LIONS ROAR

The Hedley Lions will meet this Thursday night. Mrs. Kate Stone and Mrs. J. M. Baker will start serving the meal at 7 p m. Plans for a big ladies night and other business will be discussed.

Girls Basketball

The Hedley girls played in the Claude tournament last week. On Thursday they defeated Panhandle by a score of 50 to 33. Shauna White was high for Hedley with 28 points.

Valley laid it on the Owls in the next round by a score of 58 to 30. Shauna White was again high for Hedley with 18 points.

In the game for third place, Fritch was the opponent. The Owls finally won third place by a score of 46 to 50. Shauna White was again high with 33 points.

Boys Basketball

The Hedley boys won first place in the Claude tournament last week. In the first game they defeated Panhandle 66 to 53. Dan Bolin and Ricky Bolin were high with 18 each.

In the second game they defeated Stinnett 64 to 44. Dan Bolin was high with 20.

In the finals the Owls defeated Sanford-Fritch 62 to 55. Dan Bolin was high with 26.

LEGION NEWS

Last Friday night's meeting of Adamson-Lane post was cancelled for lack of attendance at meetings. The post membership is now 65, only 10 more needed to make it 75 for 1975. Last year's membership was 73. Dues are due now.

Mr. and Mrs. Delbert Linden and son of Portales, N. Mex., and the J C Upton and family of Amarillo visited the Roy McKees Sunday.

All members are urged to attend. Being a guest, he might want to become a member!

January is Founders Month marking the birthday of Melvin Jones, the founder of Lionism. Special awards will be given for obtaining new members in January!

An international caucus will be held Jan. 10 through 12. The purpose is to urge every one of the one million to donate a dollar to a special disaster relief fund. This appears to be a very good cause. Disasters may happen anywhere anytime.

Reddy's helpful tips for your Home Laundry

Wash and dry a full load, but never overload... it is essential for each item to move freely for proper cleaning and drying.

Choose the correct cycle for washing modern materials. Perhaps hot water isn't needed, and only a gentle drying temperature.

Too much detergent can clog machine and drains... always measure, don't guess! Follow the manufacturer's recommendations for your type equipment. Mixing brands of detergents can cause graying of clothes.

Many manufacturers of permanent press garments recommend machine washing and machine drying for best results. Following instructions on the garment tag can help preserve the life of your clothing and give you wrinkle-free clothes without need for ironing. A big savings!

Pick up your FREE copy of "ENERGY CONSERVATION" Booklet from

Home Environment Division of General Motors.

**WHAT YOU SHOULD KNOW
ABOUT YOUR PRESCRIPTION:**

**90% of today's
prescriptions
contain drugs
unknown just a
few short years ago**

Many of today's "wonder drugs" are only adolescents in the developing world of scientific miracles. The hypertension drugs made their debut with Rauwiloid in 1953. And in 1954, tranquilizers were first released for public consumption...the same year Jonas Salk led the way for the dramatic breakthrough in polio control. In 1962, enzymes were introduced to accelerate tissue repair and reduce inflammation. Going back a little further we find that penicillin... which has proved so life saving...has been in use since 1941. It was only in 1950 that the antihistamines first appeared on your Pharmacist's shelves. Bearing these developments in mind, the future of prescription drugs promises discoveries inconceivable to the imagination.

For the highest pharmaceutical standards, low prices consistent with quality and the personal attention you can always depend upon, bring your prescriptions to

Are Natural Gas Curtailments Going To Affect Me?

During cold days in the winter, when the demand for natural gas is really high, some industrial users are asked to cut back their consumption of natural gas. But we want to assure our residential and other high priority customers that it's highly unlikely their natural gas service will be interrupted.

The pipelines used to deliver natural gas can only hold so much gas. And during extremely cold winter days, there's sometimes more demand than we can supply. Some people ask, "Why not build bigger pipelines?" But that would be like building a church for the Easter or Christmas attendance, rather than the weekly congregation. The cost would be tremendous and gas rates would be much higher.

Instead we developed a "curtailment" program many years ago. Our industrial customers have signed contracts agreeing to "curtail" their use of natural gas during these peak times. And in return, they pay a lesser rate reflecting the probability of being interrupted.

If you were considering replacing an existing gas appliance or purchasing a new one, be assured that Lone Star can provide the energy. We have the natural gas, and our residential and other high priority customers may continue to rely on Lone Star's dependable service now as in the past.

 Lone Star Gas Company
Energy Management Is A Family Affair
