March of Dimes Benefit Ball Game

The March of Dimes benefit basketball game will be held at the high school gym Monday beginning at 7:30 p. m. There will be no set admission charge, only what you wish to donate to the March of Dimes, as all proceeds go to them.

The first game will be between the ladies of the east side of Main St. and the ladies of the west side. Both sides claim to have good teams and both expect to win.

The second game will be between men of the east side and the men of the west side, only one rule to be enforced, all players to be over 21 years of age. W. L. (Dub) Stewart, manager and coach of the east side, says he has a team of all-stars that should come up with victory. C. H. (Fat) Reid, manager of the west side, says he has a well trained, well balanced team that should win in a walk.

Band Booster Club

The Band Booster Club met in an important meeting Monday, Jan. 21, for the main purpose of viewing and examining the sample uniform which is forthcoming to the school band. It was unanimously approved and the new uniforms will be ready for use in the early spring.

There are now forty-two members of the band in senior and junior divisions. If anyone is interested in their child taking band this year, they must start before Jan. 28 or wait until next year.

Many activities are scheduled to benefit the band. Lions Ladies Night, Jan. 31st, will be served by the club; an interesting Amateur Night, open to all who care to enter with nice prizes is forthcoming; and a voluntary membership drive will continue.

A band clinic will be held soon for the help a student needs with his instrument. A concert tour of neighboring towns and the annual Canyon band contest are looked forward to by the band and it is hoped the cooperation of our community will make it possible for the band to participate.

We have a fine organization and should be proud of their efforts for themselves as well as for our community.

Membership Drive

Due to inclement weather, holidays and sickness the annual membership drive of the Band Boosters has been put on voluntary basis and all who want to help the band will be given the opportunity and their names published weekly. Let's keep this drive really alive until all interested are acknowledged.

Following is a list of the fine citizens who want our children to have every opportunity. We appreciate their generosity so very much. There will be some left out who have contributed despite all our efforts, so please contact a Band Booster if your name was omitted.

District Attorney Allen Harp Asks Re-election

In making his announcement for a second elective term of District Attorney of the 100th Judicial District, Allen Harp made the following statement:

"I wish to express my sincere appreciation to the people of this County and District for electing me to the office of District Attorney. I have striven to render a valuable service to the community and State. As to my efforts, I refer you to the District Court Officials, the Grand Jurors and Petite Jurors with whom I have worked.

By virtue of the experience gained in the last two years, I feel I will be able to render more efficient service in the future. It is my desire to enforce the law for the protection of society without persecuting any individual and to this end I am working, and shall continue to work.

The co-operation and support of every citizen of the 100th Judicial District is earnestly solicited for a second term as District Attorney."

Explorer Scouts

The Explorer Crew met Monday night and elected officers. Blackie Johnson was elected crew chief, Mike Thornberry was elected secretary, and Jack Leeper, Benny Leeper and Donald Painter were elected crew leaders. Monday night will be their regular meeting night. Bob Harris is Explorer Advisor.

James Reid and family were here last week end from Amarillo.

LIONS ROAR

Program Chairman Scales has an excellent program arranged for the Ladies Night meeting next Thursday night. It will be long enough and good enough to suit everyone present. The Band Mothers will have plenty to eat, so come out and bring the lady. Meeting time will be 7:30 p. m. and the tax will be \$1.00 per plate.

This week is regular meeting. Several new Lions attended the last meeting and we are expecting a bunch more this week. Bring them in, remember nobody ever comes into the Lions Club unless they are asked.

At last week's meeting of the directors they voted to aid the March of Dimes program in Hedley. This is a good cause and we should help it as much as we can.

Assembly of God To Hold Revival

The Assembly of God Church of Hedley will begin a revival Sunday, Jan. 27th and continuing through Feb. 10, Rev. T. E. Gibson, pastor announced this week. Services will begin 7:15 each evening.

Rev. and Mrs. Z. A. Myers of Long Beach, Calif. will conduct the revival services. Rev. Myers served two and a half years in the Marines. There will be special singing and old time preaching. The public is cordially invited.

March of Dimes Dance

There will be a dance Saturday night at the Legion Hall beginning at 9 o'clock, for the benefit of the March of Dimes. The dance is sponsored by the Legion Auxiliary.

Mrs. Mike Thornberry and Cynthia and Virginia Owens visited in Wichita Falls last week end.

Giles News

Mr. and Mrs. Jerry Stotts and daughter Nelda spent the week end in Ft. Worth.

Hub Foster and Shyrrie of Amarillo spent Sunday in the G. T. Foster home.

**Kidney Slow-Down
May Bring
Restless Nights**

When kidney function slows down, many folks complain of nagging backache, headaches, dizziness and loss of pep and energy. Don't suffer restless nights with these discomforts if reduced kidney function is getting you down—due to such common causes as stress and strain, over-exertion or exposure to cold. Minor bladder irritations due to cold, dampness or wrong diet may cause getting up nights or frequent passages. Don't neglect your kidneys if these conditions bother you. Try Doan's Pills—a mild diuretic. Used successfully by millions for over 50 years. While often otherwise caused, it's amazing how many times Doan's give happy relief from these discomforts—help the 15 miles of kidney tubes and filters flush out waste. Get Doan's Pills today!

W. S. C. S.

The W. S. C. S. met in a regular meeting Monday, Jan. 21st, in the home of Mrs. Leon Reeves. After a business session the following program was rendered reviewing the first 3 chapters of acts and led by Mrs. Frank Kendall.

Mrs. C. E. Johnson brought the devotional. She read a story of a blind girl who became a great Christian and through her prayers and faith finally received her sight again. Mrs. Springer gave eleven appearances of Jesus after his resurrection, after which a round table discussion was held by all. Mrs. Kendall closed the program with prayer. Delicious refreshments were served to ten members.

The next meeting will be Monday, Jan. 28, with Mrs. Henry Moore. The study will be from Acts 5 through the 9th chapters. All members are urged to attend.

The Wise Old Owl

Well, kids, I've been kinda behind these past weeks, so I'll try catching up awhile.

Mary Ruth, where was your little Wellington friend over the week end? You looked pretty lonesome

Wanda Lee M., you and that "Little Brother" are doing o. k., aren't you?

Wanda Hansard, what's happened to you and that little boy from Quail? I think his name was Jimmie. I haven't seen him around much here lately.

Pat P., what did you and Jo Ann A. do Saturday night?

Cynthia, someone sure looked gloomy over the week end while you were gone. I think his initials were Wendel Penick.

Bobby Jones, how are you and Tuffy making it?

Letha, what's happened to you and Clyde? Why weren't you with Saturday night?

Oh yes, Peggy, what will Adrian say when he comes home and finds out about this guy from Wellington? Boy, he's cute.

Well, I'll see you next week.

Card of Thanks

I want to thank everyone for the many kindnesses shown me since I came home from the hospital. I appreciated your thoughtfulness very much.

Mrs. F. S. Blackwell

Boy Scout News

All scouts are urged to meet on time Monday night and to be in uniform as nearly as possible. At Monday night's meeting Bennie Leslie was appointed Senior Patrol Leader. The Panther Patrol elected Joe Wayne Wood patrol leader and Bill Reeves assistant. The Bull Dog Patrol elected Bobby Beach patrol leader and Bennie Sims assistant.

"His Followers"

Yes, I know we had our item in the paper last week, but we have wonderful news this week. We'd like to see it in headlines all over the world, because it is the most important news in the world. "Another soul has accepted Christ. Another soul has been saved." Wouldn't headlines like that startle the world?

Anyway, we are proud and happy to say another one in our class knows Jesus as her personal Savior today. Were you in Sunday School and church Sunday? God was. So was the Holy Spirit and Jesus! You missed a blessing.

Our class meeting was held Wednesday, Jan. 16. We worked on our memory work for this month. It is Proverbs 3:1-9. Wouldn't you like to learn it with us? We want all your prayers that we might truly be "Followers of Christ."

"Out of thin air" comes the **HIGHEST HORSEPOWER** in Buick history

NOTE FROM YOUR BUICK DEALER:

Presented here is the story of a great new engine development, as told by the men who did the job. We reprint the story here in its entirety — as we couldn't beat it if we tried.

No, we didn't have to build a new engine. We took Buick's valve-in-head Fireball Engine—which makes the most of high compression. We drew on 12 patient years of Buick carburetion research.

And we came up with more might, more miles, from gas—right out of thin air, in more ways than one.

When you talk about "miles per gallon" you think of fuel, because that's what you buy. But air's free—and for every gallon of gasoline, a busy engine can gulp more than 8,000 gallons of air.

The problem is to deliver air in the right proportions, throughout the full range of speeds at which you drive.

A carburetor—big enough to supply the air needed at full throttle—can be wasteful in stop-and-go driving. A carburetor sized for thrift in city traffic literally smothers your engine when you really give it the gun.

So Buick engineers developed the Airpower carburetor — a four-barrel automatic — and here's how it works.

Loafing along, two barrels are working, two stay closed. And you get a low-speed

thrift and smoothness that's out of this world.

As you pick up speed, the "stand-bys" come into play—feeding not just more gas, but more air too—so you keep getting maximum power from each drop of fuel.

You have 170 effortless horsepower when you need it—a tremendous reserve ready to go into instant action at the nudge of your toe.

You have the satisfaction of knowing that you get this power with a frugal use of gas. At 40 you use less gas than you formerly used at 30.

* * * *

That's the story of Airpower carburetion in facts and figures straight from the factory. But statistics can't tell you the breath-taking joy of heading for new horizons in a great-powered new ROADMASTER.

When can you do that? Better come in soon. Lots of other folks are flocking into our showroom these days to see the greatest array of new Buicks we've had in years.
