### Notice To The Public

It has been brought to our attention that a lot of people are not familiar with some of the laws governing taxation. Some people are under the impression that they are to list only the items suggested by the assessor. The assessor merely makes these suggestions as an aid in making your rendition. It is the duty of the taxpayer to list all of his or her real and personal property. Personal property consists of goods and merchandise of every description, shop equipment, cafe equipment, office equipment, automobiles, trucks, jeeps, or any other motor vehicle, trailers, irrigation pumps, tractors, and all other farming equipment, horses, cattle, sheep, and hogs. Persons owning only a automobile are required to list same for taxation.

The law requires the taxpayer to render his property for taxation by listing the same, making oath thereto, and delivering the same to the assessor, whose duty it is to enter the said property on the tax rolls. If a property owner fails to render property to the assessor, the assessor has the authority to assess the property at what he considers to be the true and full value and place the same on the unrendered roll.

Back assessments of property which has not been assessed or rendered for taxation may be made for any previous year. Therefore, we feel that it is to the advantage of the taxpayer to know his or her duty in regard to rendering property for taxation.

If you fail to render your property for current year taxes, the Board of Equalization are allowed to raise or increase the valuation without having to notify you. If your property is rendered, then any change that is made in the valuation by the equalization board, they in turn must notify the owner of such change.

We suggest that if we fail to contact you for your rendition, you should make it a point to render your property in order to protect you against back assessments and carry your part of the tax load.

We would like to take this opportunity to thank each of you for your cooperation in the past.
