

Bull Town Bulletins

By
Bill Ellis

HERE IS ANOTHER installment of excerpts from "News From the Republic."

These items have been salvaged from newspapers published at the time Texas was an independent nation, and are being re-printed to help arouse interest in the state's Sesquicentennial in 1986.

MURDER....

Col. Caldwell in letter dated the 16th inst. states that "Col. Seguin has killed three sick men at the Sulphur Spring, one was Dr. Smithers the other two Americans were McDonald and Rhea!" The Dr. Smithers above mentioned was a decrepit old man and was formerly the neighbor and friend of Seguin! How base, how shockingly despicable must this renegade have become thus with a cowardice and cold hearted cruelty that would shame a savage, to murder helpless sick men! Terrible indeed must be the retribution that awaits this dastardly miscreant.

Civilian and Galveston Gazette
October 12, 1842

INFORMATION WANTED....

Regarding Bernard J. Johnson, a native of Germany, and is supposed to be somewhere in this Republic; he is a Silver Smith and Jeweler by trade; and is about 21 years of age; and emigrated to Texas in 1838. Any information respecting him will be gratefully received by his relatives at San Augustine Texas.

Bernard M. Johnson

MR. JOHN HARE, JUNR., who wrote in June 1838, to his brother in New-Haven, Connecticut, from New Orleans, stating that he was about to volunteer for Texas, is requested to communicate with his parents residing in Hull, Yorkshire, England, who are anxious that he should return home.

Papers throughout the Republic, friends to the cause of humanity, will confer a favor on distressed parents and friends by giving the above a few insertions in their respective papers.

Journal and Advertiser
San Augustine, June 25, 1840

WILD ANIMALS OF TEXAS--A gentleman in the vicinity of Bastrop has found three young leopards which is endeavoring to raise. Two gentlemen from San Antonio, recently saw a hyena on the banks of the Cibolo. A great many skins of animals, to us unknown, and not described in works on natural history, were taken from the Comanches in the recent engagement. When further discoveries are made in this county, a most interesting field of inquiry will be opened to the zoologist.

Colorado Gazette and Advertiser
Matagorda, Jan. 19, 1840

SUICIDE....We learned from the Colorado Gazette, that Baron Ernest Philabecourt, who arrived at Matagorda in March last, with his family and twenty other emigrants from France, committed suicide lately while on board the sloop Cutter, on her trip from Galveston to Matagorda. The cause of the melancholy act is not known. He had voluntarily forsaken the gay circles of Paris and sought a new home in the quiet and retired prairies of Texas and possibly the *ennui* resulting from the great change of associations occasioned a temporary mental derangement.

The Telegraph
September 14, 1842

TO PREVENT MUSQUITOES.... Attach a piece of flannel or sponge to a thread made fast to the top of the bedstead, wet the flannel or sponge with Camphorated spirits, and the mosquitoes will leave the room.

Telegraph and Texas Register
Columbia, August 16, 1836

OFF TO A GOOD START....Kindergarten students in Candy Dyer's class, are shown hard at work on Monday of this week. Because of the number of children attending and only two teachers, students are going only half a day in the kindergarten classes. Barbara Charles is the teacher of the other kindergarten class.

Mustangs Play NHS Respectable Game

Coach Bill Talley was openly pleased with the Bovina Mustangs' performance against state-ranked Nazareth in their home football opener last Friday.

"I thought the kids showed a lot of class and character in a lot of instances. We played a lot smarter game than our first game. Overall, I was very pleased with the effort," Talley said.

The Mustangs held the potent Swifts to a 23-0 win, and Talley underscored the fact that bad snaps from center cost the team nine points, so the final margin could easily have been 14-0.

One of the bad snaps was recovered in the end zone by Nazareth for a touchdown, and another went out of the end zone for a safety.

Bovina's defense had three goal-line stands, including one at the end of the game, when the Mustangs held the Swifts inside their ten-yard line.

Early in the game, Bovina turned over the ball to Nazareth fairly close in, and still held the Swifts outside their goal-line.

"The fact that we were still holding them at the end of the game indicates a lot of character," Talley said.

The Mustang head coach had words of praise for middle guard Chet Hawkins, and defensive tackle Todd Schilling. He also cited Homer Renteria and Todd Ware for having some "big hits"

on defense. Ware had a good game, gaining 70 of the team's 120 total yards.

"We still need more consistency on offense," Talley said.

The Mustang defense held the potent Nazareth team to about 200 total yards, and Nazareth is one of the top offensive teams in class A in this area.

Talley said the team has its work cut out for it again this week when they visit class AAA Friona. "We probably don't have any business playing Friona at this point in time, but we plan to show up, and I think the kids will give a good account of themselves," the Mustang coach predicted.

Bov.	Naz
106	Net Yards Rushing 124

Todd Ware 2-13-6.5.

KICKOFF RETURNS
Bud Venable 1-10-10.0; Todd Ware 1-4-4.0.

SWIFT BACK...Nazareth quarterback Chris Schmucker is shown with the ball as Mustang defenders Chet Hawkins (51) and Terry Moore (66) come up to make the play. Bovina held the state-ranked Swifts to only a 23-0 decision.

WEEK'S CHAMP....Ronnie Cary received a check for \$10 for winning first place in the Bovina Businesses Football Contest. Kenneth Cary, manager of Bovina Pump presents the check. Cary was the only contestant with a score of 15. Matt Fox and John Johnston shared second and third place, both picking fourteen games.

County Fair Plans During Maize Days

County youth and adults have an opportunity to show their home-grown and hand-made items. The Parmer County Extension Home Economics Committee is sponsoring the County Home Arts Fair in conjunction with the Maize Days festivities held in Friona.

Department Has Two New Films

In a continuing effort to make Bovina a better, safer place in which to live, the Bovina Police Department has purchased two new audio-visual films. These award-winning films were developed for the Department in its fight against drug abuse.

The programs may be obtained through the Department's Community Relations Office and are available for showing, free of charge, to schools, civic clubs, churches, and parent groups.

"Drugs Of Abuse" is an overview of America's drug problem, explaining the five classes of abused drugs, and the symptoms, and the paraphernalia associated with each.

It will be easier to determine if a youngster has been smoking marijuana after viewing "Marijuana in the Classroom," which is a look at the marijuana problem among today's youth.

For additional information, or to schedule a free showing of any of these films, contact Chief Pete Hernandez, Bovina Police Department, 238-1133.

First through third place ribbons are being donated by the Friona Chamber of Commerce, and will be awarded in each class. Exhibit divisions include: Field Crops, Fruits and Vegetables, Food, Clothing, Crafts and Hobbies and Fine Arts.

The Farwell and Bovina Chamber of Commerce are supporting this county event by donating trophies for Champion and Reserve Champion exhibitors. These awards will be given in the youth and adult divisions.

Entries may be taken for all exhibits, except fresh products on Thursday, September 26 from 3-7 p.m. at the Friona Community Center. Entries for all exhibits will also be taken Friday, September 27, 7:30-10 a.m. at the Center.

For a Home Arts Fair Catalog or more information, contact Janette Pierce, Parmer County Extension agent at 481-3619 or on the second floor of the Courthouse in Farwell.

As with all programs offered by the Texas Agricultural Extension Service, this one is available to everyone without regard to race, color, religion, sex, age, handicap, or socio-economic level.

Ron Cary Winner Of Prize

Ronnie Cary was the winner in the second week of the 1985 Bovina Businesses' Football contest. Cary was the only contestant to correctly pick 15 of the 18 contest games.

One of the games on the slate, UCLA vs Tennessee in the college division, ended in a tie, and thus was counted wrong on every contestant's entry blank.

Cary's other misses were Texas Tech-Tulsa and New York Giants-Green Bay. He received the first place cash award of \$10 for his good entry blank.

Three contestants correctly picked 14 games, and two of these, Matt Fox and John Johnston, were still tied even after consulting the tie-breaker system.

Fox picked Dallas to beat Detroit, 28-14, missing the actual score by 19 points. Johnston thought the Cowboys would win, 24-10, and his points were likewise 19 away from the actual score of Detroit 26, Dallas 21.

Fox and Johnston will split the second and third place prize money, \$6.25 each.

Cindy Fox had picked Dallas to win on her tie-breaker score, 28-10, being 23 points away from the actual score and out of the prize money.

Twelve contestants had scores of 13, just a point away from having a shot at second or third prize in the weekly contest.

They were Patrick Baca, Teresa Cary, Trisha Fox, Donnell Garner, Doyle Garner, Chet Hawkins, Jim Lance, Patsy Lance, Cathie Lanham, Jan Smith, Robbie Stowers and Mary Jane Wilson.

Twenty-seven other contestants correctly picked 12 games, and twenty-four others had scores of 11.

Cathie Lanham, who scored a 13 to go with her opening week score of 15, took over the lead in the contest standings with an overall score of 28.

Dorothy Harris, the winner of the first week's contest, is tied with Marks Lanham for second place in the standings with scores of 27. Mrs. Harris had an eleven after a score of 16 the opening week. Lanham went 15-12 for his total.

Scores of all leading contestants can be found elsewhere in this issue, and also are posted in the Blade's scoresheet in the hallway of the Blade building.

Contestants are vying for \$22.50 in weekly prizes, and also shooting for the grand prize of \$100 to be awarded at the end of the season, along with the coveted title of "Champion of the Bovina Businesses Football Contest."

City Forced To Raise Taxes Here

The City of Bovina has been forced to raise rates on sewer, trash, and water. Sewer rate has been raised \$2.50, trash, \$2.50, and water, \$1.00. The economic conditions has caused this increase, according to city officials.

According to the Attorney General's opinion, the \$6 police charge which had been proposed was considered a tax instead of a service charge, and therefore, was not legal.

The City tax rate is down 11 percent from last year, and according to law, the City may increase the tax rate by three percent per year.

The board voted to increase the tax rate three percent, which makes the total rate 45½ cents per \$100 evaluation.

The City Aldermen were reluctant to take these steps, but felt it necessary to meet the needs of the City of Bovina.

REFLECTIONS

From the files of The Bovina Blade

25 YEARS AGO--SEPT. 21, 1960
Jack Clayton, who makes a habit of getting his crops out early, delivered the first bale of 1960 cotton to Bovina Monday.

Chances are good that Bovina will soon have a full-time law enforcement officer. At a city commission meeting called last Wednesday night to investigate hiring one from city funds, the commissioners voted to table the motion until they learn whether a full-time deputy sheriff will be deployed here.

Max Gilreath, son of Mr. and Mrs. Boyd Gilreath and Mike O'Hair, son of Mr. and Mrs. F.W. O'Hair, enlisted in the Marine Corp recently. The boys are currently stationed at San Diego, California, for basic training.

20 YEARS AGO--SEPT. 22, 1965
S.E. (Eddie) Redden, 54, died at his home south of Bovina about 7:15 Saturday morning of a heart attack. Redden, who farmed south of town and also did custom farm work, had been a Bovina resident for the past 21 years. He moved here from Phoenix, Arizona, in 1944.

Second Lt. Harold F. Kelso, a 1965 graduate of West Texas State University in Canyon, was graduated from the U.S. Army Ordinance Guided Missile School, Redstone Arsenal, at Huntsville, Alabama, September 3.

S.S. Class Meets With V. Grisham

Members of the Dorcas Sunday School class met last Friday at the home of Velma Grisham for a luncheon.

The women enjoyed a Biblical game about the women of the Bible.

Following a business meeting the ladies voted to have their class books printed.

A meal of baked potatoes with a variety of toppings and blueberry refrigerator pie was served to Opal Bowen, Mary Cochran, Charlsie Eubanks, Bethal Wilcox, Nellie Crook, Dottie Ward, Idella Owen, Joe Looney, Opal Wines, Bessie Webb, Sid Lloyd, Maesie Flynn and the Grisham family.

Ronnie G. Wood of Bovina is one of 39 junior students who have enrolled in Hardin-Simmons University's Reserve Officer Training Corps program for the 1985-86 school year. A history major, Wood is the son of Mr. and Mrs. Ray Wood.

15 YEARS AGO--SEPT. 23, 1970
Gary Sides of Bovina took first place prize money of \$5 this week in Bovina Businesses Cotton Bowl Football Contest.

An accident early Thursday morning south of Bovina involved a pickup and a calf. The pickup, driven by Pedro Arquelles, struck and killed a calf belonging to Ralph Roming. The driver was not injured.

A.E. "Bud" Crump, 51, a longtime Parmer County businessman and farmer, died Thursday morning in an Amarillo hospital following a lengthy illness.

10 YEARS AGO--SEPT. 24, 1975
Some 104 contestants participated in the second annual Little Buckaroo Rodeo at the Bovina Roping Arena Saturday in cool, cloudy weather. The event is sponsored by the Bovina CowBelles.

Grand opening of the new dining room at Bovina's Dairy Freeze on Highway 60 will be Saturday, according to Mrs. Barberette Sikes, owner and operator of the business.

Private Antonio Serna, 20, whose wife, Terisa, lives in Bovina, has completed nine weeks of advanced individual training at the U.S. Army Infantry Training Center at Ft. Polk, La.

5 YEARS AGO--SEPT. 24, 1980
Frances Johnson received a check for \$7.50, for winning first place in the Bovina Businesses Football Contest, having an entry with a perfect score.

Martha Schilling brought in the first load of corn to the Bovina Wheat Growers Elevator September 8. The corn was harvested on the Schilling farm north of Bovina. She received a \$50 bonus check.

Ben McCain, son of Mr. and Mrs. Les McCain, began his new job as Action 4 reporter specializing in agriculture news, on Channel 4 KTVY, Oklahoma City, and is well-qualified for his new position.

ANNIVERSARY QUILT....Shown are women of the Methodist Church, who pieced a quilt to celebrate the 80th anniversary of the church. On each square is embroidered the names of the ladies. The quilt is red and white and is now hanging in the Fellowship Hall. They are, left to right, Ellen Estes, Jerry Ware, Sue Fowler, Ethel Gipson, Carlene Jones, Pauline Caldwell and Thelma Barron.

Around The House

By JANETTE PIERCE
Have you had problems of spoilage of home canned foods? The Parmer County Extension Home Economist, Janette Pierce, has had several calls this season about canned food not sealing. "This can be frustrating because of the waste of time, energy, money and food."

Take a look at the jars and lids you have been using.

Do the jars have chips or nicks at the top? If they do, this can cause a poor seal--thus spoilage. Do not use these jars for canning.

Do you tighten the two piece lid as tight as you can get before and after processing? If you do, this can cause the sealing material to be broken--and again spoilage.

What can you do? Run your finger around the tops of jars and inspect them visibly to make sure they are smooth and free from nicks and cracks.

The Bovina Blade

(Publication No. USPS 550-800)
Published Wednesdays, Weekly except the week after Christmas at 100 Third Street Bovina, Texas 79009
Second Class Postage Paid At Bovina, Texas 79009

Subscription Rates--Parmer and Adjoining Counties, \$9.46 per year. Outside area, \$11.56 per year.

Bill Ellis, Editor-Publisher
Tami Kunselman, Bookkeeper
Scooter Russell, Manager

If two piece, self-seal lids are used, follow the manufacturer's instructions in adjusting the lid and tightening the metal ring. After processing, when the canned product is thoroughly cool, take off the metal ring, if possible without forcing. If the ring sticks, cover it with a hot, damp cloth for a minute or two to loosen. Then wash them to prevent rust and they may be used again. However, the lid may be used only once.

Also, consider the age of lids being used. The sealing compound may not be as good quality as it once was, preventing sealing.

For more information about canning, contact County Extension Agent, Janette Pierce, at the Courthouse in Farwell or call 481-3619.

Sheriff's Report

On September 10, Arthur Cruz Sierra, 32, Bovina, pleaded guilty to a charge of burglary of a motor vehicle. He was sentenced to two years in the Texas Department of Corrections.

School Corner

By BOB OWEN
The PTO (Parent-Teacher Organization) held its organizational meeting on Monday of this week. A good crowd attended, but we still need more parents to get involved to help the organization realize its potential.

The next meeting will be on October 28 at 7:30 p.m. If you possibly can, please attend this meeting. You can decide at that time as to whether the organization meets your needs.

We believe that cooperation between parents, teachers and community is critical to the overall educational process.

America became a strong nation because it was united. I believe that a community must also be united

to maintain its strength. I am proud to be an American and I am proud to call Bovina my home. I believe that pride is an important ingredient of strength. If Bovina is going to be the community we all want it to be we must unite our efforts and be proud. If we will commit our time and talents to organizations such as PTO, I believe that we can have a school and a community of which we can each take pride. We can do it, but it will require us all working together toward a common goal.

Please put PTO at the top of your priority list. I believe that this is the first step in uniting your efforts to provide the very best educational opportunities for the young people of Bovina.

SEPTEMBER BIRTHDAYS... Celebrating birthdays in September were members of the Senior Citizens group who were honored at a birthday party on Wednesday of last week. Birthday cake, punch, nuts and minis were served to about twenty-five guests. The honorees were, left to right, Alene Russell, Joe Looney, Bessie Webb, Idella Owen, Opal Wines, and Bessie Trimble.

YOUNG WINNER... Austin Jones, five-year-old son of Mr. & Mrs. Randy Jones, and grandson of Mr. & Mrs. Paul Jones of Bovina, is shown during the Pee-Wee golf meet he won recently.

Letter To The Editor

Dear Sir,
I am a farmer and rancher from Guymon, Oklahoma. I am sending this letter to several newspapers in response to some information I have received concerning the 1985 Farm Bill. I would like to request that you publish it as a letter to the editor.

As you may know, A Conservation Reserve has been requested by Agricultural Secretary, John Block, to retire at least 20 million acres from production. It has come to my attention that the proposed Conservation Reserve could be dropped, drastically reduced, or vetoed in a budget-cut.

Conservation of our nation's resources through long term Land Retirement, coupled with a reduction in production, is a cost effective program whose time has come.

All who agree should call or write your Congressman and the President immediately to insist that this program not be dropped

or reduced. The House and Senate bill numbers listed below should be used when making contact. The addresses for Senators and Representatives, and a clip-out to mail to the President are also below.

I urge you to contact your Senator, Representative, and President Reagan NOW as time is of the essence.

Senator _____
U.S. Senate
Washington, D.C. 20510

Representative _____
U.S. House of Representatives
Washington, D.C. 20515

The Senate bill number is S 616, Conservation Reserve Section.

The House bill number is HR 2100, Conservation Reserve Section.

Sincerely,
Larry Jeffus
Box 1281
Guymon, OK 73942

Jones Wins Pee-Wee Golf Meet

Austin Jones of Lakeland, Florida, won the Pee Wee International golf tournament August 23, in Orlando, Florida.

The kindergarten student at Scott Lake Elementary shot rounds of 28 and 25 on the six-hole course for a five-stroke victory in the three to five-year-old division.

Austin is the five-year-old son of Randy and Roz Jones of Lakeland, Florida and the grandson of Paul and Ola Lee Jones of Bovina.

AUSTIN JONES

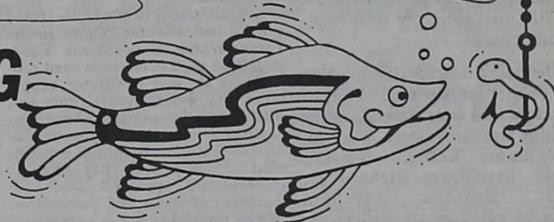

FIRST BIRTHDAY... Thomas Grissom celebrated his first birthday August 28. He is the son of Jeff and Denise Grissom of Oklahoma Lane, and is the grandson of Leon and Charlene Grissom of Bovina and D.D. and Lola Markham of Portales. His great aunt, Lola Grissom, Hereford, also attended the party.

Ronald Reagan
President of the United States
The White House
1600 Pennsylvania Avenue
Washington, D.C. 20500

Mr. President:

The Farm Bill, which includes the needed Conservation Reserve Program, must be passed without funding reductions for the Conservation Reserve. Many of the existing farm programs do little to reduce production, and therefore will not solve the problem. If funding for the existing programs were decreased, these funds would be available for the Conservation Reserve and it could be implemented without increasing the Agriculture budget. The Conservation Reserve is the logical solution to the problem of over-production.

Scooter's Scoops

By Scooter Russell

We had a picture in the Blade recently of J.D. Terry and the big cantaloupes and watermelons he had raised this year. One of our subscribers, Russell Broyles of Farmington, Arkansas, saw the picture and wrote the Terrys. He sent them a couple of articles about watermelons grown in Arkansas.

A man from Hope, Arkansas, Ivan Bright, at one time, held the world's record for having the biggest melon, which weighed 255 pounds. In 1979, Bright grew a 200 pound melon and received a \$5,000 prize from the Hope Advertising and Tourism Promotion Bureau. This year, his grandson, Jason,

who is ten years old, grew a melon weighing 260 pounds. It was 46 inches long, red-meated Carolina Cross with an estimated 1,500 seeds.

The farm carries the title of "Home of the World's Largest Watermelon." Ivan Bright, a farmer at Hope, said his watermelon patch is split into three parts—a section for him, one for his son, and one for his grandson.

Connie Strong of Rapid City, South Dakota underwent back surgery Thursday in Rapid City. She is the daughter of Mr. and Mrs. J.D. Terry.

The Terrys have recently visited with their daughter and family, Georgia and Glenn Goggans and sons, Heath and Gary. They left Bovina September 6 and returned home September 12.

Wiley and Velma Lide enjoyed a week's visit with Velma's sister and her husband, Inez and Murl Bartmess of Boise, Idaho. Inez and Murl saw many sights along the way as they drove from Boise. Velma said it had been ten years since they had seen each other. They enjoyed a good visit and caught up on lost years.

Buck Lloyd's brother, Buddy, who lives in Friona, was hospitalized for several days in the Friona hospital recently, but was released on Wednesday of last

week. Freda Lloyd said Buddy had bought a home in Panhandle and was moving there. He is now staying with his daughter, Ouida Konkol, until he is stronger. She and her husband, John, live in Panhandle.

Freda and Buck Lloyd had an enjoyable day Sunday when they drove to Lubbock and spent the day with their daughter and family, Pauline and J.D. O'Hair, their daughter Carla and her son Jason.

Juanita Hastings has been in Enid, Oklahoma with her mother Mrs. Wright, 96, who fell and broke her hip. She has undergone surgery and is getting along real well. She has already been walking, and Juanita will be with her a few more days before she comes home.

Janie Hawkins, daughter of Donalita Hawkins, has been in Bovina visiting her mother during the past few weeks. Donalita said that Janie had been working for American Airlines on a research project and during the summer she flew to Europe for two weeks, and many places in America. Her job is to observe the treatment of customers on the flights and then come home and make reports on each trip.

We express our sympathies to Earl and Cash Richards in the loss

of their sister, Marie Chase of Artesia, New Mexico, who passed away on Sunday. Services will be held Wednesday morning of this week at 10 a.m. in Artesia.

Gwen Clements was released from the Lubbock Methodist Hospital on Thursday of last week following surgery. Her daughter, Denise, said she is getting along alright but will be uncomfortable for a while yet.

French and Nellie Crook and Jim and Idella Owen made a trip to Lubbock Monday of this week. French got a check-up and is getting along real well. The Owens enjoyed a visit with their granddaughter and great-granddaughter.

Mrs. Crook's sister-in-law, Kitty Hopper of Woodward, Oklahoma, suffered a heart attack and is in very serious condition.

SMILE:

A Sunday School teacher was telling her class the difference between right and wrong.

"All right children, let's take another example," she said. "If I were to get into a man's pocket and take his billfold with all his money, what would I be?"

A little girl raised her hand and responded, "You'd be his wife."

Have a great week and thank your for articles brought by and your calls....Scooter.

New GSPA Board Met In Lubbock

The recently expanded Texas Grain Sorghum Producers Board has set the Texas grain sorghum checkoff assessment at .8 cent per hundredweight. The assessment will be collected on grain when it is purchased from producers by elevators, livestock feeders, seed companies and others. ASCS will collect the assessment on grain which enters the government loan program.

Processors will be notified by letter of the effective date of the assessment. Grain which has been sold or placed in the government loan prior to that notification will not be subject to the assessment. Producers who do not wish to participate in the checkoff will have their money refunded upon their written request, accompanied by proof that the assessment was paid.

The statewide sorghum checkoff was established in a recent referendum to expand the Texas High Plains program which has existed in twenty-nine counties of the Panhandle since 1969. In the recent election, the state's sorghum producers named seven directors to fill positions on a fifteen-member board.

The board held its first meeting in Lubbock on August 23-24. New directors who were sworn in at the meeting are: James Dyer, Weslaco; J.W. Bauer, Refugio; Howard Salge, Skidmore; Richard H. Perry, Robstown; Weldon Shelton, Lamesa; Albert Scheele, Lockney; and Dennis Anthony, Friona.

In order to have better representation of all sorghum producers of the state, the board named six representatives from areas which do not have directors. Nominees from those regions who received the highest number of votes were appointed as representatives. The representatives will attend all meetings, speak for the producers of their region, serve on committees and relate the decisions and policies of the board to the region they represent. They are Mark Lamon, La Coste; Joe Pennington, Raymondville; Wilbert Vorwerk, Taylor; Dale K. Spurgin, McKinney; Ernest Michalewicz, San Angelo and Larry Smith, Munday.

The board will meet again in the last week of September to elect officers, consider projects and draft a budget.

PUBLIC NOTICE BRIEF EXPLANATORY STATEMENTS OF PROPOSED CONSTITUTIONAL AMENDMENTS GENERAL ELECTION NOVEMBER 5, 1985

PROPOSITION NO. 1 ON THE BALLOT

Sections 1 and 2 of House Joint Resolution 6 propose a constitutional amendment that would authorize the Texas Water Development Board to issue an additional \$980 million of Texas Water Development bonds.

The additional bonds to be issued will be dedicated for deposit in the Texas Water Development Fund, with \$190 million of those bond proceeds to be used for water supply loans and facilities acquisition and with \$400 million of those bond proceeds to be used for state participation in the acquisition and development of facilities for storage, transmission, transportation, and treatment of water and wastewater. Of the remaining bonds authorized, \$190 million will be dedicated for use in water quality enhancement projects, and \$200 million will be dedicated exclusively for flood control projects.

The amendment would also allow the legislature to provide for the creation, administration, and implementation of a bond insurance program to which the state pledges up to \$250 million of its general credit to insure payment of the principal of and interest on bonds or other obligations issued by political subdivisions of the state for water conservation, water development, water quality enhancement, flood control, drainage, recharge, chloride control or desalinization. Unless authorized to continue by a two-thirds vote of the members of each house of the Legislature, the bond insurance program will expire on the sixth anniversary of the date on which this section becomes a part of the constitution. Bond insurance issued before expiration of the program will not be affected by such expiration.

The amendment would authorize the legislature to create and appropriate money to special funds in the state treasury to make grants, loans, and other financial assistance available to governmental entities for certain enumerated water planning purposes. Also, the legislature would be permitted to extend the benefits of constitutionally approved water projects to nonprofit water supply corporations.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to authorize the issuance of an additional \$980 million of Texas Water Development Bonds, to create special water funds for water conservation, water development, water quality enhancement, flood control, drainage, subsidence control, recharge, chloride control, agricultural soil and water conservation, and desalinization, to authorize a bond insurance program, and to clarify the purposes for which Texas Water Development Bonds may be issued."

PROPOSITION NO. 2 ON THE BALLOT

Section 3 of House Joint Resolution 6 proposes a constitutional amendment that would allow the Texas Water Development Board to issue and sell Texas agricultural water conservation bonds in an

amount not to exceed \$200 million, if authorized to do so by a two-thirds vote of the members of each house of the legislature. The Texas agricultural water conservation bonds would be general obligations of the State of Texas, and would be paid from the first money coming into the state treasury in each fiscal year. The amendment would allow Texas agricultural water conservation bonds to be issued and sold only for four years after the date on which this Act becomes a part of the constitution.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing the issuance and sale of \$200 million of Texas agricultural water conservation bonds."

PROPOSITION NO. 3 ON THE BALLOT

House Joint Resolution 54 proposes a constitutional amendment that would permit the legislature to authorize a city or town to spend public funds and levy assessments for the relocation or replacement of water laterals on private property if such relocation or replacement is done in conjunction with or immediately following the relocation or replacement of water mains serving the property. Any legislative enactment permitting the expenditure of funds for such purposes would authorize the city or town to fix a lien on the property, with the owners' consent, for the cost of relocating or replacing the water laterals, and would provide that such cost shall be assessed against the property, with repayment by the property owner to be amortized over a period not to exceed five years at the rate of interest set by law. Such liens could not be enforced until after five years from the date the liens were affixed.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to authorize the legislature to enact laws permitting a city or town to spend public funds and levy assessments for the relocation or replacement of water laterals on private property."

PROPOSITION NO. 4 ON THE BALLOT

Senate Joint Resolution 21 proposes a constitutional amendment that would authorize the use of the proceeds from the sale of permanent school fund land to acquire other land for the permanent school fund. Currently, the constitution requires that proceeds from the sale of such land be invested in certain bonds and other securities.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing proceeds from the sale of land dedicated to the permanent school fund to be used to acquire other land for that fund."

PROPOSITION NO. 5 ON THE BALLOT

House Joint Resolution 89 proposes a constitutional amendment that would enable the legislature to regulate the provision of health care by hospital districts by determining

the services the district must provide, by setting requirements a resident must meet in order to qualify for services, and by determining any other relevant provisions necessary for providing health care to residents.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to authorize the legislature to regulate the provision of health care by hospital districts."

PROPOSITION NO. 6 ON THE BALLOT

Senate Joint Resolution 6 proposes a constitutional amendment that would enable the State of Texas to enter into an agreement with another state to confine inmates from the state of Texas in penal or correctional facilities of the other state.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to permit state prisoners to be placed in penal facilities of another state pursuant to an interstate agreement."

PROPOSITION NO. 7 ON THE BALLOT

House Joint Resolution 27 proposes a constitutional amendment that would authorize the commissioners court of Chambers County to divide Chambers County into not less than two and not more than six justice precincts. Under current constitutional law, Chambers County may be divided into not less than two and not more than five justice precincts.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing Chambers County to be divided into two to six precincts."

PROPOSITION NO. 8 ON THE BALLOT

Senate Joint Resolution 9 proposes a constitutional amendment that would grant an additional \$500 million in bonding authority to the Veterans' Land Board for the veterans' housing assistance program. Under the current constitution, the Veterans' Land Board is authorized by Article III, Section 49-b-1 to issue and sell not more than \$800 million in bonds, \$500 million of which may be used for the Veterans' Housing Assistance Fund. This amendment would increase that authorization to permit the issuance and sale of up to \$1.3 billion in bonds, \$1 billion of which would be used for the Veterans' Housing Assistance Fund. In addition, the amendment would remove the current definition of "veteran" from the constitution and permit the legislature to redefine "veteran" as the changing times and circumstances require.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment providing \$500 million in additional bonding authority for the veterans' housing assistance program and changing the definition of those veterans eligible to participate in the veterans' land program and the veterans' housing program by authorizing the legislature by law to define an eligible veteran for the purposes of those programs."

PROPOSITION NO. 9 ON THE BALLOT

House Joint Resolution 72 proposes a constitutional amendment that would permit the legislature either to enact a statute or to attach a rider to the General Ap-

propriations Act to require prior approval of the expenditure or emergency transfer of any funds appropriated by the legislature to state governmental agencies.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to protect public funds by authorizing prior approval of expenditure or emergency transfer of state appropriations."

PROPOSITION NO. 10 ON THE BALLOT

House Joint Resolution 19 proposes a constitutional amendment that would authorize the legislature to provide for the issuance of general obligation bonds, the proceeds of which would be deposited in a fund to be known as the farm and ranch finance program fund. The fund would be administered by the Veterans' Land Board and would be used to make loans and provide other financial assistance for the purchase of farm and ranch land. The amount of bonds outstanding at any one time would be limited to \$500 million. The principal and interest that becomes due on such bonds in each fiscal year would be paid from amounts remaining in the interest and sinking fund at the close of the prior fiscal year, with the balance due to be appropriated from treasury revenues in the fiscal year when such amounts become due.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing the issuance of general obligation bonds to provide financing assistance for the purchase of farm and ranch land."

PROPOSITION NO. 11 ON THE BALLOT

Senate Joint Resolution 16 proposes a constitutional amendment that would define indictments and informations as instruments charging a person with the commission of an offense, and would delete certain technical requirements as to the form of writs and processes.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment relating to the manner in which a person is charged with a criminal offense and to certain requirements applicable to state writs and processes."

PROPOSITION NO. 12 ON THE BALLOT

Senate Joint Resolution 10 proposes a constitutional amendment that would grant the Texas Supreme Court and the Texas Court of Criminal Appeals jurisdiction to answer questions of state law certified from federal appellate courts. In addition, the two courts would promulgate rules of procedure relating to the review of those questions.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment granting the Supreme Court of Texas and the Court of Criminal Appeals of Texas jurisdiction to answer questions of state law certified from a federal appellate court."

PROPOSITION NO. 13 ON THE BALLOT

Senate Joint Resolution 14 proposes a constitutional amendment that would create a board with responsibility for the reapportionment of judicial districts, subject to legislative approval. The amendment would provide for the continued power of the legislature to provide for judicial reapportionment, and would provide that reapportionment

will be the responsibility of the Legislative Redistricting Board if the Judicial Districts Board fails to make a timely reapportionment. The amendment would provide for the creation of judicial districts smaller than a county in counties where the creation of such districts has been approved by the voters at a general election. The amendment would provide for more than one judge for a judicial district. The amendment would rename supreme judicial districts as courts of appeals districts. The amendment would provide that the jurisdiction and terms of court of district and county courts may be as provided by law. The amendment would provide for the jurisdiction of justice courts, which may have additional jurisdiction as provided by law. The amendment would provide for rules of judicial administration and civil procedure to be promulgated by the Supreme Court, and would provide that the legislature may delegate additional rule making power to the Supreme Court or to the Court of Criminal Appeals. The amendment would provide that courts and judges in existence at the time of its adoption remain in existence until otherwise provided by law.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment providing for the reapportionment of the judicial districts of the state by the Judicial Districts Board or by the Legislative Redistricting Board, and providing for the administration and jurisdiction of constitutional courts."

PROPOSITION NO. 14 ON THE BALLOT

Senate Joint Resolution 27 proposes a constitutional amendment that would abolish the office of County Treasurer in Andrews County and transfer the powers and duties of that office to the County Auditor. The amendment would also abolish the office of County Treasurer in El Paso County if, at the statewide election at which this amendment is submitted to the voters, a majority of the voters who vote in El Paso County favor the amendment. The functions of the office of El Paso County Treasurer will be performed by a person employed or designated by the El Paso County Commissioners Court. The amendment also provides for the abolition of the office of County Surveyor in Denton, Randall, Collin, Dallas, El Paso, and Henderson Counties upon approval of such abolition by a majority of the voters who vote on the question at an election called by the commissioners court of the county. If the office of County Surveyor is abolished in any county, the commissioners court may employ or contract with any qualified person to perform the duties of the office.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to provide for:

(1) the abolition of the office of county treasurer in Andrews County and El Paso County;

(2) the abolition of the office of county surveyor in Collin, Dallas, Denton, El Paso, Henderson, and Randall Counties."

Estos son los informes explicatorios sobre las enmiendas propuestas a la constitución que aparecerán en la boleta el día 5 de noviembre de 1985. Si usted no ha recibido una copia de los informes en español, podrá obtener una gratis por llamar al 1/800/252/9602 o por escribir al Secretario de Estado, P.O. Box 12887, Austin, Texas 78711.

Long-term credit that's productive.

SEPTEMBER 1

SWPS Announces Executive Changes

The board of directors of Southwestern Public Service (SPS) has announced key executive changes in the electric utility's leadership following retirement on August 31, 1985, of board chairman and chief executive officer, Bert M. Springer.

Bert Ballengee, president, was named the chief executive officer of SPS, and W.R. "Bill" Esler, executive vice president, became the company's chief operating officer.

Effective September 1, 1985, the first day of Southwestern's fiscal year, Ballengee became board chairman and chief executive officer, and Esler began serving as president and chief operating officer.

Springer joined SPS as a draftsman in 1946, and progressed through engineering, rate and budget assignments before being named executive vice president in 1972. He became president in 1976, and was elected board chairman in 1982. Springer, a native of Lakeview, Texas, is an industrial engineering graduate of Texas Tech University. In 1975,

the university named him a distinguished engineer.

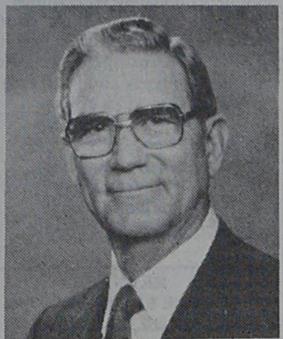

Ballengee began his SPS career as an accounting clerk in 1949, and served in personnel, data processing and financial management positions until he was promoted to executive vice president in 1979. He was elected president in 1982. Ballengee was born in Trinidad, Colorado, and earned a business administration degree at the University of Texas.

Esler began work with the utility in 1948 as an engineer, and moved through division superintendent, executive management, engineering and construction responsibilities prior to his selection as executive vice president in 1983. He is a native of Denison, Texas, and was graduated from the University of Texas with an electrical engineering degree.

Southwestern primarily provides electric service in a 52,000-square-mile area in eastern and southeastern New Mexico, the South Plains and Panhandle of Texas, the Oklahoma Panhandle and southwestern Kansas.

Club Meets

September 10

The Thrifty Club met in the home of Idella Owen on Tuesday, September 10. Eight members were present and the ladies spent time covering coat hangers and visiting.

The group was served a meal of chicken salad sandwiches, cheese and crackers, chocolate ice box pie, tea and lemonade.

Members present were Virgie Adams, Charlie Eubanks, Tessie Jones, Lavern Brownlow, Louise Douglas, Alene Russell, Sid Lloyd, and Idella Owen, hostess.

School Lunch Menu

WEEK OF SEPTEMBER 23-27

MONDAY--Spaghetti with meat, tossed salad, corn, pears, hot rolls, butter, and milk.

TUESDAY--Tamales, red beans, cole slaw, corn bread, butter, peaches, and milk.

WEDNESDAY--Chicken fried steak, mashed potatoes, green beans, mixed fruit, hot rolls, butter, and milk.

THURSDAY--Hamburgers, tator tots, lettuce, tomatoes, sugar cookies, and milk.

FRIDAY--Bologna and cheese sandwiches, lettuce, pickle slices, apple halves, and milk.

This material was sent to the Amarillo Animal Rights Association by "Friends of The Crying Animals" in Little Rock, Arkansas.

THE DEATH OF A DOG

An eye-witness account of death in a Decompression Chamber identical to the one at the Amarillo Animal Shelter...

"When the dog was placed in the chamber, he turned around and faced me. He was very confused and terrified, pawing at the door to get out. When the machine was turned on, sucking the air from the chamber, the dog began to turn in circles. His head jerked and his jaws snapped open and shut, and right there his eardrums burst. Now he was deaf. Still turning frantically in circles, the dog began to salivate profusely. At first, he tried to keep the saliva in, then it just became too much and his tongue hung out and the saliva ran down his neck and chest into the floor. He saw my face in the chamber window and frantically clawed at it. I believe he was begging for help, begging to be let out. Suddenly the dog went down on his side, his legs still kicking violently. He dragged himself in circles, lying on his side, kicking his legs, with his neck arched toward me. I could look right into his face. He was watching me and his eyes popped from their sockets until the eyeballs were almost entirely extruded. Still frantically kicking and clawing, he bit his tongue in half and his gnashing teeth ground the tongue to a pulp. He still kept struggling and trying to lurch to his feet. The movement of his mouth and throat showed that he was gasping and screaming. After about ten minutes in the chamber, the dog's convulsions became less violent and he lost consciousness. Death mercifully followed several minutes later."

THIS MACHINE IS BANNED IN DALLAS, BOSTON, WASHINGTON, D.C., MILWAUKEE, ALBUQUERQUE AND MANY OTHER CITIES AND STATES. WHY IS IT STILL BEING USED IN AMARILLO?

There is a KINDER WAY!! An injection of sodium pentobarbital is the most humane way. The animal can be soothed and talked to while the shot is given. There is no terrifying panic, no agony...just peaceful instantaneous death.

WE NEED THOUSANDS OF PEOPLE TO PROTEST THIS CRUEL MACHINE!

Sorghum Farmers Call For Program

Farmers throughout Texas have decided the key to their economic recovery is in their own hands. They have called for a referendum on a statewide checkoff on grain sorghum to provide funding for development and expansion of markets for their grain. A survey conducted by Texas A&M University Extension Service confirmed that a majority of farmers who responded favored a grain sorghum checkoff for this purpose. In calling for the referendum, dozens of farmers expressed the opinion that it is up to farmers, themselves, to do something about slumping demand and depressed prices.

"Farmers must continue to work for a favorable farm program," said J.B. Cooper, a cotton and grain farmer who lives at Roscoe. "It is only right that farmers who are providing the good life for the rest of the nation should share in that prosperity. But it is clear that farmers can't wait for solutions from the government. The only way we can muster enough resources to implement an effective market development program is through a uniform checkoff."

"I am a firm believer that farmers need to help themselves," said Mark Lamon, a twenty-three year old farmer at La Coste in Medina County, "because no one else is going to do it for them." That statement was repeated by J.L. Massey of Robstown, who has been farming for more than forty years. "We need to promote our own product because no one else will do it for us," Massey said. "The price of grain sorghum today is far below the cost of production, therefore, I am strongly in favor of a grain sorghum checkoff to support a program to increase sales and for research to seek ways to reduce production costs."

Ben Scholz, a grain sorghum farmer in the Wylie community of Collin County, said, "I believe in a

self-help program for producers. Markets don't just happen. Unless we, the farmers, work on building markets, we cannot expect sales to expand or prices to improve."

U.S. grain sorghum, as a commodity, has some unique marketing problems. Its quality and value are not universally accepted. Most of the world's sorghum production is of a high tannin type which is poor in nutritional value. To overcome prejudice toward sorghum in general, it is necessary to demonstrate that U.S. sorghum is different. Every grain importer in the world is a potential customer for U.S. sorghum but the producers must prove that it is better than the poor quality sorghum most of the world knows. This proof must be demonstrated in feeding trials and projects throughout the world.

Texas already has a grain sorghum checkoff in a twenty-nine county area of the High Plains. It was established in a 1969 referendum and is called Texas Grain Sorghum Producers Board (TGSPB). TGSPB collects an assessment on sorghum at the time of its first sales transaction. Producers who do not wish to participate, simply request and promptly receive a refund. Last year, more than 95 per cent of the farmers in the TGSPB area supported the checkoff.

The referendum which established TGSPB provided that the program would remain under the control of farmers who produce within the referendum area. Producers elect a board of directors who set the rate of the assessment within limits approved by the farmers. The board administers collection procedures and projects.

F&S Turkey Shoot To Be Held In Friona

Field & Stream magazine and the National Volunteer Fire Council is proud to announce the Second Annual Turkey Shoot Sweepstakes to help local fire departments raise needed funds.

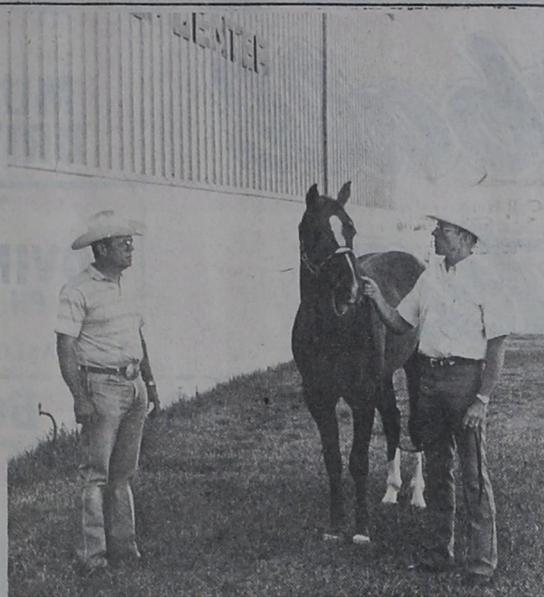

Turkey Shoots are traditional autumn or pre-holiday events held at Volunteer Fire Departments. Eight to twelve shooters fire at a target and one will win a turkey (usually frozen). The winners of each local event will be entered in a sweepstakes funded by Field & Stream.

The grand prize is a trip for two to British Columbia, Canada and a Jaco "J Series 806" pop-up camping trailer. Participants are also eligible to win: 100 Jim Beam Model "A" fire engine decanters; 3 Winchester rifles Model 70 XTR Sporter magnum; Nikon binoculars; 5-Z10 Regency electronic scanners; 5 Whistler 5 radar detectors; Goodyear all season Wrangler radial tires; Shimano rods and reels; Black and Decker sunlance halogen flashlights; Skoal long cut brass spittoons; Berkley triline fishing line; and Purina hi-pro dog food.

In addition, there are other events that will take place at the Turkey Shoot. Crosman Firearms has set up a Junior Shooters event, for people under 18--grand prize, a Crosman air gun. Campbell Chunky Soup will have a soup station at the Turkey Shoots to warm the shooters with nutritious Chunky Soup.

The Field & Stream NVFC Turkey Shoot promotion is sponsored by Shimano, Regency, Nikon, AT&T, Mobil 1, Skoal Long Cut, Arrow, Goodyear, Crosman Air Guns, Ford, Purina Hi-Pro, DeKuyper, Independent Insurance Agents, U.S. Repeating Arms, Winchester, Jim Beam, Jayco, Berkley Triline, Campbell's Chunky Soup, Black & Decker, August West Systems and the National Rifle Association.

The Turkey Shoot is being held on October 13, sponsored by Friona Volunteer Fire Department. The local contact is Roger M. Fields, telephone number 247-2761.

CONTRIBUTION....Orin Barnes, left, has recently delivered Sonny's Tough Gal, a \$12,500 mare contributed to West Texas State University by Lawton Clark of Englewood, Colorado. Barnes serves as an agent, encouraging local people to contribute quality horses to WTSU. Gary Marble, right, directs WTSU's Horse Center, a modern facility with 45 mares, colts and stallions--all donated to the university--as well as a number of horses boarded for WTSU students.

WTSU Sets Parent Fete September 28

West Texas State University's Parent's Day has been scheduled for Saturday, September 28. Organizers expect a strong turnout for this event, which has been popular with both parents and students since 1978.

Some of the organized activities include Parent Olympics, a reception with faculty members, an equestrian display at the Horse Center, a style show, a buffet luncheon, and a football preview with Coach Bill Kelly.

Organizers have also allowed

plenty of time for parents to visit with their sons and daughters and tour the campus together.

That evening at 7:30, WTSU's Buffaloes play Texas A&I at Kimbrough Memorial Stadium. Parents of WTSU students may purchase tickets at reduced rates. At halftime, the Parent(s) of the Year will be presented a plaque from President Ed Roach.

Parents of WTSU students or other interested parties may call (806) 656-2296 for further details.

Hospital Report

ADMISSIONS--
Shirley Kesner, Friona; Melissa Hand, Friona.

DISMISSALS--
Velta Anderson, Buddy Lloyd, Melissa Hand.

PATIENTS IN HOSPITAL--
Lloyd Thompson, Shirley Kesner.

Just a reminder, if your old furnace is
about to give up, you might want to
consider a new, high-efficiency heat pump.
If your air conditioner needs replacement
but your gas furnace is still in good
working order, an add-on heat pump may
be the answer. The most efficient system
is the geothermal heat pump. It may be
used in the conversion of an existing system
or a new installation. Call (806) 364-1166

**TURN THIS ENTRY BLANK INTO THE BLADE OFFICE
BY 5 P.M. FRIDAY**

1. There are 18 football games listed in ads on this page.
2. Pick the team you think will win in each game and place the WINNER'S NAME beside the corresponding number in the contest entry blank at the bottom of this page.
3. Pick the score of the tie-breaker game and place your guess in the appropriate blanks on the entry. The tie-breaker game will not count on your won-lost record. It will be used only in case of a tie.
4. Winners will be named by the Monday following the contest deadline each Friday and they will be named by Sunday, if possible. Cash prizes of \$10.00 for first, \$7.50 for second, and third prize of \$5.00 will be awarded.
5. Tabulations of individual entrants will be kept all season and at the end of the season the Grand Prize Winner will be named.
6. There is nothing to buy. No requirements other than to bring the entry blank, filled out, to The Blade office by 5 p.m. or postmarked by 5 p.m. Friday.
7. Only one entry blank may be submitted per individual. If more than one blank is submitted by an individual, all will be disqualified.
8. Tabulations will be available for public inspection. Members of the Blade staff will serve as judges for the contest.
9. Contestants must be 10 years old or older.
10. Everyone, except employees of this newspaper and their families, is eligible to enter.
