## New Trash Truck

The new packer trash hauling truck purchased by the City of Hedley has now arrived. It will be a great improvement, but it will require some changes in the method of handling trash.

All trash should now be divided into burnable and non-burnable materials until further notice. It is suggested that regular trash cans of about 20 gallon capacity, plastic bags or boxes should be used, so that they can be handled by one man. Please place together cans and other such material as can be compressed, with burnable material in a separate container. No burned material will be picked up in the new truck.

There will have to be a trash hauling charge, to be determined later by the city council. Hedley is probably the last town in this entire area to have no trash hauling charge.

It should be understood that this is not necessarily what your city officials would like to do, but to comply with state and federal regulations it has become absolutely necessary.

If you have any questions, call the City Hall.

## Pallbearers

Pallbearers for the funeral of Mrs. Letha Springer last Wednesday were Doyle Messer, Harold White, Connie DeBord, Glyndel Holland, James Duke and John Farris.

Honorary pallbearers were Jack Webster, James Potts, Woodroe Farris, Earl Wheatly, Garland Freeman and Charlie Johnson.

## Assigned To Hawaii

Sept. 1974, FHTNC—Navy Machinist's Mate, Fireman Apprentice Tommy W. Clendennen, son of Mr. and Mrs. Tom Clendennen of Hedley, Tex., graduated from the basic enlisted Submarine School in Groton, Conn.

He received instruction in submarine escape, safety, systems and operating principles in preparation for assignment to submarines in the Atlantic or Pacific fleets.

He is a former student of Hedley High School.

Tommy will be assigned to Hawaii at present.

## To Sell Lots

Sheriff Frank Lindsey Jr. will sell several lots in Hedley at public sale at the courthouse in Clarendon on Tuesday, Nov. 5.

These lots include lots belonging to the Walter B. Rowland estate, the E. E. Bailey estate, the A. F. Bilderback estate, the B. E. Harris estate, and the C. B. McLaughlin estate.

## Card of Thanks

We wish to express our heartfelt thanks and appreciation to all our good friends and neighbors that shared our sorrow in the death of our dear loved one, and the ones that sent flowers, memorial donations, food, and kind words of sympathy. A special thanks to Bro. Travis Gilliland and Bro. Bright Newhouse for the messages and prayers and a special thank you to the ones who sang. We feel very humble and very thankful to have such friends as you dear people in Hedley.

May God's richest blessings be upon you.

## CONSERVE AND SAVE ON ELECTRIC COOKING

Today's modern electric range offers you a host of special features which assure uniform cooking results each time. You'll find that cooking electrically is clean, cool and economical.

For best results, use flat bottom utensils with tight fitting covers. Utensils of medium or heavy weight aluminum conduct heat faster, transfer heat evenly and respond quickly to temperature changes.

Match the utensil to the size of the unit. Use 8 inch units for large utensils. Use 6 inch units for small to average sized pans.

Use high setting for a quick start for any surface cooking, or to boil water quickly. When cooking temperature is reached, switch to a lower setting.

Do not pre-heat the oven for roasting or broiling, but do pre-heat the oven to the temperature given in the recipe for baking.

Select correct, measured heat. The accurate heat selector switch or oven thermostat enables you to select, exactly, the same correct temperature each time you use it.

For good heat distribution around the pans, when baking, they should not touch the sides of the oven or each other. Allow one inch clearance. Check for doneness at minimum baking time on recipe, don't keep opening oven door to peek.

Remember, Reddy supplies the energy—but only you can use it wisely!

# There's a future in it for someone.

Your son's education for instance.  
But by the time he's ready for college his education may well cost a small fortune.  
The kind you just don't have lying around under a bed.  
That's just the reason why your government has a great thing going. A U.S. Savings Bond.  
In themselves they're not a quick buck. They won't make you that fortune overnight. But in the long run they do pay off. Darn well at that. And at a guaranteed rate.  
Starting a savings plan is easy.  
You can join a Payroll Savings Plan where you work. Or get into a Bond-A-Month Plan where you bank.  
Then watch someone's future grow. Like your son's.

Since the tornado season is with us again, it is time to remind everyone of the signals sounded by the fire siren. One blast of the siren indicates a fire, two blasts are to call the department together, and three blasts indicate a storm.  
 Three blasts do not necessarily indicate that a tornado has been sighted, but they do mean that everyone should watch the clouds and take whatever action seems to be necessary.

# They laughed when I bought my first Bond.

In my neighborhood everyone was poor. Most of us were lucky if we had enough food to eat or clothes to wear. So like most kids we spent a lot of time talking about the things we wanted out of life. Things like owning a big car, wearing fine clothes and going to all of the best places. Boy, we could hardly wait to grow up.

Like the other kids I had little odd jobs in grammar school but I got my first real job when I started high school. I was a junior clerk in a big department store. That's where I first heard about U.S. Savings Bonds. My boss asked me if I wanted to join the Payroll Savings Plan and I said yes. A month later I got my first bond.

When my friends found out they really had a good laugh. Imagine buying U.S. Savings Bonds when there were so many other great things to buy. Well, they kept laughing and I kept saving all through high school.

After graduation some of us wanted to go to college. And that's when my Bonds really came in handy. They not only helped pay my tuition, but also helped buy some books.

Well, I'm a senior now and looking forward to graduation. Unfortunately, a lot of my friends never even got started. And to think, they laughed when I bought my first Bond.

Now E Bonds pay 5 1/2% interest when held to maturity of 5 years, 10 months (4% the first year). Bonds are replaced if lost, stolen, or destroyed. When needed they can be cashed at your bank. Interest is not subject to state or local income taxes, and federal tax may be deferred until redemption.
