## Red Cross

Citizens of Donley County:

Due to the fact that there has not been a Red Cross drive in Donley County for two years our local chapter is in the red.

If we met our quota nationally for twenty years it would not be equal to what was spent in our county this past year for disaster relief.

Red Cross is the only agency which has contacts for our servicemen to receive emergency leaves. Red Cross assists those stranded away from home.

We could be training our youth in water safety, first aid and home nursing through Red Cross. We could be using Red Cross blood

banks and have a Gray Lady unit when our hospital is complete

How can we depend on Red Cross unless Red Cross can depend on us? Please be generous with your contribution this year.

Since the tornado season is with us again, it is time to remind everyone of the signals sounded by the fire siren. One blast of the siren indicates a fire, two blasts are to call the department together, and three blasts indicate a storm.

Three blasts do not necessarily indicate that a tornado has been sighted, but they do mean that everyone should watch the clouds and take whatever action seems to be necessary.

## Four months of picnic food is no picnic.

Get central gas air conditioning and bring back meat and potatoes.

Some days you wouldn't even boil an egg. Let alone cook a meal. But with central gas cooling you can cook a banquet. Without heating up your home.

With central gas air conditioning, it only costs a little to add a lot to your living.

First of all, you'll save in installation costs. Because you just add a cooling unit to your existing central gas heating system. But that's just part of the savings. Gas costs less to use than electricity. And

we give you a special low rate for central gas air conditioning during those sweltering summer months. When you need central air cooling the most.

So go ahead. Have central gas cooling installed. And save the picnic food for the great outdoors.

This one will grow on you.

**Be somebody.**

Hunger hurts children most, in body and mind; kills from diseases a well-nourished child can withstand. When you join CARE's Food Crusade, your help goes to children first, in countries beset by hunger.

Every dollar sends a food package to do a multitude of good. You help feed millions of boys and girls every day at preschool centers and schools, so they can grow into healthy, educated, self-supporting adults. You provide meals at home in food-for-work projects to help parents build community resources. You rescue families in war and disaster areas, and help them rebuild their lives.

With your money, CARE delivers U.S. donations of farm abundance or buys other needed foods. Local governments share operating costs. \$1 can help feed a child for 3 months... \$10 serves lunch to 900 children... \$100 sends over a ton of food. Mail your check.

**Medicare Monthly Cost Raised 30c**

The premium for medical insurance under Medicare will be increased by 30¢ a month beginning July 1, 1971, according to Travis C Briggs, social security district manager.

The law requires that this part of Medicare be kept on a "pay-as-you-go" basis and increased use of medical services as well as higher costs made a premium increase necessary. The additional 30¢ paid by the beneficiary will also be matched by the Government as is the balance of the premium. This means that the medical insurance will continue to be worth twice the amount you pay.

For most beneficiaries the monthly premium will be \$5 60 and if they are receiving a social security check, it will be automatically deducted from the check. Those people who are not receiving a monthly check will be billed for the additional premium amount of their regular quarterly billing schedule.

If you need more information regarding Medicare, call your social security office at 376 5151, or if you prefer visit the office at 317 East Third Amarillo.
