Spelling Bee

Stina Cain, Junior High School Principal of Clarendon, has been named to direct the 1975 Spelling Bee for Donley County.

The 27th annual Regional Spelling Bee, co-sponsored by the Amarillo Globe-News and West Texas State University, will be held in Amarillo on April 26, 1975, and the place will be Stephen F. Austin Junior High School.

For many years the schools have used the "Words of the Champions" booklet prepared by the National Spelling Bee. The 1975 issue may be obtained by writing:

Spelling Bee Editor
Amarillo Globe-News
P. O. Box 2091
Amarillo, Texas 79166

The price of the booklet is 25 cents.

Farm Bureau News

The Donley County Farm Bureau elected officers and directors at the recent annual meeting and chili supper. They are:

Bernie Green, president.

Lee Shaller, vice president

Sue Rhoades, secretary-treasurer

Directors, Hubert Rhoades, Jay Gould, Clarence Ayers, Maurice Risley, Pete Land, G. C. Bible, Don Altman, Ted Shaller, Lacey Noble, and three new young farmers and ranchers were added, Clayton Ferris, David Mooring and Roger Finch, with Ronald

Karen

The following was written by Juli Bush a 16 year old girl friend of Karen Tate:

You always were an angel
So its no wonder God brought you home

You touched our lives with happiness

Always forgetting your own.

You taught us all about goodness

We could always find it in you

And when it was time for talking

You always said what was true.

I never once saw you waver

You always led the way

To help me to a better life

And a newer brighter day.

Karen, we miss you and love you

Karen, this is your song

Karen, you'll live forever

Even though you're gone.

School Board Meeting

Regular school board meeting will be Monday, Nov. 11, at 7:30 in the superintendent's office.

42 Club

The 42 Club will meet with Birdie Brinson on Thursday, Nov. 14, at 7:00.

Mrs. Jewell Quisenberry underwent surgery on her hand in Memphis Friday.

Gooch as an ex-officio member.

3rd & 4th Project

After using my executive power to veto spending our \$25 float prize money for show tickets, the 3rd and 4th voted to place this money in a school second piano fund. To make this fund grow without financial burdens to anyone, we have received administrative go ahead on a Beer Can Salvage Project. As the children and I see it this project will be constructive in three ways:

1. We will be cleaning up our streets and byways

2. We will be ecologically wise by recycling needed material, and

3. We will be adding by our efforts money to the second piano fund.

To help in our drive, the M. Y. F. has granted us permission to use the cleverly painted green and white barrels they decorated for the Cotton Festival which state "The Owls Give a Hoot, Don't Pollute." One of these barrels will be stationed near Stafford Grocery and one will be placed near the school tennis court. We ask your help in that if you meet up with any Schlitz, Budweiser or Coors beer cans, will you please deposit those in our barrels. These will be periodically emptied.

If these aren't available to you, please call me or any of the following students: Ferah Johnson, Twannah Woodard, Lisa Mullins, Tony Clendennen, Darrin Clendennen, Hollie Luna, Pekey Morquecho or Fabian Torres.

Thank you.

ELECTRICITY

We Couldn't Do Without It!

You might think that is an odd statement for a natural gas company to say about electricity. But it's true! There are some things that only electricity can do...like lighting, refrigeration and the many other jobs that it does so well and so easily.

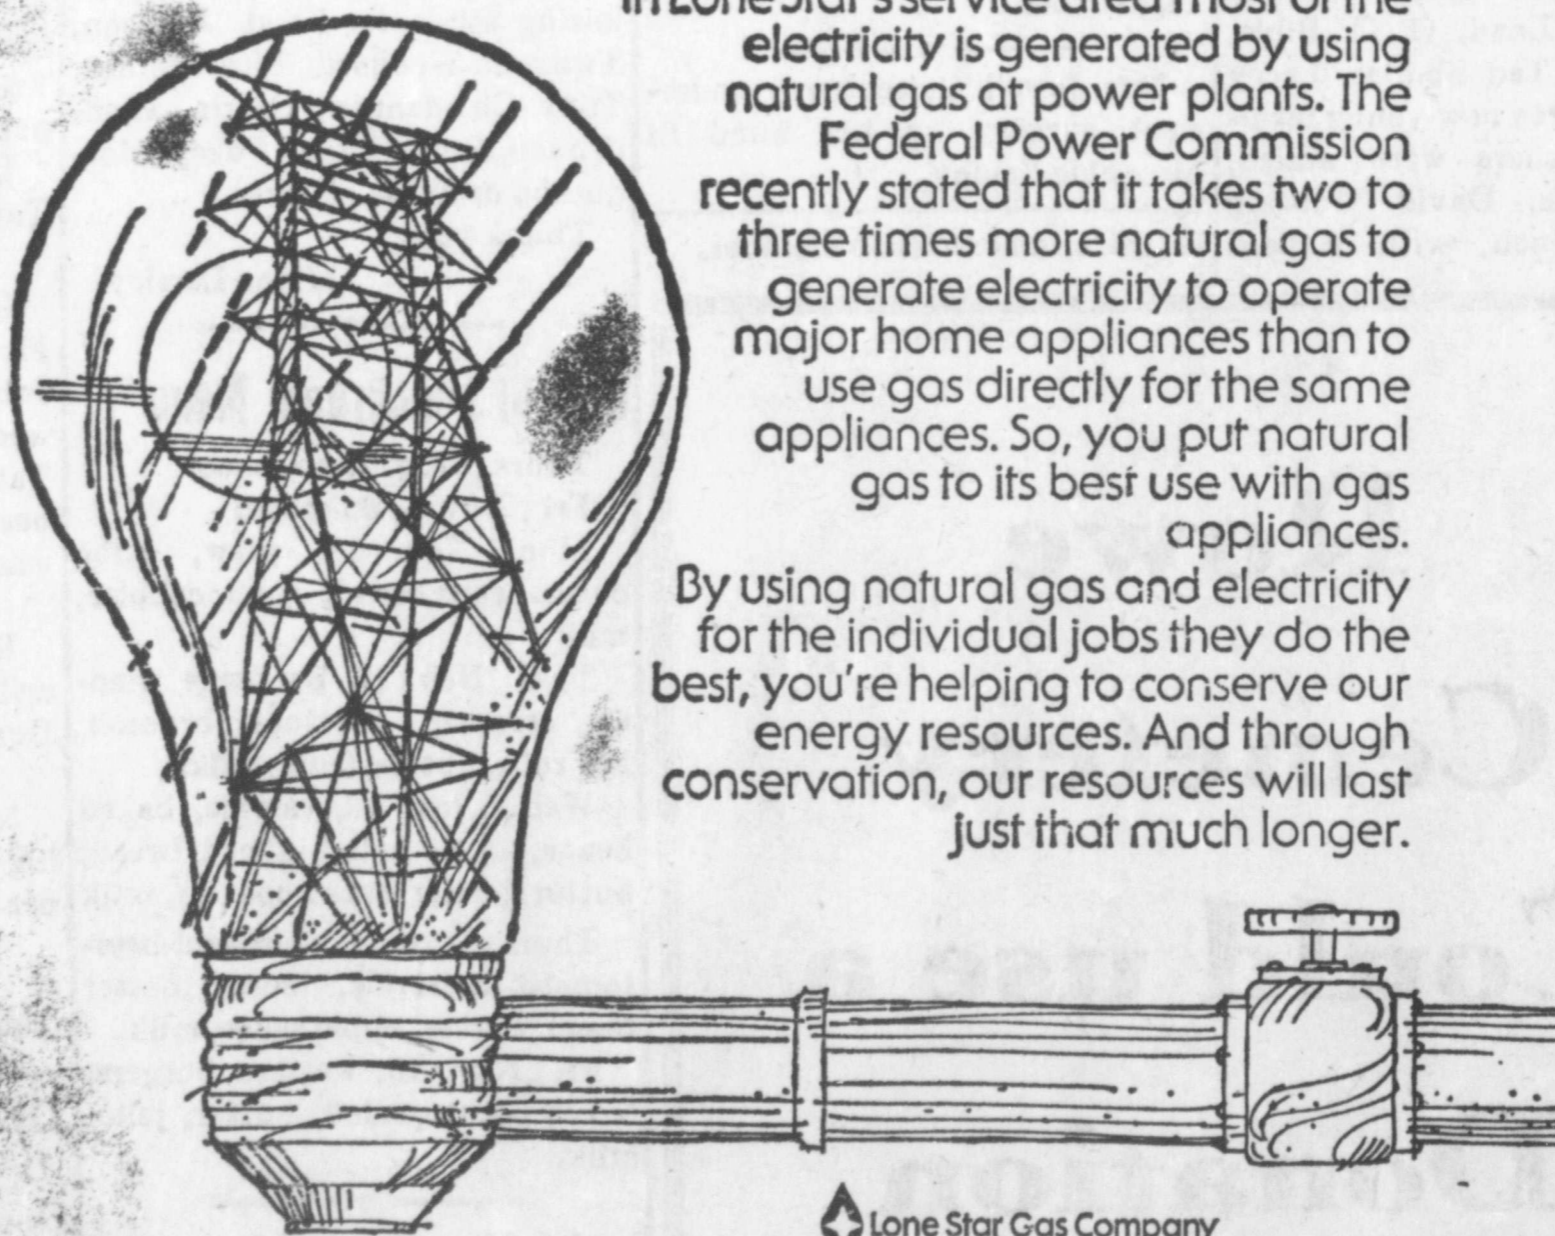

But—

NATURAL GAS

Generates The Electricity You Use!

In Lone Star's service area most of the electricity is generated by using natural gas at power plants. The Federal Power Commission recently stated that it takes two to three times more natural gas to generate electricity to operate major home appliances than to use gas directly for the same appliances. So, you put natural gas to its best use with gas appliances.

By using natural gas and electricity for the individual jobs they do the best, you're helping to conserve our energy resources. And through conservation, our resources will last just that much longer.

"My natural beauty usually attracts so much attention that drivers take their eyes off the road to stare at me and they run into telephone poles and fire hydrants.

It's a mess. But you Texans keep your minds on your driving. You don't give beauty more than a quick glance. You drive friendly."

Are you going to live longer than your money?

Maybe you're having a pretty good life now. Your credit is good, you've got a few nice clothes and a good dependable car. And if you're lucky, maybe you own your own home. But that's because you're working. What happens when you retire? You can't live on memories. It's still going to take money. Lots of money. Money that you should be saving now.

And one of the easiest ways to start putting away a few dollars for those retirement years is by joining the Payroll Savings Plan where you work and buying U.S. Savings Bonds.

That way every time you earn a little money for today, you save a little for tomorrow. Then when the time finally comes to retire, you'll have something put away to retire to.

When it starts pay 7 1/2 percent when held to maturity of 30 years. It accrues 4 1/2 percent per year. Bonds are insured if lost, stolen or destroyed. When needed they can be cashed at your bank. Interest is not subject to state or local income taxes, and federal tax may be deferred until redemption.
