## Men Meet God At Church

Why do people have churches and why do we go to church? Christian assemblies and places of worship have been common since the beginning. A custom practiced by millions for thousands of years must have some good in it. Perhaps more people are members and attending and making larger contributions to the church than ever before.

Why are Hedley men now making generous contributions for church repairs? Why have numerous Hedley men worked from six to sixteen days hard labor making their church look more attractive?

There must be something which men find in their church life which satisfies and gives them a hope for the future. The answer is that men find God in worship and Christian fellowship and activities. God's presence and guiding hand, we have discovered, is necessary for a happy life.

Meeting God is like looking into the mountains, knowing their strength and our weakness; like coming into the presence of something so white and clean that we draw back lest we soil the clean. In coming into the presence of Christ we recognize the glory of His life and the tawdriness of our own. We stand amazed in the presence of Jesus the Nazarene and wonder how He could love us, sinners condemned, unclean. The Christian religion is what results when men meet God.

"I go to church because my soul needs spiritual food for living and because of my God-given responsibility to bring up my child in the way he should go."—A Mother

The above may be part of the reason we have Boy Scout Sundays at church and why the American Legion and other home loving groups are promoting church worship.

# 37 Servants!

## to help you LIVE BETTER ELECTRICALLY

The average home employs thirty-seven servants — and all of them are Reddy. He is at your beck and call 24 hours a day, 7 days a week all year long — fair weather or foul. He'll run any of those 37 appliances — or ALL of them — whenever you say!

The beauty of it is, that Reddy does all these jobs for real low wages . . . about 3¢ an hour. That's a lot of work for a little money!

Next time your electric service bill arrives, take a good look at Reddy's wages — you'll find that electricity is still today's biggest bargain.
