**LEARN TO SWIM**

Join an organized swimming class. If you can already swim, learn to swim better. Here are some basic rules for swimming safety. Don't swim if you are chilled, overheated, over-tired, don't swim during a storm, never swim alone, choose a safe place for your swimming, never dive into strange waters, be accompanied by a boat if you are going to swim a long distance, know your ability and don't try to show off.

If baby's cotton dress is trimmed with delicate lace, put the garment in a mesh bag before machine-washing. Wash on delicate fabric cycle and dry on low heat setting of automatic dryer. Remove the dress from dryer while still damp.

Today there are thousands of different sizes, styles, and colors in cotton sheets.

**Rowe Cemetery**

The time is here for work to be done again on Rowe Cemetery. This work is paid for solely by voluntary contributions, and donations are needed to pay for gas and labor.

Please do your part to help keep the cemetery looking nice.

**Pre-Registration Dates Announced For Clarendon JC**

The Registrar's Office of Clarendon College has announced that pre-registration of freshman students only will be held during the period of August 22-31.

Office hours will be from 9:00 to 5:00, Monday through Friday, and 9:00 to 12:00 on Saturday. The purpose of pre-registration is to allow students to complete their class schedules prior to the time of regular registration. Such an arrangement is an advantageous one, particularly for the student who often feels bewildered and frustrated with his first experience of enrolling in college.

It allows him ample time for consultation and insures his admittance to classes which might otherwise already be filled and consequently closed. Mrs. Jean Moore, Registrar, advises all freshmen students to take advantage of this convenience offered by Clarendon College and complete their pre-registration before the August 31 deadline.

**Gasoline Tax Refund**

Farmers and ranchers will not file a claim for refund of Federal tax on gasoline used on their farm or ranch as they have done in past years according to Ronald Gooch County Agent. Instead, the refund of Federal tax on gasoline used on or after July 1, 1965, must be claimed as a credit on their annual income tax return.

This credit will first be taken on the return for the first full tax year beginning after June 30, 1965. If the return is filed on a calendar year basis, the credit for gasoline tax refund taken on their 1966 return will include the tax on gasoline used in the period from July 1, 1965 through December 31, 1966.

The refund is claimed as a credit in a manner similar to the credit for tax withheld on wages, Gooch said.

**Proposed CONSTITUTIONAL AMENDMENT NUMBER ELEVEN ON THE BALLOT**

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 8, 1966.

SENATE JOINT RESOLUTION NO. 19 proposing an Amendment to Section 49-d, Article III of the Constitution of the State of Texas, declaring state policy regarding optimum development of water reservoirs; providing for the use of the Texas Water Development Fund under such conditions as the Legislature may prescribe by General Law in the acquisition and development of storage facilities and any system of works properly appurtenant thereto; providing for the sale, lease or transfer of such facilities under General Laws; providing for long-term contracts for water storage facilities; authorizing the issuance of an additional \$200,000,000 in bonds by the Texas Water Development Board upon a two-thirds (2/3) vote of the elected members of each house; providing that anticipatory legislation shall not be invalid because of its anticipatory character; providing for the necessary election, form of ballot; and proclamation and publication.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 49-d of Article III of the Constitution of the State of Texas be amended to read as follows:

"Section 49-d. It is hereby declared to be the policy of the State of Texas to encourage the optimum development of the limited number of feasible sites available for the construction or enlargement of dams and reservoirs for conservation of the public waters of the state, which waters are held in trust for the use and benefit of the public. The proceeds from the sale of the additional bonds authorized hereunder deposited in the Texas Water Development Fund and the proceeds of bonds previously authorized by Article III, Section 49-c of this Constitution, may be used by the Texas Water Development Board, under such provisions as the Legislature may prescribe by General

Law, including the requirement of a permit for storage or beneficial use, for the additional purposes of acquiring and developing storage facilities, and any system or works necessary for the filtration, treatment and transportation of water from storage to points of treatment, filtration and/or distribution, including facilities for transporting water therefrom to wholesale purchasers, or for any one or more of such purposes or methods; provided, however, the Texas Water Development Fund or any other state fund provided for water development, transmission, transfer or filtration shall not be used to finance any project which contemplates or results in the removal from the basin of origin of any surface water necessary to supply the reasonably foreseeable future water requirements for the next ensuing fifty-year period within the river basin of origin, except on a temporary, interim basis.

"Under such provisions as the Legislature may prescribe by General Law the Texas Water Development Fund may be used for the conservation and development of water for useful purposes by construction or reconstruction or enlargement of reservoirs constructed or to be constructed or enlarged within the State of Texas or on any stream constituting a boundary of the State of Texas, together with any system or works necessary for the filtration, treatment and/or transportation of water, by any one or more of the following governmental agencies: by the United States of America or any agency, department or instrumentality thereof; by the State of Texas or any agency, department or instrumentality thereof; by political subdivisions or bodies politic and corporate of the state; by interstate compact commissions to which the State of Texas is a party; and by municipal corporations. The Legislature shall provide terms and conditions under which the Texas Water Development Board may sell, transfer or lease, in whole or in part, any reservoir and associated system or works

which the Texas Water Development Board has financed in whole or in part.

"Under such provisions as the Legislature may prescribe by General Law, the Texas Water Development Board may also execute long-term contracts with the United States or any of its agencies for the acquisition and development of storage facilities in reservoirs constructed or to be constructed by the Federal Government. Such contracts when executed shall constitute general obligations of the State of Texas in the same manner and with the same effect as state bonds issued under the authority of the preceding Section 49-c of this Constitution, and the provisions in said Section 49-c with respect to payment of principal and interest on state bonds issued shall likewise apply with respect to payment of principal and interest required to be paid by such contracts. If storage facilities are acquired for a term of years, such contracts shall contain provisions for renewal that will protect the state's investment.

"The aggregate of the bonds authorized hereunder shall not exceed \$200,000,000 and shall be in addition to the aggregate of the bonds previously authorized by said Section 49-c of Article III of this Constitution. The Legislature upon two-thirds (2/3) vote of the elected members of each House, may authorize the Board to issue all or any portion of such \$200,000,000 in additional bonds herein authorized.

"The Legislature shall provide terms and conditions for the Texas Water Development Board to sell, transfer or lease, in whole or in part, any acquired storage facilities or the right to use such storage facilities together with any associated system or works necessary for the filtration, treatment or transportation of water at a price not less than the direct cost of the Board in acquiring same; and the Legislature may provide terms and conditions for the Board to sell any unappropriated public waters of the state that might be stored in such facilities. As a prerequisite to the purchase of such storage or water, the applicant therefor shall have secured a valid permit from the Texas Water Commission or its successor authorizing the

acquisition of such storage facilities or the water impounded therein. The money received from any sale, transfer or lease of storage facilities or associated system or works shall be used to pay principal and interest on state bonds issued or contractual obligations incurred by the Texas Water Development Board, provided that when moneys are sufficient to pay the full amount of indebtedness then outstanding and the full amount of interest to accrue thereon, any further sums received from the sale, transfer or lease of such storage facilities or associated system or works may be used for the acquisition of additional storage facilities or associated system or works or for providing financial assistance as authorized by said Section 49-c. Money received from the sale of water, which shall include standby service, may be used for the operation and maintenance of acquired facilities, and for the payment of principal and interest on debt incurred.

"Should the Legislature enact enabling laws in anticipation of the adoption of this Amendment, such Acts shall not be void by reason of their anticipatory character."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on the first Tuesday after the first Monday in November, 1966, at which election all ballots shall have printed thereon the following:

"FOR the Constitutional Amendment authorizing the issuance of an additional \$200,000,000 in Texas Water Development Bonds and providing for further investment of the Texas Water Development Fund in reservoirs and associated facilities."

"AGAINST the Constitutional Amendment authorizing the issuance of an additional \$200,000,000 in Texas Water Development Bonds and providing for further investment of the Texas Water Development Fund in reservoirs and associated facilities."

Sec. 3. The Governor of Texas shall issue the necessary proclamation for the election and this Amendment shall be published in the manner and for the length of time as required by the Constitution and laws of this state.

It appearing, That on July 14, 1966, the Colorado & Southern Railway Co and the Fort Worth & Denver Railway Co. filed with this Commission notices under section 13 a (1) of the Interstate Commerce Act, as amended, that effective August 15, 1966 said carriers will discontinue service of their passenger trains Nos. 1 and 8 between Dallas Tex. and Den-

 NUMBER SEVEN ON THE BALLOT

**PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 8, 1966.**  
**HOUSE JOINT RESOLUTION NO. 13** proposing an Amendment to Sections 2 and 4 of Article VI of the Constitution of the State of Texas so as to repeal the provision making payment of the poll tax a requirement for voting and so as to authorize the Legislature to provide for the registration of all voters.  
**BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:**

Section 1. That Section 2 of Article VI of the Constitution of the State of Texas be amended, effective February 1, 1968, by deleting the following language:  
 "and provided further, that any voter who is subject to pay a poll tax under the laws of the State of Texas shall have paid said tax before offering to vote at any election in this State and hold a receipt showing that said poll tax was paid before the first day of February next preceding such election. Or if said voter shall have lost or misplaced said tax receipt, he or she, as the case may be, shall be entitled to vote upon making affidavit before any officer authorized to administer oaths that such tax receipt has been lost. Such affidavit shall be in writing and left with the judge of the election. The husband may pay the poll tax of his wife and receive the receipt therefor. In like manner, the wife may pay the poll tax of her husband and receive the receipt therefor." and by substituting therefor the following language:

"provided, however, that before offering to vote at an election a voter shall have registered annually, but such requirement for registration shall not be considered a qualification of an elector within the meaning of the term 'qualified elector' as used in any other Article of this Constitution in respect to any matter except qualification and eligibility to vote at an election. Any legislation enacted in anticipation of the adoption of this Amendment shall not be invalid because of its anticipatory nature."

The text of this Section, as so amended, is shown below, with the deleted language marked through by a broken line and with the new

language underscored:

"Section 2. Every person subject to none of the foregoing disqualifications who shall have attained the age of twenty-one (21) years and who shall be a citizen of the United States and who shall have resided in this State one (1) year next preceding an election and the last six (6) months within the district or county in which such person offers to vote, shall be deemed a qualified elector; and ~~provided further, that any voter who is subject to pay a poll tax under the laws of the State of Texas shall have paid said tax before offering to vote at any election in this State and hold a receipt showing that said poll tax was paid before the first day of February next preceding such election. Or if said voter shall have lost or misplaced said tax receipt, he or she, as the case may be, shall be entitled to vote upon making affidavit before any officer authorized to administer oaths that such tax receipt has been lost. ### Proposed CONSTITUTIONAL AMENDMENT NUMBER FIVE ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 8, 1966.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 62 of Article XVI of the Constitution of the State of Texas be amended by adding thereto a subsection (c) which shall read as follows:

"It is the further intention of the Legislature, in submitting this Constitutional Amendment, that the officers and employees of the county or other political subdivision of the state or political subdivision of a county may be included in those systems regardless of whether the county or other political subdivision of the state or political subdivision of the county participates in the Retirement, Disability and Death Benefit System authorized by this Constitutional Amendment, or whether they participate in a System under the provisions of subsection (b) of Section 62 of Article XVI of the Texas Constitution as the same is herein amended."

HOUSE JOINT RESOLUTION NO. 79 proposing an amendment to Article VIII, Constitution of the State of Texas, by adding Section 1-d to provide that all land owned by natural persons designated for agricultural use shall be assessed for all tax purposes on the consideration of only those factors relative to such agricultural use.

**BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:**

Section 1. That Article VIII, Constitution of the State of Texas, be amended by adding Section 1-d to read as follows:

"Section 1-d. (a) All land owned by natural persons which is designated for agricultural use in accordance with the provisions of this Section shall be assessed for all tax purposes on the consideration of only those factors relative to such agricultural use. 'Agricultural use' means the raising of livestock or growing of crops, fruit, flowers, and other products of the soil under natural conditions as a business venture for profit, which business is the primary occupation and source of income of the owner.

"(b) For each assessment year the owner wishes to qualify his land under provisions of this Section as designated for agricultural

use he shall file with the local tax assessor a sworn statement in writing describing the use to which the land is devoted.

"(c) Upon receipt of the sworn statement in writing the local tax assessor shall determine whether or not such land qualifies for the designation as to agricultural use as defined herein and in the event it so qualifies he shall designate such land as being for agricultural use and assess the land accordingly.

"(d) Such local tax assessor may inspect the land and require such evidence of use and source of income as may be necessary or useful in determining whether or not the agricultural use provision of this article applies.

"(e) No land may qualify for the designation provided for in this Act unless for at least three (3) successive years immediately preceding the assessment date the land has been devoted exclusively for agricultural use, or unless the land has been continuously developed for agriculture during such time.

"(f) Each year during which the land is designated for agricultural use, the local tax assessor shall note on his records the valuation which would have been made had the land not qualified for such designation under this Section. If designated land is subsequently diverted to a purpose other than that of agricultural use, or is sold, the land shall be subject to an additional

tax. The additional tax shall equal the difference between taxes paid or payable, hereunder, and the amount of tax payable for the preceding three years had the land been otherwise assessed. Until paid, there shall be a lien for additional taxes and interest on land assessed under the provisions of this Section.

"(g) The valuation and assessment of any minerals or subsurface rights to minerals shall not come within the provisions of this Section."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held on the first Tuesday after the first Monday in November, 1966, at which election all ballots shall have printed on them the following:

"FOR the Constitutional Amendment to provide that all land owned by natural persons designated for agricultural use shall be assessed for all tax purposes on the consideration of only those factors relative to such agricultural use.

"AGAINST the Constitutional Amendment to provide that all land owned by natural persons designated for agricultural use shall be assessed for all tax purposes on the consideration of only those factors relative to such agricultural use."

**Cotton Nominated No. One Choice For Schoolwear**

Mothers have nominated cotton as the number one fiber for children's schoolwear.

This preference is indicated in a national survey by the U. S. Department of Agriculture of more than 2,400 mothers of children between the ages of 1 and 13.

The mothers were asked their fiber preferences and reasons for their preferences in selected items of children's clothing.

Seven out of 10 stated a preference for cotton for girl's school blouses and 8 out of 10 preferred cotton for schoolboys' sport shirts. The major reasons cited for picking cotton for these two uses were appearance and launderability.

Seven out of 8 mothers picked cotton as their preference for their sons' school pants, while 4 out of 10 preferred corduroy and other cottons for their daughters' school skirts. The second-ranking fiber in the school skirt category drew the votes of one out of 4 mothers.

Both corduroy and other cotton were credited with being long-wearing and easy to care for in the school pants category; corduroy also scored heavily for warmth. Cotton rated well for skirts on appearance and washability. Corduroy has the additional advantage of warmth.

In girls' slips, more than 60 per cent of the mothers preferred cotton, while 3 out of 9 preferred cotton for their daughters' dress-up dresses. Durability and ease of washing were the major advantages cited for cotton in these categories.

The mothers were asked also if they had any criticism of their preferred fiber. Among those who preferred cotton, comparatively few—between 15 and 18 per cent—voiced any objection to the fiber, while 45 per cent of those who chose the second-ranking fiber mentioned criticisms.

When asked about wash and wear clothing, nearly half of the mothers who stated a fiber preference picked cotton, with ease of care and appearance being the major reasons given.

Of the 60 per cent of the mothers who reported their schoolchildren had rainwear, three out of seven stated a preference for rubber-coated or treated cotton for their children's raincoats. Major reasons cited for rubber-coated cotton were durability and effectiveness, and for treated cotton, durability, attractiveness, and its suitability for varied occasions.

## Gasoline Tax Refund

Farmers and ranchers will not file a claim for refund of Federal tax on gasoline used on their farm or ranch as they have done in past years according to Ronald Gooch County Agent. Instead, the refund of Federal tax on gasoline used on or after July 1, 1965, must be claimed as a credit on their annual income tax return.

This credit will first be taken on the return for the first full tax year beginning after June 30, 1965. If the return is filed on a calendar year basis, the credit for gasoline tax refund taken on their 1966 return will include the tax on gasoline used in the period from July 1, 1965 through December 31, 1966.

The refund is claimed as a credit in a manner similar to the credit for tax withheld on wages, Gooch said.

**News From Our County Agent**

Bagworm damage to evergreens such as arbovitae, cedar and other evergreen species is being found now, says County Agent Ronald Gooch. Evergreens should be watched carefully at this time of year, especially if old worm bags are found on the tree. Wingless females crawl out die after laying eggs inside the bag. In this case, each bag may contain hundreds of eggs which hatch into tiny larvae. The newly-hatched larvae immediately start to make bags by chewing off small pieces of the tree. Young worms carry the bags wherever they go. The larvae can be killed with insecticides applied when the bagworms are still small. Chemical controls are ineffective when worms are full grown.

Chemicals suggested as controls include Sevin, Malathion or Toxaphene. The insecticide applications should be applied at 7 to 10 day intervals until the bagworms are eliminated. Directions on the container should be followed carefully, the county agent emphasized.

Section 1. That Section 9, Article IX of the Constitution of the State of Texas be amended to read as follows:

"Section 9. The Legislature may by law provide for the creation, establishment, maintenance and operation of hospital districts composed of one or more counties or all or any part of one or more counties with power to issue bonds for the purchase, construction, acquisition, repair or renovation of buildings and improvements and equipping same, for hospital purposes; providing for the transfer to the hospital district of the title to any land, buildings, improvements and equipment located wholly within the district which may be jointly or separately owned by any city, town or county, providing that any district so created shall assume full responsibility for providing medical and hospital care for its needy inhabitants and assume the outstanding indebtedness incurred by cities, towns and counties for hospital purposes prior to the creation of the district, if same are located wholly within its boundaries, and a pro rata portion of such indebtedness based upon the then last approved tax assessment rolls of the included cities, towns and counties if less than all the territory thereof is included within the district boundaries; providing that after its creation no other municipality or political subdivision shall have the power to levy taxes or issue bonds or other obligations for hospital purposes or for providing medical care within the boundaries of the district; providing for the levy of annual taxes at a rate not to exceed seventy-five cents (75c) on the One Hundred Dollar valuation of all taxable property within such district for the purpose of meeting the requirements of the district's bonds, the indebtedness assumed by it and its maintenance and operating expenses, providing that such district shall not be created or such tax authorized unless approved by a majority of the qualified property taxpaying electors thereof voting at an election called for the purpose; and providing further that the support and maintenance of the district's hospital system shall never become a charge against or obligation of the State of Texas nor shall any direct appropriation be made by the Legislature for the construction, maintenance or improvement of any of the facilities of such district.

Provided, however, that no district shall be created except by act of the Legislature and then only after thirty (30) days' public notice to the district affected, and in no event may the Legislature provide for a district to be created without the affirmative vote of a majority of the taxpaying voters in the district concerned.

The Legislature may also provide for the dissolution of hospital districts provided that a process is afforded by statute for:

- (1) determining the desire of a majority of the qualified voters within the district to dissolve it;
- (2) disposing of or transferring the assets, if any, of the district; and
- (3) satisfying the debts and bond obligations, if any, of the district, in such manner as to protect the interest of the citizens within the district, including their collective property rights in the assets and property of the district, provided, however, that any grant from federal funds, however dispensed, shall be considered an obligation to be repaid in satisfaction and provided that no election to dissolve shall be held more often than once each year. In such connection, the statute shall provide against disposal or transfer of the assets of the district except for due compensation unless such assets are transferred to another governmental agency, such as a county, embracing such district and using such transferred assets in such a way as to benefit citizens formerly within the district.

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this State at an election to be held on the first Tuesday after the first Monday in November, 1966, at which election all ballots shall have printed thereon the following:

"FOR the constitutional amendment providing the method and manner for dissolution of hospital districts.

"AGAINST the constitutional amendment providing the method and manner for dissolution of hospital districts."

Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation providing the election and this amendment shall be published in the manner and for the length of time as required by the Constitution and laws of this State.
