Theatre Announces "Fall Festival"

As depicted on the full page advertisement elsewhere in this edition, The Hedley Theatre joins Texas movie houses in announcing its "Fall Festival" of Big Time entertainment. Some of Hollywood's greatest film stories are headed toward Hedley within the next 60 days.

Heading off the list is tonight's showing of Walt Disney's full length feature cartoon, "Snow White and the Seven Dwarfs," returning to the screen after 10 years storage in RKO vaults.

Coupled with a bang up list of fall movies, Manager Bob Harris announced the addition of hot dogs and coffee to the Theatre Snack Bar located in the lobby. Theatres all over the country are recognizing audience desire for light snacks during shows.

The Snatk Bar will serve the new product along with popcorn, soft drinks and candy.

Let's follow your physician's prescription into your pharmacist's compounding room . . .

The pharmacist's first act is to carefully interpret the prescription—check its signs and symbols to make sure of their precise meanings. *Your safety is his legal responsibility.*

That done, he assembles the necessary components for your prescription from the thousands of drugs he has in his stock. He knows them all intimately—their dosage, usage and properties.

Then he skillfully uses his specialized equipment to weigh, mix, or combine the ingredients of your prescription in strict accordance with your physician's specifications.

He checks and rechecks every ingredient he uses, and every step in his compounding technique. Instructions are confirmed, and directions stated on the label in such a way that no misunderstanding will occur. Finally, he registers your prescription by number and files it away for future reference.

He prepares simple mixtures as meticulously as he does the highly complex ones. In filling every prescription, he applies the technical skill and professional knowledge that have been acquired through many years of scientific training. As a member of one of the professions that help you guard your health, he is ever mindful of his responsibility.—Reprinted from a copyrighted advertisement published by Parke, Davis & Company, Detroit 32, Michigan.

Seniors Get Rings

The Senior class was honored by Mr. Hinds and Miss Brookreson in a short assembly program where they were presented their class rings Sept. 2, in the high school auditorium.

Mrs. Davenport managed to get most of the high school girls together and they did a wonderful job of singing Memories and our school song, Alma Mater.

Mr. Hinds made a few announcements and then Miss Brookreson, the class sponsor presented the class rings to eight girls and five boys.

It was certainly an honor to have this presentation and we will cherish the memories of it always.

F. F. A. News

The second regular meeting was held by the Hedley Future Farmers of America Sept. 2, in the chapter room. Jack Quisenberry, president of the chapter presided. The chapter went through its opening ceremonies.

The first and third Monday was set aside each month for regular chapter meetings. By doing this plans can be made for meetings.

The purpose of this meeting was to receive the boys as greenhand farmers. The initiation was carried out properly and laughs and thrills were enjoyed by window peepers and upperclassmen. The boys took their raw eggs and etc. and then were successful candidates for greenhand farmers and were voted into the chapter by the chapter and state forms.

We are proud to acknowledge these boys as part of our organization, who will do all in their ability for the upkeeping of the chapter. Our chapter dues for the coming year was set at \$2. The meeting adjourned and the boys went away laughing.—Johnny Brumley, reporter
