need for building and repairing tissue.

Aside from other vitamins, cheese furnishes calcium and riboflavin. Eggs supply vitamins A and riboflavin as well as iron. For these reasons, both foods should be included in the daily diet.

THERE ARE MANY schools of thought on how omelets should be made, but the main thing is to have them light.

A light touch is necessary in putting together an omelet and it should be cooked until just done, then served at once. The omelet

A flavor triumph is this new way with omelet which uses broccoli in the fold and is served with a delightful cheese sauce. There's nourishment aplenty in this cheese, egg and vegetable combination as well as variety for your menu plans.

recipe given here uses one of the season's most delicious green vegetables and is made even more appealing with cheese sauce. Serve it with a vegetable juice cocktail, hot rolls and relishes and a simple fruit dessert, and you have a meal you'll be proud to serve anyone.

Broccoli Omelet (Serves 6)

- 6 eggs
- 6 tablespoons milk
- 1/2 teaspoon salt
- 1 tablespoon butter
- 1 cup hot, chopped steamed broccoli
- 1/2 pound American cheddar cheese
- 1/2 cup milk
- Whole heads of cooked broccoli.

Beat the egg yolks until light. Add the milk and salt, then fold in stiffly beaten egg whites. Pour into a skillet in which butter has been melted. Cook slowly until puffed and lightly browned on the under side. Place in a slow (300°) oven for a few minutes to dry the top. Spread half of the omelet with hot, chopped broccoli, fold the other half over it and turn onto a platter.

Melt cheese in top of double boiler. Add the milk, stirring constantly until sauce is smooth. Garnish the omelet with whole heads of hot, cooked broccoli and serve with hot cheese sauce.

YOU'LL FIND THESE supper rolls quick to fix, and an excellent, nourishing way to solve a meal problem:

Lenten Supper Rolls (Serves 6-8)

- 1 pound grated American cheese
- Small bottle of stuffed olives
- 1/2 cup butter or substitute
- 1/2 cup finely chopped green pepper
- 1/2 cup minced onion
- 1 (8-ounce) can tomato sauce
- 8 hard rolls

Mix cheese, sliced olives, butter, green pepper and onion. Blend in canned tomato sauce. Cut off ends of rolls and hollow them out. Butter insides of crust and stuff with cheese filling. Replace ends of rolls and wrap each roll in waxed paper, twisting ends to hold paper tight.

LYNN SAYS: Here are Facts About Yeast Breads

It's important to use all-purpose flour in making bread and rolls with yeast because this contains gluten. Cake flours are short on gluten and do not make good bread with yeast.

When the temperature goes higher than 88°, the heat may easily kill the action of the yeast.

Mix finely chopped, hard-cooked eggs with cream cheese and spread or toast. Broil until slightly bubbly and serve with bacon strips.

Here's another quickie for a meatless luncheon or supper dish:

Lenten Broils (Serves 3-4)

- 1 tablespoon butter
- 1 tablespoon flour
- 1/2 cup canned tomato sauce
- Salt and pepper
- 1/2 cup grated American cheese
- 1 cup flaked tuna fish
- 1/2 teaspoon tabasco sauce

Melt butter, remove from range, stir in flour to make a paste. Add canned tomato sauce gradually, stirring until smooth. Cook until thickened, stirring constantly. Add remaining ingredients and blend. Spread on slices of bread and place under broiler until golden brown and bubbly. Garnish with a sprig of watercress.

CHEESE AND POTATOES are two foods that combine naturally to make a pleasing flavorful dish. This soufflé may be baked in individual dishes or in one large casserole. For a meatless meal, serve it with asparagus tips in drawn butter sauce, minter carrots and creamed onions. It may also be served very nicely with a roast leg of lamb in place of au gratin potatoes.

Potato and Cheese Soufflé (Serves 6)

- 1 tablespoon butter
- 1 tablespoon flour
- 1/2 cup milk
- 1 cup grated or shredded cheese
- 1 tablespoon grated onion
- 1/2 teaspoon salt
- Dash of pepper
- 2 cups sliced potatoes
- 3 egg yolks
- 3 egg whites

Melt butter, add flour and blend. Add milk and cook, stirring constantly, until thick. Add cheese and seasonings and cook over very low heat until cheese is melted. Add potatoes and well beaten egg yolks. Fold in stiffly beaten whites. Turn into a large or into individual cas-

seroles which have been buttered and bake in a moderately (325°) slow oven for 40 to 60 minutes.

BAKED BEANS,

prepared as they are in the following recipe, are tasty and filling, guaranteed to take the edge off sharp appetites.

*Lenten Baked Beans (Serves 4-6)

- 1/2 cup minced onion
- 1 1/2 cups minced green pepper
- 4 tablespoons fat or salad oil
- 4 cups cooked or canned baked beans
- 1/2 cup chili sauce
- 1/2 cup grated American cheese
- 1/2 cup buttered bread crumbs

Saute onion and green pepper in fat until tender. Add beans and arrange in a greased casserole, alternating layers of the beans with cheese. Top with crumbs. Bake in a hot (400°) oven for 30 minutes.

When you ready the dough for rising, grease the top of it lightly with butter, fat or salad oil, and cover with a clean towel.

Light greasing helps prevent a crust from forming on the dough. The towel prevents dust from coming in contact with the bread.

Bread and rolls should be removed from their pans immediately after baking so they will not steam and become soggy.

If you like a soft crust on rolls, brush them with melted butter as soon as you finish baking.

FIRST AID to the AILING HOUSE

by Roger C. Whitman

QUESTION: My basement floor was painted some time ago, but the paint has worn off and I would like to fix up the floor so that the youngsters can use it for dancing. Because of the expense involved I would prefer not to lay asphalt tile. As it is now, there is powder about one-quarter-inch deep over the whole floor and the surface is not smooth, but full of small pin-holes.

ANSWER: You can treat the floor and get a good job, depending on how much labor you are willing to put into it. I would suggest that you look forward to laying asphalt tile as soon as you can manage it, for the tile would be much more comfortable underfoot than concrete, if the floor is to be used for dancing. In the meantime, you can paint the floor with an appropriate paint with a rubber base.
