ron Road, Louisville, Ky., owner of Coogla Cut Rate Store at 935 West Broadway, says there just aren't enough words in the English language to praise HADACOL correctly. He says he knows most folks don't realize what a change HADACOL can make in their life if their systems are deficient in Vitamins B, B2, Iron and Niacin. Here is Mr. Goldsmith's state-

"Before I started taking HADA-COL I was run down and nervous -and had a hard time sleeping nights. With my work in the store I have to spend sometimes 14 hours a day on my feet. Since I am in the retail business I saw how many folks were asking for HADACOL so I decided to try it myself. After the first couple of bottles I could tell a definite improvement. Now I have all the pep and energy in the world, my nerves are steady as ever and I really do get a good night's rest. HADACOL is wonderful. derful - I not only take it, but recommend it to all my customers. I praise the day Senator Dudley J. LeBlanc put HADACOL on the market."

HADACOL Is So Different Thousands are benefiting from HADACOL . . . whose systems lack Vitamins B, B, Iron and Niacin. HADACOL is so wonderful because HADACOL helps build up the hemoglobin content of your blood (when Iron is needed) to carry these great Vitamins and Minerals to every body organ — to every part of the body.

Give remarkable HADACOL a chance and if you don't feel better with the first few bottles you take - you get your money back. Only \$1.25 for Trial Size; Large Family or Hospital Size, \$3.50. Too much heat in one room—not enough in another. That was the accepted standard of heating when you used a temperamental old stove in the parlor. The coming of natural gas brought wonderful new comfort into your home . . . automatic gas heating equipment now raises that standard even higher. Gas heating equipment will serve you best if it's adequate, vented, automatic. Investigate the improved models now being installed in most all modern homes. Investigate the new automatic circulating gas heating systems. See what they will do for you.

The scores of companies which comprise the natural gas industry in the Gulf South are serving you in many ways besides delivering gas to your home or factory. Their royalty payments, payrolls and local purchases help make business better for everybody. Their tax payments help to provide essential governmental services. Their industrial development activities help to bring more jobs and payrolls into the area, thus creating more prosperity for you and your family.
