## Greenbelt Dam News

The core drilling at the site of the Greenbelt dam, after being delayed by rain is now progressing rapidly. The crew is working 10 hours a day seven days a week. Formations have been found according to expectations which are very favorable. Without complications the operations should be completed within the week.

In fact about every report has been favorable. Quality and quantity of water has been tested for nearly four years and the reports have always been very good.

The recent tests on wells in the vicinity for water depth, formations and quality of water is also very good.

The report from the Texas Game and Fish Commission, who spent an entire year making the survey, was that the lake when completed would be very productive and the fishing excellent.

The bed of the river is braided sand, quite different from the quicksands of the Canadian river. The sand packs and makes a hard firm bed and the water will be clear except in flood stages.

Eighteen different types of fish were found among the 10,000 specimens taken from the river during the survey. Catfish were abundant and five types of sunfish were found. No rough fish such as carp were found above the dam site.

Minnows were found in large numbers, in fact, according to the report, in large enough quantities for commercial bait seining.

Summing up the report, Mr. Marion Toole, Director of the Inland Fish Division of the Texas Game and Fish Commission, says:

"If plans to construct the dam materialize, fishing in the new lake should be excellent. There were no rough fish found above the dam site and only two species were found below the dam site. All indications obtained during this survey indicate the new lake will be very productive."

## Notice

Our apologies to Jon Leggitt and Judy Saunders for omitting them when making the perfect attendance awards. This is the 8th consecutive year that Jon has received the perfect attendance award.

J. S. Hinds, Supt.

## Methodist Conference Open House

We are glad to note that Rev. S. A. Wolfe was returned to Hedley in the Methodist Conference last week. In other appointments of interest to Hedleyans, E. Lee Stanford was sent to Clarendon, C. R. Hankins to Lelia Lake, O. B. Herring to Memphis, M. R. Mathis to McAdoo, Conrad M. Ryan to Ralls, Wilbur Gaede to Olton, Frank Story to Silverton, Weldon Rives to Colorado City, A. B. Cockrell to Midland, C. R. LeMond to Abilene, and Rex Kendall, Chaplain U. S. Army.

## Quisenberry Graduates

Jack Quisenberry, son of Mr. and Mrs. W. C. Quisenberry, Hedley was graduated from Baylor University College of Dentistry, Dallas, Texas, May 30. Commencement Exercises were held at the First Baptist Church, Dallas, at 4:00 p. m.

Dr. Quisenberry was among the 76 graduates of the College of Dentistry receiving the Degree of Doctor of Dental Surgery.

Sixteen graduate degrees and 27 certificates in Dental Hygiene were also awarded.

Dr. M. B. Carroll, pastor, East Grand Avenue Baptist Church, member of the Dallas Executive Committee of the Baylor University Trustees, and president of the Baptist General Convention of Texas delivered the Commencement Address.

Dr. W. A. Criswell, pastor of the First Church, delivered the Baccalaureate Sermon on May 29.

## Run-off Primary June 4

There are no local issues to be resolved in the second primary; however, we do have a State race to be decided between W. T. McDonald and Lloyd W. Davidson for the Court of Criminal Appeals. There seemed to be very little interest in this race in the First Primary, and due to the terrific cost of holding elections, the County Executive Committee has decided to have one voting box located at the County Court House. This box will be open from 8 a. m. to 7 p. m., Saturday, June 4th. The voters in all four precincts will be eligible to vote in this box. Be sure and tell your friends and neighbors who are interested in this race.

## Open House

Hedley's new ultra modern tourist courts will hold open house next Sunday. Named the Verwyn Motel from their owners Virgil and Winfred McPherson, they will be a credit to Hedley and the entire community.

Six units have been completed and are equipped with all modern conveniences. Comfort and beauty are their motives, as they wish everyone to enjoy their stay in Hedley. The office building is being moved in and they hope to have it in readiness by Sunday.

The owners would like to have everyone in the community to visit them Sunday. Cokes will be served from 2:30 to 6 p. m.

## Leggitt Honored

Jon Leggitt has been chosen to attend The Summer Mathematics training program for High School Students at Baylor University.

Jon made a high score on the qualifying test given in Science, Mathematics and mental ability. These tests were sent out early this year by the Texas Education Agency. He was one of the six high school students in Donley County who took the test.

Jon has made high grades throughout his school years and has done excellent work in all departments of the Hedley School.

The School and Community are proud of Jon's record selection for this special mathematics training program at Baylor University.

## LEGION NEWS

Next meeting of the Legion will be Tuesday night, June 14. A chicken barbecue is slated. Flip Breedlove will do the cooking. Legionnaires will furnish the chicken, and the post will furnish the rest. Business meeting and election of officers for 1961 will follow the feed.

The post wishes to thank the ministers of the town and the others who made the Memorial Services a success. Graves of 42 veterans were located and marked with flags.

Mrs. Delphia Bailey of Amarillo visited here last week end.

## Giles Picnic

One of the biggest and best Giles picnics yet held took place Monday at the Giles picnic ground. A large crowd attended despite the bad weather and enjoyed a big day of visiting together. Flip Breedlove prepared the barbecue, and the ladies had provided a generous array of everything that goes with it.

Bob Ayers acted as MC for the program, which included music by J. B. Yates, Richard Stotts, Walter Johnson, Mrs. Ruby Glass, Inelda and Leetta Shields, Mr. White of Dimmitt, as well as group singing. Cotton John Smith and Bill Rhew of KGNC were present to record the occasion.

Several awards were made to those attending. Charlie Crow was awarded a prize as the oldest man present, Mrs. J. P. Alexander as the oldest lady present, Mrs. Ruby Glass as the longest continuous resident, and Mr. and Mrs. Charlie Crow as the longest continuous resident couple. A special award was made to Cotton John Smith for his fine publicity. These awards were donated by Branigan Jewelry of Memphis.

Special thanks were also extended to Frank Murray for having put the roads in such good condition.

## Baseball News

The opening game of the Greenbelt Little League will be held at the local baseball park Friday night. Game time is 7:30 p. m. with Mayor Clifford Johnson throwing the first ball to officially open the season.

Hedley will have a complete summer baseball program for all boys of school age. The Little League plays boys from 12 years of age down, Pony League catches the 13 and 14 year old boys and the Jr. American Legion team will be 15 years up.

Now coaching the boys are Sam Sanders, O'Neill Weatherly, Lloyd Leggitt and Aubrey Cherry. Your support of the program is needed and will be appreciated.

The Pony League and Jr. American Legion team also will be having games here the following week.

The J. L. Chesser family have gone to Shiprock, N. Mex., for the summer.
