## Soil Conservation News

The week of May 6 to 12 is Soil Conservation District Week in Texas. It begins on Soil Stewardship Sunday, May 6, when many churches will hold special services to recall man's duty to the land. During the rest of the week, most SCDs will present special tours, programs and field days to publicize district accomplishments and objectives.

Texas has 172 soil conservation districts which embrace 96 percent of the land area of the state. Each soil conservation district was organized only after landowners of the area voted to have such a district. SCDs are legal sub-divisions of state government, comparable to counties and school districts, but they have no taxing power. Each is governed by a board of five supervisors who must be landowners themselves, and who are elected by farmers and ranchers of the districts.

Each district helps its cooperating farmers and ranchers plan and apply conservation measures on their land. Following a master plan which was carefully prepared by farmer and rancher committees, each district works toward the goal of complete conservation for all the land in the district. Supervisors function as a co-ordinating body to stimulate and guide the efforts of local groups and individuals toward achievement of the district goal. Technical assistance is provided by various agencies, such as Soil Conservation Service, Extension Service, and Vocational Agriculture teachers.

Any landowner can become a SCD cooperator by applying to the board of supervisors. Becoming a cooperator does not involve any financial obligations.

Supervisors of the Donley County SCD are J. R. Porter, chairman; W. P. Doherty, vice-chairman; C. B. Morris, secretary; T. C. D'Spain, and J. A. Tollett. District offices are maintained at Clarendon. The district has 514 cooperators.

Don Hickey of El Paso is convalescing from his recent operation.

Mrs. C. D. Messer recently visited in Levelland with her brother Weldon Simmons, who had suffered a heart attack.

## Queen Contest

The annual Lions Club Queen contest is being held Thursday night, May 3rd, at the Hedley Theatre. You may see the Queen contest and a complete movie for no advance in prices. The show, Hedy Lamarr in *Strange Lady*, will start at 8 p. m. The contestants will appear on the stage at approximately 9:30 p. m.

Advance ticket sales indicate that this will be the largest crowd ever to attend a contest of this nature in Hedley. Girls who are single and over sixteen years of age and who attend either Quail, Lelia Lake or Hedley high schools are eligible.

## Attend FHA Meeting

Wilma Carter and Nancy Lou Hinds accompanied by Mrs. Ben Wilson as teacher and sponsor, represented the Hedley Future Homemakers at the State meeting held in Ft. Worth April 20th and 21st. This was held in the Will Rogers Coliseum and attended by 3000 girls from over the state.

Plans for better interest and attendance for the class were also discussed. Games were enjoyed and all left feeling it was nice to be together and have fun. Nancy Lou Hinds furnished the music.

**When Your Pharmacist . . .**

hands you a small bottle of one of the "new" medicines and tells  
 you the cost, it may seem like a high price to pay for a prescrip-  
 tion. But when you consider what these new medicines your  
 doctor prescribes can do—in getting you well quicker, back on  
 the job, earning money again—you realize what good value you  
 are getting.

Due to the constant advance in medical science and the devel-  
 opment of more potent drugs, a siege of sickness costs a person  
 less today than ever before in history.

Twenty years ago, for example, hospital patients stayed an  
 average of 14 days, as compared with 9 days average now. An  
 appendicitis operation used to mean a hospital stay of 3 weeks—  
 now it's usually 5 days. Hernia cases were usually hospitalized  
 21 days—now they're often home in a week. And pneumonia  
 patients, if they lived at all, had to stay 3 to 6 weeks. Now they  
 are usually home in a week—if they leave it at all!

Any way you look at it—in terms of saving days of hospital  
 time, the fewer visits needed from your doctor, or your return to  
 income-producing work much sooner—the money you spend for  
 prompt and proper medical care can well turn out to be one of  
 the really big bargains of your life.
