it's cold outside

It may be freezing outside, mister, but you'll never know it inside if your home has adequate, vented, automatic natural gas heating. And the same little pipe that delivers gas to your heating system will furnish fuel for heating water, cooking, refrigeration—for all the major jobs in the home ... at a cost of only a few pennies a day.

GAS CONTRIBUTES TO YOUR WELFARE

You benefit in many ways from gas company dollars spent in the Gulf South. Gas companies pay wages, royalties and dividends to you and your neighbors and buy a wide variety of supplies and equipment from local concerns. They pay millions in taxes to support state and local governments. They make everybody's business better!

UNITED GAS SERVING THE Gulf South
