## Jo Ann Short and Jerrol Peters Wed

Miss Jo Ann Short, daughter of Mr. and Mrs. Lee Short of Brownfield, and Jerrol Dabney Peters, son of Mr. and Mrs. D. D. Peters of Lubbock were married recently in Ford Memorial Chapel of the First Baptist Church in Lubbock. Rev. Abe Hester read the double ring ceremony.

Traditional wedding music was played by Mrs. Cecil Springer, organist, who also accompanied Dr. Lee Hewitt as he sang "Because" and "The Lord's Prayer."

Mrs. Jimmy Parker attended her sister as matron of honor and bridesmaids were Misses Wanna Loy Nickell and Jan Wilcox of Odessa, Marlene Jeffcoat of Lamesa, and Dorothy Rushing of Sweetwater.

Best man was Billy Dean Harris of Amarillo, and groomsmen were James Reynolds, Robert Hoare, Jack Aldridge, and J. C. Hunsucker of Levelland. Dwain Short, brother of the bride, and Rodell Byers of Wellington uncle of the bridegroom, ushered and Susan Cathy and Ronald Bain, the bridegroom's nephew, lighted the candles.

A reception followed in the chapel parlor.

After a wedding trip to Santa Fe, N. M., the couple is at home at 2112 Duke, Lubbock.

A graduate of Brownfield High School, the bride attended Texas Tech and is now completing her senior year at the Methodist Hospital School of Nursing. The bridegroom was graduated from Hedley High School and attended Texas Tech where he was affiliated with Sigma Alpha Epsilon fraternity. He is employed by International Harvester Co.

## News From Our County Agent

Poultry raisers from Donley County and surrounding area are invited to attend two big poultry meetings in Donley County on April 17. H. M. Breedlove, county agent, says that two meetings on cage layer production of eggs will be held on that date; the first meeting to be held in Clarendon at the Mulkey Theatre starting at 9:00 a. m. and the other meeting to start at 2:00 p. m. in the Hedley Lions Club Hall.

Two top specialists in poultry production, Bob J. Griffin, poultry husbandman for Texas A&M Extension Service, at College Station, and Kermit Schlamb, marketing specialist for the Extension Service, will be the speakers on the program. Breedlove says that all angles will be discussed including cost, size of operations, markets, feeds, care of flocks, and building of the units for cage layer production.

Farmers are asked to attend the meeting most convenient for them.

## Revival Meeting

The spring revival meeting at the First Baptist Church will begin Sunday, April 15 and continue through April 22 with the Rev. Ennis Hill, pastor of the Calvary Baptist Church in Pampa. Nagging backache, headache, or muscular  
aches and pains may come on with over-ex-  
ertion, emotional upsets or day to day stress  
and strain. And folks who eat and drink un-  
wisely sometimes suffer mild bladder irri-  
tation... with that restless, uncomfortable  
feeling.

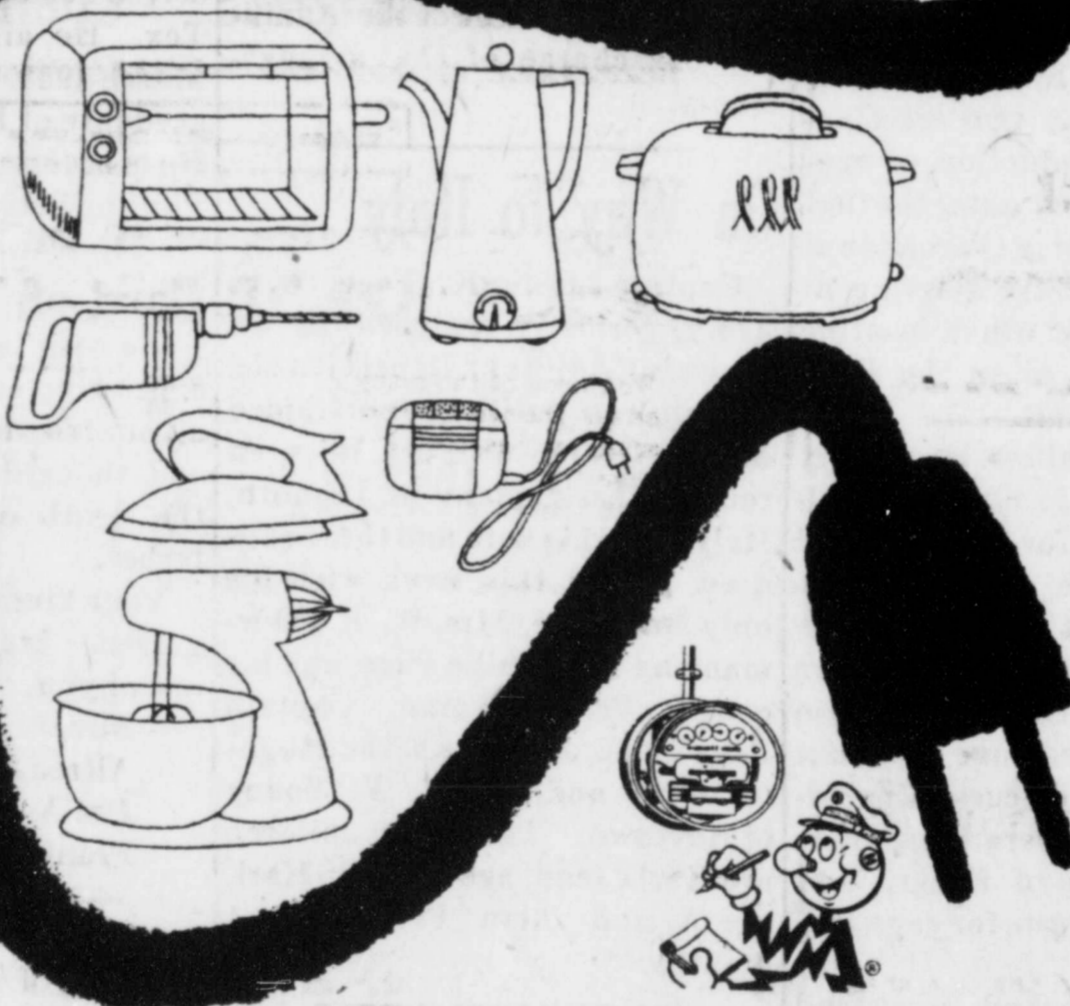

If you are miserable and worn out because  
of these discomforts, Doan's Pills often  
help by their pain relieving action, by their  
soothing effect to ease bladder irritation,  
and by their mild diuretic action through  
the kidneys—tending to increase the out-  
put of the 15 miles of kidney tubes.

So if nagging backache makes you feel  
dragged-out, miserable... with restless,  
sleepless nights... don't wait... try Doan's  
Pills... get the same happy relief millions  
have enjoyed for over 60 years. Get Doan's

Your Electric Service  
is even a bigger bargain  
than it looks

For pennies a day, electricity lights your home,  
cooks your food, washes your dishes, and serves  
you in dozens of other ways. It's the biggest  
bargain in your family budget!

And it's even bigger than it looks.

Out of every \$4.00 you pay on your electric  
service bill, about \$1.00 goes for local, state and  
Federal taxes. Yet, in spite of this, you are get-  
ting about *twice* as much electricity for every  
dollar as you did 25 years ago.

Actually, the average cost of a kilowatt hour  
of electric service for homes served by WTU  
is 26% less than it was just 10 years ago. Part  
of the reason for this lower price is your greater  
use of electric service. But more important, is  
the work of the men and women of your elec-  
tric service company who constantly are work-  
ing to find more and more ways to reduce the  
cost of producing electric power and of deliver-  
ing it to you.

### Soil Conservation News

A. N. Moss believes the cover crop of rye, Austrian winter peas and vetch drilled in the middles of his cotton last fall is doing a good job of holding his soil. There has been some shifting around the edges, but this appears to be soil which the cover crop has caught from the road and other fields. Mr. Moss and F. A. Floyd have had some discussion on which is the best for holding the land, listing or cover crop. Mr. Floyd, like many farmers, is afraid that a cover crop will sap too much moisture and delay the preparation of the land for the following crop, if sufficient moisture isn't received; whereas Mr. Moss thinks that the soil benefits enough from the cover crop to take this chance. On the sandier soils, a cover crop of rye will often hold where listing will not. Also on the sandier soils a cover crop is less likely to affect the following crop because of moisture depletion.

Sunday's dust storm started fields blowing which had been holding, and it is doubtful if there is enough moisture left in the soil to relist many of these fields. Without moisture there is little that can be done to stop soil from blowing, and until it rains the number of acres of land that is damaged by strong winds will increase with each storm. Most of the damage is on the sandier cropland, as most of the mixed and heavier soils have been listed and

Much of the sandier soils would be more profitable and much less trouble if seeded to a permanent cover of grass. For those who have not become familiar with the grasses suitable for planting in this district, technicians of the Soil Conservation Service assisting the Donley Soil Conservation District can offer advice, both in selecting the grass mixture and methods of planting.
