## Hedley Fire Truck Now At Howardwick

A recent issue of the Amarillo News reveals that the Seagrave fire truck formerly owned by the City of Hedley has now been donated to the Howardwick fire department. The donation was made by Mrs. Jack D. Boling and son Duke Boling, and was the property of the late Mr. Boling, who purchased it from the City of Hedley when Hedley's new fire truck was bought.

The Seagrave fire truck, which is still in good operating condition, was bought first by the City of Childress in 1929 or 1930, and was bought from Childress by the City of Hedley about 1952. Mr. Boling purchased the truck from Hedley last year.

### Storm Warning

Since the tornado season is with us again, it is time to remind everyone of the signals sounded by the fire siren. One blast of the siren indicates a fire, two blasts are to call the department together, and three blasts indicate a storm.

Three blasts do not necessarily indicate that a tornado has been sighted, but they do mean that everyone should watch the clouds and take whatever action seems to be necessary.

### REDDY'S HELPFUL FREEZER TIPS

**Lock in flavor:** Use moisture and vapor-proof materials especially designed for freezers to wrap your foods. Tightly sealed, these lock in flavor and moisture and prevent "freezer burn" (surface drying) on foods. Don't use wax paper, bread paper or regular cellophane for freezer foods.

**Label packages:** Date and identify freezer packages so (1) you don't accumulate a lot of mysterious shapes and (2) you'll be able to pick out foods that have been in the freezer longest.

**Take advantage of sales:** Avoid overstocking with commercially frozen food that's always available; use your freezer as your own bargain counter and store foods you can buy on sale. But do allow space for short-time baked goods, leftovers and special party foods.
