## Wesleyan Guild

The newly organized Wesleyan Guild met Monday evening June 20 at 8:00 in the home of Mrs. Mike Thornberry. There were seven members present. The guest speaker, Mrs. E. Hill of Memphis, was unable to be there because of illness. After a brief business discussion of various projects to be considered by the Guild, Margaret Davenport Kent gave a talk outlining aims and objectives of the organization.

Mrs. Kent spoke at some length on the value of continued and united effort however seemingly small and unimportant. She read a portion of The Sermon on the Mount, including the verse "neither do men light a candle and put it under a bushel." She spoke of the little candle lighted thirty years ago by a member of the W. S. C. S.—now shining upon a church built on a far off island of the South Seas—of the light of that same little candle shining on the cradle of a new Democracy in Germany as Major Rex Kendall goes there to his new assignment. Planting seed in what seems to be dead dust is discouraging always, but when the fields are green with a harvest in sight, when effort seems to be rewarded within our own brief space of years, then indeed we are reminded that "while we may sow in tears and discouragement, we shall doubtless come again rejoicing bearing sheaves with us."

Several songs were sung and a report was given by Mrs. McFarland, the co-ordinator for the two groups, W. S. C. S. and the Guild.

## Shower

Mrs. Virgil McPherson was honored with a pink and blue shower last Thursday in the basement of the First Baptist church. Hostesses were Mesdames W. W. Wiggins, W. B. Wiggins, R. M. Saunders and W. L. Mosley.

The basements was decorated with flowers for the occasion. Mary Alice Hunsucker played music while the guests arrived, and also accompanied a vocal duet by Anita Bain and Sarah Rains. Mrs. W. B. Wiggins presided at the register, and the guests were served punch and cookies after they registered. After games were enjoyed, Mrs. Mosley brought out the treasure chest containing gifts, which were presented to the honoree.

## Card Of Thanks

I wish to take this means of expressing my thanks to everyone for their flowers, cards, and kindnesses during my illness, especially Mrs. Laura Cawthon. Mrs. Ansil Adamson

Mr. and Mrs. J. S. Hinds and Nancy Lou accompanied by Mrs. Buford Hinds and Marjorie, came up Saturday from Abilene. J. S. had to return Sunday evening but the girls are spending this week in the Frank Kendall home.

Mr. and Mrs. Albert Bonneau and Jo Beth and Vera Mae Eagelhart of Ardmore, Okla. spent the R. Hunsucker home.

Mrs. L. A. Tucker and son Johnny of Estelline visited in the E. Newman home Friday.

## Recommendations for Home Canning for 1949

Alternates to Canning:

Canning is but one of several satisfactory methods of food preservation and should be undertaken only when proper equipment for recommended canning methods is available. Otherwise, reliance should be placed entirely on other methods of preservation, such as: storing, freezing, dehydrating, brine or pickling. These methods, too, must be properly carried out in order to be effective and safe.

Use of Equipment and Containers:

Since laboratory diagnosis during recent years has shown that most food spoilage in Texas is caused by poor seals, home canners should be encouraged to follow closely the directions of the manufacturer in the use of equipment, containers and closures.

1. The sealer needs to be tighter for the composition gasket than for paper gasket because the composition gasket is thinner.

2. Self-sealing jar lids seal during cooling. After processing they should not be tightened and the jar should not be inverted.

3. The rubber ring of the 3 piece closure must be new, of the right size, fitted smoothly on the lid and then placed accurately and smoothly on the jar. Buckling of the rubber ring is a frequent cause of poor seal. Poor seals are also caused by getting the lid and ring off side.

4. Standard jars bearing the manufacturer's name have been tempered, but the jars should be freshly washed and scalded before each use to remove the load of spoilage organisms which have collected in the empty jars.

2. Wire clamps for the lightning type closures loosen with repeated use. They should be tested before using and tightened if necessary.

(Testing and Repairing Equipment and Desirable Chemicals will be published in the next issue of this paper.)

Mrs. Edna Lee Brown

## Birthday Party

Susan Kay Cox was honored with a party Monday in the home of her parents, Dr. and Mrs. D. H. Cox, the occasion being her fifth birthday. The guests enjoyed playing with the playground equipment, then were taken into the entertaining room decorated with tiger lilies, and were served punch, together with the beautiful birthday cake decorated by Miss Ellen Faye Land. Favors of dolls and jumping frogs were given to the children.

Those present were David Morean, Tommy Sue Wilson, Billy and Bobbie Joe Wiggins, Kathy McPherson, Nancy Hunsucker, Nancy Lou Hinds, Bonnie Alexander, Dickie Morgan, Jonnie and Pat Leggett, Judy and Sandra Saunders, Don and Susan Cox and several mothers of the children.

Mr. and Mrs. H. C. Crawford Jr. announce the arrival on Sunday, June 19, of Judy Laverne, weight 7 1/2 lbs.

Mr. and Mrs. Bill Bromley of Clarendon and Jiggs Mosley and family of Borger spent Sunday here.

## Queen Contest

Your County Farm Bureau Federation is sponsoring a Queen Contest. The purpose of this contest is to give the young ladies in the rural areas of Donley County more recognition. This is an honest-to-goodness Queen Contest, not a bathing beauty contest. They are to be judged on grace, poise, personality, charm and all the other qualities that go to make up winsome American Womanhood. There are three main points on which they will be judged, namely: general appearance, poise and personality.

There are 13 Districts in the State of which we are District 1. Each of our 22 counties in the Panhandle are eligible to send 1 queen contestant to the District Meet to be held in Wellington on Sept. 10th and Amarillo on the 12 of Sept. Then the lucky winner will have the honor of entering the State Contest to be held in the Baker Hotel in Dallas. The State Contest is to determine the District Queens and selection of State Queens and Maid-of-honor. The winner of the State Farm Bureau Queen and matron escort will be allowed \$400.00 toward expense to the National American Farm Bureau Federation convention to be held in Chicago, Ill., Dec. 5-8.

The main purpose of this contest is to better acquaint the ranch ladies and young people with the principal of the Farm Bureau Organization. To be eligible, the girls selected to compete must be a daughter or sister of a member of Farm Bureau and within the age limits of 16-22 years and unmarried.

Below are girls whose names have been entered: Billie Jean Poor of Naomi, Naomi Moore of Clarendon, Sarah Rains of Hedley, Marjorie Crawford of Martin, Kathryn Usrey of Lelia Lake, Eva June Brock of Goldston, Margie Brock of Martin and Elba Jean Ballew of Clarendon.

Others who would like to participate in this contest should contact Mrs. Ed Moore, Clarendon Naylor Rte., Mrs. Earl Myers Lelia Lake or Mrs. Charles Bains Hedley.

It will be announced later the exact date of our Queen Contest and where it will be held. This is a wonderful opportunity to one of our neighbor girls to the American Farm Bureau Convention in Chicago also there will be a prize to the winner of our county which will be announced later.

J. Holley Wood  
Pres. Farm Bureau  
Donley County

## Card Of Thanks

We wish to express our deepest appreciation for the many acts of kindness shown to us at the time of the loss of our mother and grandmother, and also for the delicious food and lovely flowers.

The infant son of Mr. and Mrs. Travis Alexander, who has been undergoing treatment in an Amarillo hospital, is reported doing nicely at present.

## Clean-up Week

The State Health Officer urges that every town declare a clean-up week in order that polio may be prevented as much as possible. Pools of water should be drained or covered with kerosene, weeds and grass cut and burned, garbage covered and destroyed, and all other potential breeding places of disease carriers eradicated.

Let's make next week clean-up week.

Mayor and City Health Officer

## Singing School

Beginning July 3, with a singing at 3:00 p. m. there will be a Singing School conducted at the Church of Christ in Hedley by Bro. Ira Y. Rice, Sr., of Norman, Oklahoma. Bro. Rice has had many years of experience in this type of work. He conducted a similar school for the church in Clarendon last year and will do so again this year, immediately following the one in Hedley.

There will be two services daily one at 10:00 each morning primarily for the young people but open to all, and one each evening at 8:00.

The public is cordially invited and urged to attend these services. The school is being conducted for the benefit of the entire community and not just for the church. So come and bring the whole family and all your friends and neighbors.

## American Legion

The meeting of Zone 6 of the American Legion was held at the local Legion Hall Monday night. Representatives of the posts of Amarillo, Memphis, Turkey, Clarendon, Shamrock, Wellington and Hedley were present.

Among the distinguished guests were Charley Gibson of Amarillo, 18th district commander, Mrs. Mary Clay of Wellington, Past District President of the Auxiliary Mrs. Purcell, President of the Shamrock Legion Auxiliary and Lew Fields of Amarillo. Past District Commander.

Lew Fields was the principal speaker, he spoke on the many benefits offered the veterans of which the average service man was unaware. After the business the visitors were treated to coffee and sandwiches and the Panhandle Cowboys played for a dance.

## Leave For Germany

Chaplain Rex Kendall and family, after a two week's visit with home folks and friends, left Monday morning on their way to Germany, where Rex will be stationed for the next 3 years. They planned to visit Mrs. Kendall's folks at Celeste for a day or two, before leaving for New York where they are due to arrive on the 28th.

Carl Gerlach and family of Dumas are visiting here.

Mrs. C. J. Beeckler of San Antonio has been visiting here.

Mary Opal and Essie Louise Bailey returned Monday from a ten day visit in Amarillo.

## Baseball News

Don't underestimate Goldston. They are liable to give the Lions plenty of competition next Sunday. They have been losing their games but have played some of the best teams in the league mightily close only to lose in the last innings. However the Lions intend to break their home park jinx next Sunday and take this one.

The Lions won their 8th game away from home Sunday from McLean 6 to 2. Babe Everett kept McLean's 6 hits well scattered and the Lions by fast base running stretched their 7 hits into 6 runs. Both teams erred twice.

In other league games Groom defeated Claude by staging a 9 run ninth inning rally; Washburn defeated Goldston, and Panhandle beat St. Francis 9 to 8 in 10 innings.

Mrs. Robert Rose of Pampa spent Tuesday and Tuesday night with her grandparents, Mr. and Mrs. M. W. Mosley.

Mrs. Truman Caldwell and children, Gene and Minetta, of Thornton are visiting in the R. W. Alewine home.

Miss Sallie Page of Chillicothe is visiting her sister, Mrs. R. E. Newman and family.

Mr. and Mrs. Oscar Hess of White Deer visited here last week.

T. J. Hansard and family of Lolita visited here this week.

Mrs. and Mrs. Banks Jeffreys and daughter of Amarillo visited here the past week end.

## WEEKLY NEWS ANALYSIS

# Administration Asks Vast Powers In New Agriculture Support Plan; Labor Legislation Gets Priority

(EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysts and not necessarily of this newspaper.)

**NICE TRY!** . . . Like a round peg in a square hole, Officer George McPherson of the San Francisco humane society became stuck in a narrow light well into which he crawled to rescue a cat. It took fellow officers several minutes to dislodge him. The cat was removed through a window opening onto the bottom of the light well and is being held by Officer George Warren, at right.

## FARM PLAN:

### More Curbs Asked

Critics and supporters alike of Agriculture Secretary Charles Brannan's 1949 farm support program were surprised when Brannan asked sweeping new powers to control the nation's agricultural production.

FOR, from Een, Holland, there came a claim that Meinheer J. Van Rooyen, a bewildered little barber, could cure baldness—no fooling.

The news leaked out, and the little barber shop was thronged with visitors. Letters poured in by the thousands.

The meinheer started it all himself by trying to stop his own thinning hair from growing thinner, experimenting with various lotions and use of infra-red rays.

ACCORDING to reports, he finally hit upon a combination that made his hair grow. Tried on others, it succeeded. Now he is treating 160 people, working 13 hours a day.

## Baldness "Cure"

That rigid marketing quotas, now usable on only six major crops, be applied on the great bulk of farm products, including meat animals, milk, poultry, eggs, fruits and vegetables.

It was a bold stroke on the part of the administration and one that will over the nation.

For it was quickly discernible that, if enacted, this program would put the American farmer under federal control from the moment he arose to feed the chickens and other stock in the morning, until he tended his vegetables and worked his crops, milked the cows and fed the stock again in the evening.

The big question was: Would the farmers stand for that, even if congress did enact the law? Farmers would be given a choice because under the Brannan proposal, they would have to vote adoption of the program by a two-thirds vote of all producers.

Brannan envisions a condition where prices would be allowed to move freely in the market with farmers getting a payment covering the difference if and when market prices fell below a predetermined "fair" return.

## LABOR LAW:

### Gets Priority

With domestic issues having been given the green light over foreign affairs, the U. S. senate was committed to wrestle out a new labor law—or repeal Taft-Hartley—before adjournment.

The importance of the labor question to the administration was indicated in the senate's shelving discussion of the North Atlantic security pact until the troublesome labor issue has been disposed of.

THE reason was rather obvious. Organized labor, worried by an apparent disinclination of congress to go along with the President in repealing Taft-Hartley and fearing further delay, was pushing the administration to get going. There was constant reminder behind the scenes of the President's campaign pledges to scrap the present over-all labor law and labor wanted action. The 1950 congressional races weren't too far off and the administration evidently felt it had better deliver or face labor's antagonism at the polls next year.

It was estimated some three weeks of debate would be necessary before the administration's bill came to a showdown vote.

MAJORITY LEADER Scott Lucas declared that if all major legislation were not disposed of by July 31, "we shall extend the length of the session until we have dealt with the most urgent proposals."

## U. S. JOBS:

### Could Be Cut

A contention that the government cut its civilian employe rolls by 10 per cent and "accomplish exactly the same purposes" was made in Washington by former President Herbert Hoover. Declaring that this could be done if the government were organized properly, Mr. Hoover said the savings to the taxpayers might reach four to five billion dollars a year.

MR. HOOVER'S statement must have carried some weight, but there were only an optimistic few who believed anything might be done along the lines he pointed out.

The former President was speaking with authority because a commission of which he had been named the head—a fact-finding body to uncover just such things as he had uncovered—had exhaustively studied government functions and processes and had reported its findings.

A 200,000 cut in federal personnel would require no wholesale firings, he said. He added it could be accomplished through normal turnover, which now runs about 500,000 a year.

## BERLIN:

### New Issues

The meeting of the big four council of foreign ministers had developed one fact—discussion of German unity under current conditions was futile. So, it appeared attention would be turned to Berlin where some major problems yet remained unsolved.

Berlin presented concrete issues which many hoped could be resolved or, at least, discussed more profitably. The western powers were understood as ready to insist upon written agreements concerning rights in Berlin to replace oral understandings that alone have given them any rights in the immediate past.

It was also believed they would urge a single elected city council and retention of occupation status were understood as ready to insist upon written agreements concerning rights in Berlin to replace oral understandings that alone have given them any rights in the immediate past.

It was also believed they would urge a single elected city council and retention of occupation status were understood as ready to insist upon written agreements concerning rights in Berlin to replace oral understandings that alone have given them any rights in the immediate past.

## SHANGHAI POPULACE SWINGS TO COMMUNISTS

It was mostly beer and skittles for the Communists in Shanghai. The city and its millions had swung into the Communist camp, not by degrees, but with what appeared to be an enthusiastic rush. Along long lines of avenues, Red flags flew from every shop. Newspapers reversed their policy overnight and began to sell the populace on communism.

Students danced and sang Communist songs. All traces of any nationalism or opposition to communism appeared to be gone. In the customs house work appeared to be stopped. Instead, clerks assembled in the halls learning Communist songs. Chinese radio stations spent much time giving singing lessons. The words were read over slowly, then music was played.

## LIDICE:

### Nothing at All

It was hard to tell where possible Communist machinations began and truth left off, but if the charges of a Czech official that not one dollar of five million raised in the U. S. to rebuild Lidice was used, then the American people and humanitarianism generally had taken the worst rocking in years.

JAN VODICKA, secretary-general of the union of fighters for freedom in Czechoslovakia, said the collection to rebuild the city razed by the Nazis had been made "among our compatriots in the United States and the rest of the American public, and the union has information that of the five million dollars collected, 30 per cent was taken by the collectors and nearly 70 per cent by the administration."

There was a quick denial. In New York, Dr. Jan Papanek, resigned Czech U. N. delegate, said the Lidice memorial committee collected "\$5,000 at the maximum" from Americans and never got a chance to apply any money to Lidice.

LIDICE, as too few probably will remember, was the village near Prague which was completely destroyed by the Nazis in retribution for the assassination of the German "hangman" Reinhardt Haydrieh. All the men of the village were killed and its women and children dispersed.

## CHILD LABOR:

### Low Is Strict

Summer vacations were coming up and there would be hordes of youngsters seeking work during the long holiday. But if the wage and hour and public contracts division of the U. S. department of labor had its way, all child labor would be done strictly according to law.

FROM Cleveland, the director, William S. Singley, issued a reminder to all employees of school boys and girls under 18 that age and employment certificates for such workers must be on file.

He pointed out that these certificates "are considered as proof of age and serve to protect employers from unwitting violations of federal laws regulating the employment of children."

Under the fair labor standards act, the minimum age for most jobs is 16, "out in occupations declared to be especially hazardous for young workers, the minimum age is 18."

## MINE SAFETY:

### Lewis Wants Law

Attacking state regulation of mine safety codes, John L. Lewis, leader of the United Mine Workers, demanded a federal safety law to "prevent coal miners from being maimed, mangled and killed."

CHARGING that the "nation's coal is stained with blood," Lewis produced figures to show 1.25 million miners have been injured or killed in the past 19 years.

Lewis' charges were hurled before a senate labor subcommittee in support of a bill which would give federal mine inspectors right to close mines they think dangerous. Under present conditions, while the federal bureau of mines makes safety inspections and recommends safety measures, all control is exercised by the states and there is no way to implement federal suggestions and recommendations. Lewis contended that states are falling down badly.

LEWIS' testimony chiefly carried the theme that the states have failed to enforce safety regulations and that the mine operators are not going to pay any heed to safety unless forced to do so.

## Remember Him?

How many will remember the gentleman shown above? Well, the question is hardly a fair one for his public always saw him in fight trunks, not street tgs. He is former heavyweight fighter Buddy Baer, whose engagement to Hollywood columnist May Mann, put him in the news.

## TOBACCO:

### Less for Farmer

For farmers who grow tobacco, the take was just about half as much as Uncle Sam collects in taxes from the product. This admission came from the U. S. department of agriculture itself.

IN a review of the tobacco situation, the department estimated that combined U. S. and state tax receipts from tobacco would approximate 1.75 billion dollars during the fiscal year, which would be a record.

If woolen socks get sopping while on a camping trip, fill the toes with small pebbles before hanging them up to dry; this helps keep them from shrinking.

Dip a cloth in household ammonia and place over the rusted spot in the broiler of your range; close the range door for a few minutes and chances are you will be able to wash spot off easily.

**Most of Nation's Farms Now Boast Electric Power**

Rural America moved further and faster into the electric power age during 1948 than in any previous year, according to the 1949 Britannica Book of the Year.

"Nearly three-fourths of the farms of the U. S. had been electrified, and in an increasing number of instances the power was used as a means of agricultural production as well as for better rural living," the book declares.

Soil conservation measures also proceeded apace during fiscal 1948. Soil conservation measures and land-use adjustments were completed under official auspices on more than 21,500,000 acres of farm and range land in soil conservation districts, an increase of 7 per cent as compared with the previous year.

To avoid stirring up dust when sweeping a rug, sprinkle rug with bits of dampened newspapers; papers will absorb the dust preventing it from flying around the room.

The quickest way to determine if a plant needs water is by touching the soil surface—if it is moist, water the plant.

If lower part of a window shade is soiled, shade can be reversed to bring clean part into prominence; untack shade from roller; reverse; cut off any damaged edges near the pull-cord and tack back onto roller. Then stitch a new hem, slip stick through this hem and reinsert the pull-cord.

**RED STAR Special Active DRY YEAST IS FASTER DISSOLVING**

**QUICK METHOD BREAD**

3 packages Red Star Dry Yeast  
 1 1/2 cup warm water  
 1/4 cup sugar

5 teaspoons salt  
 2 1/2 cups lukewarm water  
 1 1/2 cups sifted flour  
 1 1/2 tablespoons shortening

Dissolve 1 package Red Star Dry Yeast in 1/2 cup warm water. Let stand 2 to 3 minutes. Place 1/2 cup sugar, salt and 1 1/2 cups water in a large bowl. Stir yeast solution thoroughly and add to this mixture. Add half the flour and beat well. Add melted and cooled shortening, stirring vigorously. Add remainder of flour, stirring until well mixed. Place dough on lightly floured board and knead 5 to 7 minutes. Shape into smooth ball and place in greased bowl. Brush top lightly with shortening. Cover and let rise in warm place for 45 minutes. Punch dough down; shape into loaves and place in greased pan. Brush tops of loaves lightly with shortening. Cover and let rise in warm place for 45 minutes. Bake in moderately hot oven (400° F.) for 30 minutes. Makes 4 loaves.

**That Nagging Backache**

May Warn of Disordered Kidney Action

Modern life with its hurry and worry, irregular habits, improper eating and drinking—its risk of exposure and infection—throws heavy strain on the work of the kidneys. They are apt to become over-taxed and fail to filter excess acid and other impurities from the life-giving blood.  
You may suffer nagging backache, headache, dizziness, getting up nights, leg pains, swelling—feet constantly tired, nervous, all worn out. Other signs of kidney or bladder disorder are sometimes burning, stony or too frequent urination.  
Try Doan's Pills. Doan's help the kidneys to ease off harmful excess body waste. They have had more than half a century of public approval. Are recommended by grateful users everywhere. Ask your neighbor!

\$1,530,942.52 was the figure that Mr. DeKwickrich estimated as his fortune. He had come by it through many years of industrious labor and now was enjoying the fruits of his uphill struggle. He and his wife traveled all over the world and stayed at the finest hotels. There was always one thing he insisted upon at those hotels and that was a swimming pool. His wife was an excellent swimmer and enjoyed her morning dip.

One morning a lackey rushed up to Mr. DeKwickrich to inform him that his wife had had an accident in the pool and had nearly drowned.

"They are applying artificial respiration now," the attendant assured him, "and the doctor thinks she will come around all right."

Mr. DeKwickrich seemed somewhat put out.

"You run back there," he said, "and tell them I can afford the real thing. Artificial respiration, indeed!"

"Why don't you have a few inches cut off the bottom of that thing?" asked the man whose friend was using a walking stick too long to be used comfortably.

"That wouldn't help," said the friend. "It's this end that's too high."

Old Crony—"Say, I haven't seen O'Callahan around for the last few years. Where is he?"

Another—"He doesn't bother to come around here any more. He's rich now, you know."

Old Crony—"Ye don't say. Got rich awfully quick, didn't he?"

Another—"Quick? I'll say. He doesn't swing a golf club without first spitting on his hands."

## WEEKLY NEWS ANALYSIS

# Issue Is Joined on Labor Measure; Senate Group Okays Atlantic Pact; Unemployment Increasing in Nation

(EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysis and not necessarily of this newspaper.)

## LABOR BILL: Issue Is Joined

The long-awaited fight on repeal of the Taft-Hartley labor law has begun. Debate had started in the senate with Chairman Elbert D. Thomas (D., Utah) of the labor committee opening for the administration. Government forces were committed to an attempt for outright repeal of the measure, but all indications pointed to a compromise or nothing.

Meanwhile, John L. Lewis declared that the AFL and CIO had betrayed organized labor's cause by reportedly agreeing to a compromise.

Urging adoption of the administration bill, Thomas said the voters last November "decided the Taft-Hartley law was a mistake." The administration seeks to replace it with a modified version of the New Deal Wagner act. Thomas called for quick repeal of the Taft-Hartley law.

In telegrams to all 96 senators, Lewis, head of the United Mine Workers union, said he had heard AFL and CIO leaders had agreed to accept four "oppressive amendments" to the administration bill.

An AFL official pooh-poohed Lewis' charges of a secret deal. As a matter of fact, he said, the AFL convention in Cleveland recently agreed to accept the four amendments that "horrified" Lewis.

These four amendments called for:

1. Power for the federal government to seize plants involved in national-emergency strikes.
2. The filing of financial returns by unions.
3. The filing of non-Communist and non-Fascist affidavits by workers and employers alike.
4. A guarantee of free speech in labor relations.

## ARTICLE 5: What Import?

The senate foreign relations committee, in reporting favorably the North Atlantic pact, had almost bogged down on Article 5. That is the proviso in the pact which binds signatories to the rule that an attack on one pact member would be an attack upon all, and binds each to take such action as is deemed necessary, "including the use of armed forces" to restore and maintain the security of the area.

THE WORDING of Article 5 created in some minds a fear that its effect would nullify the right of congress to declare war and might put this power arbitrarily into the hands of the President.

Senator George (D., Ga.) who had expressed concern about the interpretation of Article 5, finally said that he was satisfied that under it the President could not declare war nor "employ troops to enforce any particular action aimed at certain European countries without congressional approval."

Senator Pepper (D., Fla.) took the same tack. He said the provision neither adds to nor subtracts from the war powers of the President as commander-in-chief.

EVEN SO, it was a difficult point. The extent to which a President might go toward involvement in war was dramatically disclosed in the Roosevelt administration when the commander-in-chief admittedly committed the nation to "everything short of war" in what was purported to be an attempt to avoid war. Under such a policy actions may go so far at the chief executive level that there would be nothing left for the congress to do but declare war in a situation in which it had no authority and no voice.

## NEW WEAPON: Top Secret

What is being produced at the plutonium plant at Hanford, Washington?

NO ONE would say, but Carleton Shugg, deputy general manager of the atomic energy commission, said the plant was handling a "product that needs a better name than 'deadly poison.'"

Was it the weird "atomic fog" about which there had been so much speculation? Shugg wouldn't say. He said, instead, that he was merely discussing certain phases in the production of plutonium—one of two fissionable materials used in making atom bombs. The other is uranium-235.

SHUGG'S statement was made during his testimony before a senate appropriations subcommittee during the congressional investigation of the atomic program.

## AMA GAGS FISHBEIN

### Famed Doctor-Editor's Authority Clipped

The red-hot issue between the American Medical Association and the administration over the President's proposed compulsory health plan was coming to a boil. The AMA, obviously wishing to retain its own identity in matters of policy statements, clapped a gag on Dr. Morris Fishbein, one of medicine's most famous figures. The board ordered him to stop writing or

**Barred**  
Steve Trumbull, Miami Herald reporter, was barred from the Florida state senate chamber after he questioned the manner in which a bill was brought before the senate. It was reported his cheekbone was fractured when he was struck by a senator.

## UNEMPLOYMENT: Sudden Increase

Whatever its significance, many economists were expressing concern over a sudden upswing in the number of unemployed in the nation.

BETWEEN April and May, the number of U.S. jobless had increased by 273,000 to bring the totally unemployed to a probable postwar high of more than 3.25 million. These figures were released by the federal bureau of the census.

The rise in the unemployment figure at a time when it usually drops might be attributed, the bureau said, to the sudden rush of students for summer or permanent jobs. The bureau did say that two-thirds of the increase in unemployment could be traced to "young persons of high school and college age."

AT the same time, the bureau reported, total unemployment was rising, principally as a result of seasonal activity on farms.

Despite the conflicting reports, there were some among the country's industrial and economic leaders who feared the unemployment situation might grow worse before getting any better.

## SOVIETS: Appraise Guests

In Moscow the Literary Gazette sought to evaluate for its readers the Russian appraisal of foreign diplomats and newspapermen who live in the Soviet Union.

THE Gazette printed a poem written by Sergei Mikhalov, children's poet, playwright and co-author of the Soviet national anthem.

Translated freely, Sergei's poem went this way:

"We met them, you and I.  
"These friends who aren't friends.  
"The jackal, wolf and swine,  
"And journalistic snake.  
"In other words, those who are being sent here.

"We know them all and can recognize them.  
"Even if we aren't doctors."  
NATURALLY, there will be no comment from the pilloried—not while they're still in Russia.

## HEART STUDY: Artificial Use

Emphasis in heart study now rests in the development of artificial hearts. Dr. Alfred Blalock of Baltimore, widely-known blue-baby specialist, was the authority for the statement.

SPEAKING at a general scientific session of the American Medical Association, Blalock said: "The most interesting thing in surgery, but still in the experimental stage, is the development of mechanical devices as substitutes for the heart."

He reported that he considered as most promising a pump developed by Dr. John Gibbon at the Jefferson school of Philadelphia.

"Dr. Gibbon's pump will pump blood as the heart does," Dr. Blalock explained. "He is working on an artificial lung to aerate the blood."

BLALOCK said Dr. Gibbon's pump replaced the heart of a dog for 45 minutes and the dog recovered.

"If one can substitute for the heart for 30 to 45 minutes, one can open it and see what one is working at," he said. "With a heart substitute we can do more things inside the heart."

## ARMY BOSS: Was Buck Private

The Cinderella story would take on new interest for the GI's in Uncle Sam's army.

And there was a particular reason. Gordon Gray, a one-time buck private in the army, was nominated by President Truman to be secretary of the army.

GRAY, now undersecretary, is 40 years old, a North Carolina publisher and lawyer. He has been acting secretary since the resignation of Kenneth C. Royall on April 27.

Gray, born in Baltimore, is not an army career man. But he served three years in the army, enlisting as a buck private in 1942. But he had something on the ball then, and rose to captain with the 12th army group in Europe.

THE new secretary would be the government's youngest head of an executive department. For the past 16 months Gray has been the army official responsible for the industrial mobilization and procurement official of his department.

## JOHN L. LEWIS: A Severe Blow

A federal district court of appeals dealt a heavy blow at John L. Lewis and his United Mine Workers. Lewis and his union, found guilty of contempt of court for failing to call off the 1946 coal strike, had been fined \$1,420,000.

They appealed. The higher court upheld the finding and indications were that Lewis and his attorneys would lose no time appealing to the United States supreme court for a final decision.

THE CASE grew out of Lewis' defiance of the Taft-Hartley law last year for ignoring a court order issued under the law that directed the miners to call off a month-old strike in the soft coal fields.

The district appeals court ruling made it clear that the decision was based on the fact that Lewis and the miners waited until the demands were met before finally calling off the strike when they had been previously directed by the court to do so.

Justice E. Barrett Prettyman said on behalf of the court:

"THE SUPREME COURT (has) held . . . involving these same appellants, that he who fails to obey a court order . . . is punishable for criminal contempt. That decision governs us here."

The supreme court already had upheld the conviction of Lewis and his miners for defying a similar court order in the 1946 coal strike. It was that ruling to which Judge Prettyman referred.

## NAZI "WITCH": Not Through Yet

Ilse Koch, called the "witch" of Buchenwald, infamous German prison camp of World War II, definitely was to face a German court on charges of mistreating Germans at the concentration camp.

ONCE sentenced to life imprisonment by American occupation force verdict on charges of unspeakable cruelties to prisoners, Ilse had her term commuted to only four years by U.S. Gen. Lucius D. Clay on grounds of insufficient evidence.

Among other charges she faced was one of having made lampshades out of human skin.

The announcement that Ilse would have to stand trial again was made in Munich by an official of the Bavarian ministry of justice.

THE U.S. authorities have turned over to German officials the records of the case in order that they might determine whether she could be tried by the Germans for mistreating their own citizens at Buchenwald, where she was the wife of the Nazi commandant.

## Top Man

Top man in the graduating class at West Point, U.S. military academy, Richard T. Carvoth, Peckville, Pa., had his choice of any arm of the military services. He chose the air force and here adjusts his second lieutenant's bars on his brand new uniform.

## JET FIGHTER: Tests Complete

The United States air force was proud of its newest jet fighter—the Lockheed F-90, which had successfully completed its flight tests at the Muroc flight test base in California.

There was an air of secrecy about the plane's performance. Some facts which did emerge were: The plane weighs 26,000 pounds, climbed 15,000 feet in 10 minutes, but that wasn't its maximum, the pilot said.

## You Build It

# Have Fireplace for Home Picnics

YOU CAN BUILD this outdoor fireplace in a very professional manner by following the step-by-step directions outlined in the pattern now available. However, before building or even buying the materials the pattern

specifies, inquire whether local fire laws permit using outdoor fireplaces.

If you are permitted to build, be sure to locate the fireplace at a point on your property where the smoke or sparks will not annoy or destroy your neighbors. Care should be taken in placing the fireplace away from trees and shrubs that might be damaged by the heat. The fireplace should face prevailing winds to keep smoke out of your eyes.

The pattern explains exactly how to prepare the foundation and lay out the starting course of bricks. It also specifies the quantity of bricks and materials needed. Send 25¢ for Pattern No. 73. The following day the first man again called his neighbor.

"Say, my dog died after I gave it some turpentine."

## HOUSEHOLD MEMOS... by Lynn Chambers

Cook a Savory Main Dish in a Skillet  
(See Recipes Below)

### Skillet Dinners

WHEN YOU WANT to cook a really appetizing dinner for your family, do it in a skillet. Veal chops, pork chops, curries and chicken, all can be cooked to mouth-watering tenderness in a skillet after browning, by covering the skillet and turning down the heat. Mushrooms, green peppers, onions and all sorts of other seasonings can be added to make the food savory.

Pork chops are a real favorite, especially if they are prepared in this manner with tomatoes, green pepper, celery and rice.

**Pork Chop Skillet Meal**  
(Serves 4)  
4 tablespoons fat  
4 pork chops, 1" thick  
4 slices Bermuda onion, 1/4" thick  
3 cups canned tomatoes  
4 rings green pepper, 1/4" thick  
4 tablespoons uncooked rice  
1 cup celery diced

Heat four tablespoons of fat in skillet on high heat. Turn switch to medium and brown pork chops until well browned on both sides, approximately 15 minutes. Place a slice of onion and one pepper ring on each chop. Place one tablespoon of rice in each ring. Pour tomatoes around meat and add celery. Place cover on skillet. When steaming (about eight minutes), switch to simmer and allow to cook for one hour.

**\*Skillet Chicken**  
(Serves 3-4)  
2 cups cooked chicken  
2 tablespoons butter  
2 tablespoons flour  
3 cups chicken stock or water  
1/2 teaspoon salt  
Dash of pepper  
2 bay leaves  
1 sprig thyme  
2 small sprigs parsley  
8 small onions  
1/2 pound mushrooms  
1 tablespoon chopped parsley

Melt butter in a saucepan. Stir in flour. Add stock slowly, stirring constantly, until sauce is thickened. Then add bay leaves, thyme and sprigs of parsley which have been tied together. Add salt, pepper, onions and mushrooms which have been cleaned and stemmed. Simmer on low heat for 45 minutes. Add the chicken which may be in large pieces, if desired. Heat chicken, but do not allow mixture to boil. Remove bay leaves, thyme and parsley which were tied together. Serve very hot, over biscuits or cooked rice, sprinkled with chopped parsley.

**Skillet Veal Chops**  
(Serves 4)  
6 loin veal chops  
1 teaspoon salt  
3 tablespoons flour  
1/2 teaspoon pepper  
5 tablespoons fat  
1 cup sliced onions  
1 cup canned tomatoes  
1/2 cup hot water  
1 bay leaf  
2 tablespoons cornstarch  
1/2 cup cold water

**LYNN SAYS:**  
Try These Seasonings For Vegetables  
Bake carrots if you want to try something new and different. Sprinkle small scraped carrots with 1/2 cup of butter which is creamed with 1/2 cup sugar, one teaspoon salt, 1/2 teaspoon cinnamon and 1/2 cup boiling water.  
Garden-fresh green beans, sliced and buttered, will be even more tasty if you add some chopped mint leaves to them just before finishing the cooking.

Dredge the chops in flour which has been mixed with salt and pepper. Sauté onions in two tablespoons of fat until brown. Place chops on top of onions, and add tomatoes, water and bay leaf. Cover and simmer on top of range for 45 to 60 minutes until tender. Remove chops to a hot platter. Make a smooth paste of cornstarch and cold water and add to liquid in skillet. Stir and cook until thickened, then pour over chops.

**Veal in Sour Cream**  
(Serves 4)  
2 pounds boned veal shoulder, cut in 1" cubes  
2 ounces salt pork, cut fine  
1/2 cup minced onion  
1/2 clove garlic, minced fine, if desired  
1 teaspoon salt  
1/2 teaspoon pepper  
1 tablespoon paprika  
1 1/2 cups boiling water  
1/2 cup soured cream  
2 tablespoons flour  
1/4 cup cold water

Sauté salt pork, onion, garlic and veal until meat is browned well on all sides. Add seasonings and water. Cook, covered over low heat until veal is tender, about one hour. Remove veal to hot platter and keep warm. Add sour cream to pan drippings. Stir flour and water together until smooth and add to ingredients in saucepan.

**Lamb Kidney Sauté**  
(Serves 4)  
8 lamb kidneys, split  
2 tablespoons fat  
1 tablespoon flour  
1 tablespoon chopped parsley  
1/2 cup beef stock  
1/4 cup canned tomato juice  
1/2 teaspoon salt  
2 teaspoons Worcestershire sauce  
4 slices toast

Sauté cleaned kidneys in fat in a skillet for 15 to 20 minutes or until tender, turning frequently. Reduce heat and sprinkle flour over kidneys. Blend flour with fat while turning. Add parsley, stock, tomato juice, salt and sauce. Cook over low heat until sauce is thickened. Serve on toast.

**Curried Lamb**  
(Serves 4)  
1 cup uncooked rice  
1/2 cup sliced onions  
1/2 cup diced celery  
2 tablespoons fat  
1 1/2 cups cubed, cooked lamb  
1 teaspoon curry powder  
2 cups lamb stock or gravy  
1/2 teaspoon salt  
2 tablespoons flour  
1/4 cup cold water

Cook rice until tender and keep hot. In the meantime, sauté onions, celery in fat in a skillet until lightly browned. Add lamb, curry powder, stock and salt. Cover and simmer 30 minutes. If desired, thicken liquid in pan with flour blended with cold water. Serve over rice.

### When Your Back Hurts

And Your Strength and Energy Is Below Par  
It may be caused by disorder of kidney function that permits poisonous waste to accumulate. For truly busy people feel tired, weak and miserable when the kidneys fail to remove uric acid and other waste matter from the blood.  
You may suffer nagging backache, rheumatic pains, headaches, dizziness, getting up nights, leg pains, swelling. Sometimes frequent and scanty urination with a burning in urination is another sign that something is wrong with the kidneys or bladder.  
There should be no doubt that prompt treatment is wiser than neglect. See Doan's Pills. It is better to try a medicine that has won country-wide approval than on something less favorably known. Doan's have been tried and used many years. Are at all drug stores. Get Doan's today.

on Any Job Anywhere...

**Firestone CHAMPION LOW PRESSURE GROUND GRIP TRACTOR TIRES**

**POSITIVE "take-hold"** on the take-off, positive traction through the rough spots, positive pulling power any time, anywhere—that's what you get with Firestone Champions.

How? It's plain to see. Notice how those extra high, long power bars are curved to take a strong, sharp bite in hard ground and a firm, traction hold in soft ground. Designed to run on only twelve pounds pressure, the Firestone Champion Ground Grip is right down on the ground where it can take a powerful full traction bite clear across the tread.

The next time you buy tires or a new tractor, get Firestone Champions, the tires that always "keep pulling for you".

Listen to the Voice of Firestone every Monday evening over NBC and America over NBC Network Television Stations
