# Aunt Sarah, I love you.

Remember my 10th birthday, when you gave me that funny piece of green paper and everybody made such a fuss over it. (Except me.) Frankly, it was a pretty disappointing present for a kid. I couldn't eat it, couldn't play with it, couldn't wear it—and Mom took it away from me practically the minute I got it.

And every birthday after that (and Christmas, too), you gave me another one of those Bonds, you called them. I thought you were pretty gooney.

At least, I never had to guess what I was going to get from good old reliable Aunt Sarah.

And what I got was good old reliable U.S. Savings Bonds.

What I didn't realize then was that you gave me a gift of security for the future. Thanks to you and those Bonds, I had extra funds for college. And they helped when I bought my first new car.

Next week, I'm giving my nephew, Harry, his first U.S. Savings Bond. I know the kid is gonna think I'm some kind of nut. But, someday...

Bonds are safe. If lost, stolen, or destroyed, we replace them. When needed, they can be cashed at your bank. Tax may be deferred until redemption. And always remember, Bonds are a sound way to save.

**Take stock in America.**  
Now Bonds pay a bonus at maturity.
