Recommendations for Home Canning for 1949

Sanitary Precautions: Cleanliness is important for successful food preservation.

1. The kitchen or work room should have:

- Well screened windows and doors and be free from flies, roaches, ants, mosquitoes and animals.
- Clean floor
- Clean working surfaces
- Plenty of cold and hot water
- Work table arranged in orderly manner
- All unnecessary equipment and utensils put away
- A supply of clean cup towels, dish clothes and pot holders which have not been used after laundering.
- A clean garbage container

2. The people working should have:

- Clean body
- Fresh clean cotton clothing, both underwear and outer clothing
- Hair covered with net or other covering
- Clean fingernails no nail polish
- Clean hands - washed with soap and water before beginning any step in food preservation
- Nose and mouth covered when sneezing
- Clean hands-washed with soap and water after toilet. Precaution: Do not touch nose, mouth or hair while working, if so, wash hands before continuing to work.

3. The utensils and equipment should be washed thoroughly in hot soapy water and rinsed with hot water. This applies to:

- Glass jars and tops—both for canning and freezing.
- Tin cans and lids with composition gaskets. Do not wash lids with paper gaskets but wipe with damp cloth.
- Measuring cups and spoons
- Large spoons
- Knives
- Stew pans and dish pans
- Pressure conner
- Water bath canner

4. Vegetables must be washed very carefully before preparing them for canning or freezing. The botulism bacteria are found in the soil. Even though correct processing will destroy these bacteria in the normal concentration it is very important to wash all vegetables in several waters until perfectly clean. This will reduce the number of food spoilage organisms so that all may be destroyed.

5. Fruits must be washed carefully to reduce the load of yeast and mold spores and to free them from soil. This applies especially to berries which grow near the ground. Cap berries after they have been washed.

Card Of Thanks

We wish to take this means of expressing our sincere thanks to all the friends and relatives who were so kind and helpful in the death of our son and brother. Your many kind deeds will never be forgotten.

The Yandell Family

O. C. Sargent and family left this week for Dumas, where they will operate the Oldham Cafe.

J. H. Cooper of Amarillo visited here this week.

City To Be Sprayed

The City of Hedley will be sprayed with DDT in the next few days in order to eliminate flies and mosquitoes and other insects. This will be done by plane. It is hoped that all people in Hedley will be ready to spray their houses, barns, and out houses that day or during the time that the plane is spraying as the flies, etc. will try to get away from the spray of the plane. This will be necessary to insure a 100% kill of all insects.

Have your spray guns ready and let's give them "fits" from the inside as well as from above.

The City Council

Pampa Boosters To Visit Here

The Pampa Boosters will say, "Howdy! Friends and Neighbors" when they visit Hedley at 9:40 a. m. on Thursday, July 28th to extend invitations and make everyone welcome to attend the Fifth Annual Top o' Texas Rodeo and Horse Show to be held in Pampa, August 2, 3, 4, 5 and 6.

Lieb Langston, Booster Trip Chairman, said "hitch your horses, park your buggies, throw your hat in the corner and let's all have a good ol' western get-together," when the Pampa Boosters arrive in special buses with plenty of entertainment, including the Pampa Harvester Band, the Top o' Texas Four, barbershop quartet; and the Top o' Texas Square Dance Team with their own western band to add rhythm and color to the occasion.

The Pampa Rotary Club, sponsoring the trip, will be on hand for a friendly and informal visit and would like to see a good crowd out to meet them.

Lieb Langston, master of ceremonies, will give highlights on the show and promises to have souvenirs for all of the ladies and children.

Boy Scout News

Monday afternoon the scout troop will leave out for an all night hike and the scoutmaster and assistants promise to stay out with them until they get ready to come home. Camp site has not been chosen but it may be at the L. D. Messer grove 8 miles north east of town.

Last Monday night the troop held court of honor and eight scouts received their second class badges presented by Scouter Frank Story. There will also be eight more scouts eligible for second class at the next court of honor to be held next month.

Mrs. Lucille Shenneyfelt of Fort Worth visited here last week end.

Edward Todd, who was bitten by a rattlesnake recently while swimming on the J. A. Ranch, is reported getting along nicely.

Adamson-Lane Post 287, American Legion

Meets on the 2nd Tuesday of each month. All Legionnaires are requested to attend.

Rola Yandell Dies

Funeral services for Rola Yandell, who passed away last Wednesday, were held Friday morning from the Church of Christ here by Rev. James L. Willett, pastor. Burial was in Rowe cemetery with Marcum Funeral Home in charge.

Palbearers were W. W. Wiggins, W. B. Wiggins, Otis Owens, Clyde Grimsley, Tommy Ben and Olen Urey.

Mr. Yandell was born July 9, 1925 at Coalgate, Okla., being nearly 25 years of age at the time of his death. He had been a resident of this community for five years.

He is survived by his mother, Mrs. Angie Yandell of Hedley, his father, S. H. Yandell of Hedley, three sisters, Mrs. Linnie Perick, Mrs. Audrie Tisdale and Mrs. Nola Moore, all of Hedley, and five brothers, William of Milburn, Okla, Jake of the U. S. Army, Marvin and Cody of Hedley, and Wilson of Hereford.

Wesleyan Guild

Because of the revival meeting, the Wesleyan Guild will meet at the church Monday night for a short business meeting, after which they will attend the revival in a body.

Legion Auxiliary

The Legion Auxiliary will meet Tuesday night, July 19 at 8:00. This will be a social meeting, and all member are urged to attend.

Mrs. Margaret Barton and daughter of Galveston are visiting in the Jack Edens home.

Social Security

"Social security is the first life insurance that most school boys and girls pay for out of their own earnings by summer employment," J. R. Sanderson, manager of the Amarillo Social Security Administration field office in the Post Office Building, said today. "Very few of them, and few of their parents realize they are acquiring insurance, because the social security card is still usually associated in the public mind with old age."

"The fact is that eligibility provisions in the Social Security Act favor young people. Until a person is twenty-four and a half years old, earnings of as little as \$50 in as few as six different calendar quarters are sufficient credits in a social security account, to give the equivalent of \$60.00 life insurance, minimum. The six calendar quarters do not need to be consecutive. And no matter how young a person may be when the sixth quarter is earned, the insurance remains in force until attainment of 24 and a half years of age, even if the boy or girl never does any more work in covered employment after the six necessary quarters are completed.

"The \$60 minimum insurance protection under social security is a small sum in terms of life insurance, but it is only a beginning, and will increase to substantial amounts as employment becomes regular at larger wages, and when the boy or girl takes on the support of dependents."

Methodist Church

REV. J. E. COCHRAN

The Revival at the Methodist Church will begin Sunday July 17th and run through Sunday, July 31st. Rev. R. H. Campbell from Lefers will have charge of the music and adult groups. The local pastor will have charge of the young people's group and Mrs. Frank Story and others will work with the children. Let's make this a time of refreshing in the Lord as Rev. J. E. Cochran from Shawnee, Okla. leads in the services. The morning services will be a serious study of the Bible. the Rev. Mr. Cochran states.

Mr. and Mrs. Monroe Humphrey of Uteyville, Colo., announce the arrival on July 8 of a fine little daughter, who has been named Joyce Kaye.

Baseball News

Sunday afternoon the Lions will take on the hard hitting St. Francis team here at 3 p. m. St. Francis is in 5th place in league play and are making a bid to get into fourth place and the play off. They have a good team and a good bunch of boys, come out and see the game.

Leonard Davis' fast ball and Carl Davis' slow curves kept the Hedley batters down to 8 hits and 2 runs and Washburn won the game 5 to 2. This makes Washburn and Hedley even in games won as Hedley took them 3 to 1 at Washburn. Goldston got in the win column Sunday taking Claude 11 to 5, Groom beat St. Francis 7 to 4, and Panhandle nosed out McLean 9 to 7.

	League Standing		
	Won	Lost	Games Behind
Washburn	9	1	none
Hedley	7	3	2
Panhandle	7	2	1½
Groom	6	4	3
St. Francis	4	5	4½
McLean	3	6	5½
Claude	1	8	7½

CHANGE of LIFE?

Are you going through the functional "middle age" period peculiar to women (38 to 52 yrs.)? Does this make you suffer from hot flashes, feel so nervous, high-strung, tired? Then do try Lydia E. Pinkham's Vegetable Compound to relieve such symptoms. Pinkham's Compound also has what doctors call a stomachic tonic effect!

When Your Back Hurts

And Your Strength and Energy Is Below Par. It may be caused by disorder of kidney function that permits poisonous waste to accumulate. For this, many people feel tired, weak and nervous when the kidneys fail to remove excess acids and other waste matter from the blood. You may suffer nagging backache, rheumatic pains, headaches, dizziness, getting up nights, leg pains, swelling. Sometimes frequent and scanty urination with smarting and burning is another sign that something is wrong with the kidneys or bladder. There should be no doubt that prompt treatment is wiser than neglect. Use Doan's Pills. It is better to rely on a medicine that has won nationwide approval than on something less favorably known. Doan's have been tried and tested many years. Are at all drug stores. Get Doan's today.

DOAN'S PILLS

BONUS BILL: Idea Won't Die

Tennessee's Representative Rankin was nothing if not persistent. The Democratic legislator again was planning a measure to obtain a bonus for U.S. war veterans.

THE chairman of the house veterans committee disclosed that he was grooming a multi-billion dollar bonus bill as a follow-up to veterans' pension legislation. He indicated he might seek action at this session.

Whether he knew it or not, he was in for some rough sledding, for even as he discussed the proposed measure, some members of his committee voiced the belief there would be no more major veterans' benefit bills reported out of committee at this session.

COMMENTING on his measure, Rankin said he regarded adjusted compensation — or bonus — as a possible solution to the whole question of veterans' benefits.

He has managed to bottle up measures to extend the "52-20" GI jobless pay beyond the July 25 expiration date, terminate unemployment payments "rocking chair money."

The bonus bill, Rankin argued, "would deduct from the compensation all this sit-down money, on-the-job-training and college benefits."

AIRLIFT: An Anniversary

The winged boxcar flew into Berlin's Tempelhof airfield. It landed five tons of steel wool and textiles on the concrete airstrip at exactly 12 o'clock.

THE LANDING was accomplished in magnificent solitude. However, it was an event of a sort that seldom goes unnoticed.

For that landing rounded out one solid year of "Operation Airlift" the hottest weapon in the cold war. Despite that, it was probably one of the most unattended birthdays in history. The American twin-engine C-82, nicknamed "the flying boxcar," trundled to a loading station like any other plane.

THE FLIGHT, made by Lt. Michael B. Seeley, Bakersfield, Cal., was the 235,314th of the 365-day airlift. His load brought the total to a million, 943,655.9 tons of food, coal, machinery and other supplies that kept Berlin going during the Russian blockade.

The combined British-American task-force was dumping an average of 8,200 tons daily into the city with such ease nobody paid much attention to it any more.

WAGES: Hike on Way?

A bill to increase the present minimum wage in the United States from 40 to 75 cents an hour had cleared its first hurdle and was on its way to further consideration.

THE measure was approved unanimously by the senate labor committee.

Senator Pepper (D., Fla.), a committee member, said the labor department figured that if the bill became law it would mean pay raises for about 1.25 million workers who in interstate commerce now make less than 75 cents an hour.

However, the senate committee did not go along with the idea that the law should be broadened to include many workers not covered by it now.

PEPPER said that the bill had been broadened so that it included only an additional 100,000 non-farm workers. These, he said, are engaged in processing agriculture products in so-called "areas of production."

"Farmers," he pointed out, "still would have the exemptions they now have."

Recovering

Eddie Waitkus, star first baseman of the Philadelphia Phillies, who was shot by 19-year-old Ruth Steinhagen, was up and around again. It was believed he would be able to re-join the team and play some more ball this season.

SEARCH: Keep It Legal

The United States supreme court ruled that search and seizure must always be within the law and that states as well as the federal government must guarantee citizens protection against illegal practices.

BUT there was a difference. The court held that evidence illegally secured may be used in state courts, if state law so permits, but such evidence still cannot be used in federal courts.

HOUSEHOLD MEMOS... by Lynn Chambers

Freeze Foods for Future Use (See Recipes Below)

Freeze your Foods

ROAST TURKEY in mid-summer, broiled chicken in January and strawberry shortcake in December, these are some of the items which are a real possibility on menus if you have facilities for freezing your food. This may be a freezer right in your own home, or it might be space rented at one of the large lockers that are now available in so many localities.

Foods know no season when it's possible to freeze them, and, thus, of course, is one of the best ways to avoid meal monotony. You simply freeze the food when it's at the peak of the season, then eat it when you want it.

Freezing food is one of the simplest of preserving methods since foods require only a minimum of preparation, and they retain their freshness until thawed and prepared.

How to Prepare Meat For Freezer

IT'S a simple job to freeze meat for future meals and you need follow only a few simple rules to do it successfully.

When choosing animals for freezing, select those healthy ones of size and weight which will produce the quality of cuts preferred by the family. Excessive fat is unnecessary, but an ample covering of fat protects the lean from drying out during the frozen storage. This latter does not apply to veal since that meat has little fat.

These rules apply whether you purchase meats from a market or produce house. Ask for quality cuts from prime cattle, and mention that you intend freezing them and the butcher may be more careful in his selection.

Once the carcass is prepared, chill the meat immediately as bacteria grow rapidly at the high temperatures. Molds, bacteria and yeast may ruin the flavor of the meat unless it is chilled at once.

Meat cutting is no job for a novice and should be done by the butcher or an expert meat cutter at a locker plant. You, however, should specify cuts you want, if you've purchased a carcass or part of one. It's a good idea to have the meat cut in family size portions to eliminate waste, since the meat cannot, or should not be frozen once it has been thawed.

It's popular, too, to have meat boned since it requires less freezing space, and since the bones cannot puncture wrapping paper once they're eliminated.

Proper Wrapping Saves Quality

IT'S UNWISE to economize on wrapping paper for frozen foods since the meat may dry out and "freezer burns" often result. Regular butcher paper, ordinary waxed paper or grocery store type paper are not used. Moisture and vapor-proof paper bags or cartons made especially for this purpose are best. They should be easy to fold, wrap or handle, tough enough to resist tearing, and capable of receiving an ink or china pencil mark for labeling.

LYNN SAYS: Use These Freezing Tips to Help You

Varieties are of great importance in the successful freezing of fruits. Apples for sauce, for example, should be Baldwins, Greenings, Northern Spy or Yellow Transparent types.

Study the freezing space which will be available to you, and plan how much of each fruit, vegetable, meat or poultry you will have. Don't overstock one item so that you can't freeze something you want.

Peach Salad in Cherry Gelatin
Peppermint Ice Cream

Each bundle of meat in the freezer should contain enough meat for your family for a meal. Waxed or waterproof paper may be used between each hamburger, a stack of patties since this makes them easy to separate and hastens thawing once they come out for use. Or, in this case, you may readily remove two or three chops without thawing the whole package.

Pull the proper wrapping tightly around the meat to smother out all possible air and eliminate air pockets. The package should be smooth and firmly packed to conserve storage space.

Seal the paper with a "ragstore fold" which means bringing one edge over the other and taping it over the shorter sheet. Now twist or fold the ends and seal with acetate (scotch) tape. This tape is not affected by moisture or food.

Label all packages so you can easily identify them when you want them. The label should contain the type of meat enclosed, the number of servings or the weight in pounds, and the date on which it was wrapped for freezing.

As soon as the meat is wrapped and labeled, place in the freezer. If you do not have a freezer at home, store the packages in the refrigerator until you can take them to the locker, but this should not be more than a few hours.

Frozen Poultry Keeps Well

Frozen poultry is one food which keeps well in its frozen state, and requires even less attention than freezing meat since you yourself can prepare it for freezing with no special tools. Clean the bird and disjoint it, and in place of cooking it, wrap it for freezing to be cooked several months later.

Birds are killed, bled, plucked, chilled and dressed before they can be packaged. If you desire, it's a great convenience to stuff the poultry and freeze it in that state, so the poultry is ready to pop in the oven for Christmas or Thanksgiving dinner. Do not use sage in the dressing if you expect to keep the bird more than three months since the flavor permeates the meat.

Here's a guide for chicken to be frozen: broilers should not weigh over two and a half pounds dressed, or be over 12 weeks old; frying chickens should weigh from three to three and a half pounds and be 20 weeks old.

Fowl for fricassee may weigh from four to six pounds and can be from one to two years old. A roasting chicken should weigh four to five pounds, but is best if not more than a year old. Capons should weigh from 7 to 10 pounds but should not be over 10 months old.

Fruit juices for breakfast or beverages are easily frozen. Select good juices from well-matured fruits and chill thoroughly. Extract the juice and pour into paraffin coated tubs or cylinders. Freeze immediately.

Water used for washing fruit, berries and vegetables should have ice in it unless the temperature is lower than 65°.

Speed the harvest to the freezer just as you speed food to the can for canning to prevent food value loss and deterioration.

Vibration In Washing Machine

One of our readers, noting an item about a vibrating washing machine solved a similar problem to her satisfaction, and wrote as follows: "If she (the other reader) will be sure to pack the clothes in very firmly and tightly, and keep turning the grease cup as per instructions, she will find the vibrating has almost ceased except, of course, in the case of heavy articles such as overalls, rugs, etc. If she can keep the washing part full of water and sort of lean on it, it is barely noticeable even with these heavy articles." I am glad to pass this along for the benefit of other readers who have had the same difficulty.

I USE RED STAR DRY YEAST IN ALL MY BAKING RECIPES

RED STAR DISSOLVES FASTER... IT'S SPECIAL ACTIVE

30 MINUTE ROLLS

2 packages Red Star Special Active Dry Yeast
1 1/2 cups warm water (105° to 110° F.)
1/2 cup sugar
1 1/2 teaspoons salt

1 egg
3 cups sifted all purpose flour
2 tablespoons shortening, melted and cooled to lukewarm

Step 1: Dissolve yeast in warm water (105° to 110° F.) in large mixing bowl. Step 2: Add sugar, salt, and unbearns etc. Add flour gradually. Beat well with electric mixer on low or medium speed, or by hand with large wooden spoon. Add shortening, beating until thoroughly mixed. Step 3: Spoon dough into well greased muffin pans, filling about one-third full. Step 4: Let rise in warm place (90° to 95° F.) until dough has risen level with top of muffin pans (about 25 to 30 minutes). Step 5: Bake in moderately hot oven (375° to 400° F.) 20 min. Step 6: Remove from pans and serve warm. Yields 18 to 24 rolls.

Try this new way to faster, easier baking. Red Star Dry Yeast keeps fresh for months — right on the pantry shelf. It's always ready when you need it.

Watch Your Kidneys!

Help Them Cleanse the Blood of Harmful Body Waste

Your kidneys are constantly filtering waste matter from the blood stream. Bad kidneys sometimes lag in their work—do not act as Nature intended—fail to remove impurities that, if retained, may poison the system and upset the whole body machinery.
Symptoms may be nagging backache, persistent headache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—a feeling of nervous anxiety and loss of pep and strength.
Other signs of kidney or bladder disorder are sometimes burning, scanty or too frequent urination.
There should be no doubt that prompt treatment is wiser than neglect. Use Doan's Pills. Doan's have been winning new friends for more than forty years. They have a nationwide reputation. Are recommended by grateful people the country over. Ask your neighbor!

**A PENNY--
for your thoughts**

A bigger bargain
you couldn't seek—
A penny tells time
for about a week!

Here's the answer to
a housewife's wishes—
One penny will wash
six loads of dishes!

Four pennies a year
for Father's shaving!
Can you imagine
a greater saving?

OF COURSE,
It's Electric!

Yes, even the lowly penny can buy you a lot of convenience and service—when you spend it for electric service. For there's plenty of penny wisdom in living the electric way—easily, comfortably, healthfully. Though electric service is just about the smallest item in your family budget, what else does so much—for so little?

SERVING the Gulf South

**... by making business
BETTER FOR EVERYBODY!**

United Gas is serving the Gulf South in many ways . . . in addition to supplying natural gas fuel for more than 400 cities and towns in this area. Every dollar of payroll or taxes, every dollar invested in construction or development by United Gas means more money in circulation for all to share. Last year, for example, our company invested more than 70 million dollars here in the Gulf South (more than half of which was spent in Texas), and that's money that rang cash registers for all types of local business, made jobs for you and your neighbors, and made business better for everybody.

This is a good example of the way the American Business System works to bring better living to your community.
