Over 200,000,000 prescriptions
will be filled by Rexall Pharmacists
this year—there must be a reason!

As a matter of fact there are several reasons why the nation's Rexall Pharmacies fill this tremendous number of prescriptions.

Only the stores which bear this sign...the sign of over 10,000 Rexall Drugstores...have the exclusive right to offer drugs developed and perfected in the world-famous Rexall laboratories. In addition, the Rexall Pharmacist carries stocks from the entire pharmaceutical industry. You always receive the finest quality drugs available.

Prescriptions are the lifeblood of every Rexall Drugstore. Each Rexall Pharmacist is painstakingly accurate in making certain you receive exactly what your doctor prescribed. His primary concern is your good health and that of your family.

Most Rexall pharmacists are independent businessmen...owning their own stores. Their pride of ownership and efficient operation is evidence of customer satisfaction. By choosing to identify their stores with the Rexall name they have accepted the Rexall guarantee...every Rexall Brand drug product is guaranteed to satisfy or your money back.

These are a few of the reasons for Rexall's popularity. Take your next prescription to a Rexall Pharmacist...discover the other reasons for yourself.

Question:

Will you have enough natural gas for your home this winter?

Answer:

Yes!

Let's lay this question to rest once and for all. Lone Star Gas Company has enough natural gas reserves under contract to adequately supply our residential, commercial and other higher priority customers for many winters.

To be sure we have enough for these consumers, we will make some extensive curtailments of service to our large volume customers during extreme cold weather this winter. In fact, our contracts with large volume customers anticipate the need to curtail up to 100% of their needs during these cold periods. This allows us to assure service to residential, commercial and other higher priority customers.

We're taking major steps to make sure you have gas for the future. New gas we're buying costs more than *four times the price* we paid just a few years ago. This is an astonishing amount of money! But it's the price all of us must pay for a continuing supply of natural gas energy.

This winter, and in the future, natural gas from Lone Star will continue to be your best method of home heating, water heating and cooking...just as it has been for more than 40 years. But we all must remember to help conserve this precious energy fuel.

They laughed when I bought my first Bond.

In my neighborhood everyone was poor. Most of us were lucky if we had enough food to eat or clothes to wear. So like most kids we spent a lot of time talking about the things we wanted out of life. Things like owning a big car, wearing fine clothes and going to all of the best places. Boy, we could hardly wait to grow up.

Like the other kids I had little odd jobs in grammar school but I got my first real job when I started high school. I was a junior clerk in a big department store. That's where I first heard about U.S. Savings Bonds. My boss asked me if I wanted to join the Payroll Savings Plan and I said yes. A month later I got my first bond.

When my friends found out they really had a good laugh. Imagine buying U.S. Savings Bonds when there were so many other great things to buy. Well, they kept laughing and I kept saving all through high school.

After graduation some of us wanted to go to college. And that's when my Bonds really came in handy. They not only helped pay my tuition, but also helped buy some books.

Well, I'm a senior now and looking forward to graduation. Unfortunately, a lot of my friends never even got started. And to think, they laughed when I bought my first Bond.

Now E Bonds pay 5 1/4% interest when held to maturity of 5 years, 10 months (4% the first year). Bonds are replaced if lost, stolen, or destroyed. When needed they can be cashed at your bank. Interest is not subject to state or local income taxes, and federal tax may be deferred until redemption.

Take stock in America.

Greenbelt Meeting

Clifford Johnson attended the monthly meeting of the Greenbelt Water Authority directors at Childress last Thursday.

The report for December and for all of 1973 was very good. Greenbelt water is now furnished to customers 15 miles west of Crowell. This represents a downhill flow of about 135 miles. Fantastic, isn't it?

Both February and March meetings of the board will be held in Childress because of the energy crisis. Childress is the most centrally located of the five Greenbelt cities. The others are Clarendon, Hedley, Quanah and Crowell.

Mrs. J. P. Gilbreth is reported doing nicely after surgery in Amarillo Saturday.
