Hedley FHA Chapter Begins Drive

The Hedley FHA Chapter has begun a special drive to improve the high school library. We believe this will encourage more reading among the students, which in turn will help the community. Most of the material now in the library is old and the students have read most of it. The chapter plans to repair and have the library material in good condition for moving to the new library. It would be appreciated very much if anyone having good books they no longer want would please donate them to the library. Books can be left with Mrs James Evans at the Johnson Insurance Agency, or at the Home Ec Department at the high school.

12 EQUAL PAYMENTS

NEW FROM WTU

*** EQUAL PAYMENT PLAN**
For WTU residential customers

... is the new approach to a time-tried method of bill paying. Each month you pay one-twelfth of your annual electric service charge. West Texas Utilities Co. makes an estimate of your total electric use for one year, based on your past record, or, with new accounts, records of similar requirements. They divide the total into 12 equal, even-dollar payments. Monthly and yearly review of your account keeps the estimate as close to the actual metered usage as possible. If this review shows a material change in your use of electric service...up or down, due to unusual weather or the addition of some major appliance...you will be notified that a change of estimate is in order. Your 12th payment will be adjusted to balance your account for the Equal Payment Plan Year.

Equalize your monthly payments for electric service now. Visit your WTU office for the complete details.
