Lions Club News

This week's Lions Club meeting starts at 6:30 p. m. The meeting was moved up an hour to allow Lions who wish to attend the revival meeting now going on, to attend both meetings.

Work on the building is still progressing slow but sure! The committee says they still can use help on the work also the donations.

Lions Jerald Sims and Edward Rohrer are new members in the key members club. Any member who gets two new members for the club is presented with this key.

Next week is directors meeting at the bank. There is a lot of business going on now in the club and Boss Lion Owens would like to have a good attendance at this meeting.

Birthday Party

Mrs. Olen Anderson entertained a group of children Monday honoring Glenda on her eighth birthday. Several games were played. Rodney Hargrove won an Easter rabbit. The children all gathered around and helped Glenda open and admire her many nice gifts.

Refreshments were served, using the Easter motif, each child receiving a tiny rabbit and eggs. Cake and punch were served to Bonny, Patsy and Alvin Alexander, Albert Don Bevers, Robert Crawford, Danny Davis, Barbara and Janet Hansard, Rodney Hargrove, Beneva Ann and Jimmy Hill, Loyeta and Patricia Houdashel, Mary Helen McKee, Billy Wayne Moore, Leonard Mullins, Roy Gene and Judy Pate, Buddy Reeves, Ronald and Jimmy Youre, Bobby Grimsley, Cherry D. and Gloria Thomas, Kathleen McPherson, Billy Wiggins, Wanita and Glenda Anderson. Also Mrs. Robert Bevers, Mrs. Roy Alexander, Mrs. Chester Hill and Mrs. Bill Scales. Everyone reported a very good time.

American Legion

The Legion met Tuesday night. One of the main topics discussed was the Aerial Roundup which is now on and extends until April 22 when the new memberships will be flown in to Austin and then on into Washington. This is the last roundup of 1949 delinquents, so get your dues in as soon as possible.

The Post now has 99 members paid up for 1949 and of the 46 posts in this district the local post stands 7th. A few more members would put us mighty near the top. Stratford led the parade at the Shamrock convention. How about Hedley leading at the next convention?

Baseball News

Groom will be here next Sunday for the first exhibition baseball game of the season. Groom has a mighty good team as well as a good bunch of boys and always give the locals all the competition they need. The college boys will be in for Easter holidays so the Lions should be at full strength.

Last Sunday in a practice game with Goldston the Lions took them 11 to 5.

The Hedley high school baseball defeated Wheeler High here Tuesday afternoon by the score of 17 to 7. Bobby Baker and Bobby Hemelstrand took turns on the mound for the locals. The boys have won 2 games and lost 1 in their league games. District champions last year they are going to put in a strong bid for the trophy again this year.

Shower

Mrs. A. B. Truitt was honored with a pink and blue shower Monday afternoon at the school lunch room.

The Easter motif was carried out in the decorations. The serving table was attractive with a doll cradle and basketballs with tiny dolls atop them.

Under the direction of Mrs. Elvia Davenport a group of high school girls presented a clever and enjoyable program of appropriate music. Those in the group consisted of Anita Bain, Joan Ray Moreman, Leatha Moss, Rita Johnson, Sarah Rains, Patsy Usrey, Mary Lou Greer, Carolyn Reeves and Mary Alice Hunsucker.

Gifts were presented to the honoree in a baby buggy.

Refreshments of punch and cake were served to about thirty guests by the hostesses, Mrs. L. E. Groves, Mrs. A. L. Davis, Mrs. M. W. Mosley and Mrs. Burt Stone.

The Senior Class of 1949 would like to set a precedent of leaving something behind to our school that would benefit those that follow.

We are sponsoring a "Stunt Night" Tuesday, May 3. All 12 grades in school will be on the program with a stunt. Admission will be 20¢ for children and 35¢ for adults. There will be a box supper half way of the stage program.

A new curtain for the high school stage will cost about \$500 and we realize that this amount can not be raised at this program. We are soliciting contributions from everyone who wishes to give. Each donation will be made directly to the Curtain Fund at the Security State Bank.

Each week all donations will be published so that you may keep up with it. We are not asking you to buy a chance on something just giving you a part in our school.

Dallas Man to Speak At Clarendon

A prominent Dallas businessman will make three separate talks in Clarendon April 21st on the disease of Alcoholism and the rehabilitation program of Alcoholics Anonymous. He will speak to the members of the Lions Club Thursday noon. He will speak to the High School students Thursday afternoon and then appear before the public in general at the Pastime Theatre Thursday night at 8 p. m.

"There are 3,700,000 Americans suffering from the disease of alcoholism. At least 12,000 Americans die each year from the disease. This is a public health responsibility but almost nothing is being done about it."

The above points will be brought out by the visiting speaker when he visits here Thursday, April 21.

The purpose of these talks is to make an indictment of public attitude. Rather it is a plea for better understanding and most of all a message to the alcoholic himself.

Mr. and Mrs. Wilson Morgan, Mr. and Mrs. Gerald Bland, Mr. and Mrs. Carroll Deahl, H. Stewart and Clifford Johnson attended the 18th district convention of the American Legion at Shamrock last week end.

WEEKLY NEWS ANALYSIS
Price Reductions Clip Inflation: Rent Control Law Gives Authority To State Governors, Legislatures

(EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysts and not necessarily of this newspaper.)

PRICE DROP: Hits Inflation

American consumers were asking themselves: What does it mean? Why were prices being slashed, the dollar stretching a little further? Was it simply that inflation was being clipped, or was it true, as some have said, that the country is in the midst of a mild recession?

THOSE QUESTIONS were well-founded. For, in the latest economic development, prices of automobiles, accessories, radios, refrigerators and ranges had been reduced.

Continued reductions in such basic commodities as lead, zinc, copper and steel indicated there might be further cuts in manufactured goods in the wind.

One automobile manufacturer announced cuts ranging from \$198 to \$333 in the price of his cars. The mid-season catalogue of the nation's biggest mail-order house announced "many price reductions in all lines." Even ice cream was down—off three cents a quart in Philadelphia.

Radios showed the biggest drop. One nationally-known manufacturer announced price cuts of 20 to 50 per cent on nine home model sets. Auto batteries were lower in cost. A refrigerator manufacturer knocked off \$20 from some of its models. Steel was down and scrap metal was at the lowest price in almost two years.

WHATEVER ELSE entered into the picture, it was conceded that buyer resistance was one of the main items in the price reductions.

The consumer had become more conscious of prices. There had been more hand-to-mouth buying. There was a tendency to "wait and see" whether prices would come down a bit.

Businessmen and industrialists agreed that the "bloom is off the boom" — that a healthy readjustment is underway.

SPEED PILOT: A New Record?

Joe De Bona, by his own admission was a "scared boy."

And he had every reason to be. He had taken off from Burbank, Calif., in actor Jimmy Stewart's nine-year old plane—a souped-up F-51—at 9:20-50 one morning, and exactly five hours later he was zooming into the airstrip at New York's La Guardia Field.

THE PLANE had a cracked cockpit canopy, dangerously low oil pressure, no oxygen, and gasoline for only seven more minutes of flying when De Bona whistled into the airport at 600 miles per hour. "I'll never try a record flight again," he said. "This was too nerve wracking."

Fred H. Wilkerson, official timer of the National Aeronautical association, said the NAA would have to decide whether De Bona set a new cross-country record. He said the plane carried no barograph, a locked instrument which shows elapsed time, and that the gasoline tanks were not sealed.

THE OFFICIAL coast-to-coast record for a single reciprocating plane such as De Bona flew is six hours, seven minutes and five seconds, set by Paul Mantz on February 28, 1947, in a flight averaging 401.076 miles per hour.

DEFENSE CHIEF: Has Big Job

Louis Johnson of West Virginia had taken on one of the biggest jobs in the world, and had added to the magnitude of the task when he declared the armed services of the United States would be "united as one."

WELL, JOHNSON, in taking over as secretary of defense, was the man whose job it would be to unify the armed services, but his predecessor, James V. Forrestal, retiring to private life as a banker, hadn't been able to do it.

The fact was that jealousy between the services made it practically impossible to implement a congressional act unifying the army, navy and air corps. However, it was said Johnson would come closer to it than anyone else probably could. It was reported he was ready to adopt a "tough" policy to brass hats in all the services and that if unification were possible, he'd bring it about.

FORRESTAL: Medal From Harry

James V. Forrestal, retiring secretary of defense, received a surprise when he called at the White House to say goodbye to President Harry S. Truman. Mr. Truman pinned the Distinguished Service Medal on Forrestal's coat.

The citation read that Forrestal had "materially advanced the security of the nation." Forrestal said it was "beyond me" how he merited it.

New Senator

One of the nation's foremost educators, Dr. Frank P. Graham, has been appointed U. S. senator from North Carolina to succeed the late Sen. J. Melville Broughton. Dr. Graham was president of the University of North Carolina.

RENT BILL: Buck Was Passed

The rent control question was red hot. Congress knew it. The people knew it. But something had to be done before controls expired March 31. Congress had to do something. It did. It passed the bill.

A rent control bill was drafted by the 81st congress, but it laid in the laps of state governors and legislatures the real power and responsibility for rent controls.

EVERYTHING congress wrote into the present bill can be nullified by a governor or a legislature, if they see fit.

The bill continues rent controls for 15 months, or to June 30, 1950. It sets up a "home rule" process for decontrol of states, cities, or other local areas. Legislatures could remove controls throughout a state, or in parts of a state. A city government, or ruling body of other communities, could pass a resolution calling for de-control and, if the state governor approved it, then the federal government would be forced to abolish controls in that community.

The bill requires the housing expediter to fix rents so as to insure landlords a "fair net operating income . . . as far as practicable." However, it restores old OPA powers for the rent expediter to control evictions. This, some congressmen said, would prevent any mass evictions by landlords.

UNDER THE MEASURE, the housing expediter is authorized to sue a landlord for three times the amount of any charge made against a tenant above the legal rent ceiling. Under old law, the tenant had that power, but seldom used it.

The new act does not authorize further 15 per cent "voluntary" increases in rents, and recontrols any dwellings decontrolled under such voluntary leases, at the rent figure contained in such leases.

Veteran's priority for first chance to rent or buy a new property are continued in the bill.

STOCK MARKET: Curbs Are Relaxed

The federal reserve board had taken an action that should make the "ribbon clerks" very happy. "Ribbon clerks" is a name applied by stock market operators to amateurs who seek to engage in the fascinating business of trying to make several bucks grow where only one grew originally.

THE FEDERAL reserve board ruling was that the down payment on purchase of stocks would be reduced from 75 per cent to 50 per cent.

The board had been pressured for several months by the New York stock exchange, its president, Emil Schramm, and securities dealers generally. They had complained that the previous restrictions had thrown markets into the doldrums and that trading had remained at an unusually low level for months.

THIS WAS CONSIDERED as strong indication the board believed inflation had ceased to dominate the economic situation.

Earlier, the board had relaxed restrictions on installment-buying credit, giving a longer term for installments on purchases of automobiles, furniture, refrigerators, washing machines and radios.

Open Season

In Kentucky, a wife may swear out legally a search warrant against her husband, according to an opinion given by Assistant Attorney General Squire N. Williams. Whether this extends to hubby's pockets was not mentioned in the ruling.

Williams declared, in an opinion given Harry R. Burke, a Prestonsburg attorney, that he knew of no state statute preventing women taking such actions.

TRUMAN: Still Adamant

President Harry Truman was nothing if not stubborn.

Rebuffed by the senate armed services committee on his appointment of Mon C. Wallgren to head up the national security resources board, Mr. Truman has served notice the fight is not over.

DESPITE THE FACT that senate policy and tradition seldom has taken such a matter to the floor after committee disapproval, it was understood that Mr. Truman was planning to have the issue taken from the committee and fought out on the floor of the senate. Such procedure has been followed, but only rarely, as senate history shows.

The committee, in declining to approve the Wallgren appointment, stated its position was taken only because of its conviction that Mr. Wallgren was not fitted, either by experience or ability, to hold down the vital key post in the national defense setup.

Truman associates said that if other means fail, they expect the President to urge Millard Tydings, Maryland Democrat, chairman of the committee blackballing Wallgren, to take the lead in a fight to relieve the committee of consideration of the nomination.

SEN. WARREN G. MAGNUSON, (D., Wash.) said he thought there was a possibility that some member of the committee majority might be persuaded to let the nomination go before the senate, although with an unfavorable report.

The committee voted 7 to 6 to reject Wallgren's appointment.

President Truman's fight for his old fishing trony and scatorial colleague was not expected to begin immediately. Instead, the President was said to be planning to let the matter rest for awhile so he can see what may be done toward out-manuevering some of Wallgren's opponents.

Polio "Fowled" Up?

Shown here, a virologist harvests virus of newcastle disease from embryonated chickens. Science thinks that there is a "bare possibility" that an anti-polio vaccine may be developed from the virus of newcastle disease — an ailment which affects young fowls and usually is fatal to them.

CONFERENCE: That's All, Folks

The Cultural and Scientific Conference for World Peace had ended without any specifically untoward incidents, barring a lot of booing and a barrowing by rightist elements of the leftist techniques of picketing and heckling.

A DELEGATION of seven Communists representing Russia had attended, among them the great composer Dmitri Shostakovich. Many had been denied attendance, despite Shostakovich's presence among them. But calmer heads prevailed, and the Russians came.

But, it appeared, they weren't ready to go home when the parley was over. In fact, the 18 foreign delegates were all set to make a nation-wide speaking tour and then return home, "as soon as possible," as they put it.

HOWEVER, U.S. Attorney General Tom Clark notified immigration officials in New York to see to it that the delegates, Russians and all, leave the United States as soon as they could make arrangements.

The seven Russian delegates were notified that their visas did not allow them to tour the nation; but the state department indicated it would consider any application for an extension of their visas.

THE SPONSORS of the "peace conference" said they did not know what the Russian delegates planned to do, but a spokesman said it was expected, all four eastern European nations' delegates would depart shortly.

UNREST: Extant All Over

Psychologists and psychiatrists might easily read into the incident a manifestation of the general unrest which is plaguing mankind just now. At any rate, because a Calcutta soccer team defeated a team from a nearby village, a mob of angry villagers attacked and stoned the train the next time it came through the community.

Eleven persons, including two women, were injured.

Irrigation, Fertilizer Equal Bigger Crops

Fertilizer pays under irrigation in the Panhandle, according to F. B. Hunt of Hale county, Texas. With 200 pounds of ammonium nitrate an acre applied in the fall before sowing-over land that had been summer-fallowed, he increased his wheat yield from 45 to 55 bushels; on land in continuous wheat, 200 pounds of ammonium nitrate per acre raised the yield from 15 to 30 bushels.

THIS IS AMERICA

This is freedom—many religions, many races, living in harmony together. For freedom is more than a way of life. It is a state of spirit—and our richest asset.

Under freedom of religion, Americans attend more churches than any other nation. Under freedom of speech, we have more newspapers, more radio stations than any other country in the world. Under freedom of opportunity, our children attend more schools, have more chances to succeed in life.

We are only 7% of the world's people, living on 6% of the world's land. Yet, we

who live in America have the highest standard of living the world has ever known.

Under freedom of enterprise—you may call it Democracy, or Capitalism—we make just about one-third of the world's goods, mostly for our own use. We drive three-fourths of the world's autos, use about half the world's electricity. Our homes are unrivaled for comfort and labor-saving devices. We eat more meat, buy more clothes, see more shows, own more insurance. We even save more money.

Yes, freedom pays—in the coin of tolerance and understanding, and in the coin of progress and prosperity.

FIRST AID to the AILING HOUSE

by Roger C. Whitman

QUESTION: My mother's two-family brick house is 36 years old. The tenant on the second floor complained that the front room was filled with smoke. The chimney from the furnace goes through this room. My mother out of the furnace fire in order to clear up the smoke. Later, when a new fire was started, she noticed smoke seeping through the brick on the outside of the building. Do you consider this dangerous?

ANSWER: It may be a serious fire hazard. Your mother should engage the services of a competent mason as soon as possible. Evidently the mortar in the brickwork of the chimney has disintegrated to a point where it is now a fire hazard.

HOUSEHOLD MEMOS... by Lynn Chambers

Use Laster Eggs for Place Cards (See Recipes Below)

Easter Plans

ONE OF THE TRADITIONAL highlights of Easter will probably be the coloring of Easter eggs. Though some adults think that coloring eggs is strictly children's play and should be left to youngsters, a large percentage of grownups doesn't agree. As a matter of fact, many people welcome Easter as a time when their artistic skill can be brought into full swing.

You may make the eggs as elaborate or as simple as you like. Perhaps a few brightly colored eggs in a gay basket as a setting for the Easter breakfast table are all you'll want. On the other hand, you may want to try out your skill at making faces or pencilling names on colored eggs.

With certified Easter egg colors that come with a handy writer, you'll be able to create eggs as simple or professional as you like. Eggs will be effective and appropriate place cards at the Easter dinner.

Two appropriate creations certain to appeal are the pert bunny and a coy little chick. Stiff white cardboard is used for the base and for the stand-up collars that hold the eggs.

Use yellow dye for the chicken. Rest the egg on a collar with a perky bow tied under the "chin." Paint on eyelashes and attach a paper beak at the right place. Stand a feather up the back, and you'll have a chicken everyone will love!

The rabbit is prettiest when dyed light blue or pink. Use little white reinforcements (the kind the youngsters get for notebook paper) for the eyes and mouth. Bits of white string tucked under the "mouth" make whiskers and long, tapering pieces of crepe paper make the ears. Turn the collar down in front to make a pointed collar and the bunny is complete.

EASTER DINNER might be built around lamb with appropriate sauce and spring vegetables.

*Roast Leg of Lamb

Have leg of lamb boned and rolled by the butcher. Wipe with a damp cloth. Mix together the following: one-third cup fat or salad oil, one minced clove of garlic, two teaspoons marjoram, three-fourths teaspoon powdered mustard, one teaspoon salt and one-half teaspoon paprika.

For boned, rolled leg of lamb, set the oven slow (325°) and roast, without water or other liquid, 45 minutes to the pound if the meat weighs between four and five pounds. For a heavier leg of lamb, roast 42 minutes per pound at the same temperature.

HAVE YOU EVER tried sweet potatoes with lamb? They're a delicious combination. Here are two recipes from which you may take your choice.

Sweet Potato Puffs (Serves 6)

LYNN SAYS: Here's What to Do With Easter Eggs

Eggs decorated for Easter may be used in many different ways to add nourishment as well as interest to meals. They should be hard-cooked before decorating, of course!

Mix the whites of four hard-cooked eggs with two cups of white sauce and pour this over toast. Press the yolks through a sieve to decorate the tops of the creamed whites.

LYNN CHAMBERS' EASTER MENU

- *Roast Leg of Lamb
- *Sweet Potato Puffs
- New Peas in Cream
- *Carrot-Asparagus Salad
- *Sally Lunn Muffins
- Currant Jelly Beverage
- Strawberry Ice Cream
- or
- *Peach Refrigerator Pudding
- *Recipe given

- 1 tablespoon butter
- Cream to moisten
- 1/2 teaspoon salt
- 1/2 teaspoon nutmeg
- Crushed cornflakes
- 1 egg
- Water

Boil potatoes in boiling water until tender. Peel, rice and mash them. Season with butter, salt, nutmeg and cream enough to make them moist. Roll into small balls. Dip in egg which has been slightly beaten with water. Coat with cornflakes. Bake in a greased pan in a moderate oven (350°) until browned, 15 to 20 minutes, or, fry in hot, deep fat. (Fat should be hot enough to brown a cube of bread in one minute.)

***Carrot-Asparagus Salad**

Cut scraped, cleaned carrots in fine strips and plunge into ice water. Chill thoroughly. Drain and dry between towels. Arrange in a circle on crisp lettuce leaves. Place chilled, cooked or canned asparagus tips in the center and serve with well chilled, seasoned French dressing.

TENDER MUFFINS served with jelly make a delicious accompaniment to the dinner:

- *Sally Lunn Muffins (Makes 1 dozen medium)
 - 1/2 cup butter
 - 1/2 cup sugar
 - 1 egg
 - 1/2 cup milk
 - 1 1/2 cups sifted flour
 - 2 teaspoons baking powder
 - 1/2 teaspoon salt
- Cream butter and sugar until very smooth. Add egg and beat well. Sift flour with baking powder and salt and add alternately with milk to first mixture. The batter should be quite thin. Grease medium sized muffin pans and pour in mixture to fill them two-thirds full. Bake in a moderately hot (375°) oven 15 to 20 minutes.

*Peach Refrigerator Pudding (Serves 8)

- 1/2 pound butter
 - 1 cup confectioners' sugar
 - 4 eggs
 - 3 cups sliced peaches
 - 24 lady fingers
 - 1 pint whipping cream
- Cream butter and sugar until light and fluffy. Add eggs, one at a time, beating thoroughly after each addition. Line an oblong pan with lady fingers on sides and bottom. Fold in peaches with creamed butter-sugar and egg mixture. Place one-half of mixture in lady finger lined pan. Add a layer of lady fingers, then remaining mixture. Top with lady fingers. Place in refrigerator for 24 hours. Ummold and garnish with whipped cream.
- If using fresh peaches, sprinkle them with lemon juice and sugar.

Ever tried eggs au gratin? Devil hard-cooked eggs, then place in a casserole, cover with grated cheese and white sauce. Top with buttered crumbs and bake until golden.

Mix the yolks of hard-cooked eggs with finely chopped ham, then re-fill the whites. Serve on lettuce leaves and pass mayonnaise.

Hard-cooked eggs may be ground or chopped, then mixed with drained sweet pickle relish, mayonnaise, Thousand Island dressing, mustard and salt to taste. Pack the mixture in small cups and chill.

Livestock—Solution

To Three 'Problems'

Increased production of livestock will solve the bug-a-boo of surplus grain, aid soil conservation, and create efficiencies which will make possible the profitable sale of more meat and animal products at prices more people can afford to pay.

Moreover, the need for soil conservation is just another argument in favor of more emphasis on animal agriculture, according to H. E. Babcock, one of America's top agricultural leaders.

Grass crops hold and build up the soil, and animal manure adds valuable humus while acting as fertilizer; for example, the rich black soil of Iowa is the result of centuries of grass and grazing buffalo.

"I got my start in life through picking up a pin in the street," said the wealthy man. "I was refused employment by a merchant, and on my way out I saw a pin."

"Yes, I know," said the young man he was addressing. "you picked it up; the merchant was impressed by your carefulness, called you back, and made you head of the firm. I have heard of that boy so often."

"No," replied the successful one with a smile. "I saw the pin, picked it up, and sold it. It was a diamond one."
