Stephens-Saunders

Miss Nancy Kay Saunders, daughter of Mrs. Otis Holland and the late R. M. Saunders, and Henry Clay Stephens, son of Mr. and Mrs. Wilson Stephens, were united in marriage Saturday evening, May 15, in the First Baptist Church. Rev. J. J. Terry performed the double ring ceremony before an altar flanked by baskets of gladiolas.

Mrs. Shirley Reynolds sang, accompanied by organist Gail Holland, and Mrs. Reynolds at the organ furnished the nuptial selections.

Given in marriage by Otis Holland, the bride wore a floor length dress of white lace over satin, with full length sleeves and a shoulder length veil of illusion. She carried a bouquet of stephanotis accented by an orchid.

Miss Cindy Saunders, sister of the bride, served as bridesmaid. She wore a mint green street length dress with long sleeves, trimmed in white, and carried a nosegay of white carnations.

Best man was Coy Stephens of Pampa, brother of the groom, and ushers were Doyle Clendennen and Mike Chilton of Clarendon.

The bride's mother wore a peach and white dress with beige accessories and an orchid corsage. The groom's mother wore a pink dress with white accessories and an orchid corsage.

A reception followed in the fellowship hall of the church. Mrs. Coy Stephens of Pampa presided at the register. The reception table decor carried out the bride's chosen colors of green and white. The table was laid with a white linen cloth and featured a three tiered wedding cake topped with a bell, and lime punch.

Serving at the table were Mrs. Judy Clendennen and Mrs. Sandra Baggett, sisters of the bride.

For going away the bride chose an orchid dress with harmonizing accessories and the orchid from her bridal bouquet. After a short wedding trip they will be at home in Hedley, where the groom is employed. He will be leaving soon to begin service in the Air Force.

The bride is employed with Addie Lou's House of Beauty at Memphis.

Storm Warning

Since the tornado season is with us again, it is time to remind everyone of the signals

sounded by the fire siren. One blast of the siren indicates a fire, two blasts are to call the department together, and three blasts indicate a storm.

Three blasts do not necessarily indicate that a tornado has been sighted, but they do mean that everyone should watch the clouds and take whatever action seems to be necessary.

Existing without central gas air conditioning is no way to live.

This summer and every summer central gas air conditioning can keep you cool, at a price you can live with. Very comfortably.

To begin with, you'll save in installation costs.

Just add a cooling unit to the furnace

and ductwork of your central gas heating system. And there you have it. A complete central gas cooling system.

You'll continue to save while you keep cool. Because gas is cheaper to use than electricity. And our special low summer rates for central gas cooling bring down the cost even more.

Through the years you'll find that your

maintenance costs are extremely low. Because central gas air conditioning is beautifully designed. Simply and ruggedly. With fewer moving parts to go wrong.

It all adds up. This summer, have central gas air conditioning installed in your home. And find out how really sweet it is.
