Mr. Messer had a team from Quail which was composed of Jimmy Patterson, Harvey Oatman, Charles Hall, Ralph Fielding and Brad Barton alternate.

Over 200,000,000 prescriptions
will be filled by Rexall Pharmacists
this year—there must be a reason!

As a matter of fact there are several reasons why the
nation's Rexall Pharmacies fill this tremendous num-
ber of prescriptions.

Only the stores which bear this sign... the
sign of over 10,000 Rexall Drugstores... have
the exclusive right to offer drugs developed
and perfected in the world-famous Rexall laboratories. In addition,
the Rexall Pharmacist carries stocks from the entire pharmaceu-
tical industry. You always receive the finest quality drugs available.

Prescriptions are the lifeblood of every Rexall Drugstore. Each
Rexall Pharmacist is painstakingly accurate
in making certain you receive exactly what
your doctor prescribed. His primary concern
is your good health and that of your family.

Most Rexall pharmacists are independent businessmen... owning
their own stores. Their pride of ownership and efficient operation
is evidence of customer satisfaction. By choosing to identify their
stores with the Rexall name they have accepted the Rexall guar-
antee... every Rexall Brand drug product is guaranteed to satisfy
or your money back.

These are a few of the reasons for
Rexall's popularity. Take your next
prescription to a Rexall Pharmacist
... discover the other reasons for
yourself.

Storm Warning

Since the tornado season is with us again, it is time to remind everyone of the signals sounded by the fire siren. One blast of the siren indicates a fire, two blasts are to call the department together, and three blasts indicate a storm.

Three blasts do not necessarily indicate that a tornado has been sighted, but they do mean that everyone should watch the clouds and take whatever action seems to be necessary.

There's a future in it for someone.

Your son's education for instance. But by the time he's ready for college his education may well cost a small fortune. The kind you just don't have lying around under a bed. That's just the reason why your government has a great thing going. A U.S. Savings Bond. In themselves they're not a quick buck. They won't make you that fortune overnight. But in the long run they do pay off. Darn well at that. And at a guaranteed rate. Starting a savings plan is easy. You can join a Payroll Savings Plan where you work. Or get into a Bond-A-Month Plan where you bank. Then watch someone's future grow. Like your son's.

Are you going to live longer than your money?

Maybe you're having a pretty good life now. Your credit is good, you've got a few nice clothes and a good dependable car. And if you're lucky, maybe you own your own home. But that's because you're working. What happens when you retire? You can't live on memories. It's still going to take money. Lots of money. Money that you should be saving now. And one of the easiest ways to start putting away a few dollars for those retirement years is by joining the Payroll Savings Plan where you work and buying U.S. Savings Bonds.

That way every time you earn a little money for today, you save a little for tomorrow. Then when the time finally comes to retire, you'll have something put away to retire to.

For more information on the Payroll Savings Plan, contact your employer or the U.S. Treasury Department. A U.S. Savings Bond is a safe investment that grows your money over time.
