Baseball News

Last Sunday the locals journeyed to Washburn and beat them to the tune of 13 to 8. Leading hitters for Hedley were A. Gibson with 3 for 4 and Bill Mooring with 4 for 5. There wasn't much doubt from the start who was going to win this ball game. Bobby Everett was the winning pitcher and King Carl Davis, the losing pitcher. In all Washburn used three pitchers trying to put out the fire, but none of them were very successful in doing so.

Next Sunday we go to Groom to make up the ball game that was rained out up there three weeks ago. Let's have another good crowd to go up and back the home team. It is appreciated very much the way the local fans have been supporting the team at home and away from home also.

Without Painful Backache

As we get older, stress and strain, over-exertion, excessive smoking or exposure to cold sometimes slows down kidney function. This may lead many folks to complain of nagging backache, loss of pep and energy, headaches and dizziness. Getting up nights or frequent passages may result from minor bladder irritations due to cold, dampness or dietary indiscretions.

If your discomforts are due to these causes, don't wait, try Doan's Pills, a mild diuretic. Used successfully by millions for over 50 years. While these symptoms may often otherwise occur, it's amazing how many times Doan's give happy relief—help the 15 miles of kidney tubes and filters flush out waste. Get Doan's Pills today!

"Hello daddy, supper's ready"

Yes, Daddy can be sure his meals are ready—and piping hot—when the fuel which cooks them is fast, efficient, dependable natural gas. Even though mother and the children spent the day away from home, he can count on gas to cook his meals, heat or air-condition his home, heat his bath water, keep perishable foods refrigerated, even dry the family wash . . . all for just a few pennies a day.

Natural Gas Service Is Truly A Public Service
Thousands of stockholders, some of whom probably live in your community, are the owners of the natural gas industry. Thousands of wage-earning employees, your friends and neighbors, operate the gas industry. The gas companies, like other businesses, pay taxes which help support the essential functions of government. The natural gas industry is a good example of the way American business has worked to bring the advantages of a great natural resource to a maximum number of people.
