Firemen's Convention

Fire departments from all over the Panhandle met at Clarendon Tuesday for the district convention. 12 teams entered the pump-contest, which was won by Memphis in 19 seconds flat, Canadian second and Childress third. Hedley made a good showing, defeating four teams from much larger towns.

Hedley did even better in the polo game, winning third place and a \$5.00 prize, and losing second place only by the flip of a coin.

In the business session, T. S. Furlow of Tulia was elected president of the association, and V. E. Hafner of Childress was re-elected secretary.

Hedley is now a member of the Panhandle Firemen's Assn., which offers several advantages in fire protection, as well as a possible insurance credit. The next convention will be May 10 at Dumas.

Attending from Hedley were Mr. and Mrs. R. M. Saunders, Mr. and Mrs. Arthell Gibson, W. B. Wiggins, Bob Harris, M. O. Weatherly, H. C. Crawford and Robert Bailey.

Mr. and Mrs. O. D. Stephens are the proud parents of little daughter born Sept. 8. She weighed 6 lbs., 14 oz. and has been named Glenda May.

Portions of the caravan will participate in the Fair's Grand Parade Monday afternoon the caravan will visit Amarillo Air Force Base before returning to Hedley.

Let's all try to go along to boost this year's Festival.

Hedley will be well represented in these exhibits and everyone is urged to attend.

Floats Wanted

Several have announced that they will have floats in the big Cotton Festival parade Saturday, October 9, according to Float Chairman R. W. Scales. Parade officials have asked that you begin now getting your float entered so the parade can be better arranged. The motor of the pickup was knocked about 150 feet from the wrecked vehicle.

The WMU was hostess to the Panhandle WMT Sept. 7 in an all day meeting. The WMU is observing its 75th anniversary and the ladies on the program were in costumes of the eighties, which was very impressive.

In the auditorium was an old time Bible, a coal oil china lamp and a replica of a covered wagon. Candle holders were coal oil lamps. Antique vases were filled with zinnias, petunias, marigolds and morning glories, favorite flowers of our great-great-grandmothers.

The program was wonderful, on home and foreign missions and a history of the WMU. A beautiful china plate engraved in gold with the date of the WMU birthday was presented to the lady who had attended WMU longest. This was won by Mrs Ora of Turkey, who has attended for 52 years.

Sandwiches, pie and tea were served to 75 guests.

Lloyd Leggitt visited in Amarillo Tuesday with his brother Horace who is undergoing treatment there in the Veterans Hospital.

Hostesses were Mrs. John Biard, Miss Jessie Davis, Mrs. W. A. Pierce and Mrs. S. G. Adamson. The program was very interesting and all enjoyed it. 18 members were present.

Sept. 14 the club met for the annual family picnic. All brought well filled baskets and the dinner was spread at 7:30. What a dinner! All that everyone could eat.

The Jewells and Kirkpatricks arrived 20 minutes late and Roy was hungry. He said, "I never have anything to eat unless the preacher visits us." So preacher, keep visiting Roy, as we need him here and don't want the wind to carry him away.

Everyone enjoyed it, and the husbands wondered why we don't have them oftener. Those who didn't attend missed something worthwhile.

Palo Duro Canyon is located near Canyon, Texas. The Canyon was inhabited by man before the beginning of history on this continent. It is 90 million years old and eats 300 million years deep into the earth's crust. The Canyon is the first white man's home in this area. Col. Charles Goodnight set up his headquarters here in 1876 following a trade with the Spanish shepherd Casimero Romero dividing the range country. Goodnight ran 10,000 head of cattle in Palo Duro.

Brace Up Your Minds

"Brace up your minds, then, and keep cool, and put your hope for good and all in the grace that is coming to you at the revelation of Jesus Christ." I Peter 1:13 (Moffatt)

The author was urging his readers to face thoughtfully the great demands being made upon them as they suffered for the faith. They were to study and work at the effort to strengthen themselves intellectually and spiritually. They were not to meet life lying down, but to brace up their minds with whatever the prophets and ministers of the gospel and history had to say.

First let us take an inventory of ourselves. How much have we learned from God's Holy Book on better ways of Christian living since last year? Are we aware of an inward growth in the Christian way of life? Has this inner growth manifested itself in habits of better living? Have these changed habits affected our loved ones and others about us? Have we put God and His Church first or does personal pleasure and selfish aims still prevail?

There are ways to discover what it takes to face the perplexing issues of each day in our disturbed day and generation. We have never lived before. But our Heavenly Father knows all the way and can guide us through the experiences of those who have gone before. All the Christian virtues and graces are needed. There is a place to find out about such matters, so our souls will grow. "God make our souls grow big With a love that will embrace Thy children over all the earth Whatever creed or race"

DUST QUICKLY VANISHES from corners of bureau drawers and other hard-to-reach places with the crevice attachment of your vacuum cleaner.

(Your vacuum cleaner will work two hours for only a penny's worth of electricity.)

VELVETEENS TAKE ON A NEW LOOK when you tumble them dry, along with a damp Turkish towel, in your electric clothes dryer for a few minutes.

(An electric clothes dryer makes every day a good drying day.)

PROTECT TUFTS ON BEDSPREADS WHEN LAUNDERING. Place bedspreads in a pillow case before putting them in your washer.

SEWING IS EASY if you keep a steam iron in your sewing room to press seams and joinings as you sew.

(A steam iron saves time, pressing bills, too.)

FROST A CAKE QUICKLY. Put it on the turntable of your electric mixer. Turn cake easily as you frost.

(You can run your electric mixer an hour for a fraction of a penny.)

KEEP A RECORD of food you take from the freezer so you can tell at a glance when it's time to restock.

(It costs only pennies a day to run a big, handy freezer.)
