

FOR HIGH SCHOOL—

Whittlin'

By Dolph Moten

THE CABOOSE

Two years and seven months ago, I wrote Whittlin' for the first time...

After that, I figured I'd have to start wondering about it. I was right and I've been wondering ever since...

Possibly a good thing to write would be that you're the greatest people in the world. But, I'm not going to do that. It would be untrue, unjust, and meaningless flattery...

By the time you're reading this, I've turned the reins of The Blade over to Leland Boyd, the new publisher-editor...

It's apt to be a busy month for the new editor. Not only does he assume responsibility for Bovina having a newspaper, but he's planning to get married the 14th!

About the same amount of time ago that I mentioned, I took inventory of the number of enemies I had here. Didn't, of course, have any and I wondered how long such a record could exist. It couldn't last long...

Now, as I pull the curtain on my newspaper career here, I can't make that no-enemy statement truthfully. And, as I look back, I think I could have done a better job of being editor if I had made more job mad—not necessarily enemies, just mad. There's no way of knowing, I just sorta' have that feeling...

On the other hand, I don't feel have, and haven't had, sense enough to pull many punches about what I thought was best for the community when it came to making it grow and prosper or in just making it a better place to live in general.

After last week's paper was out with the story that I was turning in my editor badge, one fellow asked me, "Dolph, you've been fussing at us and ridding us pretty hard with the paper since you've been here, why don't you tell us what you really think in this last paper?"

At first, the question and or statement hurt my feelings and my pride in that I thought he thought I hadn't been writing what I really believed. But he clarified it by saying, "What I'd like for you to tell us is the one thing we need to do to have a better town and a better community."

Probably I would have already answered the question here if he had asked it before. But since he didn't, now's as good a time as any.

Merchants need to improve their businesses. It's that simple. For the town to do good, money has to be spent here and it's up to each individual merchant to do his dead-level best to see that he gets his share of the business. Most businessmen aren't doing that now.

I don't necessarily mean they should advertise more; they should make a more concentrated effort to serve their customers in every way.

Farmers here, as far as being progressive is concerned, are doing a much better job than are the businesspeople and there's no reason why the merchant shouldn't follow suit.

That, in my opinion, is THE thing Bovina needs to be as good as a small town as there is on the High Plains of Texas.

Mrs. H. C. Jackson Dies In El Paso

Mrs. H. C. Jackson, a long-time resident of Bovina, passed away at the home of her daughter, Mrs. James Morgan, Monday night in El Paso.

Funeral services will be held in Hereford Saturday afternoon at 2 p. m. in Gilliland Funeral Home.

Mrs. Jackson lived here until about a month ago when illness forced her to Clovis Memorial Hospital. She had moved to El Paso to make her home with her daughter only a few days prior to her death.

Honor Roll Announced

High School Principal Roy Whisler this week released the names of students in high school and in the eighth grade who made the honor roll for the first semester of the 1957-58 school year.

To be eligible for the honor roll, a student had to have an over-all average of 90. There is no honor roll in the first seven grades.

Students making the principal's select list, with their class and average, are Verna Marie Estes, sophomore, 95.6; Nancy Cumpton, junior, 95.4; Joan Kay Ezell, junior, 94.8; Duane Rea, junior, 94; Janice Richards, junior, 94; Kay Hartzog, junior, 93.75; James Stevens, senior, 92.5; Arnold Kriegel, sophomore, 92; Virginia Embree, sophomore, 91.75; Brenda Jones, freshman, 91.6; Cynthia Patterson, freshman, 91.75; Danny Morton, senior, 91.33; Carole Hammonds, sophomore, 91; Joy Redden, sophomore, 90.75; Nicki Woelfel, junior, 90.4; Ramey Brandon, junior, 90; and Donald Jones, junior, 90.

Eighth graders making an average of 90 or above were Jerry Rigdon, 98.22; Janet Gooch, 92.22; and Sherri Langer, 92.22.

County Salaries Set

With salaries, bills, proclamations and proposals flying thick and fast, the Commissioners Court had a lively meeting last week.

The Gordon Duncan road petition was accepted, the jury dismissed, and the road was ordered open.

Glen Underwood was allowed \$150 for crop damages in relation to F-M 1731. Funds came from the right of way allotment.

Clarence Knight, Mrs. Zola Cranfill and G. Cranfill were accepted and authorized as Public Weighers for Precinct 2, while Billy Dollar was named to the like Precinct 1 position.

The Panhandle & Santa Fe Railroad was allowed \$110.26 from the right of way fund for flagging for a machinery crossing tract on the new F-M 1731, near Larlat.

Salaries for the year were set at the last meeting. They are:

County Commissioners (each)	\$1800
Travel Expenses (each)	600
County Judge	3000
County Treasurer	3000
County Attorney	3000
Sheriff	5000
Deputies: Farwell	3600
Farwell (Office)	1800
Friena	3600
County and Dist. Clerk	4350
Deputies (each)	2700
Justice of the Peace, Precinct 1	1200
Justice of the Peace, Precinct 2	1200
Auditor	700
Veterans' Service Officer	1200
Agricultural Agent	2200
Travel Expense	500
Home Demonstration Agent	2200
Travel Expense	500
Tax Assessor and Collector	4350
Deputies: (each)	2700
Secretary	2200
Health Officer	525
County Brand Inspector	900
Custodian	3600
Court Reporter	1416
Secretary to Dist. Agent	415

Will Sponsor Singing Program

Love Gospel Baptist Church potentially a Negro church here, will present a musical program in First Baptist Church Monday at 8 p. m.

Several religious songs will be sung and the program will feature the Sykes Gospel Singers, according to Rev. C. J. Tisdale, pastor of the Negro church.

The public is invited to attend.

County Teachers To Meet Here

One of four banquets held by teachers of Parmer County schools each year will be in the school cafeteria here tomorrow (Thursday) at 7 p. m.

Highlights of the meeting will be a talk by E. L. Galyean, of Texas State Teachers' Association. He will speak on the work being done by the county committees of 24 throughout the state.

Warren Morton, local superintendent, estimates some 120 people will attend. Teachers, school board members, and members of the Parmer County "committee of 24" are scheduled to be in attendance. Four banquets of this nature are held each school year with each school in the county being host to one meeting.

Students To Get Polio Vaccine

Students of Bovina Schools, with their parents' permission, will receive polio vaccine. They will be taken by school bus to Parmer County Community Hospital in Friona next Wednesday for the first in a series of three shots.

Charge for the shots will be \$3 each—for those who are able to pay, Warren Morton, superintendent, says. The vaccine and the services of the doctors at the hospital will be free for those who can't afford to pay.

"This is a result of an all-out effort by the school to see that everyone is inoculated against polio," Morton says.

The state will bear the expense for those who are unable to pay.

BAKE SALE PLANNED

Bovina High School Ex-Student Association will sponsor a bake sale Saturday, February 8, at ABC Drug, beginning at 8:30 a. m. Mrs. Pat Read, secretary of the association, asks that all ex-students who can, bring a pie or cake to the drug store by 8:15 that morning. Money derived from the bake sale will be placed in the association's treasury.

MOD Going Over \$500

'Well Satisfied,' Chairman Says

"We're well satisfied," Community March of Dimes Chairman Roy M. Crawford said this week in regard to the current campaign.

A goal for the annual drive is not set. However, Crawford conservatively estimates that contributions will go over the \$500 mark when the promotions are drawn to a close this weekend.

Containers to hold Dimes donations which have been placed in business houses and other public places during the past month will be taken up Saturday, the chairman, who is also president of Bovina Junior Chamber of Commerce, says.

The drive hasn't "really been pushed," he says, the people have just taken hold on their own and have cooperated wonderfully and have done some very good work for this worthwhile cause.

Crawford is expected to give a complete report next week.

Brief accounts of activities to aid the drive follow:

Cake Sale Earns \$117 Saturday

Mrs. Lady Armstrong's annual coffee and cake sale to aid the March of Dimes was held all day Saturday in Gaines Hardware. The promotion netted \$117.30 for the MOD, Roy M. Crawford, community chairman, reports.

Mrs. Armstrong was assisted by Wilbur Charles, Mr. and Mrs. Carl Rea and Duane. Mr. and Mrs. J. H. Steelman donated the eggs used for baking the refreshments and the coffee was donated by Arnold Coffee Co., Amarillo. As usual, "customers" could

eat as much cake and drink as much coffee as they wished for a dollar donation.

The total amount made by the event was down somewhat from previous years. However, this was attributed to the fact that it was held later in the drive than usual and many people had already contributed.

T&C Club Plans Mother's March

Town and Country Club, local women's organization, will sponsor a "Mother's March" for the benefit of the March of Dimes, Roy M. Crawford, community MOD chairman announces.

The march will be conducted tomorrow (Thursday) night with members of the club accepting contributions from local residents at their homes. People who wish to make donations to the fund are asked to leave their porch lights on.

"For the most part" only the people who live in town will be contacted.

Mrs. Carolyn Foster, president of the T&C Club, is chairman of the drive and individuals wishing to help should contact her, Crawford says.

Ballgame Auction Nets MOD \$34.00

An auction, featuring sale of a handmade quilt donated by Bovina Quilting Club, netted the current March of Dimes \$34 Friday night. The fund-raising project was held between games during the Bovina-Lazbuddie doubleheader in Willford Gym.

Also auctioned off were two, 10-pound lots of oleomargarine which was surplus from the Bovina Woman's Study Club-sponsored pancake supper, and three kitchen stools which were also donated by the Study Club.

O. H. Jones, with a bid of \$19, was high bidder on the quilt. However, when it came time to pay for it, he made his check out for \$20. Vernon Estes paid \$3 for one of the lots of oleo and Ovid Lawlis gave \$2.50 for the other. Lawlis gave \$2 for one of the stools, Carl Rea bought one for \$3.50 and Warren Morton paid \$3 for one.

Dolph Moten served as auctioneer. Morton and Roy Whisler assisted.

Local Talent On Dimes TV Show

Two local girls, Leslie Jane Fourmountain and Marilyn Turner, collected a total of \$11.50 Saturday evening for the March of Dimes. The money, originally planned to be donated to the Parmer County MOD fund through the Clovis KICA-TV telethon that evening, was instead turned over to Roy Crawford, chairman of the local campaign, Monday morning.

Appearing on the telethon from Bovina were Kay Hartzog, Nicki Woelfel and Kay Leake. Also, the Wilsonaires, a trio made up of Janice Leake, Brenda Jones and Marilyn Brandon, sang a selection. All local singers were accompanied on the piano by their voice teacher, Mrs. Doris Wilson.

Several local people were named winners of drawings which took place during the telethon.

tend to control the rebounds under the opposition's goal. At the end of the first quarter, the locals were behind, 7-2. At the half, they had gained two points and the score stood, 13-10. Going into the final period, it was 21-19.

Jerry Burnett, with eight points, was top scorer for Bovina. Ramey Brandon hit for seven as Dick Horn had three and James Lawlis four.

FOR THE MARCH OF DIMES—Working for the March of Dimes Saturday in Gaines Hardware Co. were Mrs. Lady Armstrong, left, Wilbur Charles, center, and Mrs. Carl Rea. The trio, with the help of others, earned \$117.30 for the current March of Dimes drive. Cake, pie, and coffee were served to contributors to the fund.

FEBRUARY 13—

Town Meeting To Talk Paving Set

An old-fashioned town meeting to discuss Bovina's proposed paving project, will be held Thursday night, February 13. It will be sponsored by Bovina Lions Club. The announcement was made this week by Aubrey Brock, a member of the Lions' committee appointed to work out details for the meeting.

Representatives of West Texas Construction, Inc., the company which has the paving contract here, will be present to discuss the project as well as to answer all questions property owners might have "about financing and other details," Brock says.

Site of the meeting has not been determined, but it will either be in the American Legion Hall or at the school. It will begin at 8 p. m. and will follow a regular Lions meeting and meal in Bovina Restaurant.

"We want to point out again," Brock says, "that the Lions Club is not going on record as being for or against paving. The Club is interested only in helping the public to be informed to the fullest

about the project." It is the feeling of some citizens that the response and enthusiasm (or lack of it) shown at the meeting will determine whether or not Bovina gets any paving this year. Signing-up property owners has been slow and it's been difficult to get a group of blocks that are located to-

CUBS GIVE SKITS—

45 Attend Pack Meeting Tuesday

About 45 Cub Scouts and adults were present Tuesday evening at the regular monthly meeting of the Bovina pack. The meeting was held in the American Legion Hall, with Den Mothers, Mrs. D. C. Looney, Mrs. Pat Kunselman, Mrs. Paul Jones and Mrs. Don Garrett, in charge.

Theme of the January meetings has been "moving pictures and television broadcasts." To correspond with that theme, the boys of both troops presented skits, acting the parts of their favorite television characters. Den One, led by Mrs. Jones and Mrs. Garrett, chose the television program "Uncle Les Store" as the subject of their skit. The story was told by Timmie Rhodes, who played the part of Uncle Les, and acted out by other characters. Others taking part were James Lee Caiway, as Doc Holliday; Randy

gather ready to pave, J. T. Hammonds, local representative for the contractor, says.

The Lions Club-sponsored meeting will be such that if anyone has a particular problem concerning paving, it can be worked out there, Brock says. Other members of the committee are Bedford Caldwell and A. D. Cumpton.

FEBRUARY 10-16—

Church of Christ Schedules Meeting

Bovina Church of Christ has slated its first gospel meeting of 1958 for February 10 through 16, Alfred White, minister, announces.

R. A. Hartsell, former minister of the local church and now minister of the Lazbuddie Church of Christ, will be the visiting evangelist.

Services will be held each evening, Monday through Sunday, at 7:30, White says.

The theme of Hartsell's series of talks will be "Man." Sermon topics include "What Is Man?", "Responsive Man," "Responsible Man," "Sinful Man," "Lose Man," "Saved Man," "Worshipful Man," and "Judged Man."

The church, which has two meetings a year, has another scheduled for July. This will be the first since White has been minister here.

"The public is cordially invited to attend each service," the minister says. Announcement of the meeting is made in an advertisement in this issue.

IS RELEASED

Mrs. Wendol Sikes was released from Clovis Memorial Hospital Saturday afternoon. She was admitted to the hospital Thursday evening and underwent surgery the following day.

VISITING EVANGELIST—R. A. Hartsell, who is well-known locally and a former minister of Bovina Church of Christ, will be the speaker during a series of gospel meetings to be conducted here February 10 through 16. Hartsell is now minister of Lazbuddie Church of Christ. Theme of his talks will be "Man."

Published at Bovina, Texas, Every Wednesday

It's Cheaper Than You Think

Even though local people are wondering more and more all the time if paving will ever become a reality in Bovina—and not without good reason—we want to point out that we're still very much in favor of the progressive, though delayed, improvement.

To keep pace with the times, paving is a must. We have to have it. At the present time, it's next to impossible to tell when the town will have it and how much it will have. However, we're safe in assuming that eventually it will come. It may take three months, six months, a year, five years, or 10 years, but sooner or later, it's coming.

And it will cost money. How much money it will cost each individual will vary because of the amount of property each owner has. The cost per foot won't vary. At the present, it's being figured at \$4.92 per foot—and that figure won't change as long as the present set-up is used.

But, to most people the cost per foot isn't important. It's the total cost Mr. Majority is interested in.

Say, for example, a property owner has a total number of feet, which, when multiplied by \$4.92, equals \$1000. That sounds like a lot of money. He doesn't have that much cash he doesn't know what to do with. So, he says, "I can't afford paving."

But he can. If he'll divide that total cost by the number of months, not years, that he'll have to pay for the street improvement, he'll probably find it's cheaper than he first thought.

We buy everything else on the credit. Let's not fail to pave just because we'll have to pay for it on time.

Commission Meets Monday Night

Members of the Commission on Evangelism of the Methodist Church met Monday evening in the parlor of the church. Election of officers was held and John Dixon was named chairman for the coming year. Mrs. Dean Hastings was elected secretary.

During the meeting, a discussion of church matters was held and it was decided that a letter, requesting the presence of each person in church, would be sent to each family which is affiliated with the church. Also, a check will be made, it was agreed, each week, of the attendance chart against the original roll. This, reports Mrs. Hastings, will show where absenteeism is most prominent.

Plans to conduct a religious survey of the Bovina area was also made by the commission. Captains of survey groups will be announced at a later date. The survey will be Sunday, February 23.

Those attending the meeting were John Dixon, Gene Rea, George Turner, Mrs. W. R. Beard, Mrs. Warren Morton, Mrs. E. M. Ware and Mrs. Hastings.

Revival Has Good Attendance

Rev. S. W. Blake, pastor of the local Pentecostal Holiness Church, reported Tuesday morning that the revival services were enjoying good attendance. Rev. Fred Jones, Oklahoma City, evangelist for the revival, is conducting services nightly.

An added attraction, says Rev. Blake, is special services for the young people. Mrs. Jones, wife of the evangelist, is conducting these services each evening at 7:30. The public is invited to attend each meeting. Revival services will be continued through Sunday evening.

In Lloyd Home

Visiting Sunday in the home of Mr. and Mrs. Travis Lloyd were her nephew and family, Mr. and Mrs. B. H. Kelley and children of Morton. Also visiting were Mr. and Mrs. Bobby Don Henderson of Muleshoe and Mr. and Mrs. S. N. Teague of Fields.

Bill Crumes Have Second Son

Mr. and Mrs. Bill Crume of Lincoln, Neb., are the parents of a son born January 28. The baby weighed 7 pounds and 1/2 ounces. Mrs. Crume is the former Caryetta Grissom, daughter of Mr. and Mrs. L. M. Grissom, and the father is the son of Charles Crume of Texico. The couple has one other child, a son, Don Delayne.

Wedding Date Is Announced

Mr. and Mrs. Grady Morton, Hereford, are announcing the engagement and approaching marriage of their daughter, Gay, to Norman Taylor, son of Mr. and Mrs. Boye Taylor, Bovina.

Vows will be exchanged Saturday, February 8, in the home of his sister, Mrs. Bob Jackson in Abilene. Rev. Bob Jackson, brother-in-law of the bridegroom, will perform the ceremony.

The bride-elect is a 1956 graduate of Hereford High School and has attended Texas Woman's University at Denton the past semester.

Taylor spent two years in the armed services following his graduation from Bovina High School in 1954.

The couple plan to live in Bovina where he is engaged in farming.

Ketch-all

Korner

By Sally Whitesides

Second Street is going to be a rather lonely place for a while, it looks like. What with the Wyls moved to the country this last week and Jody Horton, working out of town, there won't be near as many activities down around our corner.

Helen and Alton Wily moved to the former farm home of

Mrs. Pearl Osborne Thursday. Not only is it more convenient to their farming, but oh, what a lovely big yard for little Beth to explore this spring and summer.

In connection with their move last week, I fell victim to the worst and most painful malady that can happen to anyone—sore muscles. A couple of years ago, say "paperhanging" and I was ready to go—with no ill effects the next day. Well, for the past two years, I've done little heavier work than to pick up a telephone, so I really got a work out when Helen and I did moderate redecorating in the new home. To counteract the ache of little used muscles the next day, though, was the nice, clean smell of freshly papered rooms. Is there anything so delightful as that smell, plus the CLEAN look of a room recently redone?

The purple house across the street from us does look vacant though but there is one bright spot however. When there is a vacant house, there will be new neighbors soon, and perhaps more friends to meet and become close to.

Leave your porch light on tomorrow (Thursday) evening for the Mother's March. Members of the Town and Country Club are planning to canvass the town for the March of Dimes. Cooperate with them, it is such a worthy cause.

By the way, I know it's confusing, but we are listed in the telephone directory as "G. A. Whitesides." As Bill is a nickname, it has caused some confusion of late. Several people have mentioned it, so thought I'd just drop that in.

Like everyone else in town, I hate to see Editor Dolph leave. I've worked for and with him for over two years and have enjoyed it a lot. Here's hoping that we haven't seen the last of the fellow who has put Bovina on the newspaper map. I'm sure we haven't HEARD the last about him—as success comes to those who are as diligent and hardworking as he is.

Welcome, too, to Leland Boyd, from myself as well as everyone else in town, I'm sure. Here's hoping him the most—in his new job as editor of the Blade.

Had you stopped to think that rain water, caught and saved in glass jars, is ideal for watering house plants? This water is pure, with none of the added chemicals our city water has and therefore is much better on all plants—especially those that are a little harder to raise, such as African violets.

Slumber Party Held Friday

Six girls were guests of Viva-leigh Steelman Friday evening for a combination birthday and slumber party. Viva-leigh, 13-year-old daughter of Mr. and Mrs. E. A. Steelman, brought her friends home from school with her. Mrs. Steelman served the group supper and took them to the basketball game later in the evening.

Those attending were Dixie Hartzog, Virginia Rea, Elaine Fuller, Frances Fuller, Vickie Strawn and Carole Jean Hastings.

Jn. 12:32

MAN OR MOUSE?

Sometimes you hear this statement made in a jesting manner by men when referring to whether they are head of the household or whether the wife rules. This subject is not at all jesting when you find once in a while a man or woman who actually believes he or she is on an equality with an animal. Without a soul, without a God, without a reason for being on this earth. Simply a nothing on nothing.

It is not for this scribe to bring out a long drawn argument in favor of there being a Lord God Almighty or a Jesus Christ the Savior or an indwelling Holy Spirit that dwells in the child of God by faith. All arguments about there not being a supreme Ruler and Creator must be proven by the atheist. It is the burden of the skeptic to prove the fallacy of believing in Jehovah. The atheist believes nothing, accepts nothing, acknowledges nothing but enjoys all of the providence of God. The parasite that partakes of the life of the mongrel dog is placed on an equality with the man who rejects Divinity BY THAT MAN HIMSELF.

Mr. Atheist, explain how there is one kind of flesh of men, one of beasts, one of fish and one of fowls? Can you class yourself with the beast of the field when your own flesh cannot be grafted to the animal nor the animal to you? It is your burden to answer. (See 1 Cor. 15:39).

Mr. Atheist, kindly explain why all men have one kind of blood that dwell on the face of the earth and yet neither the blood of mammals, fish nor fowl can be used for transfusions on you? Actual cases of experiment have proven that men will die or be maimed for life by such trials. (See Acts 17:26)

Explain the seed that can be

planted and will produce after its own kind. It matters not as to its species. Whether man, animal, fish or fowl; every kind produces after its own kind and the hybrid will not produce. Explain this even to yourself before answering. (See Gen. 1:)

The answer always comes ringing back from unbelievers "I do not know." This is the pinnacle of their reasoning. All negative ideas without one single solitary positive or constructive reason to their credit. All negative reasoning is really NO REASONING. All negative ideas are really NO IDEAS. All negative views are really NO VIEWS. What is there in all this to enlighten the world? Strike out all knowledge of Mosaic history and the rest of the Bible, with all the other writings and memories of man and what will you have? Only a blank. What do infidels propose to fill in this blank? Nothing! There is the whole of it; when all summed up, IT IS ONE STUPENDOUS NOTHING.

With all kindness for mankind I answer the darkness of Satan with "It is the fool hath said there is no God" and again "Evil communications corrupt good morals." Everything that is beautiful, kind, loving and right rests in the Eternal God and His Son of Righteousness. Every aspiration, every hope, and every desire settles into its rightful sphere with the words "In the beginning God created" and ending with "I am the Alpha and the Omega, the beginning and the end, the first and the last."

O listener, read the Holy Word of God with open mind to dispel the ignorance that holds you and drink with sin scorched lips the water of life without which no man shall see the Lord.

Alfred White, minister
Church of Christ

SS Members and Wives Have Supper Thursday

Members of two young men's Sunday School classes of First Baptist Church were hosts to a supper Thursday evening. The supper was served in the annex of the church and wives of the members were guests. The classes are taught by Henry Minter and Roy Whisler. The main speaker was Murray Brewer, Dimmitt. Brewer, a long-time friend of J. D. Kirkpatrick, is a minister of a mission church in Dimmitt, and also is a student at Wayland Baptist College in Plainview. He spoke on "Taking Part in the Church."
The meal was prepared and served by Weldon Moody, Roy Fuller, Charles Hawkins and Grady Sorley.
Attending the social and supper were Mr. and Mrs. Ovid Lawlis, Mr. and Mrs. Charles Owens, Mr. and Mrs. Kirkpatrick, Mr. and Mrs. Don Murphy, Mr. and Mrs. Minter, Mr. and Mrs. Whisler, Mr. and Mrs. Alva J. Hudson, Mr. and Mrs. Glenn Kelley, Mr. and Mrs. Eddie Ray Hutto, Mr. and Mrs. Charles Don Smith and those who prepared the meal and their wives.

Friendship Night Held By OES

The dining room of the Masonic Hall was the gathering place for approximately 100 members and guests of the Bovina Chapter of the Order of Eastern Star Thursday night. The gathering was in observance of the annual Friendship Night. Guests came from Amarillo, Canyon, Hereford, Friona, Lockney, Plainview, Hale Center, Littlefield, Muleshoe, Clovis, Fort Worth and Bovina. A salad supper, topped off with pie and coffee, was served preceding the meeting. Mrs. Jewel Barry was chairman of the hostess committee and as-

sisting her were Mrs. Mary Ruth Martin, Mrs. Mary Looney, Mrs. Emma Beard, Mrs. Margaret Charles, Mrs. Lura Rundell, Miss Jimmie Lou Wainwright and Mrs. Ona Ruth Martin.
Mrs. Bessie Rea and Mrs. Mary Ruth Martin presided at the guest book.
The invocation was given by R. A. Hartsell and Carl Rea, Worthy Patron, presided over the festivities. He introduced Mrs. Leola Williams, Worthy Matron, who, after a few words of welcome, turned the meeting over to Mrs. Ona Pesch, program chairman.
Featured on the program was a selection of songs, sung by a male quartet. The voices were those of W. Wayne Stevens, Warren Morton, Hubert Ellison, and W. E. Williams. Mrs. Doris Wilson accompanied them on the piano. The quartet sang in "barbershop" style and was introduced by Stevens.
"The Creation," a reading by Weldon Johnston, was read by Mrs. Mary Looney.
Concluding the evening of fun and fellowship, reports Mrs. Williams, a mock "Queen for the Night" show was presented. Carl Rea introduced the show and presented Warren Morton as master of ceremonies. Mrs. Vera Armstrong, Grand Chaplain of New Mexico, and Charles Balmum of Friona were chosen by applause as "king" and "queen."

To Meet

Mrs. Don Benard will be hostess Friday afternoon to a regular meeting of Bovina Good Neighbor Home Demonstration Club. The program will be on pruning shrubs and evergreens. Mrs. D. C. Looney will be in charge of demonstrations.

Donald Lloyd, son of Mr. and Mrs. Travis Lloyd, left Monday morning for Lubbock. He enrolled at Texas Tech as a sophomore. Donald, a 1955 graduate of Bovina High School, is majoring in agricultural engineering.

Reunion Held By Ellison Family

The family of Mr. and Mrs. J. W. Ellison gathered Sunday at the Woman's Study Clubhouse for a reunion. It was the first time they have been together in eight years.
The reunion was in honor of the fifty-eighth wedding anniversary of Mr. and Mrs. Ellison. They were married February 2, 1900 in Canton, Georgia. The couple moved to the Bovina area in 1925. In 1951, they retired from farming and moved to town.
Those attending the reunion were their sons and wives, Mr. and Mrs. Hubert Ellison, Mr. and Mrs. Buck Ellison, of Bovina, and Mr. and Mrs. Aubra Ellison of Plainview. Daughters and husbands present were Mr. and Mrs. Tom Rhodes, Bovina; Mr. and Mrs. J. C. Denney, Fort Worth; Mr. and Mrs. Charles Tidenburg, Santa Rosa, N. M.; and Mr. and Mrs. Johnnie Glover of Truth or Consequences, N. M.
Grandchildren and great-grandchildren attending were Mr. and Mrs. Howard D. Ellison, Mickey and Dennis; Mr. and Mrs. Thomas Rhodes and Rhonda; and Mr. and Mrs. Robert Read and Cindy; Jerry Ellison, Sue Hoffer, both of Canyon; Mr. and Mrs. C. W. Grissom, Dwayne and Peggy of Taiban, N. M.; Mr. and Mrs. Berl Sims, Mike, Susan and Pat, all of Happy; and Mr. and Mrs. J. R. Ellison, Chuck, Margie and Pamela, of Amarillo.
Mrs. Buck Ellison reported 21 other grandchildren and great-grandchildren were unable to attend.

Parents Honored With Reception

Mr. and Mrs. B. F. Roberts of Fieldton were honored with a reception Friday evening. It was held in the home of their daughter and family, Mr. and Mrs. P. A. Adams and children. The reception was in honor of the couple's fortieth wedding anniversary.
During the evening, several guests played "42" but mostly, informal group visiting was enjoyed reports Mrs. Adams. She served punch and cake from a table laid with a cream, hand crocheted cloth. The cake, baked and decorated by the hostess and Mrs. R. N. Williford, was a four-tiered affair of white. Decorations of hand-sculptured roses and rosebuds of pink icing and lilies of the valley, made of white, graced the tiers.
Those attending were Mr. and Mrs. Williford, Mr. and Mrs. Jim Roberts, Mr. and Mrs. Edwin Lide, Mr. and Mrs. Jack Clayton, Mr. and Mrs. Bernard Nelson, Linda and Jayson; Mr. and Mrs. Leslie McCain, the honorees and the hosts.
Mr. and Mrs. Roberts were married January 31, 1918, in Frederick, Oklahoma.

Congratulations

Mr. and Mrs. T. M. (Tom) Caldwell became parents of a son, John Thomas, Thursday morning in the Methodist Hospital in Lubbock. The little boy weighed 7 pounds, 7 ounces. Mother and baby were released from the hospital Tuesday.
Mrs. C. M. Brown of Clovis is the maternal grandmother and Mrs. J. R. Caldwell of Bovina is paternal grandmother.

Farmers Prepare For Another Year

High Plains farmers, on the eve of spring work, still feel the push of last year's record-late harvest, which has spilled winter chores over into February and compressed the time available to get pre-planting work done by as much as six weeks.

Land breaking is the main activity of Parmer County area farmers right now, as they go with their tractors into the fields for long hours in an attempt to catch up. "They're behind, but they're hard at it," reported County Agent Joe Jones this week after a survey of conditions.

"Most farmers are sticking with what we have come to know as 'normal' farming methods, just as if they had all the time in the world to get things done," he says.

Jones does not see the time element as really serious yet. In fact, it may have some advantages. The county agent points out that the "itch" to get an early start has caused many acres to be sown too early in previous years.

This was especially true in 1957 when the early part of the crop came up with a big weed infestation that proved a problem all year long. Jones feels that later planting dates will help this condition.

As to cotton land, there is little doubt that it will be in readiness when planting time comes. With so much at stake on the year's cotton crop, farmers will make sure they have everything done in this department, even if some of the other farm work has to be left out.

FERTILIZER WORRIES

Farmers are in a dither about fertilizing right now, says Agent Jones. Quite a bit of the land is proving to be too wet to fertilize with gas, and some are considering, for the first time, substantial purchases of dry-type fertilizer.

"Pound for pound of plant nutrients, dry produces the same as gas fertilizer," says Jones. "About the only consideration is the cost."

Anhydrous ammonia is generally regarded as the cheapest kind of nitrogen-type fertilizer, which accounts for its great popularity on the Plains. For the farmers who intend to

go ahead with dry fertilizer applications under these conditions, the county agent recommends:

"For row crops, make sure you put phosphate on a band, and not just scatter it over the field. It's a good idea to place phosphate two or three inches below what will be the level of the seed in the row. Be careful not to disturb this when planting."

The time is at hand for top-dressing wheat, and the agent suggests that farmers who plan to fertilize get it done in February, before the wheat head takes form.

"If you want to get the most out of fertilizing wheat, better top dress in February (with either dry fertilizer or gas fertilizer)," he says.

Farmers have discovered that chiseling in anhydrous ammonia at this time of year is a successful practice if carefully carried out, and usually causes little damage to the wheat.

Some have also used irrigation water as an agent to carry the fertilizer to the crop, but this practice has not attained the popularity of chiseling in anhydrous or spreading dry forms of nitrogen on top and watering in.

en satisfactory over many years.

"There seems to be no justification," he said, "to lower these standards because of the general unfavorable climate conditions in 1957 which have resulted in lower than average germination of cotton seed in Texas.

"If the standards were lowered at this time, they would undoubtedly need to be raised again next year," he added.

Young said the board calls attention to the Texas requirements for seed certification regulation that states "when the particular seed stocks meet all other requirements of registration and certification but the viability of the seed shows less than the designated minimum requirements for the seed, an emergency is considered to exist, and the seed in question may be marketed as registered or certified provided the tag is overprinted with the words 'Below Standards for Germination'."

He pointed out that in January the board made a special ruling for cotton seed produced in 1957 and marketed in 1958 so that it may be labeled "Germination below 80 percent" to notify the purchaser that he should consult the tested seed label in order to determine the exact germination of the seed lot.

The Tech professor noted that several cotton seed producing states have lowered minimum germination standards for certified and registered cotton seed.

"The result has been that the high germination seed lots have sold up to \$400 a ton while lower germinating seed stocks are being offered at varying price levels which are based largely on the percentage of seed," he said.

Young cautioned that the cotton grower should not purchase just any high germinating cotton seed for the 1958 planting.

"Some of these seed lots may come from areas where varieties of cotton are grown which are not adapted to the areas in Texas where the seed is offered for sale," he said.

clubs as possible participate in first aid and home nursing courses; that the home demonstration clubs sponsor a blood typing program.

Members of the committee are Mrs. J. W. McMahan and Mrs. T. A. Shirley, Northside. The citizenship committee recommended that citizenship ceremonies or skits be presented at each school in the county at sometime during the year.

Mrs. Dick Rockey, Black, is chairman and members are Mrs. Buck Fallwell, Hub, and Mrs. L. W. Loanman, Lakeview. Recommendations of the health and safety committee, headed by Mrs. J. B. Young, Midway, were that HD clubs have a drivers' re-education course and that the clubs continue with the mosquito control project. Members are Mrs. J. D. Sanders, Friona, and Mrs. Elmer Oldham, Hi-Point.

Seven recommendations were made by the recreation committee. Mrs. John Renner, Hub, is chairman and members are Mrs. W. T. Magness, Oklahoma Lane, and Mrs. Elmo Dean, Rhea. The recommendations were that a county-wide luncheon be in November; that each club be responsible for recreation at council meetings; that religious training be taught in the home;

Also that family exchange ideas be practiced in the homes and that family fun programs be taught in the homes; that each club sponsor two fun nights during the year; and that each club have group singing at each meeting.

Council members also heard and amended the constitution and by-laws.

The next meeting will be a called session on February 10 to elect a delegate to the district THDA convention to be in April. Members will meet at 2 p. m. in the HD agent's office.

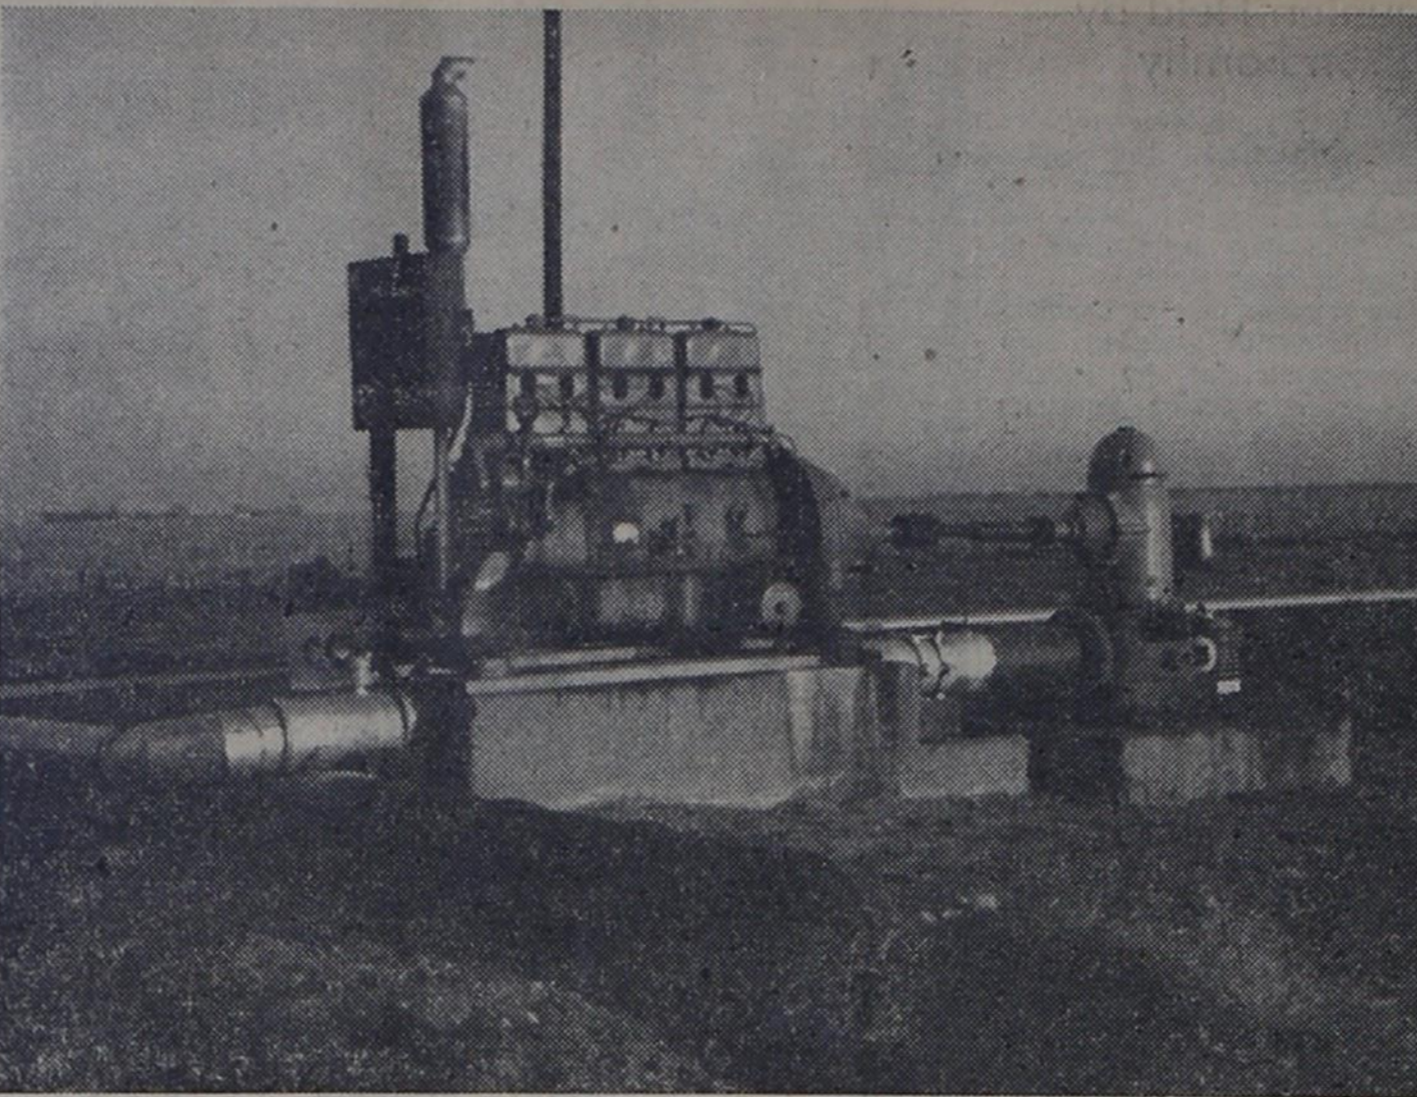

Today you are beating your life on this country you live in. If we want to win the prize of national strength and security we've got to work together. Let's respect each other's race and color and creed. Let's make Brotherhood Week last all week year.—Groucho Marx

Seed Remains Same

Germination standards for certified and registered cotton seed will not be lowered for Texas, Dr. A. W. Young, chairman of the state seed and plant board has announced.

The seed and plant board has received numerous requests to lower germination requirements on certified cotton seed in the state.

Young, who is also agronomy department head at Texas Tech, said the board believes the present minimum certification requirements for germination of cotton seed in Texas have pro-

Waiting patiently for another season of hard use are the 40,000 irrigation wells that dot the High Plains. This one in Parmer County will soon add its voice to those of thousands of others. Irrigation time for wheat is nearing, and other crops will need water on a 24-hour-a-day basis. Soon the roar of these wells will echo across the Plains.

HD Council Makes Plans for 1958

Standing committees of the Parmer County Home Demonstration Council made reports and recommendations at the first meeting January 27 in the office of the county home demonstration agent, Miss Jimmie Lou Waincott.

The recommendations, which will be voted upon by each club in the county, are below:

The finance committee, headed by Mrs. Dee Brown, Midway Club, recommended that each club make a contribution of \$1.75 per member to the council fund. Money may be raised in any manner the club chooses and the council will make plans to finance what is lacking for the following budget:

Expenses of delegates to district, state, and national meetings, \$200; expenses of council officers and county THDA chairman, \$15; recreation, \$15; 4-H work, \$50; and miscellaneous, \$20. Total, \$350. Committee members are Mrs. Walter Schueler, Rhea, and Mrs. Windbourn Hardage, Oklahoma Lane.

The expansion-education committee recommended that committee in each club act as a welcoming committee to new people moving into the community and contact non-members and invite them to meetings and achievement events. Other recommendations were that each club study family economics, family files, and wills during the year; that the committee send a copy of the yearbook to state legislators and that all club members attend at least one council meeting during the year. Chairman of the committee is Mrs. Glen Mingus, Hi-Point, and members are Mrs. Charles Don Smith, Bovina and Mrs. Earl Drake, Friona.

Among the recommendations of the yearbook committee were that in April each club discuss plans and make suggestions for meeting programs for 1959; that each club vice-president meet with the committee in June to help with program plans for 1959; that all members be urged to answer club book questionnaires; and that new programs be selected for 1959. Mrs. Ellis Tatum, Black, is chairman. Members are Mrs. Wilfred Sikes, Bovina, and Mrs. Rene Snead, Hub.

Mrs. L. W. Gibson, Lakeview, is chairman of the civil defense committee. Recommendations of that group include the following:

That each club have a meeting on family preparedness during a disaster; that as many

Fourteen Take Part In HD Workshop

Fourteen women from home demonstration clubs over the county are enrolled in a tailoring workshop being conducted by Miss Jimmie Lou Waincott, HD agent.

The course is the climax of a five year program of sewing classes which began with simple garments and progressing through dressmaking and semi-tailoring to tailoring.

Meetings are Tuesday and Friday afternoons and will continue for six weeks. The workshop began January 20.

Women enrolled are Mesdames John Range, W. M. Turner, Davis Gully, T. A. Shirley, Carl Schlenker, Jack Patterson, Marie Wall, Ellis Tatum, John Renner, Billie Long, Ben Woodie, Tress Tannahill, Loretta Brookfield, and Brown.

HD Leaders Attend Training Session

Delegates from each home demonstration club in the county attended a training meeting at Glynn Hughes Nursery in Friona Monday. They were trained in pruning shrubs and learned which shrubs are suitable for this area. The leaders will in turn pass the information on to the club members in February meetings.

THE HAPPY HOMEMAKER

BY JUNE FLOYD

If your family is one that enjoys eating Mexican food, here are two recipes that you will probably want to use often. Some of the ingredients may not be on your pantry shelf but are available at grocery stores.

The first one is for Huevos Tlalpanla, which means eggs Tlalpanla style. It would probably help to know who or what Tlalpanla is or was, but since our knowledge of Mexico isn't very broad, we have no idea.

Ingredients necessary are six hard boiled eggs, three chicken livers, one tablespoon of bread crumbs fried to a golden brown, one tablespoon beef bone marrow, one-eighth teaspoon marjoram, one egg, beaten light, one tablespoon of flour, pinch of baking powder, and salt to taste.

Have ready the chicken livers, cooked with the bread crumbs, salted to taste and the beef marrow. Open the eggs; take out of shells. Remove the cooked yolks and mash with the livers, to which has been added the marjoram.

Be sure not to break the form of the cooked egg white. Beat one egg light. Add one teaspoon of flour and a pinch of baking powder to it, and salt to taste. Fill the halves of egg whites with mixture of yolks and liver. Dip the filled eggs into the egg batter and fry in hot lard. Very nice luncheon dish. Six servings.

In addition to solving the problem of what to do with chicken livers when a farm homemaker is preparing chickens for the deep freeze, the problem of how to put in an entire day preparing chickens and then serving something different for supper would also be taken care of.

The recipe for Ensalada Española could very well be used to take care of the left over chicken problem. Pick into bits one cup full of well cooked chicken. Dice one small cooked carrot, one small onion, and three stalks of celery. Add three tablespoons of broken pecan meats, one cup of mayonnaise and a teaspoon of salt. Blend well.

Cut in halves as many avo-

cados as you wish to serve. Chill well. Fill centers with chicken mixture. Place on nests of lettuce leaves and serve with thin slices of lemon. This recipe makes six servings.

Do you make jams, jellies, and preserves? If not, why not? Little special equipment is needed for making jellied fruit products and with commercial pectins there is no guess work to the job. If you have never made any jellied fruit products, you are in for a pleasant surprise.

A large kettle, a hot fire, your favorite fruit, and ample supply of sugar, containers for the finished product and a few minutes time will turn out a lot of good eating for your family. Of course, each fruit has different properties and different amounts of sugar and pectin are needed.

Just select your favorite fresh or canned fruit and follow the instructions printed on the pectin sheet of directions and your efforts will be successful.

The next time you are called upon to remove a splinter for a small child, try holding an ice cube on the spot about thirty seconds. Then use a sterilized needle to remove the splinter and apply an antiseptic. The child will soon be on the go again.

The next time you want something different for a gift for someone who has to spend a lot of time in bed, shop for a Lazy Susan. While the patient is in bed the different sections can hold pills, pad and pencil, tissues, tibbits, and other needed items neatly.

Then when it is no longer needed for this purpose it can be used in the conventional manner.

Party snacks are fun to make and one of our favorites is Pineapple Fritters. For five servings use the following recipe:

1 1/2 cups sifted all purpose flour
2 teaspoons baking powder
1/4 teaspoon salt
2 tablespoons sugar
1 egg, beaten
3/4 cup milk
5 slices pineapple, drained and dried

Sift dry ingredients into mixing bowl. Combine beaten egg and milk and gradually add to flour mixture. Dip pineapple slices into batter and drop into deep fat, heated to 365 degrees. Fry until golden brown on both sides, about five minutes. Serve as an accompaniment to meat or sprinkle with sugar for a dessert.

OFFERING—

Free Headlight Service

TO EVERYONE WHO PURCHASED A NEW OR USED CAR OR PICKUP HERE DURING 1957.

According to reputable safety agencies, three times as many car fatalities occur after dark as during daylight hours. Many of these fatalities are the result of improperly aimed headlights. Some 80 percent of the light needed for safe night driving is lost when headlight aim is off. A national survey shows that 67 percent of the cars in operation today has definite need for aiming of headlights.

The alarming facts:

We will aim your car's headlights correctly FREE, using the latest, most accurate scientific equipment. Take advantage of this special offer and enter the \$100,000 General Motors "Aim to Live" Contest. Stop in and pick up an entry blank. You could be a winner.

SOIL CONSERVATION DISTRICT NEWS

For those of you who are planning to establish grass this spring on your soil bank land under the conservation reserve program there are a few important things that must be done to get a good stand of grass.

Another factor in establishing grass is planting the grass the right depth and on a firm hard seed bed.

Planting time is also important. For the grasses set up to be planted in Parmer County, planting should not be made before February 15 and not later than May 15 for best results.

The first quarter of this year under the ACP program the Soil Conservation Service has received 152 requests for assistance under this program.

We now have part-time assistance in the form of Glenn Floyd who is helping us get to these jobs much more quickly this year than we could last year.

Indications of Range Condition by Marion E. Everhart Range Conservationist

Ranchers and livestock farmers often wonder how to tell whether their native pastures are improving or declining.

Short Grass Prairie Heavy clay type soils compose the short grass prairie.

The top grasses are blue grama and buffalograss. These grasses are both short and seldom grow over 12 inches in height.

First stage—Blue grama will die out and buffalograss will spread to cover this area.

Second stage—Buffalograss will thin out and sand dropseed, prickly pear, and annual weeds will spread to cover this area.

Third stage—Buffalograss is still present, along with perennial weeds, prickly pear, and annual weeds. Brush such as mesquite where adapted will invade.

Short-Mid Grass Prairie Light clay loam and heavy sandy soils compose the short-mid grass prairie.

Sideoats grama grows to a height of 29 inches and is called a mid grass.

First stage—Sideoats grama will die out and blue grama will spread to take its place.

Second stage—Blue grama will thin out and sand dropseed, buffalograss, and silver bluestem will take over.

Third stage—Blue grama makes a thin stand along with prickly pear, annual weeds, and yucca (bear grass).

Mid Grass Prairie Light sandy loams and shallow light soils compose the mid grass prairie.

First stage—Little bluestem will die out and sideoats grama and shorter gramas such as hairy and blue will spread to take its place.

Second stage—Sideoats grama will thin out and blue or hairy grama, sand dropseed, silver bluestem will take over leaving some bare spots.

Third stage—Blue or hairy grama, sand dropseed, yucca, and brush such as red berry juniper and feather dalea cover the area.

The time will come, and soon I hope, when Brotherhood Week will be a reminder, not of the presence of discrimination in our midst, but of its eradication.

The white "road" in the center of this picture is of cotton burs. They cover the ground on a turn-row on the Joe Blair farm south of Texico-Farwell on the state line. On the left is a wheat field. On the right is land that has recently been broken, covering up the burs. Blair made a heavy application of burs to his land as a soil conditioner.

Plains Cotton Crop 1 1/2 Million Bales

Production figures from the 23 member counties of the Plains Cotton Growers, Inc. 1957-58 cotton crop continue to climb upward as scrapping and clean-up is ending.

Many farmers throughout the area already have ground breaking underway, and in contrast, some farmers still have cotton in the field to be pulled or stripped. Many gins are still operating.

The average quality of the 1957 crop shows a drop from figures compiled in 1956, according to George W. Pfeifferberger, executive vice-president. Pfeifferberger explained that the PCG has conducted a quality survey the last two seasons on High Plains cotton.

Total production from the 23 counties has already passed the 1 1/2 million bale mark. The U. S. Department of Agriculture classifying office here has already classed 1,461,898 bales, W. E. Franklin, chairman, reports.

The total value of the 1957 crop has been placed near \$204 million dollars. This compares with an estimated total value of the 1956 crop of around \$300 million.

"We're going into 1958 with excellent prospects. The ground, moisture-wise, has never been in better shape for breaking," D. C. Prince, secretary of the Lubbock Cotton Exchange, said last Saturday.

Figures on the 1957 crop show that 40 percent of the crop was white cotton, while light spots accounted for approximately 44 percent and spotted

ANNOUNCEMENT

Jimmy McGuire, manager of Oklahoma Lane Farm Supply, stands beside the new company's 8,000 gallon anhydrous ammonia storage tank.

This week we take pleasure in announcing to the farmers of the Oklahoma Lane area that we have opened a new supply store, and will specialize in fertilizer—both anhydrous ammonia, and dry.

We have installed an 8,000-gallon storage tank. For your added convenience, we have eight portable tanks and four new applicator rigs, ready to rent and go to work. Jimmy McGuire, well known in this area, is our manager. We are proud to offer you this new farming service, and are anxious to fill your needs.

THE PARMER FARMER

by W. H. Graham Jr.

John C. White, state commissioner of agriculture, points out that the short crop of good quality cotton planting seed is state-wide. Reports from other quarters indicate that quality cotton seed is in short supply all over the nation.

White sees the possibility of skyrocketing prices for seed supposed to be good, and says conditions are ripe for black marketing and misrepresentation of seed to the farmer. Other states have lowered germination standards for seed, but Texas quality standards remain unchanged.

Year in and year out, we bet that this part of the High Plains can produce better seed than any other comparable area in the nation. Just this year, for example, we suffered much less weather damage than did the eastern Plains and many big agricultural areas of the nation.

We talked with Bob Jones of near Friona one day this week. Bob and many of his neighbors are getting to be pretty interested in seed production, but, according to Jones, it sure has its headaches. Jones and Harold Joe Wells just came back from a long auto trip all over Texas and into Louisiana. They are seeking a market for their seed, and are mostly interested in selling their sorghum alnum stock, which is considerable. They grew 130 acres this year and harvested an average of 1,000 pounds of clean seed per acre.

Jones and other area farmers also produced quite a bit of redlan kafir, atlas sargo, red-top cane, and a number of others besides the old standby sweet sudan. Frankly, Jones is anything but excited about seed prospects right now. He and Wells find that as individuals who are not as yet well known over the state, they have a tough time finding an "in" with dealers. The seed business seems to have more than its share of unscrupulous traders who do well where they're little known, and this hurts honest individual effort, they have discovered. Too, the dealers are postponing buying until the last minute because the market is showing a downward trend and they don't want to buy at a price above the bottom if they can avoid it.

It is because of such problems as these that have to do with distribution, advertising, and marketing that a really strong seedmen's association is needed. The Parmer County Certified Seed Growers is already serving its purpose, and, in time, may be of service in the field we mention.

Until such time, growers will continue to find it difficult to forage on their own into the highly competitive marketing channels in hope of linking production with established outlets. We have a good product, and probably can make it available at an attractive price. It will take lots of promotion by the area seed growers acting in unison, however, to overcome these worrisome obstacles to the best markets.

The balmy days of the past week have stirred something deep within many a High Plains farmer. They are having the first twinges of that annual disease known as planting fever. Especially for the cotton growers, to whom an early crop means so much, the disease is widespread. Buying seed has scarcely begun, but already, the farmers are beginning to feel that itch to see the planting rig slither through the waiting High Plains soil to give birth to another crop year.

Plowing, listing, and land preparation are still to be done, but as farmers conjecture on what this new year holds for them, their first thoughts always are pulled to those days of planting, when hopes as well as seed are put to rest in the open furrow.

Winter-Test Seed For Better Quality, Say Agronomists

Farmers generally were pleased last year with the yields from recently released hybrid grain sorghums, however, some farmers objected to the number of off-type plants in their hybrid sorghum fields.

According to agronomists of the Texas Agricultural Extension Service, some of these tall plants resembled forage sorghums while others resembled vigorous grass sorghums. Steps have been taken by the seed producers of Texas to correct this situation say the agronomists, by cooperating in a winter testing program.

Seedmen have supplied the foundation seed section of the Agronomy Department of A&M with samples from their 1957 production fields. These samples were planted in Mexico and the Rio Grande Valley and are now being checked for off-type plants. Each sample checked will receive a rating based on its purity in the field.

The extension agronomists advise retail seed dealers to get producer assurance that the seed being offered have been winter tested and have received a high rating for purity. In turn

they point out, farmers should buy hybrid grain sorghum seed from a reliable dealer who does have this assurance from the seed producer. The agronomists say this winter testing program is something new and is not required for certification.

The agronomists believe the planting seed this year will produce fewer of the off-type plants than last year because seed growers have learned more about producing the seed. However, hybrids will always have a few more off-type plants than Martin and 7078.

The hybrids have given good increases in yields and with the availability of more thoroughly tested seed stocks, the agronomists believe that farmers will find the hybrids very satisfactory for grain sorghum production.

Farm Bureau Plans Membership Drive

Plans are shaping up for the annual membership drive of the Parmer County Farm Bureau. The effort will begin with a kick-off banquet at the Farwell School cafeteria February 24, and J. H. West, Texas Farm Bureau president, will be speaker.

The drive will be a whirlwind affair, scheduled to be completed in a week, and the "report-back" meeting and banquet will be in March 3 at Friona.

Leaders in the membership drive for county communities include:

- Jack Patterson, Dennis Williams, and Donald Christian—Rhea and Bovina.
M. T. Glasscock, John Range, J. D. White, and L. F. Bruns—Farwell, Oklahoma Lane, and Lazbuddie.
Ernest Anthony, Roy Miller, and John Henderson—north of Friona and Black.
Harry Hamilton and Gilbert Kaltwasser—Lakeview and Hub.
Patterson is membership chairman for the county organization.

4-H News

Friona Junior Boys 4-H Club Joey Taylor, reporter

The Friona Junior Boys 4-H Club met at school on Wednesday, January 28, 1958. President Larry Mabry opened the meeting and council delegate, Jim Roy Wells, reported on the county council meeting at Farwell on January 18. Maynard Greeson reported on the Hereford Show. Maynard got sixth place and Tommy Tatum got fifth place with their calves. They sold their calves for 50 cents a pound at the show sale.

Joe Jones, county agent, talked about the livestock show and told how to take better care of show animals. He explained how to train them to lead and to brush them a lot to get them used to it. He also showed slides of the 4-H camp and talked about a leaders tractor school to be in February. Mr. Mabry is going to attend as a leader from Friona.

members, their adult leaders and their parents are invited to attend.

He also showed slides of the 4-H camp and talked about a leaders tractor school to be in February. Mr. Mabry is going to attend as a leader from Friona.

Jones showed pictures of some Lazbuddie boys' calves that were shown at the community show. He talked about record books and how they can help to win awards in 4-H. He also said that only winners in demonstration contest in District One would be eligible to attend 4-H round-up this year.

One boy showed how to work up a record book. At the February meeting Jerry Don Houston and Pete Carter will give a demonstration on swine. Tommy Tatum and Maynard Greeson will give a demonstration on a show calf. Larry Potts and Troy Ray will demonstrate using a farm level.

Parmer Countians Attend Meetings

A number of Parmer County people are known to have attended vegetable meetings in Hereford and Muleshoe last week. At the Hereford meeting were Steve Bavousett, Bill Nichols, County Agent Joe Jones, Charles Hough, Curtis Murphree, Harry Hamilton, and Bruce Parr.

Names of those going to Muleshoe were not available, but it is understood that several farmers from the southern part of the county attended.

Party Held Tuesday By Sunday School

Members of the Friendship Church School Class of Bovina Methodist Church met Tuesday evening of last week in the fellowship hall of the church for a regular monthly social. Games of "Progressive 42" and ping pong were played.

Those attending were Mr. and Mrs. Charles, Mr. and Mrs. Alton Wylie, Mr. and Mrs. Bill Whitesides, Mr. and Mrs. Leon Ware, Mr. and Mrs. Baxter, Mr. and Mrs. Jimmie Clements, Mr. and Mrs. W. R. Beaird, Mr. and Mrs. Orval Surley, Mrs. Charles Corn, Mr. and Mrs. Bell and Mr. and Mrs. Lavon Hukill.

Friends Gather With Whitesides

The home of Mr. and Mrs. Bill Whitesides was the site of a combination demonstration and "42" party Saturday evening. Mrs. Edmarina Singletary was in charge of the demonstration.

Following refreshments of coffee, angel food cake and cherry pie, games of "42", dominoes and "Rook" were played. Those attending were Mr. and Mrs. Billy Ray Horton, Mr. and Mrs. Stacy Queen, Mr. and Mrs. Glen Ritchey, Mr. and Mrs. Earl Riley, Mrs. Singletary and the hosts.

In Ware Home

Visiting in the E. M. Ware home over the weekend of January 24 were her brother and wife, Mr. and Mrs. Clell Windom of Amarillo. With the Windoms, the local couple went to Morton on the Sunday to visit with another brother and family, Mr. and Mrs. C. D. Windom and children.

Marzie Lynn Circle Meets for Study

Mrs. Billie Sudderth commenced a study, "The Cross and Crisis in Japan," for members of the Marzie Lynn Circle of the Methodist Church Monday afternoon. The meeting was held in the parlor of the church and is the first of a series of studies on this subject.

In this meeting, Mrs. Sudderth introduced the author of the book and told a few facts about the geographical location of Japan and the personality of the Japanese people. A group song was led by Mrs. Sudderth. Mrs. Jimmie Clements accompanied the singing on the piano.

Those attending were Mrs. Wilbur Charles, Mrs. Jimmie Charles, Mrs. George Turner, Mrs. E. M. Ware, Mrs. O. H. Jones, Mrs. R. G. Barron, Mrs. Warren Morton, Mrs. Frank Hastings, Mrs. L. H. Pesch, Mrs. John Dixon and Mrs. Sudderth.

Murphys Hosts To Birthday Party

Friends of Mr. and Mrs. Don Murphy gathered in their home Friday evening for a joint birthday party for him and for Mrs. Leslie McCain. The group spent the evening visiting and playing "progressive 42." Mrs. Murphy served cake, coffee and hot chocolate.

Those attending were Mr. and Mrs. McCain, Mr. and Mrs. J. D. Kirkpatrick, Mr. and Mrs. Grady Sorley, Mr. and Mrs. Dean McCallum, Mr. and Mrs. Charles Vickers, Mr. and Mrs. Charles Embry, Mr. and Mrs. Roy Fuller and Mr. and Mrs. Glenn Kelley. Also visiting for the evening was Murphy's brother and wife, Mr. and Mrs. Bill Murphy of Tulsa.

Has Bible Study

Members of the Blanch Grove Circle of the Women's Missionary Union of First Baptist Church met Tuesday afternoon. The meeting was in the annex of the church and Mrs. Johnnie Horn was in charge of a Bible study.

The study was taken from the book of John, with an emphasis on "The Prayer of Jesus." The Calendar of Prayer was read by Mrs. R. N. Williams. Others attending were Mrs. A. D. Cumpton, Mrs. Roy Fuller, Mrs. J. O. Combs, Mrs. P. A. Adams and Mrs. Virgil Goodwin.

LETTER To the Editor

Dear Dolph, This is just a line to let you know how much you will be missed. You have done so much for Bovina it will really be a shame to have you leave. Our sincere best wishes go with you in whatever you do. And God's richest blessings rest upon you. Yours truly, Mark and Sue Charles

T&C Club Has Call Meeting

Ways to raise money for the annual March of Dimes campaign was the subject of a called meeting of the Town and Country Club Thursday afternoon of last week. The meeting was held in the home of Mrs. Glenn Hromas.

It was decided that the members would sponsor and participate in a "Mother's March" tomorrow (Thursday) evening. The members will canvass the town, starting about 7:00 p.m. "Cooperation by the people of Bovina will certainly be appreciated," says Mrs. James Boardman, reporter for the organization.

The hostess served refreshments of cookies, coffee and soft drinks to Mesdames Thomas Rhodes, Sam Sudderth, Don Owens, Scott Gober, Robert Read, Charles Embry, Tommy Bonds, Mark Charles, Joe Moore, Nicki Foster, the hostess and Mrs. Boardman.

Denise Clements Is Party Honoree

Denise Clements, six-year-old daughter of Mr. and Mrs. Jimmie Clements, was honored with a birthday party Friday afternoon. The party was held in her home and those attending played games and were served refreshments of cake, ice cream and soft drinks. The cake was decorated in the nursery rhyme theme, with a miniature doll, depicting "Mary," followed by tiny lambs, topping it.

Guests for the party included Mike Ware, Jan Morton, Barbara Griffith, Roddy Hromas, Mark and Larry Stevens, Debra Whisler, Karen and Gregg Bell and Aulana Levins.

Others were Suzanne Wilson, Jimmy Clark, Candy Wilson, Bruce Caldwell, Stevie Sherrill, Buddy Clements and the honoree.

Mothers attending were Mesdames Leon Ware, Glen Hromas, Durward Bell, Tom Griffith and Jimmie Clements.

MWF Meets For Study Wednesday

Members of the Methodist Woman's Fellowship met Wednesday afternoon in the parlor of the church for a continuation of the study in progress. Mrs. Jimmie Ware, study instructor, was in charge of a session taken from the book, "Christ, the Church and Race." This is the second of a series of six parts to the study. Mrs. Ware was assisted on the program by Mrs. Jimmie Clements.

Guest for the day was Mrs. Warren Morton. Others attending were Mrs. Jimmie Ware, Mrs. Leon Ware, Mrs. Richard Baxter, Mrs. Mark Charles and Mrs. Clements.
