Bovina, Texas

VOL X, NO. 43

WHITTLIN'

By DOLPH MOTEN

Though it probably hasn't had all the publicity it deserves, Bovina's Boy Scout program is progressing at a good fast clip, we understand.

The Troop here was organized a few months ago under the sponsorship of Bovina Junior Chamber of Commerce and has been gaining momentum since. Boy Scouting in Bovina has been on sort of a come-and-go basis for the past several years. A Troop would be organized and do fine for awhile and then dwindle down to nothing because of a variety of reasons, we guess.

It's bad that the program has been allowed to die out from time to time. At the same time, it's good that this community has been able to have it even on a non-regular basis.

In a brief visit with Glenden Sudderth, who is one of the Scoutmasters for Troop 202, we learned that plans are being made for a group of the Scouts from here to attend a week-long camp in Cloudford, N. M. in July.

Sudderth, who is Scoutmaster along with Glen Hromas, says he expects approximately 15 boys from the Bovina troop to attend the camp which involves sleeping out, as well as cooking out, for the seven days and six or seven nights.

We know some people who are considerably past the age of Boy Scouting who would be hard put to take care of themselves like that over that much time.

An advance group of the Troop leaders from here is planning to go to the camp this weekend for "briefing" on the real thing which is scheduled for this summer. Sudderth says the leaders will learn more about what the Boy Scouts will have to know before they can qualify for the week-long camp.

Down through the years, this community has had several boys who have been successful in the Scouting program. We hope that the Boy Scout organization which is now doing so well is a permanent thing this time and will allow youngsters now and in years to come to benefit from its many advantages.

The Scouting program itself is as solid as the foundation of a Bovina elevator. The continuity of the organization here has been handicapped by a lack of consistently strong leadership.

Scouting is like so many other things in that it depends greatly on leadership; management, so to speak. The boys in the Scout age group are willing to give to the program everything the leadership asks of them and then some.

And being a leader in the organization is no small chore even though it may be one of those semi-thankless ones.

While we're on this subject, we'd like to point out that the Boy Scouts who performed the flag-raising ceremony at the post office dedication did an outstanding job and represented their troop well.

Congressman Walter Rogers noticed them and referred to them in his talk.

"Yeah, it would have been all right if there had been enough of it," is the answer a pessimist gives to an inquiry about how nice the rain was over the weekend and Monday.

We'll admit that this particular rain had only a minimum of verbal complaints mumbled against it, but we couldn't really understand those.

When you consider how long it had been since we had had measurable moisture, other than snow, this rain had to be a great one. Couple that observation with the fact that this rain fell slowly and soakingly and we think you come up with a great combination.

While rain, as such, isn't as important to modern irrigation farmers as it was to dryland farmers of years gone by, there are a few things which can bring a smile to the face of an agriculturist as quickly.

It might be well to point out here, too, that even though the moisture ended a long dryspell it really shouldn't have come as a surprise to area residents.

(Continued on Page 2)

Area's First 1966 Rain Measures .8

Services Today--

S. A. Brito Dies Monday

S. A. (Segundo) Brito, 66, a pioneer Bovina resident died Monday morning after suffering a heart attack.

Mr. Brito was pronounced dead on arrival at Parmer County Community Hospital in Friona.

Mr. Brito, a carpenter here, had been in apparent good health until the day of his death. He went to work Monday morning but returned from the job to his home after becoming ill. He was working on a remodeling job at the home of Mr. and Mrs. Leslie McCain west of Bovina.

Funeral mass was read this (Wednesday) morning at 10 in St. Ann's Catholic Church of which Mr. Brito was a member. Fr. Claver Giblin, pastor, officiated at the services.

Burial was in Bovina Cemetery under the direction of Claborn Funeral Home of Friona. Mr. Brito moved to Bovina in 1917 from Abernathy. He was born in New Mexico November 20, 1899.

Survivors include his wife, Lala, three sons, Joe of Lamar, Colo., and Gene and Anthony of Bovina; seven daughters, Mrs. George Cervantez of Bovina, Mrs. Pete Cervantez of Clovis, Mrs. Donna Higgins of Portales, Miss Elizabeth Brito of Bovina, Mrs. Alex Martinez of Brownfield, Mrs. John Baca of Hub, and Mrs. John Everett of Lazbuddie; and

a brother, Monico Brito of California. Pallbearers were members of Catholic organizations to which Mr. Brito belonged, the Knights of Columbus and the Sacred Heart Society.

Council Names Officers

The top three officers in Bovina High's student council for the '66-'67 school year were named in an election today (Wednesday) at school.

Candidates for president were Lane Gober and Linda Rejino.

Kregg Wilson and Mike Grisson were nominees for vice president.

Candidates for the secretary's post were Zeld Donaldson and LaNelle Christian. Other officers of the council will be elected next fall, according to High School Principal Jake Jacobs.

Voting in the election were students who will be in the seventh through the 12th grades next school year.

RAIN WATER--A RARE SIGHT -- The year's first measurable rainfall here over the weekend and Monday left this water standing in the ditch on the Pleasant Hill FM Road just west of Highway 60 in Bovina. This was one of the few places water was standing, however, because the rain fell slowly and most of it was quickly absorbed by the dry ground.

Moisture Makes Farmers Happy

The area's first rain of the year fell here over the weekend and Monday bringing smiles to the faces of farmers. The moisture total was in the neighborhood of .8 of an inch over a large section of this area.

The rainfall was lighter north of Bovina and in the Rhea Community area. Lesser amounts were measured there. The weather showed signs of what was to come Friday as rain-type clouds moved into the area. The clouds produced only limited rainfall Friday and Saturday, however.

Sunday night saw most of the rain fall as approximately half an inch was recorded here then. A light rain continued then through most of the morning Monday to boost the total to the .8 of an inch.

The rain was considered to be of the general type except for the area north. It fell slowly and there was only a minimum of runoff. Most of the moisture was soaked into the thirsty soil.

At Oklahoma Lane, moisture total were about the same as they were at Bovina. The same held true west of town.

The "rain season" apparently ended about noon Monday as the sun broke through the clouds and the moisture stopped. Area farmers were pleased with the amount of moisture they received but most were hoping for at least twice that much or more.

Prior to the rain, the area was considered to be in a droughty condition. This was the first moisture, other than snow, received here during this calendar year.

The rainfall, coupled with the warm temperatures of the past two weeks, will bring up spring vegetation throughout the area which had been held back because of the lack of moisture.

Irrigation farmers, who have been busy pre-watering in order to be ready for a normal row-crop planting date, looked on the moisture as a "bonus" to go with their already-applied irrigation water.

Next Week--

Students Get Tests For TB

Seventh and first grade students in Bovina Schools will be examined for tuberculosis beginning Tuesday of next week, announces Katherine Lockhart, school nurse.

The examinations are required by a new state law. Letters have been sent to parents of seventh and first grade students requesting permission for the test to be given.

"Parents may have their own family physician give the test if they desire," explains Mrs. Lockhart. The test will not be given at school without the permission of a parent of a student.

Parents are urged to return the forms which have been sent to them, with their signatures, immediately if they have not already done so, Mrs. Lockhart explains.

There will be no charge for the tests at school.

Tests will be given again next fall for children starting to school in September, she says.

Electric Co-Op Meet Thursday

Past members of the board of directors will be honored at the annual meeting of Deaf Smith County Electric Cooperative tomorrow (Thursday) at the Bull Barn in Hereford.

All members of the cooperative and their families are invited to attend the meeting which begins at 10:30 a.m.

A free barbecue lunch will be served at noon.

Two directors to the board will be elected. Dividend checks for 1955 will be distributed at the meeting.

The business session will begin at 1 p.m. Sloan Osborn of Friona, president of the board, will preside.

Cartoons will be shown for the children during the afternoon.

Door prizes will be awarded.

Four FFA Teams In Contests

Four Bovina FFA judging teams will compete in contests Saturday at Texas Tech in Lubbock.

Contest in which the chapter here will have teams are livestock, poultry and dairy products, announces John Paul Jones, chapter advisor.

The top 10 teams in Area 1, of which Bovina is a member, will compete in state contests at Texas A&M University May 14. Jones explains that there will be several areas competing in the Tech contests.

Members of the livestock judging team will be Richard Carson, Galen Hromas and Daryl Kirkpatrick.

On the land judging team are Alan Carson, Bill Caldwell and Larry Mitchell.

Judging poultry will be Gary Carson, John Long and Raymond Quintana or Steve Pierson.

Making up the dairy products judging team will be Bobby Reiden, R. B. Riley and Kent Stanberry.

On The Santa Fe--

Train Rides Highlight Second Graders' Trips

Students of the three sections of the second grade of Bovina Schools made educational tours to Clovis this week. Students of Mrs. Dolph Moten made the trip Monday, those of Mrs. Earle Hise went Tuesday and Mrs. Jay Booth's section went today (Wednesday).

Each of the groups boarded the Santa Fe passenger train at the depot in Bovina for a ride to Clovis in the dome car of the train.

For most of the children this was their first trip by train. They were met in Clovis depot by the school activity bus which transported them to the Clovis zoo for a tour to see the animals. Following the tour of the zoo the children returned to Bovina in the school bus.

Students making the trip from Mrs. Moten's class were Caroline Espinoza, Earl Quintana, Terry Burnett, Tommy DeLeon, Max Verner, Elbert Shelby, Lucia Sungia, Diane Sledge, Albert Lopez, Elisa Cordoza,

Richard Vargas, Edillo Barrera, Shasta Hadley, Joe Olvera and Ruben Serna. Also accompanying the group was Gary Cox, grade school principal.

Students of Mrs. Hise include Ken Sorley, Sheila Barbee, Tammy Damon, Arlene Magness, Butch McCain, Diane Roming, Terry Schilling, Clint Cox, J. B. McMeans, Bradley

Owens, Robert Pesch, Terry Woody, Ellie Munoz, Gary Saldaña, Rhonda Nuttall, Rickey

Stanberry, Yolanda Gomez, Dana Harris, Michelle Bonds, Sheena Hadley, Tami Russell, and Stephen Talley. Accompanying the group were Mrs. Leslie McCain, Mrs. Grady

Sorley, Mrs. S. A. Barbee and Mrs. Ralph Roming.

Mrs. Booth's students making the trip were Elida Arce, Kay Beardain, Johnny Caldwell,

Greg Corbin, Wade Dendy, Ginger Gober, Leona Hise, Elli

Hernandez, Susan Lance, Mike McCracken, Karen Merrell,

Beverly Myers, Rita Nuttall, Freddie O'Hair, Matilda Ramirez, Alan Rhodes, Nina Stowers, Brenda Stone, Cathie Trimble,

Connie Ware, Dennis Willard and Fran Jacobs.

Mothers going were Mrs. C. E. Trimble, Mrs. Leon Ware,

Mrs. Rex Beardain, Mrs. Ed Dendy and Mrs. V. C. Willard.

To Music Festival--

Mustang Band Trip Planned

Arrangements were completed Monday night at a meeting of the Band Parents for the trip to Enid, Oklahoma, by the Bovina Mustang High School Band to take part in the Music Festival.

The group will leave Bovina

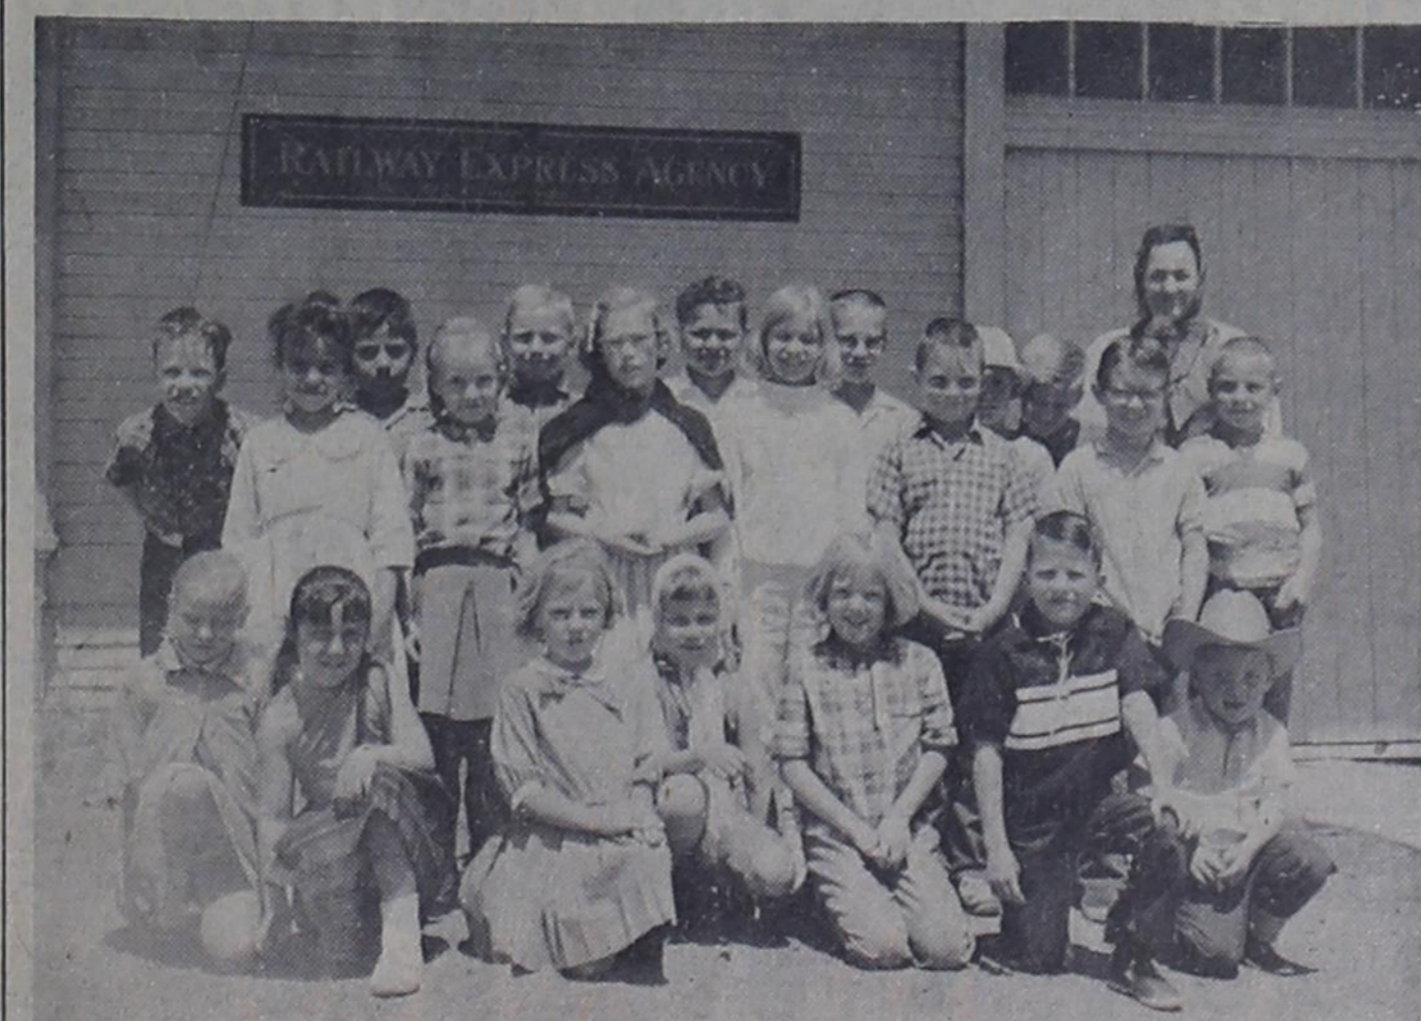

Wednesday, May 4, and will return either Saturday night or Sunday morning. Transportation will be furnished by the school after approval by the school board at a recent meeting. During their stay in Enid the students will be housed in official housing furnished by the Music Festival.

Tentative sponsors for the group include Mr. and Mrs. Elton Venable, Mrs. Dean McCallum, Mr. and Mrs. Joe Wayne Harper, Mrs. Mary Ruth Redden, Mrs. Leon Grissom and Mr. and Mrs. J. D. Stevens.

The parents also voted that the girls should be attired in either dresses or their uniforms during their stay in Enid. They will be permitted to wear slacks on the bus trip if they so desire. The boys will wear slacks and sport shirts or their band uniforms.

Election of officers for the coming year was held with Mr. and Mrs. Bob Estes re-elected to serve as president, Mr. and Mrs. Marion Carson as vice-president and Mrs. T. C. Wiseman as secretary-treasurer.

This was the final meeting of the group for this school year. Various committees will be appointed during the summer months to begin plans for next year, enabling them to start functioning as soon as school begins.

TRAIN RIDERS -- These members of the second grade section of Mrs. Earle Hise took a field trip to Clovis Tuesday via Santa Fe passenger train. Other second grade sections made the trip Monday and today (Wednesday). After riding the train to Clovis, the students returned to Bovina in the school activity bus.

BULL TOWNERS -- Mrs. Odie White looks over this quintet of Bovina Roping Club members who are proudly modeling their new chaps and vests which arrived last week. The cowboy attire will be worn by Roping Club members at parades and other special occasions. Left to right are C. E. Trimble, Wendol Christain, Owen Patton, James Roach and Jon Lin Riddle. The chaps and vests are maroon with white letters and trim. To make the inspection, Mrs. White donned one of the bright maroon vests.

Senator Rogers Seeks Re-Election

"I want to see and visit with everyone, but this is a tremendous task in a district 300 miles wide. Therefore, I hope you will understand and consider this a personal request for your vote and support," said State Senator Rogers, in announcing his candidacy for re-election from the enlarged 30th District.

Senator Rogers is an 18 year veteran in our State Legislature, 4 years in the House of Representatives and nearly 14 years in our State Senate. He now ranks 6th in seniority and has received the highest honor that his Senate Colleagues can bestow upon a member, being unanimously elected President Pro Tempore of the Senate, the 3rd highest state office. He was first nominated for this post, with lavish praise, by then Senator George Moffett.

At present he is Chairman of the Senate Committees on Agriculture and Livestock and Faculty Compensation for State Supported College and Universities, Vice Chairman of Constitutional Amendments and a member of nine other Committees—Finance, State Affairs, Public Health, Transportation, Water and Conservation, Military and Veteran's Affairs, Governor's Nominations, Interstate Cooperation, Game and Fish and Education.

He has served on nearly every Senate Committee and as Chairman or vice-chairman of many including Education, Constitutional Amendments, Water and Conservation and Military and Veteran's Affairs.

He is the agriculture leader of the Senate having sponsored and handled more such legislation than anyone now in Austin, working closely with all farm organizations and soil and water conservation groups.

Senator Rogers is also a proven champion and leader in

IF YOU KNEW ALL THREE, YOUR CHOICE WOULD BE

CRAWFORD MARTIN

FOR ATTORNEY GENERAL

Austin for education and the independent businessman. Other outstanding work has been in the control of obscene literature, narcotics, "pop" pills and for stronger law enforcement.

Besides his work as a legislator Rogers has long been an active leader in his community and state, in church, fraternal, farm organizations and civic groups.

Rogers, though he has not until now had a senior College or University in his district was co-author with Senator George Moffett of the Mid-western University bill, with Senator Hazelwood for the West Texas State University bill and with Senator Blanchard and others for various legislation for Texas Tech.

"I sincerely ask that you review my record, it has never been my policy to try to be popular in politics, but, rather, to do what I conscientiously thought best for our District and State.

"I wear no man's (or group's) yoke and never have, nor do I now try, to ride on anyone's coat tails, but, rather, prefer to stand on my own record and accomplishments. This leaves me free to respond to the needs of any individual or group when it will best serve the public interest.

Like everyone else, I have made mistakes, but they have been of the head and not of the heart.

"As the only candidate for the 30th Senate District post with a proven record—as the only candidate with real experience and proven effective leadership and the respect and recognition of my fellow Senators—and as the only candidate who has authorized and passed legislation of a state wide or important nature, I believe I can serve you best.

"There are talkers and doers. I have chosen the latter path--of action.

"WHY TAKE A CHANCE? WHY TRADE A RECORD FOR A PROMISE?"

"I need and seek your vote and support."

Andy Rogers
State Senator
(Paid Political Advertisement)

SENATOR
Ralph Yarborough's

Dear Fellow Texan:
Recently I was in Canberra, Australia, attending the April Spring Meeting of the more than 60-nation Interparliamentary Union Conference as one of the seven Senators of the Delegation representing the United States Senate.

This is the third time that I have been a representative of the United States Senate as a delegate to an Interparliamentary Union Conference. In November 1962, I was a delegate from the Senate of the United States to the 64-nation Interparliamentary Union Conference in Brasilia, Brazil, and last year, in April of 1965, I was a delegate of the Spring Meeting of the 68-nation Interparliamentary Union Conference in Dublin, Ireland.

The purposed of these Conferences are the strengthen parliamentary government around the world and thus strengthen democratic governments against dictators. The Interparliamentary Union was formed before the turn of the century in 1889. It is the oldest conference between nations in this world and it was formed on a parliament to parliament basis for the purpose of strengthening representative government by parliaments elected by the people. The Conferences are designed also to promote peace and better understanding between all nations by meeting with elected representatives of other nations of the world and discussing our major international issues and our parliamentary means of carrying out the will of the people. These conferences make a significant contribution to improved relations between all free countries, and help draw these nations together for a united front against the problems which face us all.

Last year, I was a delegate of the United States on the Economic and Social Committee of the Interparliamentary Union Conference in Dublin, Ireland. Because of the problems of excessive world population, the United States offered a far-reaching set of recommendations that were approved by that Committee, which would promote international co-operation among nations in encouraging research into the problems of population increases which are threatening starvation in nearly every underdeveloped nation in the world. The United States position for the dissemination of information and help with the limitation of this terrific population explosion was endorsed by the whole conference.

I feel greatly honored that I was chosen for a third time as a delegate to represent the Senate of the United States at an Interparliamentary Union Conference so that I can work in the field of international law, international understanding and international relations in my effort to contribute to the improvement of the future peace and improvement of the free world.

Dear Fellow Texan:
If you are 65 or older, you are qualified to sign up for the voluntary section of medicare which will pay 80% of your doctor bills, ambulance services, home health visits, x-rays and other expenses after you have paid the first \$50 in any one year.

These benefits will begin in July of this year, but you must sign up by MARCH 31, 1966. I strongly urge that all eligible Texans sign up for this program by March 31, 1966, since the next sign-up period will not provide benefits until the middle of 1968.

This voluntary part of medicare is the finest hospital and medical coverage available insofar as costs are concerned. You will pay only \$3 a month, and the Federal Government will match your \$3 to provide this coverage. Remember you are eligible for this program if you are 65 or over, whether you are receiving a pension or not, but you must sign up by March 31 to become eligible.

To sign up, contact your local Social Security office - there are 30 offices in Texas, plus local branches. You can find the address by looking under "Social Security" in your telephone book.

This voluntary supplementary medical insurance plan is separate from the basic hospital care plan under Medicare. Under the basic plan, everyone is covered, but this program is voluntary, and you do not have to be covered by the basic plan to be eligible for the voluntary plan.

The deadline is approaching soon - be sure to sign up by March 31, 1966, and become eligible for this excellent medical coverage at a cost of only \$3 a month.

Reflections From The Blade

TEN YEARS AGO... April 25, 1956
A 34-year-old immigrant from Mexico, Santiago M. Gamboa, was killed in Bovina Monday morning as he tried to catch a fast-moving freight train as it passed through the town.

Neil Smith gained the right to take part in the state track meet to be held in Austin by vaulting 11 feet to tie for second place in the regional meet in Lubbock Saturday. This will be the third year for the Bovina athlete to take part in the state contest.

Some 400 people attended the annual spring concert of the Bovina Mustang Band Friday night at the school auditorium. The concert was presented under the direction of W. Wayne Stevens, band director.

Carolyn Potts and Don Owens exchanged wedding vows Sunday morning at the Central Baptist Church in Clovis.

The Widow's Club met Thursday and enjoyed a fashion show featuring "Fashions of the Past Years".

Bovina's planning board has recommended that plans be started for the paving of Eighth Street to help prevent the traffic jams caused by trucks in downtown Bovina.

SIX YEARS AGO... April 27, 1960
Honor students of the 1960 graduating class of Bovina High School were announced this week by Roy Whistler, principal. Named as valedictorian was Verna Marie Estes with a 95.65 four-year average. Virginia Embree was named salutatorian with a 92.49 average.

There were 35 pre-schoolers registered Friday for the school term to begin next fall.

Roger Ezell set a new Class B record in tossing the discus 137-4 1/4 feet at the regional meet in Lubbock. He will now take part in the state meet to be held in Austin in two weeks.

The Lazbuddie FFA Dairy Judging Team placed first in the recent Texas Tech Invitational Judging Contest at Lubbock. Team members were Dicky Chirwood, Jimmy Broadhurst and John Agee.

Members of the eighth grade held their annual banquet Friday night. The affair was held in Clovis with a theme of "Moonlight on Roses".

Cynthia Patterson, Patsy Hart and Mrs. Dorothy Morton will attend the State FFA convention in Dallas this week end.

Whittlin'
(Continued from Page 1)
Weatherman Willie Williams forecasted in last week's issue of The Blade that there was a good chance for moisture by the weekend.

Willie was operating under a handicap last week, too.

SUPERLATIVE SIGHTS
New York (NAPS)--The world's largest pyramid isn't in Egypt. It's the Cholula Pyramid near Puebla, Mexico. The largest palace is now a famous museum--the Louvre in Paris. One of the superlative sights of the West Indies is the historic plantation and house where the Empress Josephine was born on the French island of Martinique, easily accessible by non-stop Air France flights from New York.

Bovina Blade

Bovina, Texas

I would like to thank you for buying my lamb. I hope you will keep supporting the FFA in the future.

Thank you,
Lynn Murphy

Dear Dolph:

I recently read the following article in the Woodward County (Okla.) Journal and thought you and readers of The Blade might be interested in it:

I AM A

TIREDAmerican

By Alan C. McIntosh, Publisher, Star-Herald, Luverne, Minnesota

I am a tired American.

I'm tired of being called the ugly American.

I'm tired of having the world panhandlers use my country as a whipping boy 365 days a year.

I am a tired American--weary of having American embassies and information centers stoned, burned, and sacked by mobs operating under orders from dictators who preach peace and breed conflict. . .

I am a tired American--choked up to here on this business of trying to intimidate our Government by placard, picket line, and sit-ins by hordes of dirty unwashed who rush to man the barricades against the forces of law, order, and decency.

I am a tired American--weary of the beatniks who say they would have the right to determine what laws of the land they are willing to obey.

I am a tired American--fed up with the mobs of scabby-faced, long-haired youths and short-haired girls who claim they represent the "new wave" of America and who sneer at the old-fashioned virtues of honesty, integrity, and morality on which America grew to greatness.

I am a tired American--weary unto death of having my tax dollars go to dictators who play both sides against the middle with threats of what will happen if we cut off the golden stream of dollars.

I am a tired American--nauseated by the lazy-do-nothings who wouldn't take a job if you drove them to and from work in a Rolls Royce. . .

I am a tired American--who is getting madder by the minute at the fifth peddlers who have launched Americans in an obscenity race, who try to foist on us the belief that filth is an integral part of culture. . .

I am a tired American--weary of the bearded bums who tramp the picket lines and the sit-ins--who see no evil in Castro, but sneer at President Johnson as a threat to peace.

I am a tired American--who has lost all patience with that civil rights group which is showing propaganda movies on college campuses from coast to coast--movies denouncing the United States, movies made in Communist China.

I am a tired American--who is angered by the self-righteous breastbeater critics of America, at home and abroad who set impossible yardsticks for the United States, but who never apply the same standards to the French, the British, the Russians, the Chinese.

IF YOU KNEW ALL THREE YOUR CHOICE WOULD BE

CRAWFORD MARTIN

FOR ATTORNEY GENERAL

I am a tired American--who resents the pimply-faced beatniks who try to represent Americans as the "bad guys on black horses."

I am a tired American--who is weary of some Negro leaders who, for shock purposes, scream four-letter words in church meetings.

I am a tired American--sickened by the slack-jawed bigots who wrap themselves in bedsheets in the dead of night and roam the countryside looking for innocent victims.

I am a tired American--who dislikes clergymen who have made a career out of integration causes, yet send their own children to private schools.

I am a tired American--who resents those who try to peddle the belief in schools and colleges that capitalism is a dirty word and that free enterprise and private initiative are only synonyms for greed. They say they hate capitalism, but they are always right at the head of the line demanding their share of the American way of life.

I am a tired American--who get more than a little bit weary of the clique in our State Department which choose to regard a policy of timidity as prudent--the same group that subscribes to a "no win" policy in Viet Nam.

I am a tired American--real tired of those who are trying to sell me the belief that America is not the greatest nation in all the world--a generous--hearted nation--a nation dedicated to the policy of trying to help the "have nots" achieve some of the good things that our system of free enterprise brought about.

I am a tired American--who gets a lump in his throat when he hears the "Star Spangled Banner" and who holds back tears when he hears those chilling high notes of the brassy trumpet when Old Glory reaches the top of the flag pole.

I am a tired American--who wants to start snapping at those phony "high priests" who want us to bow down and worship their false idols and who seek to destroy the belief that America is the land of the free and the home of the brave.

I am a tired American--who thanks a merciful God that he was lucky to be born an American citizen--a nation under God, with truly mercy and justice for all.

Sincerely,
I. W. Quickel

New Plant Food Combination

An essential plant food element, Potassium (K) now has a terrific new partner--the most successful form of Nitrogen (N) ever invented. It's the renowned NO₃, the nitrate form of nitrogen that most plants love and thrive on best. In this new combination, KNO₃, the nitrogen replaces chlorine and sulphate--often desirable--but providing nowhere the "grow power" of nitrate.

The new High K and partner, NO₃, provide an ideal combination for growers aiming for higher yields and improved quality. With NO₃, there's no danger of too much chlorine or sulphate and there's less likelihood of building up salt as you increase your total fertilizer program.

Leading farmers already are putting this productive new K team to work for them. Why? They're shooting for more and larger tomatoes . . . boosting yields and quality of citrus . . . harvesting higher quality tobacco and potatoes. Scores of additional experiments are underway at key government experimental stations and by leading growers themselves.

The "grow power" of this new combination is proved for these and other crops. Ask your County Agent and your fertilizer dealer about this new plant food combination for your use this year.

You can put this productive duo to work for you right now--for this year's crops. You can help yourself to better quality and yield without harmful effects on your crops. High K and his new partner NO₃ can lend you a hand towards high-goal farming.

Crook, Simmons Wedding Friday

Mr. and Mrs. French Crook of Bovina announce a change in the date of the wedding of their daughter, Patricia, to Airman 2C Roger L. Simmons. The ceremony had been planned for June 19, but due to an overseas assignment for the bridegroom, the date has been changed to Friday, April 29. Vows will be read at the First Baptist Church in Bovina at 8 p.m. All friends of the couple are invited to attend.

Sunday Afternoon--

Piano Students Schedule Recital

Elementary piano students of Mrs. Margaret Caldwell will be presented in a recital at Bovina Methodist Church Sunday at 3 p.m.

Students taking part will be Michael Verner, Rhonda Rhodes Allen Rhodes, Cindy Read, April Wilson, Cindy Barrett, Jackie Adams and Phillip Aday. The public is cordially invited to attend, Mrs. Caldwell says.

Thousands of students are performing in recitals, concerts and other musical programs during the week of May 1 through May 8 in connection with the observance of National Music Week.

"Let music have a place in your life this week," is the theme of the national observance, according to Mrs. Caldwell.

Club Meets With Mrs. Boyd

Members of the Good Neighbor Club met Thursday afternoon in the home of Mrs. Earl Dean Boyd in the Rhea Community.

The group visited and viewed some beautiful quilts. The hostess served cookies and coffee to Mrs. Grady Hall, Mrs. Pauline Beavers, Mrs. T. J. Hopkingardner, Mrs. Howard Looney and Mrs. Mable Newberry. Also attending was a guest, Mrs. Chambers of Portales. They will have an all-day meeting May 19 in the home of Mrs. Grady Hall for quilting.

'Seashore Evening' Theme Of Banquet

"An Evening by the Seashore" was the theme for the highlight of the year for members of the junior high graduating class when they held their annual banquet Saturday night in the school cafeteria.

Potted palm trees, fish, fish nets and hurricane lanterns formed the background with table decorations of driftwood, sea shells, star fish and beach hats.

Members of the graduating class are Paul Aday, Randall Barrett, Gaylon Beavers, Karen Bell, Bruce Caldwell, Denise Clements, Doris Corn, Cindy Crump, Jesus Eslinosa, Carol Foster, Robert Fowler, Pamela Grissom, Royce Grissom, Jan Gromowsky, Jack Hall, Larry Hammonds, Wesley Harris, Manuel Hernandez, Kelly Jamerson, Betty Kesler, Billy Kesler, Vickie Kunselman, Janice McCormick, Brenda McCauley, Pilot, Steve Sherrill.

The menu consisted of fresh ocean seaweed, water of the murkey deep, fillet of shark, white caps with breakers, coral reef and pearls of the sea, which featured fillet rainbow trout. The meal was served by the girls of the seventh grade, dressed as sailors.

Members of the graduating class are Paul Aday, Randall Barrett, Gaylon Beavers, Karen Bell, Bruce Caldwell, Denise Clements, Doris Corn, Cindy Crump, Jesus Eslinosa, Carol Foster, Robert Fowler, Pamela Grissom, Royce Grissom, Jan Gromowsky, Jack Hall, Larry Hammonds, Wesley Harris, Manuel Hernandez, Kelly Jamerson, Betty Kesler, Billy Kesler, Vickie Kunselman, Janice McCormick, Brenda McCauley.

Stewart McMeans, Adela Meza, Nancy Mitchell, Krita Morris, Esperanza Ortiz, Donald Pesch, Wanda Pierson, Ma-clovía Ramirez, Martha Saldana, Stephen Sherrill, Gary Sides, Cathy Sikes, Woody Smith, Phil Sorley, Joe Don Stevens, Lewis Stone, John Rodrigues, Paula Flores, Jessie Munoz, Gloria Trevino, Pauline Sierra, Steven Wiseman, Suzanne Wilson, Samuel Webb and Jimmy Don Stowers.

Guests were Mr. and Mrs. Charles Corn and Mr. and Mrs. Connie Ray, sponsors, and High School Principal and Mrs. Jake Jacobs and Superintendent and Mrs. Otis Spears. Following the banquet, the young people were honored with a party at the Legion Hall sponsored by the parents.

Materials Shown --

Fabric Workshop Held In Bovina

Thursday afternoon of last week in the First Baptist Church fellowship hall, homemakers and homemaking girls from Bovina heard a discussion on new fabrics.

Mrs. Argen Draper, Deaf Smith County extension agent, discussed the permanent press wearing apparel and fabrics. In talking about the new fabrics, she said, "Consumers need to know what performance to expect from fibers as each fiber family has certain jobs they can do best--they are products to be understood for complete satisfaction and serviceability."

Mrs. Kate Gamble, extension agent from Randall County, gave a short, informative review of "What's new in the hosiery line of clothing." This was not only of interest to Mrs. Lane Goar's homemaking clothing class in Bovina High School, but the older group gained useful information of "What New," also.

"Bonded" fabrics was discussed by Cricket B. Taylor, home demonstration agent of Parmer County. Standpoint of selection, care and sewing; "Fiber Content is the most important clue to performance and

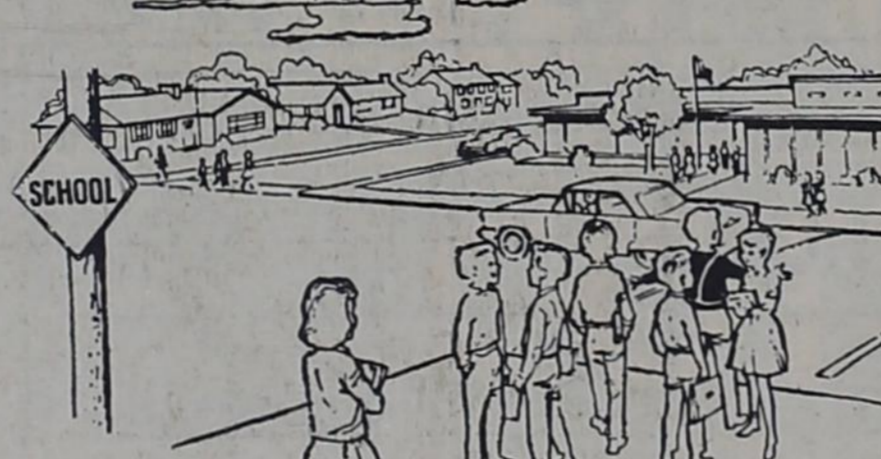

care of this modern fabric, therefore reading labels, following instruction for care, and saving label tags for later reference is a must if consumer expects complete satisfaction in appearance, and serviceability," Mrs. Taylor said.

Modeling garments were Mrs. O. H. Jones and Mrs. George Turner of the S & S Department Store in Bovina. Mrs. Turner modeled a rose, permanent press shift of 65 per cent Polyester and 35 per cent cotton. Mrs. Jones modeled a white dress of 64 per cent mohair and 36 per cent wool bonded with acetate.

From Friona, Mrs. Ralph Taylor modeled a bonded two-piece beige dress of Polyester and cotton from Foster's Department Store.

Also exhibits of "Permanent Press" garments and material were furnished by Bovina Dry Goods, and S & S Department Store, Hurst Department Store and Foster Department Store from Friona exhibited material and garments in "Permanent Press" and "bonded fabrics". Anita's Dress Shop of Friona and Holiday Store in Farwell had exhibits, also.

TRAFFIC SAFETY FOR YOUNGSTERS

Teaching children to cross the street safely is as important as teaching them the three R's--and it's never too early to start. Ten basic principles are set forth in the pamphlet "Guide to a School Pedestrian Safety Program" by Auto Safety Foundation.

ZELMA DONALDSON

Piano Recital Tuesday

Mrs. Margaret Caldwell will present Miss Zelma Donaldson in an organ and piano recital Tuesday, May 3, at 8 p.m. at the Bovina Methodist Church.

This will be the first two "Certificate for Credit" recitals to be presented by Miss Donaldson during her high school years.

Assisting in the recital will be students from junior and senior high school including Tommy Spears, Paul Aday, Candy Wilson and Mike Beauchamp.

All friends of Miss Donaldson are invited to attend the recital.

Hospital Notes

Dennis Willard, son of Mr. and Mrs. Vernon Willard, underwent an appendectomy at the Parmer County Hospital in Friona Saturday. He was expected to be released Tuesday.

Carl Rea was hospitalized in Friona last week but has been dismissed to his home. Don Sides was in Methodist Hospital in Lubbock several days last week for medical treatment. He was released and returned home Monday afternoon.

Charles Hawkins was to undergo back surgery in Methodist Hospital in Lubbock Tuesday morning. He is expected to be in the hospital for a week or 10 days.

4-Hers Set Game Night

The monthly meeting of the Bovina 4-H Clubs will be Monday night at 7:30 p.m. in the school cafeteria. This will be a game night for the youngsters and they will not have a program.

Adult leaders of the 4-H groups are sending out S.O.S. for adult leaders for sewing classes. There are a number of the girls who are interested in taking sewing with only one adult leader.

Anyone interested in teaching these young girls to sew is urged to contact Mrs. Earle Hise for further information.

Friendship Night Set--

Eastern Star Names Officers

Election of officers for the coming year was held Thursday night by the Bovina Chapter of Order of Eastern Star. The newly-elected officers will be installed in June.

Officers for the year will be Worthy Matron, Gertrude Potts; Worthy Patron, Herbert Potts; Associate Matron, Pat Sherrill; Associate Patron, Carl Rea; Conductress, Mary Jane Wilson; Associate Conductress, Jackie Holcomb; Secretary, E-ra Louise Jamerson; Treasurer, Flossie Rhinehart; Organist, Leola Williams; Marshall, Bess Rea; Chaplain, Linda Langston; Warner, Julia Leake; and Sentinel, Victor Ward.

Star Points will be Irene Spears, Margaret Douglas, Oona Pesch, Joe Looney and Mary Ruth Martin.

Plans were completed for the annual Friendship Night to be held Thursday (tomorrow) night.

They will have a salad supper and program beginning at 7 p.m. Guests are expected to attend from Hereford, Friona, Dimmitt, Canyon, Muleshoe, Clovis and Plainview.

Seniors Banquet Honorees

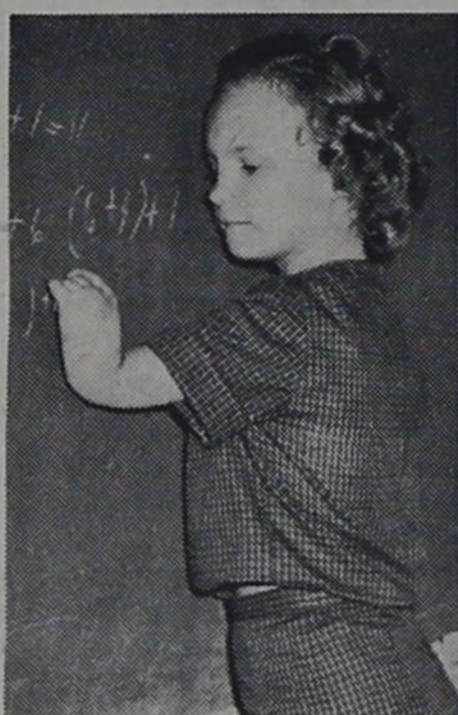

Seniors of Bovina High School will be honored Thursday night at the annual banquet sponsored by the W. M. U. of First Baptist Church.

The event will be in Fellowship Hall of the church beginning at 7:30 p.m.

Speaker for the evening will be T. J. Ozburn, professor at Wayland Baptist College, Plainview.

Entertainment will be furnished by students from Wayland.

Problem Solver

JANICE LILLY, 12, is a whiz at arithmetic in her school at Choctaw, Okla. Born with severely shortened forearms, under-developed knees, club hands and twisted feet, Janice is lucky to be able to attend school at all, according to her physicians at the March of Dimes Birth Defects Center, University of Oklahoma Medical Center. She's had seven operations and faces more, but Janice figures that's just another problem she can solve.

Community Conversation

T/Sgt. and Mrs. Herman Keel and their children are in Bovina visiting with her parents Mr. and Mrs. Roy Hawkins, Sgt. Keel and his family are enroute to Little Rock Air Force Base, Little Rock, Arkansas, where he will be stationed. He has been stationed at Biggs Air Field in El Paso, which is being closed.

THINKING ABOUT SUMMER?

THINK ABOUT GAS AIR CONDITIONING!

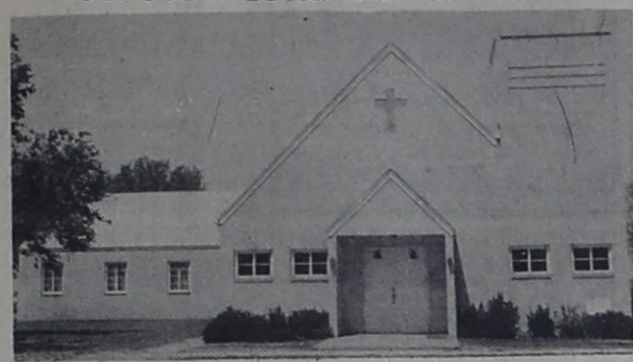

GAS answers all of your air conditioning needs. First and foremost, it does the job you want air conditioning to do... keeping every room in your house cool and comfortable. And, GAS is so economical. People who own GAS air conditioning know it costs less to operate. Maintenance costs are kept to a minimum, too, because GAS air conditioning has no moving parts to wear out. Should the need occur, you are assured of fast, dependable service because Pioneer stands behind every unit they sell.

Attend The Church Of Your Choice

Church Chuckles by CARTWRIGHT

"Well, go ahead and say it... 'this wouldn't have happened if we'd been in church!'"

Honesty Is Basic To Christianity

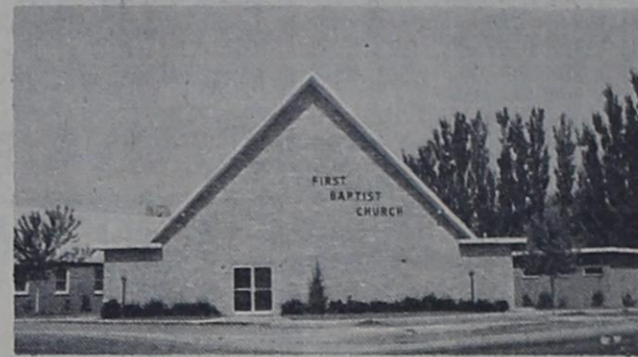

Last week we looked at Jesus command, "Let your yes mean yes and your no mean no." The widespread violation of this standard of veracity has resulted in a social and business atmosphere of mistrust. Who can be trusted? Many can! Many think more of their word than a little gain, either economic or social, but many cannot. Perhaps most cannot, because this is an era of relativism. There is no real, solid truth. There is no right and wrong--according to this modern philosophy. "A thing becomes right if it serves a good purpose," it is argued.

Jesus Christ based man's chances for freedom on truth. He said, "If you continue in my word, you shall know the truth, and the truth shall make you free." Would it not be a fair inference that if we cannot know the truth, if there is no truth, we shall never be free? The value that we place on freedom, true spiritual freedom is the value we should place on truth.

The wise man said in Proverbs, "Buy the truth and sell it not." Jesus told us why: "...the truth shall make you free." One lie leads to another and still another until the liar is caught in a web of lies. One act of fraud lead to another until it becomes a compulsion. Cheating becomes a way of life, a terrible, habitual way. Honesty is basic to Christianity. It is basic to freedom. Love it. Practice it and you will be richly rewarded.
Don Stone,
Minister of the Bovina Church of Christ

Tests In Training

Obedience trials came into prominence slightly more than twenty-five years ago when the American Kennel Club established them as an official part of the dog activities which it supervises.

When you attend an obedience trial the first thing you will note about the dogs in competition is that they are performing under difficult conditions such as confusing noises and strange smells.

Obedience trials are divided into classes or grades of competition. Novice Classes are for beginners and after a dog has won qualifying scores at three licensed trials, he earns the title of Companion Dog and is entitled to a C.D. after his name. When further training has been completed he then moves upward into the Open Classes. The dog must win qualifying scores at three shows under different judges in these classes in order to gain the title Companion Dog Excellent. Following even more training, he enters competition for the Utility Class. Three qualifying scores of passing or better bring him the title U.D. for Utility Dog.

AT YOUR BEST
teen talk

By Carol Bennett, Teen Consultant, Breck Hair Care Center

Let (Mr.) George Do It

Do-it-yourself home permanents aren't all they're cracked up to be. Naturally they look scrumptious in the magazines or on television. But for every successful job on the home front there are the unspoken failures--the messy spills, the eyes tearing, overcooked, underdone frizzle-wizzle that makes you sorry you started the whole thing.

Since your hair is so important to your looks, there are times when it's best to trust your looks to a professional beautician. Want a permanent? Let Mr. George do it. Or Miss Phyllis. Or Mr. Erik.

Things in the permanent field have come a long way since 1906 when Charles Nessler invented the hairwaving machine. What price beauty? Eighteen women were brave enough to sit for eight hours under the crimping machine and come out curled within an inch of their lives. And their poor husbands who shelled out the \$1,000 fee were fleeced within an inch of theirs.

The 1940's saw a revolution when the cold wave was invented. Now women sat with effective-but odorous--chemical solutions

on their hair. The real breakthrough came recently with the discovery of the body wave, the ultimate in permanent wave setting.

Today, permanents can be tailored for different types of hair and hairdos. John H. Breck, Inc., supplies beauticians with several formulas that seem created just for you. The beautician has been carefully trained in the use of Breck Professional Permanent Waves and can recommend the one best suited for your shining glory.

Next time you're almost tearing out your hair in desperation at the way it just hangs around your face, don't trust yourself. Wheedle Father out of a beauty parlor fee or dip into your piggy bank. A professional permanent wave is an investment in beauty that will pay off in compliments to you.

At San Antonio--

Six FHA Girls To State Meet

Six members of the Bovina Future Homemakers of America chapter of Bovina High School will attend the state meeting of the Texas Association in San Antonio, Friday and Saturday.

The meeting theme for delegates from the 1,406 FHA chapters throughout the state will be "Citizenship-Youth's Greatest Challenge."

Members of the Bovina Chapter attending the convention will

be Gwen Christian, Mary Dane, Connie Vaughn, Trudy Skjerve, Margaret Jo Venable and Linda Rejino.

Miss Venable has been selected by chapter members as voting delegate to the State meeting. Miss Rejino is alternate.

During the meetin, the State Nominating Committee will name the ten State officers from the nominees elected by members in the ten areas of the

At Hub Meeting--

4-H Council Makes Plans

The Parmer County 4-H Council met Saturday morning in Hub Community Center. The meeting was called to order by Jan Jameson. The 4-H pledge was led by Jill Reithmayer.

New business included a motion that the Council pay the remaining portion of a bill on a gun trap. The council decided to pay for dress revue expenses.

The Council also recommended that a schedule be worked out for each Club in the county to assume responsibility for at least one event such as the achievement banquet, food show, dress revue and the county elimination contests. The club which is in charge of each event will be responsible to put the room in order, set tables and chairs as needed and take care of other arrangements prior to the meeting.

The Friona club will be responsible for arranging the banquet room and decorations for the banquet in November, 1966. The Oklahoma Lane club will be responsible for the arrange-

ments for the dress revue in July.

The council voted to buy a set of Flags at \$35 to be used in parades. The set, to include a U. S. Flag and a 4-H flag, was led by Jill Reithmayer. Other things discussed were plans for the summer camp for boys and girls, to be held in July or August and record books, which will be completed in July.

Those present were Cricket Taylor, county home demonstration agent, Joe VanZandt, county agent, Mrs. Earl Hise, Mrs. Wayne Clark, Linda Howard and Mrs. Howard, Jill Reithmayer, Roy Miller, Dale Hart, Mrs. Earl Jameson and Jan Jameson.

Mustang Band To Contests

Bovina Mustang Band will compete in regional concert and sight reading contests at Dimmitt Friday.

The Bovina band is under the direction of Joe Wayne Harper. Bands from throughout this area are scheduled to compete in the state interscholastic league contests.

Marching portion of the contest was held last fall.

Overeating In Childhood

Sports historians tell us that Babe Ruth hit his sixty homers on a diet of hot dogs, beer and soda pop, but any mother knows

that's no way to feed today's young baseball players. Those active chaps—and their equally active sisters—need three

well-balanced meals a day. What some mothers don't seem to know, however, is that between-meal snacks should be balanced too.

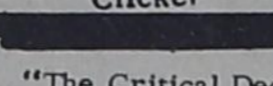

Physical Education teachers and family doctors are beginning

State. Delegates to the National FHA convention in Chicago in July also will be designated; as will be singers in National Chorus and nominee for National pianist.

Nearly 500 members from the 60,473 membership of the Texas Association will receive the State's highest award, the State Homemaker Degree of Achievement. Miss Christian, Miss Vaughn and Miss Dane will receive State degrees.

Mrs. Lane K. Goar, home-making teacher and Mr. and Mrs. Richard Vaughn, will accompany FHA members to the meeting.

"The Critical Decades" is a film on aging for the young, emphasizing that the best time to tackly the medical problems of old age is before the patient gets old. It stresses the importance of the middle years, in order to prevent trouble later on.

This makes sense "we don't wait until the horse is stolen before locking the barn," this is an old saying we have heard many times, but never the less true. The film has been made available for Extension Use and would make an excellent program for groups. Several weeks notice is required if any group would like the film. Call the County Extension Office 481-3619 in Farwell.

MAY - SENIOR CITIZENS MONTH

Clubs, organizations or study groups that may be interested in protecting senior citizens against frauds may be interested in securing a leaflet from this office entitled "Your Money and Your Life." It is put out by the Food & Drug Administration and would be especially good to give to some older persons that you may want to remember and help.

BEWARE OF MOTION SICKNESS AND NAUSEA DRUGS

The U. S. Food & Drug Administration acted in March to warn against the use of certain drugs by pregnant women. These drugs, which are used for nausea, motion sickness and vomiting, may cause birth deformities taken during pregnancy. These products are considered safe for other persons and are sold without prescription.

Action by the Federal Drug Administration was taken because certain of these products do not contain a statement warning women of the potential danger. Unless the companies change their labeling they will be required to withdraw the product from the market.

It is important for women to never take medicine, not even aspirin, while pregnant, without their doctor's approval. This is a fact of which many women are not aware. When a woman is pregnant, nothing (vitamin pills, medicines for an upset stomach, headache prescriptions) should be taken without her doctor's consent.

MEDICAL SELF HELP

Training of leaders with information similar to that received in Red Cross nursing programs could provide a valuable resource for communities in Parmer County in which medical facilities are limited. It is needed and could be an excellent project for County Committees. All the information is available from this office (County Extension Office) for conducting such programs, and this agency can give help and guidance. All is needed is a club or group that wants to do a worthwhile community service. The County Program

On The Farm In Parmer County

By JOE VANZANDT County Agent

Rain at last! As we write this column on Monday morning, it is sure good to see that it hasn't forgotten how to rain. This rain and cold has slowed down a lot of planting the last ten days. However, results of a three year grain sorghum test at the Plains Branch Experiment Station, north of Clovis, for 1962-64 serve as a basis for the following statements that indicate late May plantings do not lower yields.

Full season or late maturing varieties produced maximum yields when planted June 1 or 6907 pounds. The next best yields were produced from May 15 plantings, 6,512 pounds. May 1 plantings had a three year average of 6,473 pounds. Late varieties, represented in the test by Apache, planted after June 1 had reduced yields of 5367 for June 15 plantings.

In the same tests, medium maturing varieties represented by RS 610 had similar yields from plantings May 1 to June 15 which varied only from 5968 to 6290 pounds. Early maturing varieties, represented by NK 125 gave similar yields from May 1 to July 1 plantings and these yields varied from 4548 to 4828 pounds. On both of the medium and early maturing varieties, May 1 plantings gave the lowest yields, however it was only a small decrease from later plantings.

Early plantings usually require two to three weeks longer to reach half bloom stage than later plantings. Also, an early planting may require an extra irrigation but produce no more grain than later plantings.

For protection against midge, sorghum that blooms before August 7 will usually escape midge damage. Producers need to keep this in mind when they are selecting their varieties and planting dates.

1965 data from the Bushland Experiment Station continues to verify the fact that double rowed sorghum yields more than single rowed sorghum on 40 inch centers. Double rowed sorghum had a yield of 7,060 pounds compared to 6,322 for single rowed sorghum. We also recommend that an 8 pound seeding rate will give maximum yields.

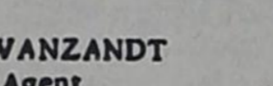

COTTON PLANTING Several of the farmers I visited with last week had put their cotton planting off till about May 2 because of the weather. Actually, I don't really believe they have hurt themselves any by not getting cottonseed in the ground before that date.

There seems to be a lot of farmers that are going to try a fungicide treatment for cotton seedling disease this year. Research results over the years have shown that the use of infurrow fungicide treatments have increased stand counts and some times increased yields. Yields would probably have been increased more consistently if seeding rates had been about 20 to 25 pounds of acid delinted seed. In many cases the fungicides did a good job and there were just too many cotton plants per foot of row. We sure believe 3 to 4 plants per foot of row will give the maximum net profit based on yields and price.

I've had several farmers ask me about the use of cotton fungicides as a hopper-box or a seed overcoat method of application. Our research people have not done any work with the seed over coat method of application and we just don't know how this method will do. I highly recommend that farmers leave a check plot of some rows without a fungicide to actually see for yourself what kind of results you obtain. The real test of any practice is the net profit returned. On testing new practices, many farmers try something one year, but to really give a true picture of the benefits, something like cotton fungicides should be tried for at least three years. If it can save a replanting one year in three, it has paid for itself the other two years more than likely when you consider all three years together.

At the start of 1966, more than 486 million individual Savings Bonds were being held by Americans, 93 per cent of which were in denominations ranging from \$25 to \$200.

FFA Banquet Monday Night

Two honorary chapter degrees will be awarded at annual Parent-Son FFA banquet which is scheduled for Monday night. The banquet will be in school cafeteria and will begin at 8, announces John Paul Jones, chapter advisor.

Also to be named at the banquet will be recipients of the star chapter farmer (upper-classman) award and the star

greenhand (freshman) award. Galen Hromas, chapter president, will be master of ceremonies for the program. Bill Caldwell, vice president, will give the welcome. Lynn Murphy, treasurer, will recognize guests and Alan Carson, reporter, will give the invocation. Bobby Redden will recite the FFA Creed.

Freshman officers will present opening ceremonies for the program. The menu will feature barbecue. The parents of FFA members will be special guests at the banquet.

Howard Shook's Mother Dies

Mrs. Pearl Shook of Oblong, Illinois, died Wednesday evening following a short illness. Mrs. Shook was the mother of Howard Shook of Bovina.

Funeral services for Mrs. Shook were held in Oblong Saturday afternoon.

Mr. and Mrs. Shook and their family left for Oblong Tuesday night after learning of her illness. They planned to return to Bovina the last of this week.

Howard Shook

Attend Scottish Rite Reunion

Four members of the Masonic Lodge here attended the semi-annual Scottish Rite Reunion at El Paso last week.

Floyd Coates of Oklahoma Lane took the Scottish Rite degree. Also attending the reunion were Tom Atkins of Farwell and Mr. and Mrs. A. B. Wilkinson and Mr. and Mrs. W. E. Williams of Bovina.

NEW PUBLICATIONS

If you are interested in clothes (who isn't) come by the office and get the new bulletin entitled "Clothing--Action--Fabrics". It is an excellent source of information on characteristics, use, care and trade names of various manmade fabrics. Also a good leaflet is available on buying or sewing permanent press fabrics. You might discover you don't know all you thought you knew about buying clothing fabrics; if so, then that's real learning. Call 481-3619 or come by the County Extension office on second floor of courthouse for a copy.

THE lady of THE HOUSE

by Mary Troy
Homemaking Consultant to Jones & Laughlin Steel Corp.

Whatever Happened To Spring Cleaning?

People still talk about "spring cleaning" but who does it? We can probably remember when our grandmothers watched for the first sign of spring and then served notice that they were about to embark on a thorough top-to-bottom house-cleaning. The next thing you knew the rugs would be taken up, the curtains pulled down, the windows opened and the house would be filled with rags, mops, pails and the strong smell of brown soap! All this seems to be a relic of a bygone age for today's housewife. For the most part she just doesn't do an annual spring cleaning anymore.

Think how different today's kitchen is from the one grandma used to use. Gone are many of the old style sinks with their hard-to-remove stains, and the seemingly endless painted surfaces which had to be washed by hand. Instead today's modern kitchen is outfitted with such easy-to-clean materials as stainless steel, now used for sinks, counters, ovens and refrigerators. Stainless steel dishwashers and appliances do automatically what was once done by hand, and the polishing chore which was so often a day-long task is eliminated when stainless steel tableware is used.

Stainless steel is so easy to keep clean--just soap and water usually restores the bright, beautiful surfaces. If you have stubborn problems, however, try the new cleaning pads especially designed for this purpose, they're made of stainless steel, too.

The result of all these improvements is an end to the big annual cleaning which seemed a necessity only a few years ago.

Second At Regional--

Jerry Roach Qualifies For State Track Meet

Jerry Roach, senior Mustang hurdler, qualified for the state high school track meet in Austin by placing second in the regional meet in Lubbock Saturday.

Roach was the only one of five members of Bovin's district championship track and field squad who qualified for regional competition to earn the trip to the "big meet" in the state capitol.

He placed second in the 180-yd. low hurdles.

The top two places in each event in regional competition are allowed to advance to the state level.

He will be one of 16 athletes entered in that event on the Class B level in the state meet.

"Hard luck" knock-outweight Roman Ramirez out of a trip to the state meet, also. In winning the district event in district, Ramirez had a better distance than did regional champion and runner-up. He won the event in district with a mark of 133 feet.

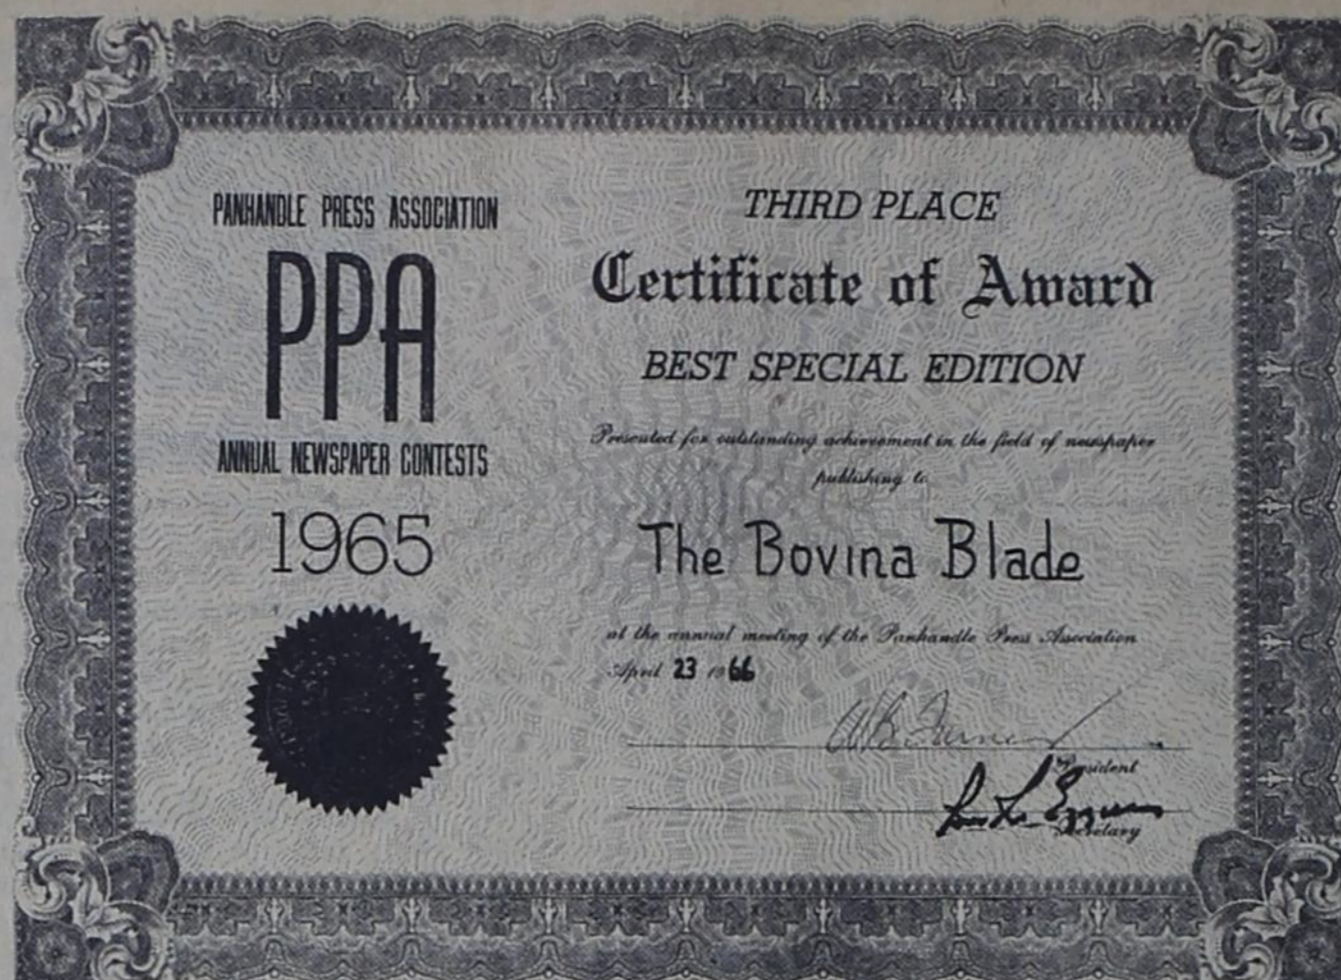

The regional winner threw for a distance of 129 feet and the runner-up had a mark of 127.

In the three allowed tries at the regional meet Saturday, Ramirez got off a bad throw his first try and then tossed of 133 and 130 the next two times but had these marks disqualified.

because he "scratched" (stepped outside the circle.) Bovin's five entries earned 17 points in the regional meet. Roach's second place in the low hurdles was worth eight points. Ramirez placed fourth in the shot put event for four points. Scotty Rundell ran fourth in the 880-yd. dash for four points and Lane Gober placed sixth in the 440-yd. dash for one point. Randy Jones failed to place in his event, the pole vault.

The regional meet was held in rainy and cold weather which handicapped the performances of all athletes participating, according to Mustang Coach Roy Stone.

Roach and Coach Stone will leave for the state track meet Wednesday of next week. The preliminaries are scheduled for Friday with the finals set Saturday.

PANHANDLE PRESS AWARD -- The Blade received this third place certificate of award in the best special edition division at the Panhandle Press Association convention in Amarillo last weekend.

Golfers Play At Regional

Bovina's High's golf team, the second place district winner, failed to place in the top four in regional competition Saturday in Lubbock. The golfers were handicapped during the meet by cold, wet weather.

Golf team members were Tommy Spears, Johnie Hugh Horn, Bill Caldwell and Larry Mitchell.

Mike Grissom, Bovina's High's entry in the tennis competition, lost his first round match to the eventual regional champion, who was from Turkey.

Patsy Cumpton, who earned the right to regional competition in shorthand event of the literary contests, did not finish in the top five. Literary contests were also held in Lubbock Saturday.

Dear Friends of El Monterrey of Clovis

As you have perhaps noticed, I am no longer associated with El Monterrey, as of April 1st, 1966.

To our kind friends everywhere -- especially of Clovis, Portales, Muleshoe, Hereford, Bovina, Friona, Sudan, Littlefield, etc., may I express my appreciation for your past patronage -- Not only for the past 8 years, during my ownership, but also for the previous 12 years when my father (Col. Weede) was associated with the Gray Reed's. As you know, my Aunt & Uncle (Sis & Gray Reed) were the original founders some 30 years ago.

Although I've sold all my interest in El Monterrey, I have retained the right to enter any business in any location -- even to direct competition to El Monterrey.

Sincerely
James A. Weede Jr.
& Family

By Vern Sanford

No creature in Texas is shrouded with so many myths and half-truths as the rattlesnake.

This deadly reptile really has more of an overblown reputation than a true case history.

Facts gathered by the Texas Department of Public Health reveal that more Texans die from insect stings than from snakebite.

But this doesn't discourage those who preach the rattlesnake myth. Even though they have no biological proof they continue to tell stories about this much-publicized reptile. Yet many people accept their statements as fact.

Here are just a few of the more common myths credited to the rattler:

1. A mama rattlesnake will swallow her young upon impending danger.
2. By stretching a Manila rope about your camp at night, you're protected since no rattlesnake will crawl over a hair rope.
3. A large rattlesnake can inject more than a teacup of venom.
4. Extract the fangs of a rattler and it is harmless forever.
5. Rattlesnake broth is a sure cure for pneumonia.

There are many other such myths. But this sampling gives you some idea as to what many people have come to accept as truthful about the rattlesnake. In fact, it has gotten to the point where it is difficult to distinguish myth from fact.

For example, it is common belief that six-foot rattlesnakes are abundant, particularly in South Texas--home of our biggest rattlers. Yet, from an advertisement in Texas Game and Fish Magazine, official publication of the State Parks and Wildlife Commission, a few years back, calling for six-foot rattlers, there was only one answer. And this one just barely made five feet.

Truth is that a rattler over five feet is rare. Many people get generous eyes when they see a big rattler. Many a four-footer has grown to six feet or more after the story has been told a few times.

One of the greatest fallacies about rattlers is that their true age can be determined by the number of rattles they carry. Yet a two-year old rattler may have as many rattles as one four years old. So, the number of rattles actually is a very poor indication of age.

Hunting rattlesnakes has become a popular winter pastime throughout Texas. In some places, such as Sweetwater, rattlesnake round-ups are staged annually. They attract contestants from throughout the state, as well as from other states.

Most hunters capture snakes by spraying gasoline into known rattler dens and catching the groggy reptiles after the fumes have driven them into the open.

Favorite weapon is a snare. It is made from a long piece of aluminum tubing with a piece of wire doubled through it, leaving a loop at one end. This loop is dropped over a snake's head and the loose ends at the opposite end are pulled to draw the loop taut.

Some people even eat rattlesnake. Those who have tried it say it is fairly delectable. It tastes something like a cross between chicken and fish.

Most famous member of the Texas rattler family is the Western Diamondback. This snake has a large and heavy body and will average between three and four feet in length. A litter of young, born alive, will average about 12, but ones of 20 or more are uncommon.

Most notable characteristics of this snake are the diamond-shaped markings along the back and the distinctive black

Your Car
by VERN WORTHINGTON

Oil With "Experience"

Had your oil changed lately? Sure you have. So have most of the nation's car owners. Added together, America's motorists discard over 800 million quarts of black, dirty oil each year--enough to fill to the brim every bathtub in the city of New York, with enough left over for Minneapolis, Minn. and Dallas, Texas.

This constant flow of crankcase drainings could constitute a serious menace to our waterways and sewage treatment facilities or, if burned, would generate an overpowering cloud of smog. But it doesn't and never has.

Why? Because of the foresight of the National Bureau of Standards way back in the early twenties, when a process was developed for "laundering and revitalizing" used oil. This process is still, essentially, used today by the re-refining industry--whose products are reported by experts to be as good or better than the new product most motorists buy.

You may not be too familiar with this oil with "experience" because most of it is grabbed up by knowledgeable users such as the bus and truck lines, car rental fleets, and stock car drivers. These professional buyers know that the original users of the oil have put it through a vital step too expensive for any refinery to provide--and have performed this costly process free.

To assure motorists of the highest standards, the
