

The Hedley Informer

VOL. 65

HEDLEY, DONLEY COUNTY, TEXAS, JULY 25, 1975

NO. 41

Doyle Messer To Be Honored

Doyle Messer, Vocational Agriculture teacher for Hedley and Quail High Schools, will be honored by the Vocational Agriculture Teachers Assn of Texas in Houston on July 29. He is being recognized for his 25 years of service to the Vocational Ag program in Texas.

Messer graduated from Quail High School and received his B. S. degree in Ag Education from Texas Tech and his M. E. degree from West Texas State.

The award will be presented at the annual awards program of the Association.

Mr. Messer is supervisor of two FFA chapters. This makes for a very busy man and keeps him very active in the FFA work with the two groups. All of these FFA members are active in leadership and judging contests and livestock shows. They have earned their share of the banners and trophies presented and most of these are on display in the two schools.

Mr. Messer served three years in the U. S. Air Force.

A. E. Ranson is back at home and doing fine after his recent surgery in Amarillo.

Wendall Hansard and Mrs. Barbara Crow and daughters of Houston visited the Hansards last week end.

Pampa Rodeo

Elra Beutler and Son of Elk City, Okla., will return to Pampa to produce the annual Top o' Texas RCA Rodeo, July 30 through August 2.

The Beutler family is known throughout the world as the lead-producers of rodeos, and this year's event is expected to be one of the biggest in the history of the Top o' Texas Rodeo.

Performances will be given each night at 8:00 from July 30 through Aug. 2. Reserved seats for the rodeo may be secured by calling 669 3241 or writing Box 1942, Pampa, Texas 79065.

Edward W. Scott

Funeral services for Edward W. Scott, 57, of Amarillo, who passed away there July 11, were held July 15 at Amarillo. Graveside services were at the Memphis cemetery.

Mr. Scott was born in Memphis and had lived in Amarillo for 24 years. He was a nephew of Mrs. Obe Holland of Hedley.

McKnight Reunion

Sorry we did not receive a notice of the McKnight picnic until last week's Informer was completely printed. It was held in Amarillo Sunday.

Mr. and Mrs. Buster Shields of Berger visited the Clarence Welch last Thursday.

Grimsley Reunion

The Grimsley reunion will be August 2nd and 3rd at the Lions Hall in Hedley, Texas.

We would like our friends to join us in fellowship Sunday, August 3rd.

WHAT YOU SHOULD KNOW
ABOUT YOUR PRESCRIPTION:

The investment behind it

Each year the drug industry invests millions of dollars in research to support the nearly one billion prescriptions filled yearly by pharmacists throughout the country. This investment results in new "wonder drugs" which let us live our lives longer, healthier. Of the 300 million dollars invested last year more than 150 million dollars went for quality control research. Improved precision measuring and compounding instruments were developed to make even more certain you receive exactly what your doctor prescribes. And the investment also went for developing improved methods of production. As the methods of manufacturing improve, the price of the bulk drug decreases. This saving is passed on to you in lower prescription prices. The "gold pill" of yesterday is purchased today for a nominal amount. Thus, a conscientious, developing industry works to improve the service and quality of the pharmaceuticals you receive today and tomorrow.

For the highest pharmaceutical standards, low prices consistent with quality and the personal attention you can always depend upon, bring your prescriptions to

REDDY'S HELPFUL FREEZER TIPS

- Defrost promptly—frost build-up of more than 1/4" makes cooling units work harder—they use more energy and wear out faster
- Prepare food for refrigeration by letting hot dishes partially cool before refrigeration or freezing.
- Keep it full—but without overcrowding. A half-empty freezer uses more energy, because air is harder to keep cold than chilled foods and liquids
- Check gaskets to help prevent energy-wasting air leaks. Close door on a heavy piece of paper. If it pulls out easily, gaskets may be worn.

Storm Warning

Since the tornado season is with us again, it is time to re-

mind everyone of the danger sounded by the fire siren. One blast of the siren indicates a fire, two blasts are to call the citizens together, and three blasts indicate a storm.

Three blasts do not necessarily indicate that a tornado has been sighted, but they do mean that everyone should watch the clouds and take whatever action seems to be necessary.

New higher interest rate on U.S. Savings Bonds.

Now U.S. Savings Bonds pay 6% interest when held to maturity.

Here's how it works: The higher interest rate applies to all new Bonds purchased since December 1, 1973, raising their rate from 5½% to 6% when held to maturity. And the maturity period on Series E Bonds is shorter, too. Now E Bonds mature in 5 years, with a first-year rate of 4½%.

Series H Bonds, with a 10-year maturity, will earn 5% the first year; 5.8% for the next four years; and 6½% for the last five years. This gives you an average 6% yield over the 10-year period.

It works for Bonds you now hold, too. There's no reason to redeem your older Bonds to buy new ones.

Their yield has improved, too.

All outstanding E Bonds will receive a ½% increase in yield for each semiannual interest period beginning on or after December 1, 1973, payable upon redemption. This also applies to any Freedom Shares you may still hold.

All outstanding H Bonds will receive a ½% yield increase for each semiannual interest period beginning on or after December 1, 1973. This is payable in the form of increased semiannual interest payments.

It all works to your advantage. Now, more than ever,

it makes sense to buy higher-paying U.S. Savings Bonds and hold them to maturity or beyond.
