Funeral services for Hense G. Dickson, 70, of Amarillo, who passed away there Tuesday, Oct. 29 were held Thursday in Blackburn-Shaw Memorial Chapel in Amarillo by Min E. R. Carver. Burial was in Rowe Cemetery here with Masonic graveside rites.

Mr. Dickson was a native of Hot Springs Ark. and was a retired Santa Fe Railroad fireman. He had been a resident of Amarillo since 1925.

To Attend Convention

Local witnesses will spend 3 days in Levelland this week attending a Christian convention sponsored by the Watchtower Society and Texas Circuit #9 of Jehovah's Witnesses, Nov. 8-10.

Mrs. Eva Mae George and her daughter, Pat are numbered among the area Witnesses who are planning to attend. More than 500 are expected at the meeting representing some 30 communities in the Panhandle of Texas.

The theme of the gathering is entitled, "Sharing Fully in Preaching the Good News," according to Jack Cobb, presiding minister for the Memphis congregation. The assembly will feature 3 days of intensive Bible training with a baptism of new ministers as one of the convention highlights.

Climax of the meeting will come Sunday afternoon at 3 p. m. when the main speaker, L. M. Dugan, traveling representative from the world headquarters of the Witnesses in New York, will speak on the subject, "God's Way is Love."

Sessions will be held in the Levelland High School Auditorium beginning Friday evening at 6:45.

LIONS ROAR

Next week is regular Lions Club meeting night. Time will probably be 7 p. m. and the ladies of the Sodality Club will probably serve. You will probably get an excellent meal. We will probably have a good program also.

Since the fourth Thursday falls on Thanksgiving night this meeting will probably be skipped. The

Receive Certificates

We note in last week's Wellington Leader that Texas Christian University of Fort Worth has presented certificates of appreciation to two Wellington men for their work with the TCU Ranch Training Program.

They are James Doneghy, owner of the Doneghy Ranch, and Jack Moreman, manager of the ranch.

This help has been given during several years the class has visited the ranch to study its methods of operation. On each visit Mr. Moreman explains the breeding program and shows the class over the ranch, and also shows them the office procedure which has become a part of modern ranching.

Mrs. Lou Alta Sims

Funeral services for Mrs. Lou Alta Sims, 43, of Borger, who passed away there last Wednesday, were held Thursday in Borger by Rev. Jimmy Gilmore. Burial was in a Borger cemetery.

Mrs. Sims was a native of MeLean and had lived in Borger for 18 years.

She is survived by her husband, Eugene; two sons, Gene of Canyon and Randall of Borger; her parents, Mr. and Mrs. R. L. Harlan of Spring Creek; and three brothers, R. L. Harlan III of Borger, Eddie Harlan of Skellytown and Merle Harlan of Fort Worth.

She was an aunt of R. D. Reynolds.

Card of Thanks

I would like to express my thanks to all for your prayers, cards, flowers, visits and gifts during my illness.

May God bless each of you.

Mrs. Jeanette Floyd

Mr. and Mrs. Billy Wiggins of Silverton announce the arrival on Thursday, Oct. 31, of a fine little son, weight 6 lbs. 7 oz.

Clyde Boyd was injured last week end while working at home when a drill he was using fell and struck him in the face.

Lions will probably have eaten enough turkey not to mind missing this meal. It will probably be made up with a big ladies night. This will probably be held on or about New Years night.

News From Our County Agent

The screwworm epidemic continues in Texas with a whopping 1,431 cases during the two-week reporting period of Sept. 29 through Oct. 12, according to County Agent Ronald Gooch. Screwworm cases close to Donley County were reported, with infestations found in Swisher and Motley Counties. Heavy sterile fly treatment is continuing in counties that have screwworm infestations.

The Mission Screwworm Laboratory officials expressed fear that these outbreaks will continue northward unless livestock owners hold off on all animal surgery until cold weather arrives. Livestock producers are urged to check their animals closely and treat all wounds. Samples of all worms

found in wounds should be collected and sent to the Mission Screwworm Laboratory for identification. Mailing vials for sending samples are available at the County Agent's office, Gooch said.

Commodity Loans

Growers are cheating themselves if they market their crops at prices below the CCC loan rate levels. The price support loan program was developed as a means of helping farmers sell their crops at a time when market conditions are most favorable, and that time normally is not at harvest time when supplies are ample and prices are likely to be down Government loan gives an immediate return to the participating farmer at harvest time, and at the same time the farmer retains control of his crop By storing it for a while and then repaying the loan and selling the crop later after the marketing peak, the grower frequently can get a much better price.
