

Services Held For Hedley Woman

Funeral services for Mrs. Mollie Greer, 92-year-old pioneer of Hedley and Donley county were held Friday morning at the Arlie cemetery with the Rev. O. L. Jones of Hedley conducting. Burial was at the Arlie cemetery in Childress county.

A resident of Hedley for more than 52 years, Mrs. Greer is survived by three sons and two daughters, 15 grandchildren and several great grandchildren.

Her husband and two sons preceded her in death. She was a member of the Presbyterian church in Hedley. She and her husband moved to Donley county and settled in 1899 and were among the first settlers there.

Survivors include a grandson, H. D. Greer of Hedley, two sons, W. C. of Texline and A. L. of Clarendon and two daughters, Mrs. W. B. Wyrick of Arlie and Mrs. Ethel Hilburn of Amarillo. Pall bearers were Bill Harris, D. B. Leach, Jesse Beach, Olen Plunk, Alfred Spalding and Ike Rains. Murphy-Spicer were in charge of funeral arrangements.

Lions Directors To Hold First Meeting

Next week is regular Lions Club meeting. A good program is being arranged. This will be new Boss Lion Clyde Bridges' first meeting so let's all come out and give him a good send off. Meeting time is 8 p. m.

The first directors meeting of the fiscal year is being held this week. Such items as the aid to the Old Settlers Picnic at Tate Grove Friday, August 17th, the annual Lions Family picnic, August 30th, the City Park and appointment of committees is to come up.

Last weeks meeting was well attended although the club met early on account of the revival meeting at the Methodist Church. The good Methodist ladies served a good meal and Deputy District Governor Carl Allmon of Clarendon installed the new officers. Past President L. D. Messer and Past Secretary Arthel Gibson were presented with gold past officers buttons. New song leader John Murphy and new Lion sweetheart Jane Mosely were on the job.

Lions Cox and Noel promise the new speakers stand sometime in the near future and Lion Rains promises the erection of the new highway signs ditto.

Locals and Personals

Mrs. Jean Mosley of Amarillo visited in the J. C. Bevers home last week end.

Mr. and Mrs. T. J. Carter of Lelia Lake visited Sunday with her parents, Mr. and Mrs. L. T. Baker.

Mr. and Mrs. Winfred McPherson and daughter of Amarillo visited with her parents, Mr. and Mrs. Claude Bain and his mother, Mrs. J. W. McPherson.

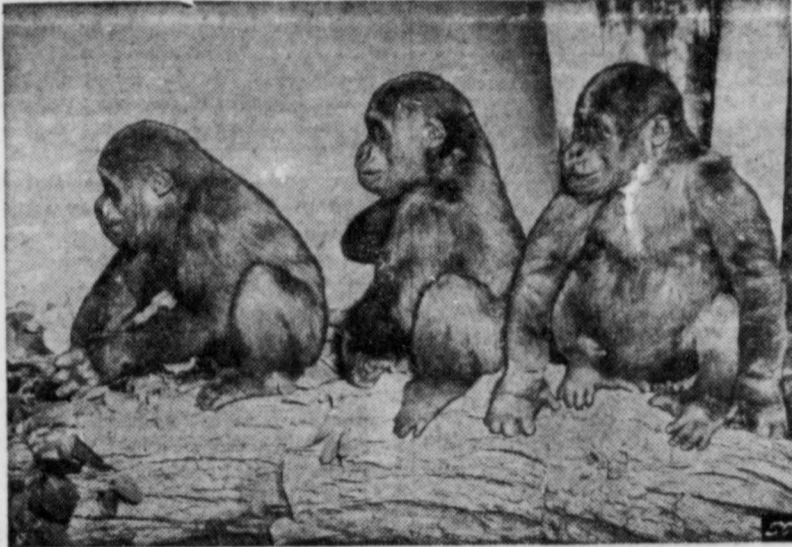

Marjorie Harlow of Clarendon visited in the home of Mrs. Reeves and Myrtle Sunday afternoon.

Mr. and Mrs. Henry Moore visited his father in Memphis Sunday. He has been very ill for the past week.

Speak No Evil

GORILLAS ARE THE CUTEST PEOPLE . . . These three baby gorillas reside in the San Diego zoo, where they are playing an important role in scientific research. Brought to this country from West Africa when they were only seven months old, they are being studied to determine a normal growth pattern for gorillas. It is believed that such a pattern can be applied to children. Left to right, they are: Bata, Boubba and Albert. When brought to the zoo, all three were suffering from vitamin deficiency and weighed less than 8 lbs. each. Working with Lederle Laboratories, their keepers put them on an orange-flavored vitamin preparation, the same type given to children. Today, at two and a half years of age, the gorillas are healthy and lively and weigh about 50 pounds each. Gorillas, like man, are very susceptible to respiratory infections. When Bata, Boubba and Albert display symptoms of a cold, they are given aureomycin. Little is known about the growth of gorillas, since none has ever been born in captivity and there are so few of them available for close, scientific observation.

Mr. & Mrs. Hickey Celebrate Golden Wedding Anniversary

A family reunion was held in the home of Mr. and Mrs. D. L. Hickey, Sunday, July 16th celebrating their Golden Wedding Anniversary.

All the children and grandchildren were present except one granddaughter, Mrs. Preston Howard and her husband and little son, the only great-grandchild of the Hickeys.

A lovely meal was served at the noon hour. The afternoon was spent in conversation and singing.

Six 4-H Club Boys Attend Camp

Six 4-H club boys from Donley county will go with county agent H. M. Breedlove to the district 4-H club encampment at the Perkins Camp near Wichita Falls, Texas. The camp will be held on the 30th and 31st of July and the first of August.

Boys with two years club work or in their second year are eligible to go on this trip. Specialist from the A & M College Extension Service will be on hand to lecture and show pictures in the latest developments in agriculture for the boys and to also conduct demonstrations of interest to them. Besides the educational part of the camp there will be swimming, baseball, fishing and other sports. There is a regular mess hall at the camp site and the entire expense of the trip will be five dollars per boy for the three days. Delegates for the trip will be selected at the next 4-H club meeting to be held on the 20th of July at 8 p. m. in the office of the county agent at Clarendon.

Hedley Goes TO Panhandle Sunday

The locals will go to Panhandle next Sunday in a regular Cap Rock League game. The last time the teams met Panhandle forfeited to Hedley but we understand they have a mighty good team as they defeated Groom last Sunday. The present plans are to start Doc Pittman on the mound for Hedley as Everett developed a strained muscle in Sunday's game.

After having the game practically tucked away a few hits and several bad breaks in the umpiring gave Clarendon the game 13 to 12. Bobby Everett and Junior Hill did the pitching for Hedley, and Brooks pitched for Clarendon. Bobby Everett and Johnny Everett lifted homers for Hedley over the left field wall and Schull Clarendon catcher, homered for them.

With still a ghost of a chance to get in the play offs the locals will be trying to win the next five. If they can take Sunday's game at Panhandle, they have a farfeit already from Canyon for Sunday week, then they have Vega here, and Groom and St. Francis there, the season closing with the St. Francis game, August 19.

D. L. Hickey was united in marriage to Miss Lida Mayfield at Bowie, Texas, July 10th, 1901. They moved to Hedley in 1921.

Mr. and Mrs. Hickey have six children, four sons and two daughters, all of whom were present for this joyous occasion.

Those present were: Mr. and Mrs. Elvin Hickey and sons, Carroll and Ronnie, Hot Springs, N. Mexico, Mr. and Mrs. N. J. Spain and son Billy Ross, Lubbock.

Also Mr. and Mrs. Waller Diggs and son Mike, of Amarillo; Mr. and Mrs. Paul Hickey and daughter Patricia, of Midland; Mr. and Mrs. Marvin Hickey and children Max and Sue, of Olney; Mr. and Mrs. Don Hickey, El Paso; also present were Mrs. Hickey's sister, Mrs. W. D. Lindsey, Lubbock, and Mrs. Diggs of Amarillo.

A number of friends called in the afternoon. This was the first time the family had enjoyed a re-union since 1945.

All returned to their homes that afternoon with thoughts of a happy day long to be remembered.

School Work

School Registration will be held August 4, 1951 between the hours of 9:00 a. m. and 3 p. m. All high school and grade school students will register between the hours listed above.

Students come to the high school building to register in the hall and get textbooks and may leave at anytime. Grade school students will also register in the hall of the high school building and will go to grade building for books.

Please register on this date as regular classes will start on Monday and no registration will be on Monday.

The purpose of this is, under the Gilmer-Aiken Law a registration day can not be counted as a teaching day. The school must teach 175 days of regular class instruction. Monday, August 6, 1951 will be a full day instruction for each student.

Please cooperate as to each student getting to school on Saturday, August 4, to register and get books.

A. L. Davis, Superintendent.

BAPTIST CHURCH NEWS

The services of our church Sunday were well attended. We were glad to have several former members and other visitors in our congregation.

Mesdames Mack Sims, Frank Davis, Era Hill and J. H. Cooper attended the Workers Conference at Martin Tuesday.

Our revival will begin on the 12th of August. Bro. Monroe Teeter will do the preaching and Bro. Gale Bowen of Hardin-Simmons will have charge of the song services.

Mr. and Mrs. Lester Crowe and family of Claude attended church here Sunday. Mr. Crowe is a brother of John Crowe who has been preaching at the Methodist Church.

Donley County Livestock Men Get Veterinarian

Stockmen in Donley county have realized the need for a veterinarian and have done something about getting one.

Early last April, 25 ranchmen and dairymen met in County Agent H. M. Breedlove's office at Clarendon to discuss the need for a veterinarian in the county. They raised \$5,000 at the meeting to build a veterinary hospital. Forrest Sawyer was elected trustee for the group; E. Simmons was elected treasurer and H. M. Breedlove secretary.

Breedlove reports that the building has been completed and is in operation.

C. E. Deyhle, a 1951 graduate of Texas A. & M. College's School of Veterinary Medicine, has signed a contract with the trustee of the Donley county veterinary hospital. Deyhle is a regular practicing veterinarian in the county and will receive an option to buy the building.

Funeral Services Held For Mrs. Fannie Stephens

Funeral services for Mrs. Fannie Stephens were held at the Rowe Cemetery on Wednesday afternoon at 2 p. m.

Mrs. Stephens passed away in Amarillo on Tuesday morning at 7:45. She had been in ill health for several years.

Mrs. Stephens had been a member of the local Church of Christ. Survivors include a son of Borger and a sister, Mrs. Laura Collins.

Donley County Soil Conservation District To Answer What, Who, Why

The Board of Supervisors of the local Soil Conservation District at its regular meeting last Thursday voted to ask the publishers of the newspapers within the District to give space each week for news about the Donley County Soil Conservation District.

This space has been given by The Hedley Informer and it is hoped that items carried each week will be a great interest to all readers.

Let us use this first column to bring you up to date on the what, who and why of our Conservation District.

What
A soil conservation district is an area of land in which the owners and other interested parties have become alarmed at the effects of soil erosion and loss of productivity of its agricultural lands and have organized to fight the menace under the provisions of the State Conservation Act of 1949. The boundaries of the Donley County Soil Conservation District are the same as those of Donley County. A district is entirely independent and is in no way subservient to any agency of the Government.

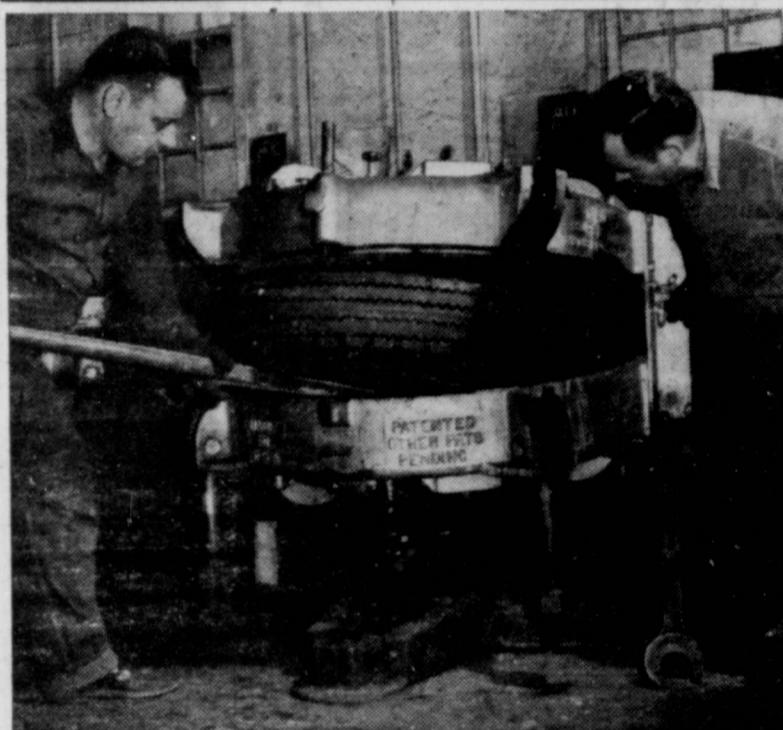

When
Our District was voted in by the farmers in Donley County in September, 1945. It was given a certificate of organization by the State in November of the same year. The soil conservation service opened an office in April, 1947, and the district began operation.

Who
The District is governed by a Board of Supervisors of five local land owners elected by the farmers. In our District, the members are J. R. Porter, Chairman; W. P. Doherty, Vice-Chairman; C. E. Bairfield, Secretary; Joe Tollett and T. C. D'Spain members. This board meets regularly on the second Thursday each month to carry on the activities of the District.

Why
The program of Soil Conservation Districts are based on these four principles:
1. Sound land use. No idle, unproductive acres. Every acre used for what it is best suited—row crops, drilled crops, grass, trees.
2. The right combination of practices. There is no one conservation practice that will adequately check erosion and restore and maintain the soils' productive power. A coordinated plan worked out for each farm contains a number of practices that dovetail together, one supplementing the other in solving the variety of conservation problems.
3. Improvement and maintenance of soil productivity. Control of erosion alone is not enough. Our farm and ranch land is to produce year after year. Plans to replace minerals and organic matter must be provided.
4. Economically sound conservation farming. Conservation is not an end in itself. It is only a means to the end of better living and greater security for all our people. All conservation plans must take this in to account.

These principles applied to the agriculture in Donley County will mean a stable, dependable source of food and raw materials. They will lead to an economically secure farm family. The supervisors of the Donley County Soil Conservation District are working toward this goal.

Tires Around the Clock

To supply the critical needs of truckers for tires, Firestone's retread shops across the nation have gone on wartime work schedules of 16 and 24 hours a day putting new treads on worn tires. With truckers hauling more freight than ever before, the all-out efforts of Firestone's factory-method retread shops are keeping trucks rolling. Being removed from the mold in the above picture is a truck tire with a new tread that will provide thousands of additional miles of service for some trucker in the United States.

-Local Happenings-

T. E. Caldwell and son Gene Wilson have returned to their home in Thornton, after a visit in the Alewine home. Mrs. Caldwell and daughter Minetta remained for a longer visit.

Mr. and Mrs. Mike Harris and sons, Billy Dean and Burt visited over the weekend in the Brownie Oursenberry and Otis Owens homes.

Mr. and Mrs. J. L. Wade and Susan of Borger spent the weekend in the V. F. Wade and W. T. Floyd homes.

Mary Alice and Corkey Hunsaker of Lubbock were here over the week end visiting their parents, Mr. and Mrs. C. R. Hunsaker.

Blaine Doherty, Willis Thomas and Barney Johnson were Amarillo visitors last Thursday.

Norma Jean Carlton has returned home from a visit with her Aunt in Channing.

Lynn Cherry, left Tuesday night for San Diego. He had been here visiting his parents, Mr. and Mrs. Temple Cherry.

Mr. and Mrs. Bernice Whittington of Amarillo visited last week in the home of his sister and brother-in-law, Mr. and Mrs. Ed Kinshaw.

Mr. and Mrs. R. H. Mosley and family of Big Springs were here last week visiting his parents, Mr. and Mrs. M. W. Mosley. They were returning from a vacation to Yellowstone National Park.

Mr. and Mrs. A. T. Simmons are visiting in Kansas City in the home of his sister, Mr. and Mrs. Ted Rhodus.

Visiting in the home of Mr. and Mrs. Marshall Stone this week are Mr. Stones' mother, Mrs. Johnnie Stone of Burleson, and his brother and family, Mr. and Mrs. J. E. Stone and little son Jess of Ft. Worth.

Mr. and Mrs. J. W. Stout are visiting in St. Jo this week.

James Stone of Tyler has returned home after spending a two weeks vacation with his parents, Mr. and Mrs. Marshall Stone of Hedley, Mr. and Mrs. Emory Stone of Amarillo and Bill Stone of Shamrock.

Mr. and Mrs. Ira Smith and children of Dumas visited with Mr. and Mrs. A. A. Cooper over the weekend.

Bro. O. L. Jones left Sunday night for Oklahoma City to bring Mrs. Jones, Bobby and Larry home. They will return the latter part of week.

Mr. and Mrs. Clarence Davis and little daughter of Pampa were guests of Mr. and Mrs. A. A. Cooper, Saturday.

A. L. Davis and Frank Smith recently went on a fishing trip to Possum Kingdom.

Mr. and Mrs. A. L. Davis and children have returned from a visit with relatives in Lamesa.

Lee Roy McKee of Plainview visited with his parents, Mr. and Mrs. Roy McKee over the weekend.

Mr. and Mrs. Buford Wingard of Pampa have been visiting in the home of her brother, Mr. and Mrs. O. D. Stephens.

Q. What is the term used to describe these meat cuts?

A. They are known as ready-to-serve meats.

Q. What are the names of the meats pictured?
A. Back row, left to right; pimiento loaf, "boiled" ham, spiced ham, liver loaf, meat and macaroni loaf. Front row: frankfurters, salami, liver sausage, bologna.

Q. How are they prepared?
A. These meats are all ready to eat. They are used for cold meat platters, sandwiches and meat salads. Also, they are frequently used in preparing casseroles and other hot meat dishes.

Bobby Baker of Wichita Falls visited friends here over the week end.

Mr. and Mrs. J. R. Wade Jr. of Mercedes visited in the V. F. Wade home last week.

Warren Crawford and family of Childress visited in the V. T. Wade home Sunday.

Mr. and Mrs. W. M. Biffle have gone to Oklahoma for a visit with Mrs. Biffle's mother.

Mr. and Mrs. Carroll Deahl attended the funeral of his cousin in Panhandle last Friday.

Mr. and Mrs. Jay Neighbors and little son of Pampa visited in the home of his mother, Mrs. Kelly Neighbors over the weekend.

Zebbie Land of Pampa visited last week with his sisters, Millie and Ellen Faye Land.

Mr. and Mrs. Marion Ouisenberry of Amarillo spent the week end in the home of his brother, Mr. and Mrs. Brownie Ouisenberry.

Mrs. Williams of Dallas has been visiting her sister Mrs. J. H. Cooper.

Mrs. Gibson and Duart visited in Amarillo, Saturday and Sunday.

Mr. and Mrs. Carl Gerlach and family of Dumas were visitors in the home of her parents, Mr. and Mrs. R. E. Mann last Friday.

Ray Burdine of Amarillo was a Hedley visitor last Friday.

Mr. and Mrs. Ansil Adamson and Mr. and Mrs. Herman Kirkpatrick have returned from a trip to Red River and attending the races at Raton.

Mr. and Mrs. Jay Shaw and daughter Wanda of Canyon attended the races at Raton over the weekend.

Cpl. Ernest Brown of Fort Knox, Ky. has been visiting his grandmother, Mrs. Kyser.

Kenneth Fisher and Onita Bain of Canyon visited in the Claude Bain home Sunday.

Leon Reeves was an Amarillo visitor Sunday afternoon.

ATTENTION HEDLEY CITIZENS

Work is under way at the cemetery and is looking very nicely. With exceptions we do not have enough money in the Cemetery fund to complete the work that needs to be done. Any donations you can give in this work will be greatly appreciated. Leave your donation at the Security State Bank.

Attends Conference

Bro and Mrs. Frank Storey left Tuesday for Siou City, Iowa, where Bro. Storey will attend the National Methodist Conference of Town and Country work. He is the ministerial delegate for Clarendon district.

REPORT FROM WASHINGTON

By CONGRESSMAN WALTER ROGERS

TIDELANDS: The Honorable Ed Gossett, of the Wichita Falls District, appeared before the Rules Committee this morning to obtain a rule bringing to the House Floor the Tidelands Bill.

As I told you in previous letters, this bill has been progressing step by step and should be on the House Floor for a vote within the next three weeks. The chances for passage are excellent.

The entire Texas Delegation has worked continuously on this bill and we look forward to success. Gossett is resigning from Congress effective July 31st, and the passage of this bill will certainly be an outstanding final act to close his distinguished and brilliant career as a congressman.

DEFENSE PRODUCTION ACT The Congress has been working on the Defense Production Act for the past week and final action on the bill is not yet in sight. Perhaps it will be finished before this letter reaches many of you.

Many amendments are being adopted to the bill. Most of these are aimed at a curtailment of bureaucratic control and are for the purpose of keeping the entire control program under the command of Congress, where it belongs. This congress is consistently refusing to delegate its powers to bureaus and boards staffed by appointed individuals. There are very few members of Congress who are opposed to fair, honest and equitable controls in an emergency, but most of them feel that if controls are necessary there should be no favoritism. It is not the controls for emergency needs that the members fear, but it is the administration of those controls.

Based upon past experiences, this congress feels that the administration of controls should not be turned over to bureaus and boards with no strings attached. There is not a member of Congress who is not vitally interested in stopping inflationary trends, but most of us do not want to deliver the control of this government into the hand of a few appointed individuals with the powers to regiment the people of this country by dictatorial orders.

Such a procedure could increase the danger of inflation rather than decrease it. It must be remembered that the creation of more boards and bureaus with regulatory powers requires the employment of many, many people to enforce those powers.

Our purpose has been to reduce the number of federal employees. It is only by this method that we can reduce domestic expenditures

C. E. Johnson at the Hedley Telephone Co. will write your fire and hail insurance. adv.

See Myrtle Kirkpatrick for flowers or leave order at Wilson Drug. 35-tf.

BOAZ TABLETS

Hear the Boaz program over XBFW, El Paso; KEV, West Coast; WVK, Knoxville, Tenn; KXEX, Topeka, Kansas; XER, Old Mexico, WILSON DRUG CO.

substantially. Domestic expenditures must be reduced substantially if we are going to meet the defense requirements without higher taxes and hope to have some reduction in taxes.

The House yesterday refused to accept a conference report on an appropriations bill because it did not contain an amendment that would prohibit the filling of over 25 per cent of the vacancies occurring in the departments during the next fiscal year. We sent the bill back to the Committee with instructions that this amendment reducing federal employees be attached to the bill.

FEDERAL SALES TAX: Proponents of a federal sales tax are now presenting testimony to a Senate finance committee in an effort to get this congress to pass a federal sales tax.

One organization, The Committee for Economic Development represented by J. Cameron Thomson, Minneapolis banker, urged a five percent retail sales tax on all items not now taxed by federal excise tax. Food and housing would be exempt.

Thomson suggested that no increase be made in corporation taxes. He said individual income taxes should be hiked by about \$2,850,000,000 proposed in the House-passed \$7,200,000,000 tax-raising bill, and said that he wanted the impact of that move shifted to the lower income groups.

A retail sales tax of 5 percent as urged by Thomson would certainly put the impact on the smaller income groups. Such a tax would amount to a great deal more than the 12 1/2 percent increase in the individual income taxes for defense purposes. The 12 1/2 percent increase in the House tax bill is 12 1/2 percent of the individual income tax itself and not 12 1/2 percent of an individual's entire income.

The 12 1/2 percent increase that was voted amounts to less on the individual than the original plan to increase the income tax by three percentage points; that is 12 1/2 percent of your income tax is less than 3 per cent of your income.

By the same reasoning, if you are to pay 5 percent retail sales tax on everything you buy, it would to an approximate increase in your taxes of 30 percent of your income tax rather than 12 1/2 percent.

I have asked for suggestions about a federal sales tax in previous letters and I would like to hear from you folks as to how you feel about a federal sales tax. I don't want a federal sales tax passed as an additional tax. If the people feel that the federal sales tax would be a more equitable tax and a more fair distribution of the tax burden, I would like to know it.

In any event I don't want to see a federal sales tax passed unless it is a substitute for the income tax or some other tax. We are paying more taxes now than we should, and they need to be reduced at the earliest possible moment, which will be when our defense requirements are met.

PERSONAL OF GOVERNMENT PLANTS

Congressmen Alben Rains of Alabama and Brooks Hays of Arkansas offered an amendment to the Defense Production Act which would require that any government plants erected in the future or any plants erected through government loans hereafter be dispersed over the country and not concentrated in such places as New England and the Middle West where much of our industry is vulnerable to enemy attack.

It was amusing to note that a condition of extreme right-wing Republicans and left-wing Democrats and Republicans developed to defeat this amendment.

The amendment's strongest supporters were the Jeffersonian Democrats from the Atlantic Ocean across the Southern States and through Texas.

It looks like the folks in the New England and Middle West states are afraid industry might find out what a great country we have and how well they can do in our section.

We are continuing the work to bring industry to the South and Southwest and will finally be successful.

Press Paragraphs

We Aren't Buying Much Civilization

Many years ago, the late Justice Oliver Wendell Holmes said that he found pleasure in paying his taxes. "With this I buy civilization," he observed.

We lived in a very different kind of age today. Less and less of our money goes to buy those goods and services which make for true civilization. More and more of it goes to buy the implements of war, old and new, which, if ever unleashed in their full fury, may very well destroy civilization itself.

In the world of the present, this is an unavoidable tragedy. But that tragedy is needlessly compounded by the ever-increasing spending of the people's money for purposes and projects which have no bearing on the national defense and security, which are unnecessary and avoidable, which weaken our institutions and undermine our liberties, and which, finally, tend to destroy our savings by creating more inflation and cheaper dollars.

The leaders of our government tell us that we must pay more taxes in the name of national survival—that all must "sacrifice." But—save for a handful of honorable exceptions to a sorry ex-

State Program Makes Pastures, Cash Crop

Improvement and maintenance of established pastures and recovery of the state's range land from nonforage growths are more closely associated in Texas than in other states because both are basic to problems in animal grazing.

In order to identify and delimit the duties in these related fields at the A. & M. College Extension Service is served both by a pasture and a range specialist.

Working mainly within areas of permanent or converted grazing lands, the pasture specialist through demonstrational teaching, tours and other proved methods during 1950 sought to place pastures among farm cash crops.

Among effective means to this end he encouraged the use of quality fertilizers, especially when seeding, and field trials of adapted varieties of grass.

In connection with the latter, the specialist acted on behalf of the Texas Agricultural Experiment Station in distributing sprigs of coastal bermuda grass to more than 300 farmers in 71 counties.

During the year more than 70 pasture tours, instigated largely by county agricultural agents and other organizations identified with agriculture, were made with average attendance of about 50 persons. Fully one third of the formal tours were followed by night meetings for discussion of pasture problems and showing of appropriate colored slides.

An irrigation pasture management school was taught at Lubbock from June 26 through July 11 with 19 county or assistant county agricultural agents within the year at Lufkin with 25 agents or assistants attending. During the course students were taken on tours of seven Experimental sub-stations.

Meanwhile the specialist attended or participated in programs of several meetings within or beyond the state devoted to phases of agriculture.

Texas ranges are native pastures and the grass which finds foothold there has to strive for survival against the uncertainties of moisture and the creeping invasion of brush.

According to the Extension Service range specialist about 65,000,000 acres of Texas range land are infested with mesquite and other varieties of noxious shrubs. The primary problems of management include brush invasion, overgrazing, lack of appreciation by ranchmen for a coordinated range management program and other situation demanding reform.

Despite the formidable array, county agricultural agents under the leadership of the range specialist are attacking these problems principally through demonstrations.

In the field of brush control 131 demonstrations involving

penditure which is not clearly and directly essential. They tell us that the "business as usual" philosophy must be abandoned. But what about the infinitely more dangerous "politics as usual" philosophy?

During this new fiscal year, Federal, state and local spending will account for about one third of the national income. And still the staggering waste goes on. —Industrial Review

GRANDVIEW WASH., HERALD: "It is well known that most labor union members are too inclined toward public ownership than the rest of us, especially the teamster's union. . . . Their organ says, 'It looks very much as if our socialistic adventure in ferry boat operating is going to cost us more money, rather than less. . . . Gradually we are learning that socialism costs the public more than private, individual enterprise.'"

Somerset, Pa. Daily American: "Indeed, the time has come when to avert the inevitable conclusion of the policy that has been pursued in Federal and State matters since the late Harry Hopkins set forth the slogan, 'Tax and tax, to spend and spend, to elect and elect,' the people must stop the wild government spending."

402,512 acres were conducted in 126 counties including mesquite work alone in 63 counties. Of this number, 16 county agricultural agents tested a new type hormone, 2, 4, 5-T ester, by hand methods using cut surface, trunk and foliage treatment.

A total of 604 demonstrations in proper stocking involving 2,000,000 acres were conducted in 111 counties while 1,314,000 acres in 126 counties furnished the operating field for demonstrations in deferred or rotating grazing for range recovery on behalf of 550 operators.

More uniform distribution of livestock on ranges has followed construction of numerous wells and earthen tanks. At the same time fences have been built so that ranges can be utilized more uniformly and, accordingly, better managed. Meanwhile, agents supervised 1,610 range seeding demonstrations on 181,247 acres.

During the year county agricultural agents trained 4,200 4-H Club boys in 127 counties in plant

and doing many after undergoing tonsilectomy Monday morning. His sister, Joyce, had the same type operation on Tuesday morning.

Sandra Bownds, June Star Alfred and Venita Phillips of Clarendon were guests of Wanda Joyce Hall the past week.

Four years ago a range school for county agents was set up with the aid of the Range and Forestry Department of the A. & M. College. The 1950 class brought to about 100 the number of agents who have attended.

Agents studied range plants, ecology, plant succession and range management in the field, information important to the ranchmen and farmers they serve.

Mr. and Mrs. Charles Rains visited in Amarillo Saturday with their daughter Sarah.

Mrs. Lloyd Bailey is in Amarillo for medical treatment and to visit with her sisters, Ola and Eula Curd.

Mrs. R. D. Stine and children of Thermopolis, Wyo. are here visiting her mother Mrs. Ethel Miller, and aunt Miss Jessie Davis.

P. T. Boston of Shamrock was a Hedley visitor last Friday.

New Pittsburgh WALLHIDE Rubberized WALL PAINT

Its velvet-like smoothness and rubber-like toughness, prevents dirt and soot from penetrating. Stubborn stains including grease, crayon, ink or finger smears can be wiped off with minimum of effort. Repeated scrubbing will not harm its rich sheen. Come in today, we'd like to tell you more about this outstanding wall paint.

Kill Insect Pests With Martin's Aldrin-2

Aldrin is a new chemical insect toxicant
 that begins killing grasshoppers and cot-
 ton pests 1 to 7 hours after application.
 It kills by all three methods: by contact,
 by being eaten and by vapor.

Used at 1/2 to 1 pint per acre, mixed with
 water, it is effective against many in-
 sects.

Pavilion Underway For 1951 State Fair

Construction has started on a
 new \$125,000 Livestock Judging
 Pavilion that will be completed in
 time of the 1951 State Fair of
 Texas, Oct. 6-21.

R. L. Thornton, president of the
 state fair, said the new pavilion
 will fill a need long felt by fair
 officials, livestock exhibitors and
 fair visitors.
 "We finally will have a suitable
 place to show fine livestock,"
 Mr. Thornton said. "It will show
 cattle and horses in a setting cal-
 culated to bring their best points
 and will be cool and comfortable
 for the spectators."

"It is fitting that the first show
 to be judged in this fine, big
 arena will be the Pan-American
 National Hereford Show, the
 greatest cattle show the fair has
 ever had."

"And for the first time, we'll
 be able to put on a real show
 when we have our Hereford Pa-
 rade of Champions Oct. 9," he
 said.

The pavilion will have an arena
 90 feet wide and 180 feet long.
 There will be seats for 3,200 spec-
 tators.

Adjoining the huge \$250,000
 cattle barns completed in 1948,
 the structure will complete facil-
 ities for showing and viewing live-
 stock that are unsurpassed in the
 Southwest, Mr. Thornton said.

In addition to the national

Hereford show, the 1951 state
 fair also will feature shows for
 Aberdeen-Angus, Shorthorn and
 Brahman beef cattle, Guernsey
 Holstein-Friesian, Jersey and Milk
 Shorthorn dairy cattle, Ameri-
 can saddle horses, Quarter horses,
 breeding swine and junior live-
 stock.

Other attractions at the fair
 this year will include "Guys and
 Dolls," "Ice Cycles of 1952," the
 Sky Wheels thrill ride, the Aut
 Swenson Thrillride, a spectacular
 Science Show, a million-dollar
 Mid-way new shows at all the fair
 grounds museums, a vastly ex-
 panded Women's Show, a full pro-
 gram of Cotton Bowl football
 and hundreds of exhibits.

Health Dept. Jobs Now Open

Open competitive and promo-
 tional examinations for clerical
 secretarial, and various profession-
 al and technical positions with the
 Texas State Department of Health
 are being offered on a continuous
 basis until further notice, it was
 announced this week by Russell
 E. Shrader Supervisor of the Mer-
 it System Council.

Applications and information
 are available on request from Mer-
 it System Council, 805 Littlefield
 Building, Austin 15, Texas.

Examinations will consist of
 written and performance tests
 for clerical and secretarial posi-
 tions, and written tests and evalua-
 tions of training experience for
 professional positions. Oral inter-
 views will also be a part of the
 examination as well as a proba-
 tionary period if appointed to a
 position.

Classifications for which exam-
 inations may be taken on a con-
 tinuous basis are: clerks, steno-
 graphers, secretaries, public health
 nurses, public health sanitarians,
 engineers, laboratory technicians
 and specialists.

All applicants must have high
 school education and additional
 training and experience appropri-
 ate to the classification. Applica-
 tions will be received continuously
 until further notice. Examinations
 are given in Austin in the Merit
 System Council offices, and in

Hedley Lumber Co.

Survey Shows More Livestock Auctions in Texas

Texas is the leading station in
 number of livestock auctions and
 in the number of cattle, sheep and
 hogs marketed by this method, ac-
 cording to a new bulletin released
 by the Texas Agricultural Experi-
 ment Station. The greatest
 growth in numbers of auctions has
 occurred in the past 15 years.

Several reasons are given for
 the increased growth. Farmers and
 ranchmen like the ease and con-
 venience of selling and buying
 through auctions. They like the
 social and educational aspects of
 the auction. It provides an oppor-
 tunity to meet friends and dis-
 cuss the merits of the animals
 sold in relation to the prices paid.

According to the Livestock
 Sanitary Commission of Texas,
 168 auctions were operating in
 Texas on October 20, 1950. Thirty-
 seven of these auctions in vari-
 ous parts of the state were in-
 cluded in a study made recently
 by Dr. John G. McNeely, Charles
 B. Brotherton and Travis M. Mc-
 Kenzie, research agricultural econ-
 omists.

This study of livestock auctions
 is mainly descriptive. It does not
 attempt to point out any advan-
 tages this method of sale may
 have over other methods, Mc-
 Neely said. It is an introductory
 step in what is hoped to be con-
 tinuing study of the various types
 of market outlets available to
 Texas livestock producers.

Methodist Church News

In absence of the pastor, Mr.
 Fred A. Storey of Childress will
 speak at the Methodist Church
 Sunday, July 22 at 11 o'clock.
 Mr. Storey is a former resident
 of Clarendon, where he was as-
 sociated with the newspaper.

Mr. and Mrs. Edward Lee Usry
 and little daughter Alice Jane are
 visiting with their parents, Mr. and
 Mrs. Burt Usrey.

John Coffey Hunter of Canyon
 returned home Wednesday after
 a visit in the home of his grand-
 parents, Mr. and Mrs. J. C. Caf-
 fey.

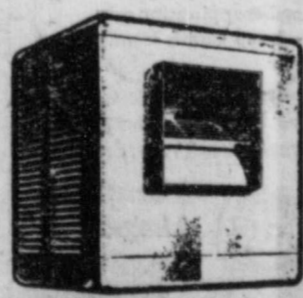

Other centers over the State when
 justified by the number of candi-
 dates in the immediate area.

KIDNEYS MUST REMOVE EXCESS WASTE

When kidney function slows down, many
 folks complain of nagging backache, loss of
 pep and energy, headaches and dizziness.
 Don't suffer longer with these discomforts
 if reduced kidney function is getting you
 down—due to such common causes as stress
 and strain, over-exertion or exposure to
 cold. Minor bladder irritations due to cold,
 dampness or wrong diet may cause getting
 up nights or frequent passages.
 Don't neglect your kidneys if these condi-
 tions bother you. Try Doan's Pills—a mild
 diuretic. Used successfully by millions for
 over 50 years. While often otherwise caused,
 it's amazing how many times Doan's give
 happy relief from these discomforts—help
 the 15 miles of kidney tubes and filters
 flush out waste. Get Doan's Pills today!

 rected upon its being brought to the attention of the publisher.

2,300 Civilians Needed To Fill Overseas Jobs

The United States Army is in-
 viting 2300 civilians to accept em-
 ployment at Army installations
 in Austria, Germany, Alaska, Ok-
 inawa and Japan.

At salaries which range from
 \$2650 to \$7600 per year, the
 Army urgently needs construction
 and maintenance personnel; com-
 munication engineers and the tech-
 nicians; automotive engineers and
 mechanics; safety engineers, en-
 gineering and survey aids; drafts-
 men; typists and stenographers;
 librarians, industrial and cost ac-
 countants; auditors, storekeepers
 and warehousemen; property and
 supply clerks; tabulating machine
 operators; economists, and public
 health physicians. Civilian per-
 sonnel in Alaska and Okinawa re-
 ceive an additional 25% allow-
 ance in pay; and in Japan it is
 10%.

Transportation will be provided
 both ways to successful applicants
 and, in addition, all Army facil-
 ities available to military person-
 nel will be furnished to civilian

employees who take advantage of
 the offer.

The approximate cost of living
 for a civilian employee overseas
 compares most favorably with the
 cost of living at home. In Alaska
 subsistence will cost the single
 worker \$75 per month, in Austria
 and Germany \$60; in Okinawa
 \$45 monthly; and in Japan only
 \$35. Civilians who sign up for
 the minimum one-year tour of duty
 have the opportunity to save a
 very large part of their earnings.
 Interested applicants should
 contact their local Texas Employ-
 ment Commission Office immedi-
 ately for further details.

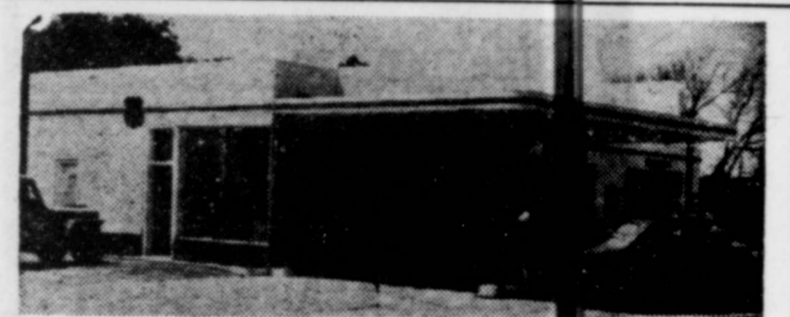

The first trees as we know
 them, with more-or-less solid wood
 and needle-like leaves, appeared
 in the Permian Age 235 million
 years ago.
