Weekly Swing of SOUTHWEST FARM MARKETS

Many southwest farm products sold lower during the past week, while others held steady or showed gains, the U. S. Department of Agriculture's Production and Marketing Administration reports.

Wheat and oats advanced slightly, as milo dropped 16 cents a hundred pounds and other grains lost 1 to 3 cents a bushel. No. 2 yellow milo closed Monday at \$2.05 to \$2.10, basis Texas common points. No. 1 hard wheat brought \$2.33 to \$2.39.

Pork loins dropped \$11 to \$12 for the week, and most other meats \$1 to \$4.

Livestock marketings continued about as heavy last week as the week before.

Monday's prices on cattle and calves were steady to \$1 higher than a week earlier at Texas and Oklahoma markets, except that all calves lost 50 cents to \$1 at San Antonio and stocker calves dropped that amount at Oklahoma City. Cattle and calves registered losses ranging from 50 cents to \$1.50 at Denver.

Butcher hogs and sows lost around \$1, more or less, at all southwest markets during the past week. Pigs shared the loss at Oklahoma City but held steady at Texas markets. Top butchers closed Monday at \$20 at Fort Worth and Oklahoma City.

Southwest egg and poultry markets strengthened slightly early last week, and have held firm since. Best candied white eggs sold mostly around 60 cents a dozen, and mixed colors 50 to 55 cents. New Orleans paid 57 to 60. Heavy hens brought 24 to 26 cents in North Texas, and 30 to 33 at New Orleans. North Texas markets quoted No. 1 young turkeys from 30 to 35 cents a pound.

Most southwest cotton markets closed Monday 50 cents to \$1 a bale lower than a week earlier. Spot middling 15 16 inch sold at 29.95 cents a pound at Dallas, 29.20 at Houston, and 29.75 at New Orleans.

Uncle Sam Says

Next to a stack of golden grain in the fields or a tree loaded with fruit, a farmer's proudest possession is his stack of U. S. Savings Bonds. These Bonds enable him to oil up his financial machinery and maintain a reserve which insures his home, land, livestock and equipment. His future is secure. The wise farmer builds his financial reserve in Savings Bonds from profits when his crops are good. That reserve is the windbreak against a stormy period. And it grows, \$4 for every \$3 invested in ten years.

Mrs. Virginia Coffey

Funeral services were held Thursday afternoon at the First Christian church at Van Alstyne for Mrs. Virginia Texas Buttridge Coffey, 95.

She was the oldest resident of Sherman at the time of her death Tuesday at the home of her daughter-in-law, Mrs. Dick Coffey. Mrs. Coffey was born July 31, 1854. She was married to M. S. Coffey at Van Alstyne on Nov. 7, 1871. He died in 1921. She then moved to Van Alstyne to live with her son, and after his death in 1945, she and her daughter-in-law returned to Sherman to live.

Mrs. Coffey was a member of the Christian Church and the United Daughters of the Good Will. She had been blind for about six months ago.

She is survived by a son, E. Coffey of Van Alstyne, three daughters, Mrs. C. F. Jones of Dallas, Mrs. W. H. Miller of Pilot Point, and Mrs. J. C. Coffey of Hedley, ten grandchildren and great-grandchildren.

Birthday Party

Danne Davis celebrated her eleventh birthday with a party at her home Thursday afternoon, Sept. 22nd.

Various games were enjoyed including duck pins, horse shoes and table tennis, with LaQuitta Meador and Reatha Ranson sharing prizes.

After many nice gifts were admired the group was served pop-sicles, ice cream and cake with colored baskets filled with candy mints given as favors.

Those attending the party were as follows: Beneva Ann Hill, Beth Edens, Carolyn McPherson, Glenda and Barbara Hansard, Jean Ivey, LaQuitta Meador, Peggy Jo Mullins, Joyce Stuckey, Virginia Kelley, Reatha Ranson, Wanita and Glenda Anderson, Mary Helen McKee, Shirley Stone, Sandra Youree and Barbara Sue Johnson. Wanda Hansard and Mrs. Bert Wise of Commerce, the honoree's grandmother, sent gifts.

Mrs. Jessie Kyser has returned from a visit with her daughter at Tahoka.

Uncle Sam Says

Sitting on top of the world is the spot where most of us would like to be—free from financial worry—sure that our future and the future of those we love is secure. Your government is providing the opportunity to start climbing to that enviable spot—buy U. S. Savings Bonds the automatic way—the Payroll Savings Plan where you work, or, if self-employed, the Bond-a-Month Plan where you bank. The future will take care of itself when you have the safe, sure way. Your seat is reserved for you.

To All Citizens

Due to the fact that there have been several cases of polio not far from Hedley, both city and health authorities are asking all citizens of the community to cooperate in spraying their premises again with DDT, and cleaning up all rubbish, etc., to eliminate all disease carrying insects. Polio can strike anyone, and you are working for yourself when you take a part in this campaign. Do your part to help keep Hedley free from polio!

Legion Auxiliary

A meeting of the Legion Auxiliary will be held Tuesday, October 4 at 7:00 p. m.

I. E. Class

The T. E. L. class had an all day meeting at the church last Friday. A covered dish luncheon was enjoyed and the day was spent in quilting and business.

Guests in the Wyminegar home Sunday included Mr. and Mrs. Henry Kinslow and son, Mr. and Mrs. Gilbert Conner and baby, Mr. and Mrs. Charles Blanks and Donnie, all of Amarillo.

Charles Neal Johnson and his roommate, Jack Douglas of Shamrock and Corly Hunsucker, all students at Texas Tech visited in Hedley last week end.

Mrs. Margaret Rogers of Baswell, N. Mex. is visiting her sister, Mrs. J. E. Blankenship.

Wanda Lee Shaw of Canyon spent last week end here.

U.S. Crops at Near-Record Peak; Lewis Hints at Coal Mine Strike; Steel Industry Resists Wage Hike

(EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysis and not necessarily of this newspaper.)

SUPERCILIOUS SWINE UNIMPRESSED BY GI—Nominated for honors as swinedom's most sneaky member, this porker at Nayama, Japan, is entirely unimpressed as Pfc. Joe McClelland, Modesto, Calif., uses an aspirator to capture disease-bearing mosquitoes in a house at Okayama. The GI's not-to-happy look is probably inspired by the realization that a hog with such a supercilious appearance might quickly instill an inferiority complex in any human being who gazed too long.

U.S. CROPS: Near Record

Marshall plan countries, nations everywhere sharing in the largesse of Uncle Sam, would rejoice at the news that the 1949 U. S. crop forecast indicated a near-record volume. So busy was the future that experts held that the nation's food production would approach approximately 1948's record bumper crop.

REPORTING this year the U. S. department of agriculture said that if the crop did not top all records, it certainly would be second only to last year's figures. Since the growing season for most crops was practically over, there was little likelihood of any change in the crop forecast.

Corn, especially, was abundant. In this crop almost certain to result in some sort of controls on surplus. The prediction for the corn crop was 3.5 billion bushels, only 3.5 per cent below last year's record, but 27 per cent above average. The new figure was only about 13 million bushels less than the forecast a month ago.

It was believed that a corn crop of this size was virtually certain to lead the government to invoke production controls on the 1950 crop in a move to prevent accumulation of a burdensome surplus. As a consequence, corn from this year's crop is expected to move into government hands under price-support programs to join the more than 400 million bushels remaining there from the 1948 crop.

NO OFFICIAL decision on corn was likely, however, until after the October crop estimate.

The agriculture department's wheat crop estimate of nearly 1.25 billion bushels was virtually unchanged from a month previous. This would make it the fourth largest wheat crop on record. Also among the relatively large crops were rice, tree nuts, soybeans, grapes, cotton, flaxseed, sorghum grain, dried beans, sugar cane and cherries.

RELIGION: 15 Priests Held

Charging the church with using an underground communication network, the Communist government in Czechoslovakia arrested 15 priests in an effort, it said, to smash the organization.

THERE were indications that despite the arrests, the system was still working because it was needed by the church to maintain contact between its priests and their bishops.

As a point in proof of the continued operation of the system, it was pointed out that parish priests still are sending in declarations to the government that they would rather go to jail than obey a new church-control bill which the Communists proposed to enact.

PRIESTS who have been sending in these declarations say they will never accept appointment from anyone except their freely-acting church superiors.

The church has demanded that the government call off its war against the clergy if it wants to enter into any new negotiations for an agreement as to the role of church and state in the governmental setup.

PRESENT FARM AID DEFENDED

Aitken Claims Wheat, Cotton Profs High

According to Senator Aitken (R., Vt.), present farm aid law provides for high price props for wheat and cotton and he declared that anyone who contends otherwise is guilty of misrepresentation.

The senator was defending the flexible farm support law he helped write in the preceding congress and which bears his name. Barring new farm-aid legislation, the Ait-

FINANCE: Advice to British

If the British got nothing else out of the Washington conference on the island's financial crisis, they had received a lot of advice.

That they were not prone to take it was evidenced by British comment in the homeland and hints by Washington newsmen that the British monetary delegation was peeved at the way U. S. treasury chief John Snyder was bossing the show.

WITH bland disregard for the fact, British comment in London was to the effect that Uncle Sam was playing England for a sucker. On the other hand, there was much criticism in the U. S. that the British had nothing but their own yen for the labor government to blame for their financial plight.

In the midst of the clamor, one thing appeared to be distinct: The major forces in U. S. agencies which might help the British were agreed that devaluation of currency was the immediate answer to Europe's financial problems. Snyder believes that, and he has been backed up by the opinion of the World Bank and Monetary Fund.

EUGENE BLACK, American president of the 48-nation World Bank, summed it up neatly. He said:

"I do not underestimate either the complexities or the far-reaching consequences of such action (devaluation), but I fail to see how it can be avoided."

SECURITY: Cost Rising

An increase in the cost of social security to about 15 billion dollars by 1960, and possibly more than 30 billion by the year 2000, would be the net effect to American taxpayers if congress would pass the pending proposals to expand our present system.

THIS ESTIMATE was made by the Research Council for Economic Security, a Chicago organization, in a study entitled Estimated Cost of Social Security Expansion. Cost estimates are based upon the estimated population and mortality rates for future years. No allowances for variations in wage or price levels has been made.

The expanded program, all of which has been given consideration in the 81st congress, consists of four parts:

1. Increase in old age and survivors insurance benefits and coverage.
 2. The introduction of a new concept in federal social insurance, namely, compensation for temporary and permanent disability.
 3. An expansion in federal public assistance payments.
 4. Adoption of a national compulsory insurance system.
- "THE COST in terms of taxable payrolls," the council points out, "ranges from 9.7 per cent to 11.4 per cent in 1960, depending upon low-cost or high-cost estimate. For the year 2000, the estimate ranges from 13.3 per cent to 18.3 per cent of taxable payrolls."

WORLD SERIES: Video at Movies

Everything, someone has observed, happens in Brooklyn. What was slated to happen in Brooklyn this fall would engage the interest of every baseball fan in the nation.

FOR, at a Brooklyn theater, all the World Series baseball games were to be shown, via television, on the theater's movie screen.

True, it was an experimental project for which the theater-owner reportedly paid \$10,000; but other theaters had shown some interest in the plan, and it had the endorsement of A. B. "Flappy" Chandler, baseball's high commissioner.

Household Hints

Plugging Leaks
Tiny leaks in fuel oil tanks and water boilers can be plugged by the amateur, temporarily, at least. Get a tiny "self-threading" metal screw; put it halfway through the leak with a screwdriver; then seal it by rubbing paraffin or candle wax under the head of the screw.

Spots on Concrete
Oil spots on concrete often can be removed with cleaning fluid. If the spots are old, mix up a paste of cleaning fluid and Fuller's earth. Spread the paste on the spots and wait until it's completely dry before sweeping it off with a broom.

Marine Corpsman Sets Unofficial Rifle Mark

Washington, D.C.—Marine Corporal Stanley F. Sanders of Fleet Marine Force, Atlantic, set an unofficial National Rifle association record recently when he fired a string of 117 consecutive bullseyes in the Maryland state .30 caliber championship rifle matches.

Sanders' feat came about in the prone rapid fire matches on the 200 yard line. Seven shooters were tied with perfect scores on the initial run, and it was necessary to continue firing in the eliminations. The records will be posted as "unofficial" until the NRA can examine the claim for record.

That Nagging Backache

May Ward of Disordered Kidney Action
Modern life with its hurry and worry, irregular habits, improper eating and drinking - its risk of exposure and infection - throws heavy strain on the work of the kidneys. They are apt to become over-taxed and fail to filter excess acid and other impurities from the life-giving blood.

You may suffer nagging backache, headache, dizziness, getting up nights, leg pains, swelling - feel constantly tired, nervous, all worn out. Other signs of kidney or bladder disorder are sometimes burning, scanty or too frequent urination.

Try Doan's Pills. Doan's help the kidneys to pass off harmful excess body waste. They have had more than half a century of public approval. Are recommended by grateful users everywhere. Ask your neighbor!

Kidneys Must Work Well

For You To Feel Well
24 hours every day, 7 days every week, never stopping, the kidneys filter waste matter from the blood.
If more people were aware of how the kidneys must constantly remove surplus fluid, excess acids and other waste matter that cannot stay in the blood without injury to health, there would be better understanding of why the whole system is upset when kidneys fail to function properly.
Burning, scanty or too frequent urination sometimes warns that something is wrong. You may suffer nagging backache, headaches, dizziness, rheumatic pains, getting up at nights, swelling.
Why not try Doan's Pills? You will be using a medicine recommended the country over. Doan's stimulates the function of the kidneys and help them to flush out poisonous waste from the blood. They contain nothing harmful. Get Doan's today. Use with confidence. At all drug stores.

TESTED MEAT RECIPES

ROAST LOIN OF PORK

Have backbone loosened from ribs so that carving will be easy. Season with salt and pepper and place with the fat side up, bones down, in an open roasting pan. Make an incision and insert a meat thermometer so that the center of the bulb reaches the center of the thickest part of the meat. Put the roast in a moderate oven (325° F.) and cook without covering and without adding water. It will be done when the meat thermometer registers 185° F. Allow about 40 min. per lb. for roasting. Make a gravy from part of the drippings and season it with sage. Serves 2 to the pound.

Psychology

No one knew exactly how Rosenkrantz's business was going and as he never paid back any of the money he had borrowed from O'Flaherty, the latter became rather anxious. He went to Rosenkrantz's store one afternoon and demanded a showdown. Rosenkrantz, to pacify O'Flaherty, told him that he was a preferred creditor. O'Flaherty went home partially satisfied but after thinking the matter over hurried back to the store and demanded to know what a preferred creditor was.

"Well, mine friend," said Rosenkrantz, "you are a preferred creditor because you know now that you ain't goin' to get anytin' but de oddsers won't know for toity days."

NEWS that makes folks sleep all night!

Thousands now sleep undisturbed because of the news that their being awakened at night might be from bladder irritation—not the kidneys. Let's hope so! That's a condition Foley Pils usually allay within 24 hours. Since bladder irritation is so prevalent and Foley Pils so potent, Foley Pils must benefit you within 24 hours or DOUBLE YOUR MONEY BACK. Make 24-hour test. Get Foley Pils from druggist. Full satisfaction or DOUBLE YOUR MONEY BACK.

TAKE A LOOK AT YOUR INSIDES

Study the above drawing for a few minutes. Notice particularly how the bile flows from the liver into and out of the gall-bladder and thence into the small intestine where it mixes with the partly digested food just below the stomach. Bile is a necessary adjunct to proper digestion. Its absence from the intestines inevitably causes putrefaction and fermentation.

NATURE'S DANGER SIGNALS

When your stomach, liver, and gall bladder have been upset by improper eating or drinking, or when they are not working well because retained and putrefying food matter in your intestines is poisoning your entire body, your bile stops flowing freely and you, sooner or later, begin to feel some of the following symptoms:

Your breath may become unpleasant (halitosis), your tongue coated, a bad taste in your mouth, your coffee (and tobacco) lose their natural flavor, your food does not agree with you; you may have headache, heartburn, gas and dizzy spells, you may be troubled with belching; at night the gas in your bowels may press upon your bladder making you get up frequently, thus breaking into your sleep.

In the morning you are tired instead of refreshed. Gradually your health is impaired: you have constipation, gas, putrefaction and self-poisoning ("intestinal toxemia" or "acute gastritis" as many doctors call it).

HOW TO GET RELIEF

You can relieve this condition, usually overnight, by taking Calotabs at bedtime and drinking water freely next day. Calotabs are a thoroughly dependable laxative designed to effectively relieve symptoms of biliousness and acute gastritis due to constipation or faulty digestion, and to promote the flow of bile through the intestines.

Calotabs are pleasant to take (sugar coated), prompt and effective. Try them and see. Follow label directions. At your druggist's.

Demand the original Calotabs in the distinctive checker-board box. Accept no substitute.

Deviled Swiss Puffs Make Delightful Sandwich (See Recipe Below)

Luncheon Ideas

DO YOU FEEL that your head is brimming full of question marks instead of good ideas when it comes time to think of something for luncheon?

Then tack the ideas given in today's column somewhere where they'll be sure to remind you of something guaranteed to be successful. Some of these recipes are for simple family fare while others are sheer elegant eating, suitable for guests, for a special Sunday night supper.

With a well rounded luncheon dish, you need only a big vegetable or fruit salad, chilled to icy crispness, to make the main course complete. Your dessert might be pie, cake, ice cream, or simply fruit and cookies.

Keep your pantry shelves well supplied with staples, as well as such items as dried beef, deviled ham, noodles, evaporated milk, rice and condensed soups so that you can whip together these recipes without trips to the store at the last minute. In this way you'll be well prepared to meet family meal problems as well as those which arise when guests drop in.

THIS deviled swiss puff is truly new and different, easy to prepare and fun to eat. When made in the individual casserole skillets as shown in the picture, it will be a real success at a ladies' luncheon. Savory deviled ham is used in the recipe, but you might also try liver sausage or another favorite meat spread.

The cheese mixture may be prepared, except for the baking powder, a day in advance of use, in case you are rushed for time in meal preparation. Remove the mixture from the refrigerator an hour before using so that it will be soft for easy spreading. Add the baking powder just before using.

Deviled Swiss Cheese Puff (Serves 4)

- 1/2 cup evaporated milk
- 1 tablespoon flour
- 1 tablespoon water
- 1 egg, slightly beaten
- 1 cup grated Swiss cheese (processed)
- 1/4 teaspoon onion juice
- Dash of tabasco sauce
- 3/4 teaspoon baking powder
- 6 tablespoons deviled ham
- 2 tablespoons evaporated milk
- 4 slices tomato
- 4 slices bread

Heat the 1/2 cup evaporated milk in top part of double boiler. Mix flour with water. Stir into milk and cook until thickened, about five minutes. Add the beaten egg, cheese and seasonings and continue cooking until cheese is melted and the mixture thick and creamy. Set aside to cool. Blend ham with two tablespoons of evaporated milk. Spread the slices of bread with the ham mixture, then top each with a slice of tomato. Blend baking powder into cooled cheese mixture. Spread the cheese mixture thickly on each sandwich. Place sandwiches in individual shallow casseroles or in a shallow baking pan. Place under broiler. Using moderate heat, broil until cheese is

LYNN SAYS: Making Cooking Easy In These Simple Ways

Use the pastry blender for mashing eggs for egg salad or sandwich mixtures. It works easily to make the eggs coarse or fine, as you like.

Get the full taste from green peppers for a salad or any other dish, by grating or shredding them, instead of chopping.

Add a few banana flakes to hot or cold cereal just before serving. They add delicious flavor.

puffed and slightly browned on top. Serve at once.

Note: American cheese or pimento cheese are also good to use in the above mixture to replace Swiss cheese, if desired.

A BUDGET MEAL that is a taste-tempting dish can be turned out of dried lima beans, seasoned with onion, mace and powdered sage, the latter to point up the sausage topping. Double-rich evaporated milk poured over the beans for baking adds richness to the dish as well as keeping the beans admirably moist.

Limas Louisiana (Serves 4)

- 1 cup dried lima beans
- 2 cups water
- 2 tablespoons finely chopped onion
- 1 teaspoon sugar
- 1/4 teaspoon mace
- 1 teaspoon salt
- 1/4 teaspoon powdered sage or poultry seasoning
- 1/2 pound small pork sausages
- 1/2 cup evaporated milk
- Shredded green pepper

Wash beans; soak for several hours or overnight in four cups water. Drain; cook beans in the two cups of water until tender. Add onion, sugar and seasonings to the beans. Place the sausages in a skillet and cook until the links are browned. Use the drippings to grease the baking dish. Turn the bean mixture into the dish. Pour milk over the beans. Arrange browned sausages over the top. Shred a bit of green pepper over them and bake in a moderate (350°) oven for 20 minutes.

FRAGRANT and steaming chicken baked with rice boasts a sophisticated flavor combination spiked with green pepper, onions and slivered almonds.

*Chicken Baked with Rice (Serves 6)

- 2 1/2 cups uncooked rice
- 1/4 cup green pepper, chopped
- 2 tablespoons minced onion
- 1/2 cup slivered almonds, if desired
- 1 1/2 cups diced chicken
- 1 10 1/2-ounce can condensed mushroom sauce
- 1/2 teaspoon salt
- Few grains black pepper
- 1 cup evaporated milk

Cook rice according to favorite recipe or directions on package. Mix with green pepper, onion and almonds. Arrange layers of rice, chicken and soup in a 1 1/2 quart casserole. Season with salt and pepper. Add milk and bake in a moderate (350°) oven until bubbling and browned, about 30 minutes.

When you purchase ice cream which has been frozen too hard to serve, place the container under hot water for just a few seconds, and it will slice readily enough for serving.

Poached eggs will not spread if you stir the water vigorously in one direction, to create a whirlpool, before you drop in the eggs.

FIRST AID to the AILING HOUSE

by Roger C. Whitman

QUESTION: Our wallpaper is coming loose above our radiator. We papered three years ago this spring. We took all the old paper off and then gave the walls a good coat of glue sizing. Could you suggest something we could use that will not loosen the paper? (We have vapor heat.)

ANSWER: As you say the paper loosened above the radiator, but evidently did not loosen anywhere else. I make the guess that the heat was in the radiator at the time of papering, and the heat dried out the glue size too quickly so that the paper did not make a good bond. If you are planning to repaper, make sure that the radiator is cold at the time you paper that part of the room.

QUESTION: Our dining-room furniture has white spots on the legs, probably caused by striking the legs with shoes. Is there some way I can touch them up? I do not want to refinish the entire piece unless I have to.

ANSWER: I suppose the pieces are made of a white wood, such as maple, and the varnish has been scuffed off. I believe you will find it more satisfactory to do a good job rather than touch up the pieces with preparations for hiding the damage. However, perhaps you would rather do it this way. If so, ask your hardware dealer for one or two of the new products made for concealing scratches and other blemishes on furniture. Ask at a furniture store.

QUESTION: There is a corner crack in our bedroom wall and the ceiling has cracks. We have used a preparation for fixing cracks, but after a severe winter the cracks show up again. Is there any other material besides plaster that would be pretty and not crack down at the corners? Our room is finished in calcimine. Would that have to be removed if covered with other material?

ANSWER: A corner crack needs a somewhat different treatment from a crack in the straight wall. The plaster should be removed down to the lath on each side of the corner for a distance of 4 to 6 inches. Then a metal corner lath is nailed in place and that part of the wall then is replastered. If you cannot get corner lath, you may be able to get metal lath in strips 8 to 12 inches wide. Bend the strips at right angles to fit the corner and fasten in place. It would be advisable to have a plasterer do the job for you. The ceiling crack can be "undercut" to make it wider at the lath than at the surface. The plaster crumbs should be cleaned out and the groove wet with water. It then can be filled with patching plaster almost to the top and allowed to dry. It will shrink a trifle in drying. It then should be filled to the surface and smoothed level with the surrounding plaster surface.

Hide Signs of Wealth

In every Bantu language there is a word to describe the action of a man who, owning a considerable herd of cattle, plants them out among his poorer relatives and neighbors so that he will not appear too prosperous. Everybody knows that they are his, and just how many he has, but he must avoid any appearance of ostentation. Similarly, it is not considered advisable to own too good a house or lands that are too well cultivated. Fear of exciting the envy of the chief is one of the motives that govern this attitude of mind, which always has been a powerful brake to the progress of Bantu agriculture in South Africa.
