## Transportation Safety

With the coming of September the movement of thousands of pupils starts to and from Texas public schools. About one out of five of these children ride a school bus. The safety of these pupils is of the utmost importance and each motorist has a responsible part to play.

The motorist traveling Texas highways is reminded that upon meeting or overtaking from either direction any school bus which is stopped for receiving or discharging children, he shall stop his vehicle. He may then proceed past the bus at a prudent speed not to exceed 10 miles per hour.

Drivers of motor vehicles are urged to exercise due caution each time they approach one of the well marked buses painted the familiar "school bus yellow." Cooperation of motorists with bus drivers and local school officials may help save the lives of one of the 450,000 pupils that will likely be riding Texas school buses during 1965-66.

## Off To College

Four Hedleyans enrolled in West Texas State at Canyon last week. They are Susan Cox, Jon Leggitt, S. A. Younger and Mrs. Jewell Quisenberry.

Tim and Cindy Johnson of Amarillo visited Mr. and Mrs. Charlie Johnson last week end.

## FHA Exhibit Wins Blue Ribbon

The Hedley FHA prepared an exhibit for the Donley County fair in Clarendon that was given the blue ribbon for first place and won \$15 in cash.

The theme of the exhibit was "Stepping Stones to Success." The girls used real stones on which words were written, indicating the necessary traits for success. The writing on the backdrop was done in gravel, making an attractive and cleverly done exhibit. A great deal of thought and work goes into this project each year and the chapter is duly proud of the blue ribbon.

The exhibit will be displayed in Hedley during the Cotton Festival Watch for it

In a health emergency, the little slip of paper on which your physician writes his prescription is priceless. You wouldn't part with it under any circumstances.

However, once the emergency has passed, human nature being what it is, you are apt to forget how valuable the prescription really was. Maybe you even grumble a little at its out-of-pocket cost, failing to remember the doctor's professional skill, the countless hours of pharmaceutical research and many other factors that made the "recipe" possible in a health crisis.

Permit our prescription department to fill your next "recipe for health."

## Hot Check Law

The County Attorney's office has been receiving inquiries about filing on persons under the Hot Check Law. The offices of County Attorney and District Attorney are not to be used to collect these checks. If the check is collected prior to the trial, ordinarily the prosecuting officer will recommend a small fine on the basis of the good faith shown by the defendant. However, after filing a case in court, the offense of giving the check is at issue, and whether it is paid off or not, can be used only in mitigation, if a judgement of guilty is obtained. Section 6 of this act provides:

"If any person who has theretofore filed a complaint with any district or county attorney of this State alleging a violation of this Act, or who has furnished information to any such district or county attorney of such complaint, or who has testified concerning such a violation before a grand jury of this State which has thereafter returned an indictment on such violation, shall suggest to or request the county or district attorney in charge of such prosecution, that such case be dismissed, he shall be guilty of a misdemeanor, and upon conviction thereof shall be fined not less than One Hundred Dollars (\$100), nor more than Five Hundred Dollars (\$500)."

Also, the penalty provided for in this act for a conviction, if the check is less than \$50.00, is both imprisonment and fine. If the amount of the check exceeds \$50.00 it is a felony, and conviction requires punishment by confinement in the penitentiary.

All persons engaged in business wherein they are accepting checks, are cautioned to be very careful in knowing the maker. It is found that some people will negotiate checks without sufficient funds to cover same, as though governed by some inner force. These persons are usually well known in communities of this size, and checks should not be accepted from them without checking the bank that they are drawn upon. Many times the person accepting the check, when learning the seriousness of the punishment, will not file.

If you have a "hot check", the law provides that you should give notice in writing by registered or certified mail or telegram, addressed to such person at the place listed on the check, ten days prior to bringing the check to the prosecuting officer.

DID YOU KNOW THAT:

According to the Texas Forest Service, the forest regions of Texas embrace 26½ million acres. This is more than the total acreage of the states of New Hampshire, Rhode Island, Vermont and Massachusetts. Accounting for the biggest share of acreage is the pine-hardwood area of East Texas, 12½ million acres. The other 14 million acres of forests include the post oak, east and west cross timbers, cedar breaks, mountain forests of West Texas, coastal forests, and miscellaneous forests in stream bottoms.
