Are you going to live longer than your money?

Maybe you're having a pretty good life now. Your credit is good, you've got a few nice clothes and a good dependable car. And if you're lucky, maybe you own your own home. But that's because you're working. What happens when you retire? You can't live on memories. It's still going to take money. Lots of money. Money that you should be saving now.

And one of the easiest ways to start putting away a few dollars for those retirement years is by joining the Payroll Savings Plan where you work and buying U.S. Savings Bonds.

That way every time you earn a little money for today, you save a little for tomorrow.

Then when the time finally comes to retire, you'll have something put away to retire to.

How it works: pay \$10 interest when held to maturity of 5 years. If needed up to the first year's maturity you may cash or borrow. When needed they can be cashed at your bank. Interest is not subject to state or local income taxes, and federal tax may be deferred until redemption.

Three blasts do not necessarily indicate that a tornado has been sighted, but they do mean that everyone should watch the clouds and take whatever action seems to be necessary.

18 Year Olds Must Still Register

John Rankin, Chairman of Local Board No. 52, advises all young men that, although inductions into the Armed Forces have ended, they still must register with Selective Service at the age of 18.

A young man may register 30 days before or 30 days after his 18th birthday—but he must register. Failure to do so makes the young man liable to an extreme penalty of five years in prison and \$10,000 fine.

Mr. Rankin urges young men to keep their records clean by timely registration with Selective Service, and added, "If a young man has reached the age of 18 and has not yet registered he should do so as soon as possible."

Local Board No. 52 serves Gray, Wheeler, Roberts and Donley counties and is located in the Post Office Building, 120 E. Foster, Pampa, Texas. Registrars are located in the Courthouse in Wheeler, Roberts and Donley counties and in the Post Office buildings for convenience.

Dr. and Mrs. C. S. Whitmore of Harrison, Ark., visited Myrtella Deahl last Tuesday. They were met here by Mrs. C. W. Whitmore and Nettie Sims of Houston, and all went to the JA Ranch, then on to Philmont, N. Mex.

Your son's education for instance. But by the time he's ready for college his education may well cost a small fortune. The kind you just don't have lying around under a bed. That's just the reason why your government has a great thing going. A U.S. Savings Bond. In themselves they're not a quick buck. They won't make you that fortune overnight. But in the long run they do pay off. Darn well at that. And at a guaranteed rate. Starting a savings plan is easy. You can join a Payroll Savings Plan where you work. Or get into a Bond-A-Month Plan where you bank. Then watch someone's future grow. Like your son's.
