DID YOU KNOW THAT:

Since 1928 the Texas Forest Service has produced 415 million one-year old baby seedlings in its nurseries for reforestation purposes by Texas landowners. Set out with a spacing of 6 by 8 feet this number would be sufficient to plant 457,000 acres, an entire county the size of Trinity or Wood. Today, the Indian Mound Forest Tree Nursery near Alto in Cherokee County produces about eight million trees annually.

There have been several local winners in the "Race to Space" contest sponsored locally by the two Conoco stations, Charlie Johnson Conoco and Saunders Conoco.

54 YEARS OF CONTINUOUS SERVICE

Housing Loans

More than 67 rural people in Armstrong, Donley and Gray Counties have new or vastly improved homes as a result of \$157,210 00 in insured loan funds advanced through the Farmers Home Administration in the past two years, Claude Moore, local County Supervisor of the supervised credit agency reported today. Approximately \$83,000 00 was advanced in 1967.

The rural housing program was greatly expanded in 1965 when, as part of President Lyndon B Johnson's effort to strengthen rural America, the financing of the loans was switched from federal to private sources. Practically all of the rural housing funds now come from private sources on an insured basis.

Of the amount loaned during the past two years, senior citizens, 62

years or older received \$24,110 00.

The construction that took place as a part of this credit program provided 2672 man-days of employment for local carpenters, plumbers, electricians and masons.

In addition, the housing funds circulating through the three counties gave the local economies a \$1,100,470 00 boost.

The Road Report . . . BY ARBA

**IT PAYS
 TO BE
 SHIFTY-EYED**

When you are driving, don't stare at a fixed point on the roadway ahead. Keep the eyes shifty to get the full picture of what is ahead—traffic signs, signals, other vehicles, pedestrians, intersections, curves, hills or any other hazard—and to avoid drowsiness.
