Storm Warning

Since the tornado season is with us again, it is time to remind everyone of the signals sounded by the fire siren. One blast of the siren indicates a fire, two blasts are to call the department together, and three blasts indicate a storm.

Three blasts do not necessarily indicate that a tornado has been sighted, but they do mean that everyone should watch the clouds and take whatever action seems to be necessary.

Amazing new gas oven ends scrubbing.

You can cook with this oven 365 days a year and never have to scrub it. Because it actually cleans itself as it cooks!

Think what this means.

Never again will you have to go through the grimy job of scrubbing an oven (most women hate this job more than any other).

Never again will you have to face an all day cleaning job—because you've put it off too long.

The gas continuous cleaning oven is just one of many exciting features on today's gas ranges. See them at your appliance dealer, or Lone Star Gas.

And cross your grubbiest job off your list. Forever.
