Postal Week

Postmaster Elva Davis announced plans today for "Postal Week" to be observed here April 29 through May 5.

Postmaster General E. T. Klassen said the postal week observances are "an appropriate occasion for the recognition of the vital responsibilities assigned to the mail service and a valid time to take stock of the challenges which must be met by postal people and by the millions of citizens throughout America who depend upon the mail as an essential part of their personal and business lives."

As part of the observance, the Hedley, Texas post office will join with the nation's 31,000 other post offices in issuing 10 special stamps honoring postal employees.

As the Postmaster General said in his message, "we need the informed understanding, cooperation and support of every citizen." I think we have this to an exceptional degree in the Hedley Community and part of the purpose of postal week will be to show our appreciation.

On April 30, "Postal People Day," customers will be given attractive souvenir envelopes. In addition, the Postmaster said a quantity of cacheted envelopes will be prepared in advance bearing all 10 Postal People stamps. These first day covers as they are known to collectors, will be post-marked by hand with the local post office postmark and will be

Memorial Cards

Rowe Cemetery has nice Memorial Cards ready to be used. Inquire about them from O'Neill Weatherly.

Memorials are used by a large number of people who prefer them to floral memorials.

Ask about them and use them to help keep our cemetery work going.

Storm Warning

Since the tornado season is with us again, it is time to remind everyone of the signals sounded by the fire siren. One blast of the siren indicates a fire, two blasts are to call the department together, and three blasts indicate a storm.

Three blasts do not necessarily indicate that a tornado has been sighted, but they do mean that everyone should watch the clouds and take whatever action seems to be necessary.

There's a future in it for someone.

Your son's education for instance.

But by the time he's ready for college his education may well cost a small fortune.

The kind you just don't have lying around under a bed.

That's just the reason why your government has a great thing going. A U.S. Savings Bond.

In themselves they're not a quick buck. They won't make you that fortune overnight.

But in the long run they do pay off. Darn well at that. And at a guaranteed rate.

Starting a savings plan is easy.

You can join a Payroll Savings Plan where you work. Or get into a Bond-A-Month Plan where you bank.

Then watch someone's future grow. Like your son's.

Aunt Sarah, I love you.

Remember my 10th birthday, when you gave me that funny piece of green paper and everybody made such a fuss over it. (Except me.) Frankly, it was a pretty disappointing present for a kid. I couldn't eat it, couldn't play with it, couldn't wear it—and Mom took it away from me practically the minute I got it.

And every birthday after that (and Christmas, too), you gave me another one of those Bonds, you called them. I thought you were pretty gooney.

At least, I never had to guess what I was going to get from good old reliable Aunt Sarah.

And what I got was good old reliable U.S. Savings Bonds.

What I didn't realize then was that you gave me a gift of security for the future. Thanks to you and those Bonds, I had extra funds for college. And they helped when I bought my first new car.

Next week, I'm giving my nephew, Harry, his first U.S. Savings Bond. I know the kid is gonna think I'm some kind of nut. But, someday...

Bonds are safe. If lost, stolen, or destroyed, we replace them. When needed, they can be cashed at your bank. Tax may be deferred until redemption. And, always remember, Bonds are a proved way to save.
