Personal To Women With Nagging Backache
As we get older, stress and strain, over-exertion, excessive smoking or exposure to cold sometimes slows down kidney function. This may lead many folks to complain of nagging backache, loss of pep and energy, headaches and dizziness. Getting up nights or frequent passages may result from minor bladder irritations due to cold, dampness or dietary indiscretions.
If your discomforts are due to these causes, don't worry. Try Doan's Pills, a mild diuretic. Used successfully by millions for over 50 years. If these symptoms may often overshadow your life, it's amazing how many times Doan's give happy relief—help the 15 miles of kidney tubes and filters flush waste. Get Doan's Pills today!

REMEMBER WHEN

... this was your warmest friend

Those were the days when you took the heater with you . . . to the bedroom, the bath or the parlor. That was when heating at its best left "pockets" of cold air which made many parts of the house uncomfortable. Today, adequate, vented, automatic natural gas heating will keep every room in the house at "shirt-sleeve" temperature . . . with just the right amount of moisture for healthy indoor living. Get complete information on the new, improved GAS heating equipment from your dealer. Be sure it's adequate. Be sure it's vented. Be sure it's automatic. Be sure it's GAS.

The economy and dependability of natural gas service help bring about many of the modern conveniences that make our standard of living the highest on earth. Many factories that supply our daily essentials are fueled by natural gas. Yes, natural gas . . . and the companies which produce, process and deliver it . . . are an integral part of our economy . . . a good example of American private enterprise operating for the benefit of people in all walks of life.
