Close of School

The Hedley high school baccalaureate service has been set for Sunday, May 21, at 8 p. m. in the school auditorium. Rev. J. S. Tipton will deliver the baccalaureate sermon.

The commencement exercise will be held Friday, May 26. Programs will appear in next week's issue.

To Teach at Silverton

Information received this week in the Informer office reveals that Mrs. G. E. Lacy English teacher in Hedley High School, has accepted the position as teacher of English in the Silverton High School. Hedley's loss will be Silverton's great gain, for Mrs. Lacy's untiring efforts as head of the Language Arts department of Hedley High School the last three years have been such that the department is now standardized with the Texas Education Agency Achievement tests taken by the pupils on the sophomore and senior level reveal a marked improvement in the quality of instruction in that department.

Mrs. Lacy, it will be remembered is the former Miss Alice Bishop, who formerly taught here from 1933 through the 1943 school term. Having been reared in the community, she has a thorough understanding of the teaching needs of the community, and we are fortunate that Mrs. Lacy saw fit to again come our way.

To Wash Cars

On Saturday, May 13, the Senior girls will wash cars at the ball park. They will wash the outside and clean the inside for \$1.00. See them and help the Seniors

Greenbelt Dam News To Hedley Citizens

The low bidder on the core drilling at the new dam site was Frank G. Bryant, Consulting Engineer of Austin, Texas. Preliminary work of getting roadway to the site has already started and the actual drill coring will follow immediately. Seven to nine holes will be drilled and the site completely explored

The new site of the Greenbelt Dam is in Collingsworth County. The north end of the dam is about one mile east of the Donley County line and the south end of the dam will be nearly two miles east of the line.

If you wish to visit the dam site take the old Ring Road about nine miles east on Highway 203 and go north. You can drive in easy walking distance of number 7 hole. The site overlooks a beautiful valley and would make a large, wide lake, capacity of about 156,000 acre feet covering about eight sections of land.

Variety Show

The Senior class will sponsor a variety show, all local talent, to be at the high school gym at 7:30 on Thursday, May 11. Admission will be 50¢ for adults and 25¢ for students.

Come and see a good show and help the Seniors.

LIONS ROAR

This week is regular Lions Club meeting. Eating time is 7:30 p. m. Come out for a good meal and a good program.

A directors meeting is badly needed. It may be set for next week if there is anyone at this meeting with authority to call it.

You can't have any activities or accomplish anything without a directors meeting. Some of the older members remember directors meetings.

Lelia Lake M. Y. F.

The meeting was opened with prayer by Carol McCollum. There were six present. Carol McCollum had charge of the program. It was a panel discussion by Don Altman, Lacy Lee Noble, Beverly and Carol McCollum. We were dismissed by the MYF benediction.

For a long time your city officials have held the Hedley water rate to probably the lowest anywhere in this area, in fact the rate is so low that your city water is being delivered to you at an actual loss.

The time has now come when an increase in the water rate can be delayed no longer. For several years you, as residents of Hedley, have been receiving more services than this city formerly offered. Many things have been improved for your comfort and convenience, such as operating a city maintainer, mowing weeds, furnishing first class fire fighting equipment, and many others. We are now compelled to install a fire phone system which will cost much more than before. And bear in mind that with the new water well you now have an ample supply of water at all times, regardless of hot weather.

Effective June 1, 1961 the minimum rate for water will be increased to \$3.00. This will first appear on your water bills on July 1st. In return, the City will allow you 500 gallons more per month for the minimum price, which will raise the amount of water for your minimum payment from 2,500 gallons to 3,000 gallons. Over the minimum will be 35¢ per 1,000 gallons. Your water will still be the cheapest thing you can get.

It should be pointed out that the public may attend any meeting of the City Council when they wish. The Council meets on the first Thursday night of each month, and any citizen who wishes to attend will be welcome, and may perhaps decide that the city officials are doing the best they can for the benefit of everyone.

Announcement

The Hedley school board states that they appreciate the interest that some of the Lelia Lake people had in coming to school in Hedley, and extend to them a cordial invitation to continue to visit our city and school at any time.
